

## INFORMATION LETTER

---

UPSTREAM DEVELOPMENT DIVISION

UDD-13-06

**SUBJECT: Guide to the Petroleum and Natural Gas Drilling Licence Regulation Posted**

The Tenure and Geoscience Branch has created a [Guide to the Petroleum and Natural Gas Drilling Licence Regulation](#), which is available on the Ministry website. The guide provides information on all aspects of drilling licences – including terms and extensions, rent, earning wells, grouping and lease selection – and it supersedes all previous information letters that discussed drilling licences.

Inés Piccinino  
Assistant Deputy Minister  
Upstream Development Division

October 2013
