

Tanglefoot Creek Wildfire (N11958), originated 30 kilometres northeast of Cranbrook:

- Commencing at the junction of the Galbraith FSR and Tanglefoot Creek FSR, north following the Galbraith Creek FSR, then north and east to the height of land to Duncan Creek, then west along the height of land to Mt Smith.
- Then following the height of land to the south through Mt Fisher, back to east until the junction of the Bull Van FSR and Bull River Main FSR, then north to the commencement point.

Note: travel along the Bull River Main FSR and Galbraith FSR is permitted.
