Subject: RE: Big White Ski Resort Master Plan (2020) - EA Reviewability

Hello Matt,

Thank you for your email seeking the EAO's views on the reviewability of the Big White Ski Resort Master Plan under the 2018 EA Act. I have reviewed your analysis of the proposed activities and project components against the thresholds described in the Reviewable Projects Regulation and I don't have any concerns or questions. It would appear that the project would not be reviewable, based on how you've described the project. If the proposed works do change in the future, such that this might alter our views related to reviewability, please don't hesitate to follow up with us to discuss.

Thank you again for proactively reaching out to our office.

Best regards,

Michael Shepard
Executive Project Director
Environmental Assessment Office
Government of British Columbia
