From the current fee schedule:

3.3 Seed Pelleting- Seed pellet services are provided on contract. The Tree Seed Centre facilitates this process, then inspects the final product for quality assurance purposes. The fee for pelleting is the sum of a basic fee and the fee per gram that the government is charged to have the seeds pelleted.

A detailed analysis was done and the fees for the 2025 request year are:

\$83.00- Basic Fee + \$1.25- per/Gram multiplied by grams pelleted**

**The fee/gram will be reviewed annually and adjusted according to contractor rate changes.
