Ministry of Forests

Volume 12 number 1 Autumn 2000

Editor - Dave Trotter

1. **Summary of Samples sent to the Canadian Forest Service's Forest Health Clinic - April, 1999 to March 31, 2000.** *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
2. **New Web-based Diagnostic System for Douglas-fir Cone and Seed Insects.** *Robb Bennett, BC Ministry of Forests.*
3. **Germination Falldowns.** *Dave Kolotelo, Tree Seed Centre, BC Ministry of Forests.*
4. **Stratification Moisture Content.** *Dave Kolotelo, Tree Seed Centre, BC Ministry of Forests.*
5. **Seed-borne Fusarium on Seeds Collected from Seed Orchards and Natural Stands.** *Michael Peterson, Applied Forest Science.*
6. **Management of Cone Beetles (*Conophthorus ponderosae*, Scolytidae) in Blister Rust Resistant White Pine Seed Orchards in British Columbia.** *Robb Bennett, BC Ministry of Forests.*
7. **Management of Sesliid Pitch Moths in Seed Orchards in British Columbia.** *Robb Bennett, BC Ministry of Forests. Staffan Lindgren, Lynn Rocchini, Biology Program, University of Northern BC.*
8. **Spittlebugs Reduce Seedset in Interior Lodgepole Pine.** *Ward Strong, BC Ministry of Forests.*
9. **Germination and Seedling Vigour of Douglas-fir Grown from Seeds Damaged by the Western Conifer Seed Bug, *Leptoglossus occidentalis*.** *Sarah Bates, John Borden, Allison Kermode, Cameron Lait, Department of Biological Sciences, Simon Fraser University. Robb Bennett, Don Summers, BC Ministry of Forests.*

Volume 11 number 2 Not Published

Volume 11 number 1 Spring 1999

Editor - Dave Trotter

1. **Summary of Samples sent to the Forest Seedling Health Clinic from May 1, 1997 to March 31, 1998.** *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
2. **Extended Nursery Growing Impacts on Field performance of Container Reared Conifer Seedlings.** *Peter Salonijs, Ron Hallet, Calvin French, Kathy Beaton, Blair Roze, Joe Lewis, Canadian Forest Service, Atlantic Forestry Centre.*
3. **1997 Cone Crop Summary for British Columbia, Canada.** *Dave Reid, Ron Planden, BC Ministry of Forests.*
4. ***Leptoglossus* and Low Seed-set in Southern BC Lodgepole Pine Seed Orchards.** *Ward Strong, Robb Bennett, Gerald Hales, BC Ministry of Forests.*

5. **C02 Enrichment for One Month Applied after an Early winter Germination in a Greenhouse can Result in Faster Growth of some Conifer species.** *Roderick Young, EcoTech Research and Development.*
6. **Does Embryo Immaturity Play a Role in Dormancy Inception and Maintenance in Yellow-Cedar (*Chamaecyparis nootkatensis*) Seeds?** *Jian-Hua Xia, Nancy Schmitz, Mirian Kim, Kelly Adams, Allison R. Kermode, Department of Biological Sciences, Simon Fraser University. John Russell, BC Forest Service.*

Volume 10 Numbers 1&2 1997 Editor - Eric van Steenis

1. **Removal of Poor Quality Seedlots From Tree Seed Center Storage.** *Heather Rooke, Tree Seed Center BC Forest Service.*
2. **Germination Retest Frequencies.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
3. **Styroblock Recycling Machine!?** *Eric van Steenis, Extension Service, BC Forest Service.*
4. **Spruce Gall Adelgid Sample Plan.** *Ward Strong, Kalamalka Seed Orchards. Robb Bennett, Saanich Seed Orchards, BC Ministry of Forests.*
5. **Seedlot Fungal Assay Results.** *David Kolotelo, Tree Seed Centre, BC Ministry of Forests.*
6. **Influence of Lodgepole Pine Stock Type and Seedling Phenology on *Sirococcus* Disease Development.** *Paige Axelrood, Reed Radley, Monica Chow, BC Research Inc. Dave Trotter Extension Services, BC Forest Service.*
7. **Assessment of Fungicides for *Sirococcus* Disease Management.** *Paige Axelrood, Reed Radley, Monica Chow, BC Research Inc. Dave Trotter Extension Services, BC Forest Service.*
8. **Seed Soaking Tank Sanitation Method to Reduce Risk of Contamination of Seedlots by *Fusarium*.** *Melody Neumann, Ecos Biological Consultants. David Trotter, Extension Services. David Kolotelo, Tree Seed Centre, BC Forest Service.*
9. **Seed Sanitation Method to reduce Seedborne *Fusarium* Levels on Conifer Seed.** *Melody Neumann, Ecos Biological Consultants. David Trotter Extension Services. David Kolotelo, Tree Seed Centre, BC Forest Service.*
10. **New Impact of the Western Conifer Seed Bug, *Leptoglossus occidentalis*, on developing Douglas-fir Seeds.** *Sarah L. Bates, John H. Borden, Allison Kermode, Cameron G Lait, Simon Fraser University. Robb G Bennett, BC Forest Service.*
11. **Coconut Coir as an Alternate Growing Media.** *Eric van Steenis, Extension Services, BC Ministry of Forests.*

12. **1996 British Columbia Interior Seed Orchard Cone Crop Summary.** *David Reid, Coastal Seed Orchards. Ron Planden, Interior Seed Orchards, BC Forest Service.*

Volume 9 Number 2 Winter 1996 Editor - Eric van Steenis

1. **Ministry of Forests 1996 Seed Orchard Production.** *David Reid, BC Forest Service.*
2. **Identification Guide to *Dioryctria* Coneworms of British Columbia.** *Robb Bennett, BC Forest Service.*
3. **Bark Mulch Significantly Improves Persistence of Entomopathogenic Nematodes for Suppression of Spruce Cone Maggots in White Spruce Seed Orchards.** *Jon Sweeney, Canadian Forest Service, Fredericton, NB. Robb Bennett, BC Forest Service.*
4. **Evidence for use of a Host Marking Pheromone in the Spruce Maggot.** *Dan Quiring, University of New Brunswick. Jon Sweeney, Canadian Forest Service. Robb Bennett, BC Forest Service.*
5. **Stratification Duration and Germination Temperature Impacts on Western Larch Germination.** *David Kolotelo, Tree Seed Centre, BC Forest Service.*
6. **Damage Caused by the Western Conifer Seed Bug, *Leptoglossus occidentalis* (Hemiptera: Coreidae) to Douglas-fir seeds.** *Anne Savoie, John H. Borden, Suzie E. Blatt, Allison R. Kermode, Simon Fraser University. Robb G Bennett, BC Forest Service.*
7. **Developing a Sampling Plan for Spruce Adelgids on Cone and Seed Orchards.** *Ward Strong, Robb Bennett, BC Forest Service.*
8. **Seed Surface Dryer & Multi-Stage Aspirator.** *Kim R. Creasey, Western Tree Seeds Ltd.*

Volume 9 Number 1 Summer 1996 Editor - Eric van Steenis

1. **Caloscypha on *Abies* spp.** *Dave Kolotelo, Tree Seed Centre BC Forest Service.*
2. **Quantum Leak N Estimating Stress Damage in Nursery Seedlings.** *Wolfgang D. Binder, Sylvia I L'Hirondelle, David G Simpson, BC Forest Service.*
3. **Western Red Cedar Seed Germination.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
4. **Nursery Germination Comparisons.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
5. **Gallery - A New Pre-Emergence Herbicide for Reforestation Nurseries.** *David Trotter; Extension Services, BC Forest Service.*

6. **Tolerance of Three Container Conifer Species to the Herbicide Isoxaben - 1995.** *David Trotter Extension Services, BC Forest Service.*
7. **Surfactants Can Prevent *Botrytis* on Conifer Seedlings.** *Roderick Young, EcoTech Research and Development.*
8. **Greenhouse Temperature Affects Douglas-fir Seedling Growth and Root Development.** *John Dennis, Renata Outerbridge, Pacific Forestry Centre, Canadian Forest Service. Dave Trotter Extension Services, BC Forest Service.*
9. **Insect Biological Control Initiatives in Reforestation Nurseries.** *Dave Trotter Extension Services, BC Forest Service.*

Volume 8 Number 2 Winter 1995 Editor - Eric van Steenis

1. **Forest Genetic Resource Management.** *David Reid, BC Forest Service.*
2. **Seed Coat Structure.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
3. **Western White Pine Stratification Treatment.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
4. **1995 Cone Crop Summaries for Coastal and Interior BC Seed Orchards.** *Dave Reid, BC Forest Service.*
5. **Copper Treated Container Culture... Just a Little Bit More?** *Eric van Steenis, Extension Services, BC Forest Service.*
6. **Biotic and Abiotic Factors Involved in Douglas-fir Root Disease.** *John Dennis, Canadian Forest Service. Dave Trotter, Extension Services, BC Forest Service, Renata Outerbridge, John Teahen, Applied Forest Science.*
7. **The World of Nutrition From the Plant's Eye View.** *M Edward Muckle, Grower Press Inc.*
8. **Greenhouse Ventilation and Cooling.** *Alec Mackenzie, Argus Control Systems Ltd.*

Volume 8 Number 1 Summer 1995 Editor - Eric van Steenis

1. **Seedling Yield per Hectoliter of Cones for Natural vs. Seed Orchard Seed.** *Janet Agnew, BC Forest Service.*
2. **Pre-cool for Better Seedling Vigor.** *Dr. Peter M. A. Toivonen, Agriculture and Agrifood Canada.*

3. **Growing in Copper Treated Container...** Continued from Page 4, Vol. 7 - #2. *Eric van Steenis, Extension Services, BC Forest Service.*
4. **Biological Control: A Component of Integrated Pest Management.** *Dr. Harry Kope, Contact Biologicals.*
5. **How to Conduct a Research Trial in Your Nursery.** *Andrea Eastham, Canadian Forest Service.*
6. **Botscan: A Sampling System to Forecast Disease Incidence of Grey Mold in Container-Grown Conifer Seedlings.** *Michael Peterson, Applied Forest Science.*
7. **Alternate Orchard Design For Coastal Douglas-fir, An Approach For Improving Genetic Efficiency.** *Joe Webber BC Forest Service.*

Volume 7 Number 2 November 1994 Editor - Eric van Steenis

1. **Glossary of Some Plant Pathology Terms.** *Harry Kope, Applied Forest Science.*
2. **Growing in Copper Treated Containers Requires Greater Awareness.** *Eric van Steenis, Extension Services - BC Forest Service.*
3. **Keithia Blight Assessment At Two Reforestation Sites.** *Harry Kope, Applied Forest Science.*
4. **A Pre-sowing Treatment For Spruce and Lodgepole Pine Seed.** *Mishtu Banerjee, Scientificals Consulting.*
5. **Germination Comparisons: Tree Seed Center Lab, Before Shipping and at the Nursery.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
6. **Measuring Oxygen to Plant Roots.** *Translated from Groenten + Fruit/Glasgroenten 34-36 Aug/94 by Eric van Steenis, Extension Services, BC Forest Service.*

Volume 7 Number 1 July 1994 Editor - Eric van Steenis

1. **Abies Sp. Workshop a Success!** *Brian Barber BC Forest Service.*
2. **1994 Provincial Sowing Requests.** *Brian Barber, BC Forest Service.*
3. **Pest Management Practices that have Reduced Reliance on Chemical Pesticides in BC Reforestation Nurseries.** *Gwen Shrimpton, BC Hydro. Dave Trotter, Extension Services, BC Forest Service.*
4. **Glossary of Some Plant Disease Terms.** *Harry Kope, Applied Forest Science.*

5. **Keithia Blight of Western Red Cedar: Effect of Styroblock Configuration and Seedling Density on Disease Severity.** *Harry Kope, Applied Forest Science. Jack R. Sutherland, Pacific Forestry Centre, Canadian Forest Service.*
6. **Alternate Container Types Trial (SX93203Q) - Saanich Test Nursery.** *Bevin Wells, Susan Zedel, Extension Services, BC Forest Service.*
7. **Research Update - Mechanisms of Resistance and Susceptibility of Sitka Spruce to the White Pine Weevil.** *Elizabeth S. Tomlin & John H. Borden, Simon Fraser University.*
8. **Problem Seedlots... An Outline of Information and Options.** *Mishtu Banerjee, Scientificals Consulting. Kim Creasey, Ontario Ministry of Natural Resources.*
9. **Interactive Effects of Light and Stratification on Germination Characteristics of some British Columbia Conifers.** *Phil J. Burton and X J. Li, University of British Columbia. Carol L. Leadem, BC Forest Service.*
10. **The Management of Douglas-fir Needle Midges (*Contarinia* sp.).** *Don Summers, Extension Services, BC Forest Service.*
11. **Genetic Gain Demonstration Plantations for Orchard Seed.** *Clare Hewson, Kalamalka Research Station, BC Forest Service.*
12. **Response of Interior Spruce to Extended Stratification.** *David Kolotelo, Tree Seed Centre, BC Forest Service.*
13. **IMAGINE!** *Eric van Steenis, Extension Services, BC Forest Service.*

Volume 6 Number 2 December 1993 Editor - Robb Bennett

1. **The British Columbia Tree Seed Dealers Association.** *Robb Bennett, BC Forest Service.*
2. **Ancient Insect Control Methodology is Reborn.** *Robb Bennett, BC Forest Service.*
3. **BC Seed Orchard Cone Harvest 1993.** *Maartin Albricht, David Reid, BC Forest Service.*
4. **A Quick Method for Determining Interior Spruce Cone Maturity.** *Gary Giampa, Chris Walsh, BC Forest Service.*
5. **Peat Plugs versus Styroblock Plugs.** *Editor's Review.*
6. **Dimethoate Controls Cone Maggots in Tamarack Seed Orchards.** *Editors Review.*

7. **Sample Collection Method and Sequential Sampling Plans for Mites (*Oligonychus ununguis*) and Aphids (*Cinara laricifex*) on Tamarack.** *Editors Review.*
8. **Spruce Cone Maggot - Two Species in BC?** *Editors Review.*
9. **Joint Annual Meeting of the Entomological Societies of Canada and Ontario.** *Robb Bennett, BC Forest Service.*
10. **Stratification of Western White Pine.** *Dave Kolotelo, Tree Seed Centre, BC Forest Service.*
11. **Summer Plant of Orchard and Natural Stand Spruce Seedlots.** *Chris Hawkins, Research Branch, BC Forest Service.*
12. **Photoperiod and Night Frost Influence the Frost Hardiness of *Chamaecyparis nootkatensis* Clones.** *Editor's Review.*
13. **Variation in *Picea glauca* Seed Germination Associated with the Year of Cone collection.** *Editors Review.*

Volume 6 Number 1 June 1993 Editor - Robb Bennett

1. **Advances In Study of Resistance to Spruce Weevil, *Pissodes strobi*, in BC Spruce.** *Editor's Review.*
2. **Gene Pool Preservation of Lowland Spruce In the Fort Nelson Planning Zone.** *Maarten Albricht, BC Forest Service.*
3. **Seed Orchard Machinery Development in Alberta and Ontario.** *Editor's Review.*
3. **Looking for a Gold Mine? Try Planting Eastern Hardwoods.** *Dr Andy Gordon, University of Guelph.*
4. **Cultural Control of Pests in Conifer Seedling Nurseries.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
5. **Review of 1992 and 1993 Operational Trials at Saanich Test Nursery.** *Bevin Wells, Susan Zedel, Extension Services, BC Forest Service.*
6. **Yellow Cypress Stratification Trial.** *David Kolotelo, Tree Seed Centre, BC Forest Service.*
7. **Forestry Canada in Prince George.** *Roger Butson, Canadian Forest Service.*
8. **Forestry Canada Seed-Borne Fungi Assays - 1992.** *John Dennis, Win Zong, Jack Sutherland, Pacific Forestry Centre, Canadian Forest Service. Heather Rooke, Tree Seed Centre, BC Forest Service. Dave Trotter, Extension Services, BC Forest Service.*

10. **Pesticide Usage in BC Seed Orchards.** *Bev McEntire and Michelle Hall, BC Forest Service.*
11. **Western Conifer Seed Bug, *Leptoglossus occidentalis* (Hemiptera, Coreidae): Some Ecological Considerations.** *Suzie Blatt, Simon Fraser University, Burnaby, BC Canada.*
12. **The Nursery Experience with Spruce Seed Orchard Seed.** *Clare M Kooistra, BC Forest Service.*
13. **Variability in Spruce Seed Orchard Seedlots.** *Chris Hawkins, Research Branch, BC Forest Service.*
14. **Domestication and Genetic Diversity - Should We Be Concerned?** *Yousry El-Kassaby, Canadian Pacific Forest Products Ltd.*
15. **Larch Adelgid, *Adelges lariciatus*, at Kalamalka Seed Orchard: Effects on Seed Production and Observations of Life Cycle.** *Robb Bennett, BC Forest Service.*

Volume 5 Number 2 January 1993 Editor - Robb Bennett

1. **British Columbia Seed Orchards and Their Production.** *Brian Barber, BC Forest Service.*
2. **BC Seed Orchard Pest Update.** *Robb Bennett, BC Forest Service.*
3. **Computer Assisted Diagnosis of Forest Seedling Nursery Problems.** *Alan J. Thomsom, Canadian Forest Service.*
4. **Sheep Grazing at the Saanich Seed Orchard.** *Carolyn Lohr BC Forest Service.*
5. **Applying the IDS Method to Remove Seeds Infested with the Seed Chalcid, *Megastigmus spermotrophus*, in Douglas-fir, *Pseudotsuga menziesii*.** *J. D. Sweeney, Canadian Forest Service. Y A. El-Kassaby, Canadian Pacific Forest Products.*
6. **Spider Toxin Incorporated into a New Viral Insecticide.** *Editor 's Review.*
7. **Pesticide Disposal Tips.** *Bev McEntire, BC Forest Service.*
8. **Elevation Splits in Kalamalka Seed Orchard.** *Chris Walsh, BC Forest Service.*
9. **Evaluation of Ladybird Beetle Inundative Release at CFPF Nootka Seed Orchard.** *Michelle Hall, BC Forest Service.*
10. **On the Economics of Organic Weed Management Practices.** *Editors Review.*
11. **Compatibility of Natural enemies Against a Common Host/Prey.** *Judy Nelson, University of California, Davis.*

12. **Signs for Greenhouses.** *Shamina Senaratne, Extension Services, BC Forest Service.*
13. **Seed Orchard Seed and Seedlings: Genetic and Non-Genetic Implications and Operational Considerations.** *Michael R. Carlson, Research Branch, BC Forest Service.*
14. **Evaluation of Peat Versus Conifer Sawdust as a Water Holding Medium in Transplanted Spruce Grafts (SX: 88601G).** *Carole Lee, Prince George Tree Improvement, BC Forest Service.*
15. **Use of Electronic Data Recorders in Forest Nurseries.** *Susan Zedel, Extension Services, BC Forest Service.*
16. **Sanitation Methods and Monitoring Progress Reduce Disease in British Columbia Container Nurseries.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
17. **New Storage Mold Damages Spruce Seedlings.** *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
18. **Resistance and Susceptibility of Sitka Spruce to the White Pine Weevil.** *Elizabeth Tomlin, John H Borden, Simon Fraser University.*
19. **Development of Botanical Insecticides.** *Y. S. Xie, M. B. Isman, University of British Columbia.*
20. **Root Pruning of Bareroot White Spruce Planting Stock does not Affect Growth or Survival after Six Years.** *David G Simpson, Research Branch, BC Forest Service.*
21. **Nutrition - PPM vs. Millimoles.** *Eric van Steenis, Extension Services, BC Forest Service.*

Volume 5 Number 1 August 1992 Editor - Robb Bennett

1. **Vacuum up *Botrytis*?** *Kas Dumroese, Forest Research Nursery, Moscow, Idaho.*
2. **Prairie Dog Solution.** *Don Summers, Extension Services, BC Forest Service.*
3. **More on Rodent Management.** *Robb Bennett, BC Forest Service.*
4. **BC Reforestation Nurseries - Pesticide Use Facts.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
5. **Gray Mold (*Botrytis cinerea*) on Stored Conifer Seedlings: Efficacy and Residue Levels of Pre-Storage Fungicide Sprays.** *Dave Trotter, Gwen Shrimpton, Extension Services, BC Forest Service. John Dennis, Pacific Forestry Centre, Canadian Forest Service. S. Ostafew, C. Kooistra, Nursery Services, BC Forest Service.*

6. **Assessing Nursery Stock for Gray Mold (*Botrytis cinerea*).** *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
7. ***Pythium* Water Mold in British Columbia Forest Nurseries.** *Jack Sutherland, John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
8. **Keithia Leaf Blight on Western Red Cedar Nursery Seedlings.** *Harry Kope, John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
9. **A Method for Quantifying Keithia Blight on Foliage of Western Red Cedar.** *Harry Kope, Pacific Forestry Centre, Canadian Forest Service.*
10. **White Pine Blister Rust (*Cronartium ribicola*) in British Columbia.** *Maarten Albricht, Research Branch, BC Forest Service.*
11. **Ladybird Beetles at CFPF Nootka Seed Orchard.** *Michelle Schmidt, Robb Bennett, Seed Orchards, BC Forest Service.*
12. **Western Budworm in Kamloops and Okanagan Area.** *Don Summers, Extension Services, BC Forest Services.*
13. **A New Woolly Aphi& in the Okanagan.** *Robb Bennett, Seed Orchards, BC Forest Service.*
14. **Saanich Test Nursery Trial Reports.** *Allan McDonald, Extension Services, BC Forest Service.*
15. **The Care of Color Photographic Materials.** *Shamina Senaratne, Extension Services, BC Forest Service.*

Volume 4 Number 2 Not Published

Volume 4 Number 1 September 1991

Editor - Gwen Shrimpton

1. **New Registrations/Novel Application Methods (Metasystox-R for cone and seed insect control).** *Don Summers, Extension Services, BC Forest Service.*
2. **Anti-transpirants and Wetting Agents may help Control Insects and Diseases.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
3. **NAA Effects on Conifer Seedlings in British Columbia.** *David G Simpson, Research Branch, BC Forest Service.*
4. **Classical Bio-control of the Tarnished Plant Bug: A Breakthrough.** *W H. Day, USDA-Beneficial Insect Research Lab, Newark, DE, USA.*

BRITISH
COLUMBIA

Ministry of Forests

5. **How Nutritious is Your Water?** *Eric van Steenis, Extension Services, BC Forest Service.*
6. **Control Release Fertilizers May Help Reduce Fertilizer Run-off.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
7. **Southern Vancouver Island Seed Orchards Beneficial Insect Survey: Introduction.** *Don Summers, Extension Services, BC Forest Service.*
8. **Southern Vancouver Island Seed Orchard Beneficial Insect Survey: Results.** *Michelle Schmidt, Seed Orchards, BC Forest Service.*
9. **Copper-treated Styrofoam Blocks for Liverwort Control.** *David Trotter Extension Services, BC Forest Service.*
10. **Timing: A Critical Issue in the Chemical Control of Insects.** *Don Summers, Extension Services, BC Forest Service.*
11. **Cone Scale Production After Fertilizer Application.** *Joy Parkinson, BC Forest Service.*
12. **Crop Diversification Leads to New Disease.** *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
13. **Establishment of a Second Generation Orchard at Bowser.** *Joy Parkinson, J. C. Heaman, G Morrow, BC Forest Service.*
14. **Seed Sorting Trial.** *Tim Crowder, Seed Orchards, BC Forest Service.*
15. **From Seed to Seedling, New Processing Techniques.** *Mishtu Banerjee, Murugi K. Larson, Rob Scagel, Pacific Phytometric Consultants.*
16. **SX 90 204Q Nijssen LED Photoperiod Light Evaluation.** *Allan McDonald, Extension Services, BC Forest Service.*

Volume 3 Number 2 September 1990

Editor - Gwen Shrimpton

1. **Stem Lesions on Pine Caused by *Sirococcus strobilinus*.** *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
2. **Agribrom Algae Control Product.** *Jim Matteoni, Westgro Sales.*
3. **Block Sanitation.** *Mike Peterson, Applied Forest Science.*
4. **Simazine for Weed and Liverwort Control in 2+0 Spruce Containers.** *Jim Kusisto, Skimikin Nursery, BC Forest Service.*

5. **Possible Sources of *Fusarium* Inoculum.** *Dave Trotter, Extension Services, BC Forest Service.*
6. **Sequential Sampling System for Fungicide Application for Grey Mold.** *Mike Peterson, Applied Forest Science.*
7. **CO Reduces Evapo-transpiration (ET).** *Eric van Steenis, Extension Services, BC Forest Service.*
8. **Liverwort Life History and Management.** *Given Shrimpton, Extension Services, BC Forest Service.*
9. **Determining Container Seedling Inventories.** *Jim Sweeten, Stewart Haywood Farmer, BC Forest Service.*
10. **Acidification of High pH Peat Media.** *Rex Eng, Research Branch, BC Forest Service.*
11. **Cottonwoods Rediscovered in British Columbia.** *Mike Carlson, Research Branch, BC Forest Service.*
12. **Seed Cleaning Treatments on Douglas-fir.** *Dave Trotter, Extension Services, BC Forest Service.*
13. **Germination Percent, Germination Value, Seed Vigor.** *Rob Bowden-Green, Tree Seed Centre, BC Forest Service.*

Volume 3 Number 1 March 1990 Editor - Don Summers

1. **More on Gall Aphids.** *Don Summers, Extension Services, BC Forest Service.*
2. **Grey Haired Seedlings?** *Eric van Steenis, Extension Services, BC Forest Service.*
3. **Silicon.** *Eric van Steenis, Extension Services, BC Forest Service.*
4. **Western Red Cedar Cone Midge.** *Bev McEntire, Don Summers, Extension Services, BC Forest Service.*
5. **Metasystox-R Against Spruce Cone and Seed Insects.** *Don Summers and Bev McEntire, Extension Services, BC Forest Service.*
6. **A Quick, Reliable Test for Determining the Species Composition of Spruce Seedlots.** *Ben Sutton, BC Research Corporation.*
7. **Incidence and Pathogenicity of Seedborne *Fusarium* on Douglas-fir.** *Paige Axelrood, BC Research Corporation.*
8. **On the Premature Opening of Yellow Cypress cones on the Saanich Peninsula.** *Debbie A. McLeod, Yousry A. El-Kassaby, Canadian Pacific Forest Products Ltd.*

9. **Nematodes May be the Answer to Several Problems.** *Dave Trotter, Extension Services, BC Forest Service.*
10. **Ammonium or Nitrate.** *Eric van Steenis, Extension Services, BC Forest Service.*
11. **Effect of Controlled-Release Fertilizers on Formation of Mycorrhizae in Container-Grown Engelmann Spruce.** *Gary Hunt, Heffley Reforestation, Kamloops, BC.*
12. **Manipulation of N and P levels to Modify Growth Rates.** *Allan McDonald Extension Services, BC Forest Service.*
13. **Saanich Test Nursery Vented Block Comparison.** *Allan McDonald, Extension Services, BC Forest Service.*
14. **Weed Control.** *Dr Carol Barnett, BC Ministry of Agriculture.*

Volume 2 Number 2 October 1989 Editor - Don Summers

1. **Gall Aphid Control.** *Don Summers, Extension Services, BC Forest Service.*
2. **Irrigation Tips.** *Joseph F Myers, Coeur d Alene Nursery, USA.*
3. **Cymbush Registered for Control of Lygus Bugs.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
3. **Sowing Rules for Class A Seed.** *Mike Pelchat BC Forest Service.*
4. **Mites on Western Red Cedar.** *Bev McEntire, BC Forest Service.*
5. **Styroblock Sanitation.** *Michael Peterson, Applied Forest Science.*
6. **Overwinter Protection Using Tildenet.** *Kim Bartlett, Silviculture Development, BC Forest Service.*
7. **Automated Seedling Extraction Line.** *Kim Bartlett, Silviculture Development, BC Forest Service.*
8. **Use of Fog Misting to Reduce Water Loss from Container-Grown Seedlings.** *Gary Hunt, Heffley Reforestation, Kamloops, BC Canada.*
9. **Tissue Analysis.** *Glenn Matthews, Extension Services, BC Forest Service.*
10. **Small Fly Populations In Greenhouses.** *Gwen Shrimpton, Extension Services, BC Forest Services.*
11. **Cone Induction in Coastal Seed Orchards.** *Joy Parkinson, BC Forest Service.*

12. **Cone Induction in Interior Seed Orchards.** *Chris Walsh, BC Forest Service.*

Volume 2 Number 1 January 1989 Editor - Glenn Matthews

1. **Grower's Notes - 1-Bleaching Styroblocks, 2-Grit Cover Color.** *Glenn Matthews, Extension Services, BC Forest Service.*
2. **Media Study: FRDA 1.45 Update.** *Rob Scagel, Pacific Phytometric Consultants.*
3. **Ministry Root Growth Capacity Testing.** *Stewart Haywood Farmer, Nursery Services, BC Forest Service.*
4. **Manipulating Growth Rates and Tissue Nutrient Levels.** *Glenn Matthews, Extension Services, BC Forest Service.*
5. **1988 Media Trial, Saanich Test Nursery.** *Allan McDonald, Extension Services, BC Forest Service.*
6. **Elevated Night Temperatures.** *Glenn Matthews, Extension Services, BC Forest Service.*
7. **Balsam Woolly Aphid Regulations.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
8. **Pesticide Call Lines.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
9. **Benomyl Drenches Do Not Control *Fusarium* or *Cylindrocarpon* Caused Root Rots (FRDA 1.47).** *Frank Williams.*
10. **They've Done it Again... Insect Name Changes.** *Don Summers, Extension Services, BC Forest Service.*
11. **The Effects of *Adelges Cooleyi* Infestation of Douglas-fir in a Seed Orchard.** *Sheila Reynolds.*
12. **More on the Woolly Aphid Puzzle.** *Bev McEntire, Extension Services, BC Forest Service.*
13. **Use of Direct Injections of Systemic Insecticides to Control Douglas-fir Cone Gall Midge.** *Bev McEntire, Extension Services, BC Forest Service.*
14. ***Cylindrocarpon* Study 1988 - Update.** *John Dennis & Jack Sutherland, Pacific Forestry Centre, Canadian Forest Service.*
15. ***Keithia* Blight.** *John Dennis & Jack Sutherland. Pacific Forestry Centre, Canadian Forest Service.*
16. **Overwintering Cutworm Larvae.** *Gwen Shrimpton, Extension Services, BC Forest Service.*
17. **Conifer Root Aphid.** *Gwen Shrimpton, Extension Services, BC Forest Service.*

Volume 1 Number 2 Not Published Volume 1 Number 1 August 1988

1. **Grower's Notes... Plant Stress**, *Wayne Gates, Extension Services, BC Forest Service.*
2. **Grower's Notes... Nursery Insects**, *Gwen Shrimpton, Extension Services, BC Forest Service.*
3. **Grower's Notes... Orchard Insects**, *Don Summers, Extension Services, BC Forest Service.*
4. **Grower's Notes... Nutrition**, *Glenn Matthews, Extension Services, BC Forest Service.*
5. **Growth Under Warm Night Temperature Regimes**. *Glenn Matthews, Extension Services, BC Forest Services.*

Editor - Glenn Matthews

6. **Humidity and the Plant Environment**. *Wayne Gates, Extension Services, BC Forest Service.*
7. **Cylindrocarpon Study - 1988**. *John Dennis, Pacific Forestry Centre, Canadian Forest Service.*
8. **Sirococcus Blight of Spruce Seedlings in British Columbia: Experimental Work done at the Pacific Forestry Center**. *Rona Sturrock, Pacific Forestry Centre, Canadian Forest Service.*
9. **Control Program for Root Weevils in Containerized Conifer Seedling Nurseries**. *Gwen Shrimpton, Extension Services, BC Forest Service.*
10. **The Pine Needle Mite *Trisetacus camponodus* - A New Pest in BC Reforestation Nurseries**. *Gwen Shrimpton, Extension Services, BC Forest Service.*
11. **Liming and Water Source Alkalinity - Literature Review**. *Wayne Gates, Extension Services, BC Forest Services.*
