

Industrial

Application Requirements Checklist

The following requirements are part of the application and must be provided. Incomplete applications will be returned to the applicant.

In addition to the General Application Requirements included on the Application Form, the following items are required for all Industrial applications:

- See the [Natural Resource Online Services website](#) for key requirements and advice on applications.
- You are required to provide at least two (2) [digital maps](#) (spatial data, .pdf, .jpg, or other commonly used format)
 - General Location Map
 - [Site Plan](#) (see specific details for each type of site plan – general, log handling, and mining)

AND

- A [Management Plan](#) which includes the project overview, project description and additional information as necessary. The [Management Plan Application Guidance Document](#) provides additional information.

AND FOR LOG HANDLING

- A [Prospectus for Log Handling and Storage](#), signed and dated.

Note: Applicants should restrict management plan content to information that is directly relevant to the proposed project. Management Plans should not contain statements that are biased or judgmental or which may be harmful to other applicants, other licensed users of Crown land and resources, the general public, or businesses operating on private land.
