

# Adventure Tourism/Recreation Intensive Use Site

## Application Requirements Checklist

**The following requirements are part of the application and must be provided.  
Incomplete applications will be returned to the applicant.**

**In addition to the General Application Requirements included on the Application Form, the following items are required for all Adventure Tourism applications:**

- See the [Natural Resource Online Services website](#) for key requirements and advice on applications.
- You are required to provide at least two (2) [digital maps](#) (spatial data, .pdf, .jpg, or other commonly used format)
  - General Location Map (which cross-reference each Intensive Use Site by name or number)
  - [Site Plan](#) for each Intensive Use Site

**AND**

- A [Management Plan](#) which includes the project overview, project description, and additional information as necessary. Please note that proposed Extensive Use Areas for adventure guiding purposes are addressed in a separate standalone Management Plan and must not be included in the management plan for Intensive Use Sites. Extensive use guiding is cross-referenced in the project overview but not in the project description.

Further information is provided in the [Management Plan Application Guidance Document](#). Specific requirements for Adventure Tourism are listed below – be sure to include these in the relative sections of the Management Plan.
