PERSONAL INFORMATION

Personal information, including names, addresses, telephone numbers, and email addresses, may be collected by the Archaeology Branch (the “Branch”) in permit applications, site inventory forms, and/ or permit reports under s.26(a) of the *Freedom of Information and Protection of Privacy Act*, RSBC 1996, c. 165 (“FOIPPA”) and s.12.4(2) of the HCA. Such personal information is collected for the purpose of this permit application and any resulting permit, including making archaeological information collected under that permit available to approved parties through the Provincial Archaeological Report Library (“PARL”). The collection, protection, retention, use, and disclosure of personal information by the Branch is subject to FOIPPA. Questions regarding the collection, use and disclosure of personal information can be directed to archaeology@gov.bc.ca.

¹Date must be amended if resubmitting an application with revisions.

COPYRIGHT

When submitting any permit deliverables, including site records, spatial data, interim reports, summary reports, specialized analysis, or final reports (each, a “**Deliverable**”), a “**License Grant**” signed by an authorized person (the “**Grantor**”) must also be provided. The License Grant confirms how the Deliverable may be used, reproduced and distributed by the Province and others (the “**License**”), enabling valuable data, including archaeological data contained in the Deliverables, to be used in the protection of heritage resources across British Columbia. For clarity, the License does not alter the original owner’s (or owners’) retention of copyright in the Deliverables.

It is the Grantor’s responsibility to ensure that it either owns the copyright in all elements of each Deliverable, or has obtained all necessary rights to be able to grant the License, before the Deliverable is submitted. The Grantor will be liable for any costs arising from a failure to have the rights necessary for it to grant the License.

The Province has established appropriate limitations regarding how the Deliverable materials may be used and with whom they may be shared. The License Grant also creates conditions that must be followed in relation to the Province’s disclosure of Indigenous cultural or other sensitive information contained in the Deliverables.

A copy of the License Grant (as may be amended by the Province from time to time) is maintained on the Branch’s [website](#).

OTHER PERMITS

This application is for a s. 12.2 heritage inspection permit, under the HCA, to authorize the permit holder to carry out the inspections as described in the permit application.

Please note that additional authorizations may be required to ensure compliance with all applicable laws.
