

Ocean Energy Application Requirements List

The following requirements are part of the application and must be provided. Incomplete applications will be returned to the applicant.

In addition to the General Application Requirements included on the Application Form, the following items are required for all Ocean Energy applications.

Investigative Phase

FOR AN INVESTIGATIVE LICENCE

- An Investigation Plan

The template is located on the Land Use – Management Plans web page:

<http://www2.gov.bc.ca/gov/content/industry/natural-resource-use/land-use/crown-land/crown-land-uses/management-plans>

Development and Operating Phase

FOR A MULTI TENURE INSTRUMENT

- A Development Plan, signed and dated, which includes the following:

Information on project construction, operation, monitoring, and decommissioning.

It describes the environmental and socio-economic details of the project and ways that impacts will be avoided or mitigated.

The Development Plan provides critical information to assess the proposed project and determine whether authorizations will be issued under the relevant legislations.

The Development Plan provides critical information to assess the proposed project and determine whether authorizations will be issued under the relevant legislations. The Province has developed a standardized suite of information requirements necessary to complete a Development Plan. These requirements are available for download from:
