(b) The MSC has the right and responsibility to appoint inspectors to audit claims for payment by medical practitioners and the patterns of practice or billing followed by medical practitioners under the *Medicare Protection Act*.

(c) The Audit and Inspection Committee is a panel appointed by the MSC pursuant to section 6 of the *Medicare Protection Act*.

(d) The parties agree that the Audit and Inspection Committee shall be delegated the powers of the MSC under section 36(2) of the *Medicare Protection Act* to appoint inspectors to audit and inspect practitioners.

(i) The confidential nature of medical records will be protected. The identity of patients shall be protected except to the extent necessary for verification or as evidence for a hearing.

(j) Prior to any decision being made by the MSC resulting from a recommendation of the Audit and Inspection Committee, it is understood that the medical practitioner(s) subject to the audit and inspection shall be entitled to be heard by the MSC and to have legal counsel present and may have one or more colleagues present to comment on the practice of the medical practitioner(s).

(k) Prior to a hearing before the MSC, the MSC will communicate in writing to the medical practitioner(s) its concerns and provide copies of all relevant documents (except those over which a claim of privilege is advanced and, if challenged, upheld) to the medical practitioner(s) at least 21 days prior to the hearing.

(c) The approved costs of the Patterns of Practice Committee will be shared equally by the MSP and the Doctors of BC.

(d) The Patterns of Practice Committee will:

(i) inform medical practitioners of their billing patterns and provide education to the medical practitioners as necessary;

(ii) prioritize a review of selected new guidelines of the Guidelines and Protocols Advisory Committee to determine their expected impact on Fee utilization and provide related education material and information to medical practitioners;

(iii) work with the Guidelines and Protocols Advisory Committee to jointly review a set number of guidelines per year, evaluate their impact on utilization management, and report back to the MSC as to their effectiveness; and

(d) The Government will provide administrative and clerical support required for the work of the Guidelines and Protocols Advisory Committee. The Government will provide up to $460,000 annually to support the work of the Guidelines and Protocols Advisory Committee. The costs of physician participation in the Guidelines and Protocols Committee, other than physicians who are employed by
the Doctors of BC, Government or Health Authorities, unless such Health Authority employed physicians are participating on behalf of the Doctors of BC, will be paid from the $460,000 referred to in this section.

(e) The Guidelines and Protocols Advisory Committee will, at the request of any of the Joint Clinical Committees or the Physician Services Committee from time to time, develop guidelines and protocols to support the effective utilization of medical services.

ARTICLE 11 - THE AVAILABLE AMOUNT

11.1 Establishment of the Available Amount

(a) There will be one centrally administered Available Amount. This does not preclude segmenting components of the Available Amount for analysis of expenditures of the Available Amount for purposes of planning, evaluation and management.

(b) The Government will Consult with the MSC and the Doctors of BC prior to the tabling of the Ministry’s spending estimates on the amount of annual funding for the provision of physician services to the residents of British Columbia in each year.

(c) For each Fiscal Year, the Government will advise the Doctors of BC through the MSC of the budget for the Available Amount within 15 days of the approval of the Ministry’s spending estimates by the Legislature. Adjustments as a result of the negotiation of agreements will be disclosed following the resolution of those agreements.

11.2 Monitoring and Managing the Available Amount

(a) The MSP will track Total Claims Cost against the Available Amount at the conclusion of each month and will make a forecast concerning the adequacy of
the Available Amount. The results will be forwarded to the MSC, at or before the next meeting of the MSC.

(b) If the MSC concludes on the basis of a reasonable forecast that the Total Claims Cost for a Fiscal Year is likely to exceed the Available Amount, the MSC will consult with the Doctors of BC and the Ministry on developing strategies and measures to prevent the overrun of the Available Amount. While the parties agree that there will be no pro-rationing of Fees for the term of this Agreement, the parties recognize that the MSC must exercise its statutory responsibility through the use of reasonable methods within its jurisdiction, subject to the specific provisions agreed to in this Agreement. An integral part of the exercise of that responsibility will be the development of protocols and billing guidelines by the MSC. The Doctors of BC will participate in the development of those protocols and billing guidelines and the medical profession will make every effort to adhere to such protocols and billing guidelines once implemented by the MSC.

(c) In recognition of the need for all parties to this Agreement to be satisfied that the MSC continues to be effective in managing the Available Amount, the Chair of the MSC will be a non-voting member of the Physician Services Committee and will advise the Physician Services Committee at regular intervals to assess the management process. The Physician Services Committee will report the results of these meetings to the Minister, the MSC and the Board of Directors of the Doctors of BC on a timely basis.

(d) Reconciliation of the Total Claims Cost with the Available Amount for each Fiscal Year shall take place and be concluded by October 31 of the following Fiscal Year.

(e) If agreement is not reached between the Doctors of BC and the Government pursuant to section 12.1(c)(iii) within 90 days, or such additional time as may be agreed, of written notification from the Doctors of BC to the Government of a proposed revision pursuant to this section 12.1, the Doctors of BC may refer the matter to the MSC for a decision under section 13.2.

(f) No change to the Payment Schedule shall result from a change to the Guide to Fees under this section 12.1, except in accordance with Article 13.

12.2 Revisions to Guide to Fees on Government’s Recommendation

(a) When the Government wishes to recommend the creation of a new fee item or any revisions to existing fee items in the Guide to Fees, it will:

(b) If agreement is not reached between the Government and the Doctors of BC pursuant to section 12.2(a)(ii) within 90 days of written notification from the Government to the Doctors of BC of a proposed revision pursuant to this section 12.2, or such additional time as may be agreed, the Government may advise the
Doctors of BC that it intends to refer the matter to an ad hoc joint review panel as provided in section 12.2(c).

(c) The joint review panel must be appointed within 60 days of the Government advising the Doctors of BC that it intends to refer the matter to an ad hoc joint review panel. The composition of the joint review panel shall be three members, with one member appointed by the Doctors of BC, one member appointed by the Government, and the third member who shall be the Chair, selected from a roster of individuals agreed upon by the Government and the Doctors of BC. The members appointed shall be chosen so as to avoid conflicts of interest. If the Government and the Doctors of BC have not agreed upon the roster, the MSC will appoint the Chair.

(d) The joint review panel must render a majority recommendation to the parties and the MSC within three months of its appointment.

(e) If the Government and the Doctors of BC support in writing the recommendation of the joint review panel, the Doctors of BC shall change the Guide to Fees accordingly and section 13.1 shall apply.

(f) If either the Government or the Doctors of BC does not support in writing the recommendation of the joint review panel, the MSC will decide the matter in accordance with section 13.2, and if the MSC decides that a change to the Guide to Fees should be made, the Doctors of BC will implement the change to the Guide to Fees.

ARTICLE 13 - REVISIONS TO THE PAYMENT SCHEDULE

13.1 Revisions By Agreement

The MSC shall adopt as part of the Payment Schedule additions to, deletions from or other modifications of the Guide to Fees, provided that:

(a) either:

(i) the Doctors of BC and the Government agree in writing to the additions, deletions or other modifications; or

(b) the MSC agrees that such modifications are consistent with the requirements of the Medicare Protection Act and Regulations;

(c) the MSC agrees that the services covered by a given fee item are medically necessary; and
(d) the MSC agrees to the estimated projected net cost effect on the Total Claims Cost which would result from such recommended changes.

13.2 Revisions in the Absence of Agreement

Where there is no agreement between the Doctors of BC and the Government on recommended changes to the Payment Schedule, the Doctors of BC and the Government may make separate recommendations to the MSC and the MSC will determine the changes, if any, to the Payment Schedule.

13.3 Changes to Insured Medical Services

If the MSC introduces any change to the medical services that are benefits under the Medicare Protection Act, it will provide at least 30 days’ notice of such change to all physicians enrolled in the MSP.

ARTICLE 14 - PAYMENT OF FEE FOR SERVICE ACCOUNTS

14.1 Payment Process

(a) It is acknowledged and agreed that there exists a common interest in ensuring that Fee for Service Accounts are processed and paid promptly.

(b) On behalf of beneficiaries, the MSP will pay Fee for Service Accounts promptly, in accordance with the Payment Schedule, subject to the provisions of the Medicare Protection Act and this Agreement.

(c) Normally, the MSC makes general remittances for Fee for Service Accounts on a regular cycle that is at least semi-monthly. If the MSC is unable to make a general remittance within five working days of the end of a payment cycle, an advance against Fee for Service Accounts payable will be paid. This will be limited to the physician’s average regular cycle payment, measured over the previous 12 months or over the length of time the physician has participated in the MSP, whichever is the lesser period of time.

14.2 Advances

The MSP may, on an individual physician basis, provide an advance to a physician encountering temporary difficulty submitting his or her Fee for Service Accounts or having those Fee for Service Accounts processed by the MSP. Requests for advances will be submitted to the MSP, which will determine whether or not the advance will be granted. If the MSP denies a request for an advance, the requesting physician may refer the matter to the Physician Services Committee for a final decision on the matter. Such advances will be set off against subsequent remittances to the physician by the MSP until the advance is fully repaid. Interest at the rate provided for in and in accordance with Regulation 214/83 of the Financial Administration Act (British Columbia) shall apply to and be paid by the physician on all such advances.
14.3 Overdue Accounts

Interest shall apply to and be paid by the MSP on overdue Fee for Service Accounts at the rate provided for in and in accordance with Regulation 215/83 of the *Financial Administration Act* (British Columbia). Interest will only apply on the amount of the outstanding Fee for Service Account that exceeds the amount of any outstanding advance.

14.4 Changes to Payment Process

(a) Should a need arise to review the routine data requirements, submission formats and/or transmission protocols for processing Fee for Service Accounts, the review must consider, among other things, the efficacy of the modification and the cost to physicians of implementing such a change.

(b) When there are modifications to the routine data requirements, submission formats and/or transmission protocols for processing Fee for Service Accounts, the parties will attempt to reach agreement on the net average cost of implementing these modifications and, if they fail to do so, then the matter shall be determined by the Adjudication Committee and appropriate compensation (including retroactivity) if any, will be provided to the affected physicians.

ARTICLE 17 - THE MEDICAL ON-CALL/AVAILABILITY PROGRAM

17.1 Budget for MOCAP

Funding for Doctor of the Day is allocated from the annual MOCAP budget.

17.2 Provincial MOCAP Review Committee

(a) The Government and the Doctors of BC have created the Provincial MOCAP Review Committee (“PMRC”). The PMRC is composed of three representatives appointed by the Government (including any representatives of Health Authorities) and three physician representatives appointed by the Doctors of BC. The Government and the Doctors of BC have selected an independent Chair for the PMRC. In the event that the Chair resigns or becomes unable to fulfill his role, a replacement will be appointed by agreement of the Doctors of BC and the Government.

(b) The PMRC makes decisions by majority vote. In this case, a majority vote must consist of all of the representatives of either party and the Chair of the PMRC.

(c) The PMRC is responsible for overseeing and guiding the transition to and implementation of the redesigned MOCAP program in accordance with the Report of the MOCAP Redesign Panel dated May 14, 2013. The PMRC issued a final report dated December 5, 2018 (“Final MOCAP Report”).
(d) The PMRC has determined that the implementation date for the redesigned MOCAP is April 1, 2019.

(e) In order to assist in the orderly implementation of the Final MOCAP Report by the implementation date of April 1, 2019, the parties agree to the following:

(i) every Health Authority will implement the results of the Final MOCAP Report in order to maintain consistency. Any variation will be made only with the agreement of the PMRC;

(ii) should a call group disagree with the initial call level allocated by the PMRC under the Final MOCAP Report, all such disagreements will be brought to the PMRC for review and decision in accordance with the process set out in the Final MOCAP Report. Any changes in the payment level for call groups arising from such a review will be effective after 90 days’ written notice is provided to physicians in accordance with the terms of existing MOCAP contracts;

(iii) if a Health Authority can demonstrate to the PMRC that it is necessary to maintain a particular call group or an assigned level of call in a manner inconsistent with the application of those factors identified in Attachment C of the Final MOCAP Report, they may seek approval from the PMRC that an exception may be created for the call group. The PMRC will only review requests based on the issue of providing a necessary service where the application of Attachment C of the Final MOCAP Report does not justify the assigned level of call on a normal basis.

17.3 MOCAP Terms and Conditions

(a) The MOCAP shall be operated in accordance with the terms of the Final MOCAP Report and those terms outlined below in 17.4 to 17.7 and attached hereto as Appendix G.

(b) Physicians who provide MOCAP coverage will do so in accordance with the provisions of the MOCAP Contract attached hereto as Schedule 1 to Appendix G.

17.4 Distribution of MOCAP Funds by Health Authorities

(a) The Health Authorities will distribute MOCAP funds that have been allocated to them by the Government (“MOCAP Budget”) in a manner that supports the following objectives (the “MOCAP Objectives”), in the following order of priority:

(i) first, to provide life and limb support in acute care hospitals, diagnostic and treatment centres, and specified emergency rooms;

(ii) second, where required for the operational efficiency of hospitals; and
(iii) third, to support General Practitioner care of complex patients in the community.

(b) Pursuant to the 2007 Physician Master Agreement, the Doctors of BC was consulted on the development of evaluation criteria that support the MOCAP Objectives and their prioritization as required by section 17.4(a).

(c) By July 1 of each year, each Health Authority will form a MOCAP Contract Review Committee (the "MCRC"). The MCRC of each Health Authority will include representatives of the Health Authority, health authority medical advisory committee (HAMAC) (or equivalent), physicians receiving MOCAP and emergency medicine physicians in the Health Authority.

(d) Each Health Authority will determine the call groups that should exist within its MOCAP Budget and, apply the levels of payment for the call groups in the Health Authority determined by the PMRC. This will form the basis of the Health Authority's annual distribution plan for MOCAP.

(e) In determining annual distribution plans for MOCAP, the Health Authorities will review call-back expenditures to determine whether groups should be provided with an on-call agreement.

(f) The annual distribution plan for MOCAP in each Health Authority will be reviewed with the MCRC.

(g) Each Health Authority will then review this distribution plan with the Ministry through the PMRC which will determine if the MOCAP funding to each Health Authority is appropriate within the provincial budget for MOCAP.

(h) Each Health Authority will then finalize its annual distribution plan for MOCAP. Any physician or physician group may challenge a Health Authority's distribution plan for MOCAP with the Health Authority pursuant to Section 17.6 below.

(i) It is imperative that the time frame to complete this process is limited so that necessary decisions are not delayed.

(j) The process set out in (c) to (i) above was suspended until March 31, 2019.

17.5 Principles of MOCAP

The Government and Doctors of BC adopt the following principles for MOCAP:

(a) MOCAP is designed to meet the medical needs of new or unattached patients requiring emergency care. By definition, a new or unattached patient is not a patient of any physician participating in a call group. For clarity, in rural communities where a physician or a call group are providing additional services such as emergency, obstetrics/gynecology, anesthesia or general surgery, then patients of the physician or call group presenting for such additional services will be considered as a new patient of that additional service.
(b) The Health Authorities are responsible for managing within their MOCAP allocation and decisions as to the specific nature and quantity of on-call availability services required rests ultimately with the Health Authorities. A Health Authority’s decision to establish a MOCAP arrangement is made following consultation with physicians.

(c) MOCAP arrangements may require availability to attend more than one site where clinically appropriate and may permit the availability to be provided in a manner consistent with advancements in technology.

(d) MOCAP provides compensation for physician availability according to the relative burden of providing such availability. MOCAP is not meant to compensate physicians for actual services to patients.

(e) Physicians who are on-call must respond to telephone calls in a timely way to determine clinical urgency and attend to the emergent needs of patients.

(f) Physicians who are on-call must respond to telephone calls not just from the location(s) where they are on-call, but from other locations and physicians.

(g) Decisions on MOCAP should reflect a consistent rationale across all Health Authorities and payments for being on-call should be based on objective data and information that reflect the burden of providing on-call services.

(h) MOCAP arrangements must be sustainable and must not contribute to physician burnout. In some circumstances, physicians may provide partial on-call availability to meet this principle.

(i) Health Authorities must appropriately fund the call groups that are established under MOCAP. Health Authorities should not prorate MOCAP payments (i.e. pay a lesser amount for the coverage required than is appropriate) in order to try to extend their MOCAP budget.

(j) There are separate and independent obligations through Health Authority by-laws and rules and the College of Physicians and Surgeons of BC’s professional standards that require physicians to provide call, including call for new and unattached patients. When a Health Authority requires physicians to provide call for new and unattached patients, the Health Authority will provide payment under MOCAP in accordance with this Agreement.

17.6 Review of Call Groups

(a) If, after April 1, 2019, a Health Authority or a physician group considers that, based on those factors identified in Attachment C of the Final MOCAP Report, things have changed in a manner requiring a review of the assigned level of call, a Health Authority or a physician group can bring an application to the PMRC (which will determine its procedures to consider such applications) to initiate such a review, following which:
(i) The PMRC will consider such applications.

(ii) Any changes in the payment level for call groups arising from such a review will be effective after 90 days’ written notice is provided to physicians in accordance with the terms of existing MOCAP contracts.

(iii) This process for review of call levels will continue until March 31, 2022.

(b) If after April 1, 2019, a physician group wishes to dispute either the nature of the call or a Health Authority decision that certain physicians do not need to provide on-call services under MOCAP, they must first provide notice to the Health Authority. Such notice must be in writing and include the facts, upon which the physician or physician group relies, an outline of argument supporting the physician(s)’s position and the remedy sought. In the event that the physician group and Health Authority are unable to reach agreement, the physician group may refer the dispute to the PMRC (which will determine its procedures to consider such applications) for binding adjudication, following which:

(i) The PMRC will consider such applications.

(ii) In considering the dispute, the PMRC must only determine only whether the process of establishing the call group, and establishing the nature of call were consistent with the MOCAP principles listed at Section 17.5 above and the applicable provisions of the PMA.

(iii) The PMRC will not be entitled to disturb a final decision of a Health Authority that certain physicians do not need to provide on-call services under MOCAP unless MOCAP principles referenced in paragraph (ii) above are breached.

(iv) In the event the PMRC disturbs a final decision of a Health Authority under (iii) above, such financial consequences will be effective in the subsequent fiscal year but will, at the discretion of the PMRC, have a retroactive effect that that time back to the date of the adjudication.

(v) Any changes in the nature of call for call groups arising from such a PMRC adjudication process will be effective 90 days’ after written notice is provided to physicians in accordance with the terms of existing MOCAP contracts.

17.7 Evaluation

The Government and the Doctors of BC will conduct an evaluation of the redesigned MOCAP in the fiscal year commencing April 1, 2021. Such evaluation will consider:

(a) whether the changes to MOCAP have improved or reduced the ability to determine call levels;
(b) the number of disagreements arising between Health Authorities and call groups and the reasons for those disagreements; and

(c) if there are further changes which should be made to MOCAP.

If any member of the Roster to be appointed as the Adjudicator is not able to hear the matter within a reasonable time the next named member who is able to do so will be appointed, and the rotation will continue from the member actually appointed. Either the Government or the Doctors of BC may elect to have Provincial Disputes, Local Disputes, Local Interest Issues and other issues in accordance with this Agreement heard by an Adjudication Committee as described in section 21.2(b).

(b) Notwithstanding section 21.2(a), the Government and the Doctors of BC will maintain an adjudication committee (the “Adjudication Committee”) to resolve, Provincial Disputes, Local Disputes, Local Interest Issues and other issues in accordance with this Agreement if either the Government or the Doctors of BC so elect to use the Adjudication Committee as an alternative to a single Adjudicator as provided in this Agreement. The Adjudication Committee will be composed of one Doctors of BC representative and one Government representative. In addition, a chair will be appointed from the Roster, on a rotating basis in the order in which the members of the Roster are listed in Appendix H starting with the first member listed (unless the Government and the Doctors of BC otherwise agree in writing), at the time a reference is made to adjudication. If any member of the Roster to be appointed to the Adjudication Committee is not able to hear the matter within a reasonable time the next named member who is able to do so will be appointed, and the rotation will continue from the member actually appointed. The Government and the Doctors of BC will each be entitled to appoint one alternate representative to the Adjudication Committee.
(c) All arbitrations conducted by the Adjudicator or by the Adjudication Committee will be conducted pursuant to the *Arbitration Act*. The Rules of the British Columbia International Arbitration Centre for the Conduct of Domestic Commercial Arbitrations will apply unless modified by this Agreement or any other agreement between the Government and the Doctors of BC from time to time.

(d) In resolving any matter referred to it, the chair of the Adjudication Committee will work with the other members of the Adjudication Committee in an attempt to achieve a unanimous decision, which will be binding. If, after a reasonable time, a unanimous decision is not achieved, the majority decision of the Adjudication Committee will be binding. If there is no majority decision of the Adjudication Committee, the chair of the Adjudication Committee will not decide the matter and the arbitration will terminate.

21.3 **Trouble Shooter**

(a) A Trouble Shooter (the “*Trouble Shooter*”) will be appointed by agreement of the Doctors of BC and the Government to facilitate the early and voluntary settlement of certain Disputes and Issues in accordance with this Agreement, without withdrawals of services, and to facilitate agreement between a physician or group of physicians and an Agency on matters of workload pursuant to the terms of a Service Contract or a Salary Agreement between them.

(b) Subject to section 21.3(c), the Trouble Shooter will be appointed for a three year term and may only be reappointed by agreement of the Doctors of BC and the Government.

(c) The Trouble Shooter may be removed and replaced at any time by agreement of the Doctors of BC and the Government. In the event that the Trouble Shooter resigns or becomes unable to fulfill his or her role during the term of his or her appointment, a replacement will be appointed by agreement of the Doctors of BC and the Government.

(d) In the event that a matter referred to the Trouble Shooter raises an aspect of quality of care, the Joint Agreement Administration Group may request one or more additional people with relevant expertise to provide informed advice to the Trouble Shooter. Such additional people will not directly contribute to the Trouble Shooter’s findings or recommendations.

(e) The Trouble Shooter will consider only those matters referred to him or her in accordance with this Agreement and will at all times act in a manner consistent with this Agreement.

(f) The Trouble Shooter may:

(i) assist in attempting to effect a voluntary resolution of the matter referred to it;
(ii) conduct fact finding in relation to the matter referred to it; and

(iii) issue recommendations regarding the matter referred to it.

(g) Any facts found and/or recommendations made by the Trouble Shooter will be treated as confidential by the parties unless otherwise agreed by the Joint Agreement Administration Group.

ARTICLE 22 - DISPUTE RESOLUTION PROCESS

22.1 Provincial Disputes

(a) In the event that a Provincial Dispute is initially raised by an Agency, the Agency will refer the matter in writing to the Government, with a copy of the reference to the Joint Agreement Administration Group. In the event that a Provincial Dispute is initially raised by a physician or group of physicians, the physician or group of physicians will refer the matter in writing to the Doctors of BC, with a copy of the reference to the Joint Agreement Administration Group.

(b) If the Government or the Doctors of BC raises a Provincial Dispute or has a Provincial Dispute referred to it as contemplated by section 22.1(a), that party must notify the designated representative of the other party. The notice must be in writing, with a copy to the Joint Agreement Administration Group, and must include the following information:

(i) the provisions of the agreement(s) in issue;

(ii) the facts upon which the complaining party relies;

(iii) an outline of argument demonstrating how the facts and law support the complaining party’s position; and

(iv) the remedy sought by the complaining party.

(c) Within 15 days of the receipt of the notice referred to in section 22.1(b) by the other party, the designated representatives of the parties will meet informally in an attempt to resolve the matter or to narrow the issues.

(d) If there is no resolution of the matter within 15 days of the meeting referred to in section 22.1(c), or longer period as agreed by the parties, either the Government or the Doctors of BC may refer the matter to the Adjudicator, or to the Adjudication Committee with notice to the Joint Agreement Administration Group.

(e) If the Government or the Doctors of BC initially refers the matter to an Adjudicator under section 22.1(d), the opposing party may, at their election and within 10 days of the receipt of the notice by the Joint Agreement Committee, advise the Joint Agreement Administration Group that it wishes to have the matter
referred to the Adjudication Committee instead of an Adjudicator and in such case the matter will be dealt with by the Adjudication Committee.

(f) Upon receipt of the notice in section 22.1(d), the Joint Agreement Administration Group will appoint the Adjudicator or a chair of the Adjudication Committee, as the case may be, from the Roster in accordance with sections 21.2(a) and (b). The Adjudicator or the Adjudication Committee will attempt to assist the parties to resolve the matter on a voluntary basis through a mediation process which will be conducted by the Adjudicator or the chair of the Adjudication Committee, or, if either the Doctors of BC or the Government stipulates so in writing within five business days of the referral to the Adjudication Committee, by the full Adjudication Committee.

(g) Where no voluntary resolution is achieved pursuant to section 22.1(f) within 45 days of the first date the parties meet to mediate the matter as contemplated in section 22.1(f), or such longer period as may be directed by the Joint Agreement Administration Group upon the recommendation of the mediator, the Adjudicator or the Adjudication Committee will arbitrate the matter in accordance with section 21.2.

22.2 Local Disputes

(a) A party to a Local Dispute must notify the designated representative of the other party to the Local Dispute. The notice must be in writing, with a copy to the Joint Agreement Administration Group, and must include the following information:

(i) the provisions of any Local Contract in issue;

(ii) the facts upon which the complaining party relies;

(iii) an outline of argument demonstrating how the facts and law support the complaining party’s position; and

(iv) the remedy sought by the complaining party.

(b) Within 15 days of receipt of the notice referred to in section 22.2(a) by the other party to the Local Dispute, the designated representatives of the parties to the Local Dispute will meet informally in an attempt to resolve the matter or to narrow the issues.

(c) In the event that the meeting referred to in section 22.2(b) results in a proposed agreement between the parties to the Local Dispute to settle the Local Dispute, they will jointly submit the proposed agreement to the Joint Agreement Administration Group. Within 15 days of receiving a proposed agreement, the Joint Agreement Administration Group will advise the parties to the Local Dispute of whether or not the proposed agreement is consistent with this Agreement and the Physician Master Subsidiary Agreements. If the Joint Agreement Administration Group advises that:
(i) the proposed agreement is so consistent, the proposed agreement will be binding on the parties to the Local Dispute;

(ii) the proposed agreement is not so consistent, the proposed agreement will not be implemented and section 22.2(e) will apply;

(iii) the Joint Agreement Administration Group cannot reach a consensus decision with respect to the consistency of the proposed agreement with this Agreement and the Physician Master Subsidiary Agreements, then, within 30 days of the Joint Agreement Administration Group advising that it cannot reach a consensus decision, either the Government or the Doctors of BC may refer the question of the consistency of the proposed agreement with this Agreement and the Physician Master Subsidiary Agreements to the Adjudicator or the Adjudication Committee with notice to the Joint Agreement Administration Group;

(iv) If the Government or the Doctors of BC initially refers the matter to an Adjudicator under section 22.2(c)(iii), the opposing party may, at their election and within 10 days of the receipt of the notice by the Joint Agreement Committee, advise the Joint Agreement Administration Group that it wishes to have the matter referred to the Adjudication Committee instead of an Adjudicator and in such case the matter will be dealt with by the Adjudication Committee.

(v) The Adjudicator or the Adjudication Committee will arbitrate the question of whether the proposed agreement is consistent with this Agreement and the Physician Master Subsidiary Agreements in accordance with section 21.2; and if the Adjudicator or the Adjudication Committee decides that the proposed agreement is so consistent, it will be binding on the parties to the Local Dispute; and if the Adjudicator or the Adjudication Committee decides that the proposed agreement is not so consistent, the proposed agreement will not be implemented and section 22.2(e) will apply.

(d) If the Joint Agreement Administration Group does not provide a response within the time limit referred to in section 22.2(c), the proposed agreement will be deemed to be consistent with this Agreement and the Physician Master Subsidiary Agreements.

(e) If the meeting referred to in section 22.2(b) does not result in a proposed agreement between the parties to the Local Dispute to settle the Local Dispute within 15 days of the meeting or a longer period agreed to by the local parties; or if the Joint Agreement Administration Group advises, in accordance with section 22.2(c)(ii), that the proposed agreement is not consistent with this Agreement and/or the Physician Master Subsidiary Agreements; or if the Adjudicator or the Adjudication Committee decides, in accordance with section 22.2(c)(v), that the proposed agreement is not consistent with this Agreement and/or the Physician Master Subsidiary Agreements, then:
(i) the parties to the Local Dispute will submit the Local Dispute to the Government and the Doctors of BC, and will agree to be bound by the resolution of the Local Dispute pursuant to this Agreement;

(ii) either the Government or the Doctors of BC may refer the Local Dispute in writing to the Joint Agreement Administration Group; and

(iii) the parties to the Local Dispute may agree to be bound by recommendations from the Trouble Shooter with respect to the Local Dispute in the event that the Joint Agreement Administration Group refers the Local Dispute to the Trouble Shooter.

(f) In the event that the Government or the Doctors of BC refers the Local Dispute to the Joint Agreement Administration Group under section 22.2(e), the Government and the Doctors of BC will thereafter have exclusive carriage of the Local Dispute.

(g) Upon a Local Dispute being referred to the Joint Agreement Administration Group under section 22.2(e), the Joint Agreement Administration Group may direct the Trouble Shooter to attempt to facilitate a settlement of the Local Dispute.

(h) If the parties to the Local Dispute agree to be bound by recommendations from the Trouble Shooter with respect to the Local Dispute, the Trouble Shooter will make recommendations and will provide a copy of such recommendations to the Joint Agreement Administration Group. Within 15 days of receiving such recommendations, the Joint Agreement Administration Group will advise the parties to the Local Dispute of whether or not the recommendations are consistent with this Agreement and the Physician Master Subsidiary Agreements. If the Joint Agreement Administration Group advises that:

(i) the recommendations are so consistent, they will be binding on the parties to the Local Dispute;

(ii) the recommendations are not so consistent, they will not be implemented and section 22.2(j) will apply; and

(iii) the Joint Agreement Administration Group cannot reach a consensus decision with respect to the consistency of the recommendations with this Agreement and the Physician Master Subsidiary Agreements, then, within 30 days of the Joint Agreement Administration Group advising that it cannot reach a consensus decision, either the Government or the Doctors of BC may refer the question of the consistency of the recommendations with this Agreement and the Physician Master Subsidiary Agreements to the Adjudicator or the Adjudication Committee with notice to the Joint Agreement Administration Group;

(iv) If the Government or the Doctors of BC initially refers the matter to an Adjudicator under section 22.2(h)(iii), the opposing party may, at their
election and within 10 days of the receipt of the notice by the Joint Agreement Committee, advise the Joint Agreement Administration Group that it wishes to have the matter referred to the Adjudication Committee instead of an Adjudicator and in such case the matter will be dealt with by the Adjudication Committee.

(v) The Adjudicator or the Adjudication Committee will arbitrate the question of whether the recommendations are consistent with this Agreement and the Physician Master Subsidiary Agreements in accordance with section 21.2; and if the Adjudicator or the Adjudication Committee decides that the recommendations are so consistent, they will be binding on the parties to the Local Dispute; and if the Adjudicator or the Adjudication Committee decides that the recommendations are not so consistent, they will not be implemented and section 22.2(j) will apply.

(i) If the parties to the Local Dispute do not agree to be bound by recommendations from the Trouble Shooter, the Trouble Shooter will attempt to facilitate a voluntary settlement of the matter. Failing settlement within 30 days of the Trouble Shooter being directed to attempt to facilitate a settlement, the Trouble Shooter will make recommendations with respect to the Local Dispute to the Joint Agreement Administration Group. If the Trouble Shooter’s efforts result in a proposed agreement between the parties to the Local Dispute, the proposed agreement must be submitted to the Joint Agreement Administration Group. Within 15 days of receiving a proposed agreement, the Joint Agreement Administration Group will advise the parties to the Local Dispute of whether or not the proposed agreement is consistent with this Agreement and the Physician Master Subsidiary Agreements and the procedure outlined in section 22.2(h)(i) through (v) will apply.

(j) If resolution of the Local Dispute is not achieved under one of sections 22.2(c), (h) or (i), the Joint Agreement Administration Group will notify the parties to the Local Dispute that the Joint Agreement Administration Group is proceeding under this section, will consider the recommendations of the Trouble Shooter, if any, and will attempt to resolve the Local Dispute. If the Local Dispute is not resolved within 30 days of the issuance of the notification to the parties under this section (or any longer period agreed to by the Government and the Doctors of BC), either the Government or the Doctors of BC may, within a further 30 days, refer the Local Dispute to the Adjudicator or to the Adjudication Committee with notice to the Joint Agreement Administration Group.

(k) If the Government or the Doctors of BC initially refers the matter to an Adjudicator under section 22.2(j), the opposing party may, at their election and within 10 days of the receipt of the notice by the Joint Agreement Committee, advise the Joint Agreement Administration Group that it wishes to have the matter referred to the Adjudication Committee instead of an Adjudicator and in such case the matter will be dealt with by the Adjudication Committee.
(l) Upon a referral of a Local Dispute to the Adjudicator or the Adjudication Committee pursuant to section 22.2(j) the Adjudicator or a chair for the Adjudication Committee will be appointed from the Roster.

(m) Where a Local Contract Dispute is referred to the Adjudicator or the Adjudication Committee pursuant to section 22.2(j), the Adjudicator or the Adjudication Committee will arbitrate the matter in accordance with section 21.2.

(n) Where a Local Range Placement Dispute is referred to the Adjudicator or the Adjudication Committee pursuant to section 22.2(j), their jurisdiction will be restricted to deciding the placement of the specific physician or physician group in issue on the applicable “Service Contract Range” (as defined in the Alternative Payments Subsidiary Agreement).

ARTICLE 23 - ISSUE MANAGEMENT PROCESS

23.1 Local Interest Issue Resolution

(a) A physician, group of physicians or Agency raising a Local Interest Issue must notify, in writing, all other interested parties of the Local Interest Issue, with a copy of the notice to the Physician Services Committee.

(b) The notice shall comprehensively outline the substance of the Local Interest Issue and include all data or other information relied on by the person raising the Local Interest Issue as well as a statement of the proposed remedy or proposed solution.

(c) Upon receipt of the notice referred to in section 23.1(b), parties interested in the Local Interest Issue will meet to discuss the Local Interest Issue and attempt to achieve a voluntary resolution of it.

(d) If, as a result of the meeting referred to in section 23.1(c), the parties interested in the Local Interest Issue achieve a proposed resolution of the Local Interest Issue, they shall submit the proposed resolution, in writing, to the Physician Services Committee. Within 15 days of receiving a proposed resolution, the Physician Services Committee will advise the parties to the Local Interest Issue of whether or not the proposed resolution is consistent with this Agreement and the Physician Master Subsidiary Agreements. If the Physician Services Committee advises that:

(i) the proposed resolution is so consistent, it may be implemented; and

(ii) the proposed resolution is not so consistent, or the Physician Services Committee cannot reach a consensus decision with respect to the consistency of the proposed resolution with this Agreement and the Physician Master Subsidiary Agreements, it may not be implemented.

(e) If the Physician Services Committee does not provide a response within the time limit referred to in section 23.1(d), the proposed resolution will be deemed to be consistent with this Agreement and the Physician Master Subsidiary Agreements.
(f) If the Local Interest Issue is not resolved in accordance with section 23.1(d) within 45 days of the first meeting contemplated by section 23.1(c), or any longer period agreed to by the parties to the Local Interest Issue, either the affected Health Authority or the affected physician(s) may, within a further 30 days, request the Government or the Doctors of BC respectively, to refer the Local Interest Issue to the Physician Services Committee. If, during the 45 days, or longer period if agreed, either party to the Local Interest Issue concludes that the process to resolve the Local Interest Issue has failed, it may so advise the other party in writing and the time limits for referral to the Physician Services Committee will commence from the date of that notice.

(g) Upon a Local Interest Issue being referred to the Physician Services Committee in accordance with section 23.1(f), the Government and the Doctors of BC shall assume exclusive carriage of it.

(h) Upon receiving a referral of a Local Interest Issue in accordance with section 23.1(f), the Physician Services Committee may, by consensus decision:

(i) issue recommendations with respect to the Local Interest Issue to the parties interested in the Local Interest Issue; or

(ii) direct that the Local Interest Issue be referred to an Adjudicator or, if one party so elects, to the Adjudication Committee for arbitration, at which time the Adjudicator or a chair of the Adjudication Committee will be appointed from the Roster.

(i) Failing acceptance by the parties interested in the Local Interest Issue of recommendations from the Physician Services Committee in accordance with section 23.1(h)(i) or failing a decision of the Adjudicator or the Adjudication Committee pursuant to section 23.1(h)(ii), there are no further steps under this Agreement to address the Local Interest Issue.

ARTICLE 24 - SERVICE CONTINUITY

24.1 No Withdrawal of Services or Threat of Withdrawal of Services

All Disputes and Issues will be resolved or addressed through the processes set out in this Agreement. Without limiting obligations of any party or person under any law, agreement or contract, where a process exists, in this Agreement or otherwise, for binding resolution of a Dispute or Issue between physicians and/or the Doctors of BC, on the one hand, and the Government and/or Agencies, on the other, there shall be no withdrawal of services or threat of withdrawal of services by any physician or group of physicians in connection with such Dispute or Issue.

24.2 Notice of Withdrawal of Services Required

(a) Without limiting obligations of any party or person under any law, agreement or contract, where there is no binding resolution of any Dispute or Issue, or any matter between physicians and/or the Doctors of BC, on the one hand, and the
Government and/or Agencies, on the other, after any applicable process has been utilized, a physician or group of physicians may carry out a withdrawal of services but must first provide a minimum of 90 days written notice of the withdrawal of clinical and related services to the applicable Health Authority, the College of Physicians and Surgeons of British Columbia, and the Physician Services Committee. In the event that notice of a withdrawal of services is given, the matter will be referred by the Physician Services Committee to the Trouble Shooter. The Trouble Shooter will define the issues in dispute and make recommendations to the Physician Services Committee to facilitate a resolution consistent with the provisions of this Agreement.

(b) Any withdrawal of clinical and related services during a notice period or without providing notice is contrary to this Agreement and the Doctors of BC will so advise physicians.

24.3 No Withdrawal of Services to Pressure Government to Change Existing Agreements

The Doctors of BC agrees that once an agreement is entered into, physicians who are covered by it should not carry out a withdrawal of services for the purpose of pressuring the Government or an Agency to change the terms and conditions of the agreement. The Doctors of BC will take all appropriate measures to encourage physicians to comply with existing agreements.

24.4 Doctors of BC Will Not Condone Withdrawals of Service

As long as there is no pro-rationing in effect the Doctors of BC will not sponsor, support or condone withdrawals of services by physicians and shall take the necessary steps that are available to prevent such initiatives.

ARTICLE 25 - REPLACEMENT OF PROVISIONS AFFECTED BY LEGISLATION

25.1 Replacement by Agreement

Subject to section 25.3, in the event that any future legislation (the “Future Legislation”) renders null and void or materially alters any provision of this Agreement, the remaining provisions will remain in force and effect during the currency of this Agreement and the parties will negotiate a mutually agreeable provision to be substituted for the provision that has been rendered null and void or materially altered by the Future Legislation.

25.2 Replacement by Arbitration

(a) If the parties are unable to reach agreement on replacement provisions pursuant to section 25.1, any of them may refer the issues in dispute to arbitration in accordance with this section 25.2.

(b) If any party makes a referral to arbitration under this section 25.2, the parties will agree upon a single arbitrator within fifteen days of the date of the referral. If such agreement is not reached any of them may ask the Chief Justice of the Supreme
Court of British Columbia to make the appointment and the person so appointed will be the arbitrator.

(c) The arbitration will be conducted in accordance with the *Arbitration Act*, using the Rules of the British Columbia International Arbitration Centre for the Conduct of Domestic Commercial Arbitrations, except to the extent such rules are modified by this Agreement or any other agreement between the Government and the Doctors of BC.

(d) Subject to section 25.3, the arbitrator will issue a final and binding award on all of the outstanding issues.

25.3 No Conflict with Legislation

No replacement provision, whether the subject of agreement pursuant to section 25.1 or arbitration pursuant to section 25.2, may conflict with the provisions of the Future Legislation or any other applicable laws. Specifically, an arbitrator acting pursuant to section 25.2 does not have the jurisdiction to order any replacement provision which is inconsistent with or in conflict with or would cause any reading down of the Future Legislation or any other applicable laws.

ARTICLE 26 - RENEGOTIATION

26.1 Renegotiation Notice

On or after April 1, 2021, but no later than April 30, 2021, either the Government or the Doctors of BC may give notice to the other (the “Renegotiation Notice”) of its wish to renegotiate and amend all or any of the provisions of this Agreement and the Physician Master Subsidiary Agreements.

26.2 Initial Meeting

If a Renegotiation Notice is given, the Doctors of BC and the Government will meet, no later than June 1, 2021, and commence negotiations to renegotiate all or any of the provisions of this Agreement and the Physician Master Subsidiary Agreements.

26.3 Conciliation Panel Chair

(a) If a Renegotiation Notice is given, the Government and the Doctors of BC will appoint, by no later than June 1, 2021, an individual to act as chair of a conciliation panel for the negotiations. If the Government and the Doctors of BC are unable to agree upon the chair of the conciliation panel either of them may request the Chief Justice of the Supreme Court of British Columbia to make the appointment and the individual so appointed will be the chair of the conciliation panel.

(b) If the Government and the Doctors of BC do not reach agreement on all amendments (if any) to this Agreement and/or the Physician Master Subsidiary Agreements, by September 30, 2021, either the Government or the Doctors of BC may request the intervention of the chair of the conciliation panel.
(c) Once either the Government or the Doctors of BC has requested the intervention of the chair of the conciliation panel, he or she will work with the Doctors of BC and Government negotiators in an attempt to mediate an agreement on all amendments (if any) to this Agreement and/or the Physician Master Subsidiary Agreements.

26.4 Intervention by Conciliation Panel

(a) After December 31, 2021, either the Government or the Doctors of BC may request the chair of the conciliation panel to discontinue the mediation and to assemble a conciliation panel. The Government and the Doctors of BC will each name one representative to the conciliation panel, and those two representatives plus the chair appointed pursuant to section 26.3(a) will comprise the conciliation panel.

(b) The conciliation panel will conduct a conciliation in accordance with procedures agreed to by the Government and the Doctors of BC, which may include formal hearings, to review the issues in dispute.

(c) The conciliation panel must retain an independent expert to assist it in determining costing issues and verifying comparators.

(d) The terms of reference of the conciliation panel will include:

   (i) the need to be consistent with the law;

   (ii) reflecting the Government’s fiscal situation, including its ability to pay;

   (iii) the need to provide reasonable compensation to physicians for the services rendered; and

   (iv) the operational and medical resource needs of the Health Authorities.

26.5 Report of the Conciliation Panel

(a) The conciliation panel will publish a report containing the recommended terms of settlement on all of the outstanding issues, such report to be in two parts:

   (i) the first part to contain the recommended terms of settlement on those issues of compensation, on-call payment issues, physician benefit plans consisting of the Continuing Medical Education Fund, Physician Disability Insurance Program, Physician Health Program, Canadian Medical Protective Association Rebate Program, Contributory Professional Retirement Savings Plan, and Parental Leave Program, and any other matters the parties have agreed in writing to submit to binding conciliation for the purpose of this section 26.5(a)(i) (collectively, the “Central Recommendations”); and
(ii) the second part to contain all recommended terms of settlement other than the Central Recommendations (collectively, the “Other Recommendations”).

(b) The report of the conciliation panel must also set out reasons and the estimated costs of implementing both the Central Recommendations and the Other Recommendations.

26.6 Effect of Conciliation Panel’s Report

(a) The Central Recommendations will be binding on the parties unless, within 10 days of its receipt of the conciliation panel’s report, the Government rejects the Central Recommendations in their entirety and, upon such rejection, the Central Recommendations will not be binding upon the parties. All Other Recommendations will not be binding on the parties unless agreed to by the parties in writing.

(b) If the Government rejects the Central Recommendations, the Government and the Doctors of BC will resume negotiations on the areas in dispute with respect to the Central Recommendations and the Doctors of BC will be relieved of its obligations under sections 24.3 and 24.4 of this Agreement, subject to section 26.6(c) below, until all amendments (if any) to this Agreement and/or the Physician Master Subsidiary Agreements are agreed upon by the Doctors of BC and the Government.

(c) Prior to the commencement of any service disruptions by physicians following any rejection of the Central Recommendations by the Government, the Government and the Doctors of BC will seek guidance from the College of Physicians and Surgeons of British Columbia with respect to the services that should be maintained to ensure that the safety of British Columbians is protected. The Doctors of BC will not condone or support a withdrawal of services contrary to the guidance provided by the College of Physicians and Surgeons of British Columbia.

ARTICLE 27 - TERMINATION

27.1 Termination Notice

(a) Notwithstanding Article 26, either the Government or the Doctors of BC may give notice (the “Termination Notice”) to the other, on or after January 1, 2022, of termination of this Agreement and the Physician Master Subsidiary Agreements, in which case this Agreement and Physician Master Subsidiary Agreements will terminate on March 31, 2022, subject to section 27.2.

27.2 Effect of Termination Notice

(a) If one of the parties gives the Termination Notice in accordance with section 27.1, then the provisions of this Agreement and the Physician Master Subsidiary Agreements providing for those matters referred to in section 26.5(a)(i) and for
those matters related to the Joint Clinical Committees and the Joint Standing Committee on Rural Issues will continue in effect notwithstanding the termination of this Agreement and the Physician Master Subsidiary Agreements pursuant to section 27.1, subject however to the further rights to terminate those continuing provisions under section 27.2(b).
(b) If a Termination Notice is given in accordance with section 27.1, either the Government or the Doctors of BC may give notice (the “Further Termination Notice”) to the other, on or after April 1, 2022, of termination of those provisions of this Agreement and the Physician Master Subsidiary Agreements that have continued in effect pursuant to section 27.2(a), such termination to be effective on the date (the “Final Termination Date”) that is one year after the date the Further Termination Notice is given, and on the Final Termination Date all such continuing provisions shall terminate and be of no further force or effect.

IN WITNESS WHEREOF the parties have executed this Agreement by or in the presence of their respective duly authorized signatories as of the 1st day of April, 2019.

ARTICLE 4 - GENERAL PRACTICE SERVICES COMMITTEE

4.1 The parties agree that full service family practice must be encouraged and supported.

4.2 The General Practice Services Committee shall continue under this Agreement as a vehicle for representatives of the Government, the Doctors of BC and the Society of General Practitioners to work together on matters affecting the provision of services by General Practitioners in British Columbia, including ways of providing incentives for General Practitioners to provide full service family practice and benefit patients. In addition to the core mandate outlined in section 8.2 of the 2019 Physician Master Agreement, the General Practice Services Committee will fulfill the specific mandate set out in this Agreement.

4.3 The General Practice Services Committee shall be composed of six members appointed by the Government and six members appointed by the Doctors of BC.

4.4 The General Practice Services Committee shall be co-chaired by a member chosen by the Government members and a member chosen by the Doctors of BC Board of Directors and shall appoint two of its members as vice chairs, one who shall be chosen by the Government from among the Government members and one who shall be chosen by the Doctors of BC from among the Doctors of BC members.

4.5 Decisions of the General Practice Services Committee shall be by consensus decision.
4.6 If the General Practice Services Committee cannot reach a consensus decision on any matter it is required to determine, the Government and/or the Doctors of BC may make recommendations to the MSC and the MSC, or its successor, will determine the matter.

4.7 On an annual basis, the General Practice Services Committee will develop a work plan, ensure that evaluations to measure outcomes are an integral part of the plan, and report to the Physician Services Committee in the manner outlined in section 6.3(a) of the 2019 Physician Master Agreement.

4.8 The General Practice Services Committee must follow any communication protocol developed by the Physician Services Committee, and in any event must ensure that the co-chairs of the General Practice Services Committee pre-approve any communication about the business and/or decisions of the General Practice Services Committee.

4.9 The costs of administrative and clerical support required for the work of the General Practice Services Committee will be paid from the funds to be allocated by the General Practice Services Committee pursuant to this Agreement, including the cost of physician participation other than physicians who are employees of the Government, Doctors of BC and Health Authorities, unless such Health Authority employed physicians are participating on behalf of the Doctors of BC.

**ARTICLE 5 - FULL SERVICE FAMILY PRACTICE FUNDING**

5.1 The General Practice Services Committee will be used to further collaborate with General Practitioners to encourage and enhance full service family practice and benefit patients through increases to the existing $275.9 million annual funding level for full service family practitioners, as follows:

   (a) an additional $0.85 million per year effective April 1, 2019.

The funds identified in this section 5.1 are to be allocated by the General Practice Services Committee to support its work in maintaining, enhancing and expanding the programs that support the delivery of primary care services to British Columbians by, among other things, offsetting utilization pressures on its programs, supporting integrated and collaborative initiatives including change management, identifying and treating patients and communities with unmet needs, providing incentives for General Practitioners to provide full service family practice, enhancing risk assessment and reduction, improving capacity in primary care, enhancing comprehensive and continuous care and improving coordination and quality of care to family practice patients in British Columbia, with allocations to include, but not be limited to, the areas identified in section 5.2.

5.2 The General Practice Services Committee will use the funds available to it pursuant to section 5.1 for the following purposes, among others:

   (a) to fund financial incentive programs for the support of full service family practice, including:

      (i) improved identification and management of:

         (A) mental health conditions;

         (B) chronic disease;
(C) complex co-morbidities;
(D) maternity care;
(E) the frail elderly;
(F) the co-ordination of care of patients in hospital or residential care; and
(G) patients requiring end of life care; and

(ii) increased multi-disciplinary care between General Practitioners and other healthcare providers;

(b) to fund, in whole or in part, full service family practice support programs such as Divisions of Family Practice and the Practice Support Program; and

(c) to improve disease prevention.

5.3 In addition to the funds identified in section 5.1, the Government will provide the following funding to be allocated by the General Practice Services Committee to the development of new fees or compensation to support full service family practice:

(a) an additional $12.75 million per year effective April 1, 2019;
(b) an additional $18.00 million per year effective April 1, 2020; and
(c) an additional $18.00 million per year effective April 1, 2021.

5.4 The General Practice Services Committee will design all new fees funded under section 5.3 in such a way that will allow their transfer to the Payment Schedule in accordance with Appendix I to the 2019 Physician Master Agreement (hereinafter referred to as Appendix I), and the Government and the Doctors of BC confirm their intent to transfer any fee developed and funded under section 5.3 to the Payment Schedule as soon as it is feasible to do so. The Government and the Doctors of BC will meet before December 31, 2021 to review and assess the readiness of transferring to the Payment Schedule fees developed and funded under section 5.3.

5.5 The General Practice Services Committee will establish a process to review, potentially modify and transfer to the Payment Schedule the GPSC fee items identified in section 1(a)(i) of Appendix I in accordance with the processes described in Appendix I. Upon the transfer to the Payment Schedule of the fees developed and funded under section 5.3 and the GPSC fee items identified in section 1(a)(i) of Appendix I, those amounts determined in accordance with Appendix I will be taken out of the appropriate General Practice Services Committee ongoing annual budget and transferred into the Available Amount.

5.6 On an ongoing basis, the General Practice Services Committee will review and propose amendments to those GPSC fee items that have been transferred to the Available Amount.

5.7 In addition to the funds identified in sections 5.1 and 5.3, the Government will provide the following funding to be allocated by the General Practice Services Committee to:
(a) support other non-fee enhancements to full service family practice including physician practice support, physician engagement and change management with respect to the implementation of Patient Medical Homes/Primary Care Networks:

(i) an additional $3.1 million per year effective April 1, 2019; and

(ii) an additional $2.0 million per year effective April 1, 2020.

(b) fund the Pathways initiative:

(i) an additional $1.4 million per year effective April 1, 2019.

5.8 In addition to the funds identified in sections 5.1, 5.3, and 5.7, the Government will provide an additional $12.0 million per year effective April 1, 2019 to the General Practice Services Committee to support its Residential Care Initiative.

5.9 The following funding will be made available on a one-time basis for the purposes set out in the Memorandum of Understanding on Physical/Psychological Safety between the Government, the Doctors of BC and the Health Authorities from existing unexpended General Practice Services Committee funds from the 2014 General Practitioners Subsidiary Agreement or those funds set out at section 5.11:

(a) $150,000 effective April 1, 2019;

(b) $150,000 effective April 1, 2020; and

(c) $150,000 effective April 1, 2021.

5.10 $25 million will be made available on a one-time basis to fund a portion of the one-time lump sum payment to eligible physicians in accordance with section 1.1 of Appendix F to the 2019 Physician Master Agreement from existing unexpended General Practice Services Committee funds from the 2014 General Practitioners Subsidiary Agreement.

5.11 Any funds described in sections 5.1, 5.3, 5.7, and 5.8 that remain unexpended at the end of any Fiscal Year will be available to the General Practice Services Committee for use as one time allocations to improve the quality of care.

5.12 If the General Practice Services Committee needs to reduce expenditures in order to meet its budget targets, the General Practice Service Committee will first address such budget pressures through a reduction of expenditures on its programs that do not have accompanying fees before considering adjustments to any of its established fees. Any such fee adjustments will be by mutual agreement. For clarity, this section 5.12 does not restrict the General Practice Service Committee from adjusting its fees in order to meet its mandate.

5.13 The General Practice Services Committee will continue to review and recommend approaches that support General Practitioners’ continued role in providing hospital care, including the relationship between that role and the role of hospitalists. The General Practice Services Committee will determine the key elements or models of care with indicators that demonstrate and support optimum patient outcomes. The recommendations will propose how best to utilize existing allocations for primary care support of hospitalized patients.
ARTICLE 6 – PRIMARY CARE NETWORK/PATIENT MEDICAL HOME

6.1 If the General Practice Services Committee agrees, the Government may, at its discretion, make funds available to the General Practice Services Committee to be used to support non-physician costs related to the design and implementation of the Primary Care Network and Patient Medical Home programs. Any such additional funds will be identified specifically for this purpose and any such funds not so expended by the General Practice Services Committee will be returned to the Government.

ARTICLE 7 - DOCTOR OF THE DAY

7.1 The need for a Doctor of the Day will be determined by the Health Authorities.

7.2 A Doctor of the Day will be compensated at the rate of $400 per twenty-four hours of coverage.

7.3 Where there is a requirement for less than twenty-four hours of coverage, an appropriate rate based upon the twenty-four hour rate shall be determined at the local level.

7.4 Funding for Doctor of the Day will be allocated from the annual MOCAP budget.

8.1 Disputes as to the interpretation, application, operation or alleged breach of this Agreement are Provincial Disputes and will be resolved in accordance with the provisions of Articles 20, 21 and 22 of the 2019 Physician Master Agreement applicable to Provincial Disputes.

5.9 Where, as a result of a review pursuant to section 5.7 or section 5.8, the JSC assigns a community:

(a) less than 6 Isolation Points then, in the year to which that assignment applies,

(i) eligible physicians, who received a Flat Premium the immediately preceding year, will be entitled to receive a Flat Premium in the amount of 50% of their Flat Premium entitlement from the immediately preceding year.

(ii) eligible physicians who received a Percentage Fee Premium for medical services performed in such community in the immediately preceding year will be entitled to receive a Percentage Fee Premium on medical services performed in such community in the amount of 50% of their Percentage Fee Premium for such community from the immediately preceding year.

(b) between 0.5 and 5.99 Isolation Points, it will be deemed to be a “D” community and physicians residing and practising in such community will only be eligible for the RCME, the RGPLP, the RSLP, the RGPALP, the RIF, the RCF and the REAP, all in accordance with the specific terms, conditions, rules and eligibility criteria applicable to each of those programs as established by the JSC from time to time; and

(c) less than 0.5 Isolation Points, it will be deleted from Appendix “A” and, if prior to such review it was listed in Appendix B, it will be deleted from Appendix B and physicians residing and/or providing services in such community will be ineligible for Rural Programs.

5.10 Where a community has been recommended for inclusion in Appendix A in accordance with section 4.4, the JSC must evaluate the community by application of Appendix C. If the evaluation results in a rating for the community of at least 0.5 Isolation Points, the JSC must add the community to Appendix A.
5.11 The JSC will periodically review Appendix B and may, by consensus decision, add or delete communities to it if the JSC determines such changes are required to reflect the criteria set out in section 4.5.

5.12 The JSC will periodically review Appendix C and may, by consensus decision, make any changes determined by the JSC to be appropriate.

5.13 In the event the JSC is unable to reach a consensus decision with regard to any matter that it is required by this Agreement to decide, the Government and/or the Doctors of BC may refer the matter in dispute for in accordance with section 21.2 of the 2019 Physician Master Agreement.

5.14 The JSC must establish practices and procedures appropriate to decisions with respect to the disbursement of public funds, including conflict of interest guidelines. The practices and procedures adopted by the JSC must include provisions that promote accountability, transparency and, consistent with section 5.3 of the 2019 Physician Master Agreement, confidentiality.

5.15 On an annual basis, the JSC will develop a work plan, ensure that evaluations to measure outcomes are an integral part of the work plan, and report to the Physician Services Committee in the manner outlined in section 6.3(a) of the 2019 Physician Master Agreement.

5.16 The JSC must follow any communication protocol developed by the Physician Services Committee, and in any event must ensure that the co-chairs of the JSC pre-approve any communication about the business and/or affairs of the JSC.

ARTICLE 6 - RURAL RETENTION PROGRAM

6.1 The Rural Retention Program (the “RRP”) is a program that makes available, to eligible physicians in RRP Communities, a Percentage Fee Premium and an annual Flat Premium, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

6.2 Responsibility for the governance and oversight of the RRP resides with the JSC, with day to day administration of the RRP provided by the Ministry.

6.3 To be eligible for a Percentage Fee Premium, a physician must meet all eligibility criteria approved or established by the JSC from time to time and must provide medical services in an RRP Community.

6.4 To be eligible for a Flat Premium, a physician must meet all eligibility criteria approved or established by the JSC from time to time.

6.5 The value of the Percentage Fee Premium and the value of the Flat Premium, each as applicable to each RRP Community, will be based on the Isolation Points allocated by the JSC to such community at least annually in accordance with sections 5.7 and 5.8, and the value of the Percentage Fee Premium and Flat Premium resulting therefrom shall be determined by the JSC.

6.6 Percentage Fee Premiums apply to the professional component of radiologists’ and pathologists’ in-patient and emergency services.
6.7 The Government will continue to fund the RRP at a level sufficient to maintain Percentage Fee Premium and Flat Premium values that reflect the implementation of the at least annual application of Appendix C and the amendments to the Isolation Points for each RRP Community that result therefrom, on the following basis:

(a) for RRP Communities without a resident physician and without a vacancy, a Percentage Fee Premium will be available in an amount equal to the total Isolation Points for the RRP Community in question but to a maximum Percentage Fee Premium of 30%;

(b) for RRP Communities with at least one resident physician or at least one vacancy, a Percentage Fee Premium will be available in an amount equal to 70% of the Isolation Points for the RRP Community in question but to a maximum Percentage Fee Premium of 30%;

(c) for RRP Communities with at least one resident physician, a Flat Premium will be available in an amount equal to 30% of the Isolation Points for the RRP Community in question multiplied by $2,040;

(d) if the JSC chooses not to implement reductions in Isolation Points for RRP Communities as a result of the application of Appendix C, the cost of maintaining the Percentage Fee Premium and Flat Premium values will be paid out of funds provided in Article 12; and

(e) if the JSC changes the application of the terms, conditions, rules and eligibility criteria for the RRP, any increased cost associated with such changes will be paid out of funds provided in Article 12.

ARTICLE 7 - RURAL LOCUM PROGRAMS

7.1 The Rural General Practice Locum Program (the “RGPLP”) is a program that provides support to enable eligible General Practitioners to have reasonable periods of leave from their practices for such purposes as continuing medical education, maternity leave, vacation and health needs, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

7.2 The Rural GP Anaesthesia Locum Program (the “RGPALP”) is a program that provides support to General Practitioners with enhanced anesthesia skills to have reasonable periods of leave from their practices for such purposes as continuing medical education, maternity leave, vacation, and health needs, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

7.3 Responsibility for the governance and oversight of the RGPLP and the RGPALP resides with the JSC, with day to day administration of the RGPLP and the RGPALP provided by the Ministry, or as determined by the JSC.

7.4 Preference for locum support through the RGPLP and the RGPALP will be given to the most isolated/vulnerable communities.

7.5 The Government will provide annual funding of $1,850,000 for the RGPLP.

7.6 The Rural Specialist Locum Program (the “RSLP”) is a program that provides support to enable eligible Specialist Physicians practising in certain designated specialities and in certain
rural communities to have reasonable periods of leave from their practices for such purposes as continuing medical education, parental leave, vacation, health needs and to assist in the provision of continuous specialist coverage as designated by the applicable Health Authority, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

7.7 Responsibility for the governance and oversight of the RSLP resides with the JSC, with day to day administration of the RSLP provided by the Ministry, or as determined by the JSC.

7.8 The Government will provide annual funding of $600,000 for the RSLP.

7.9 Effective April 1, 2019, the JSC shall allocate up to a maximum of $700,000 per year from its existing funding to improve the services offered by the RGPlP, RSLP, and RGPALP. This funding is to be allocated in accordance with the agreed recommendations provided in the Working Report of the Sub Committee on Rural Locum Programs dated March 10, 2014, or as determined by the JSC.

7.10 The funding described in section 7.9 is in addition to the current funding of approximately $300,000 annually provided by the Government for four (4) full time equivalent personnel who provide the day to day administration of the RGPlP, RSLP and the RGPALP.

where:

(a) an “A” community is a Rural Community that received 20 or more Isolation Points as a result of the most recent application by the JSC of Appendix C to that community;

(b) a “B” community is a Rural Community that received between 15 and 19.99 Isolation Points as a result of the most recent application by the JSC of Appendix C to that community;

(c) a “C” community is a Rural Community that received between 6 and 14.99 Isolation Points as a result of the most recent application by the JSC of Appendix C to that community; and

(d) a “D” community is a Rural Community that received between 0.5 and 5.99 Isolation Points as a result of the most recent application by the JSC of Appendix C to that community.

8.4 RCME is provided in addition to CME. Physicians who are eligible for RCME are also eligible for CME (as defined in the Benefits Subsidiary Agreement) so long as they meet the terms, conditions, rules and eligibility criteria applicable to the CME as approved and published by the Benefits Committee (as defined in the Benefits Subsidiary Agreement) from time to time.

8.5 A physician who is eligible for RCME in accordance with section 8.3 and moves to another Rural Community, continues to get credit for the time in the previous Rural Community but is eligible to receive the RCME amount applicable to the new community.

8.6 A physician who is eligible for RCME in accordance with section 8.3 and who does not practice in a Rural Community for the entire 12 months in any given calendar year is eligible for a proportionate amount of the RCME amount set out in section 8.3, for that calendar year. If the physician uses the entire annual entitlement and subsequently ceases practising in a Rural Community before the end of the 12-month period, the physician is only eligible for a proportionate amount of the amount set out in section 8.3 for that calendar year and must reimburse the appropriate Health Authority for any amount that was received by him or her in excess of that proportionate amount.

8.7 A physician may “bank” RCME entitlements, except that the eligibility for RCME for any calendar year expires at the end of two subsequent calendar years. For greater clarity, a physician’s RCME “bank” can contain up to three calendar years of RCME entitlement. Upon expiry of eligibility, or upon the physician ceasing to practice in a Rural Community, any sum remaining from that set aside for that physician transfers to the appropriate Health Authority, to be used for that Rural Community RCME fund.

8.8 Health Authorities must, in agreement with the Health Authority medical advisory committee, use any RCME amounts transferred to them pursuant to section 8.6 or section 8.7, for continuing medical education purposes within one or more of the Rural Communities, in addition to the payment of amounts set out in section 8.3.
The eligibility of particular educational expenses for reimbursement pursuant to the RCME will be as determined by the JSC provided however that expenses related to the acquisition of new technology or to support technology upgrades which are reasonably necessary for a physician to participate in distance continuing medical education will be eligible expenses.

ARTICLE 9 - RURAL EDUCATION ACTION PLAN

9.1 The Rural Education Action Plan (the “REAP”) is a program that provides funds to support and facilitate the training of physicians in rural practice including the enhanced skills program for rural physicians; a re-entry program, and increasing the rural training programs for physicians, in accordance with the specific terms, conditions, rules and eligibility criteria as approved or established by the JSC from time to time.

9.2 Responsibility for the governance and oversight of the REAP resides with the JSC, with day to day administration of the REAP provided by the Ministry, or as determined by the JSC.

9.3 The JSC may provide advice and recommendations to the Government and the Doctors of BC respecting rural undergraduate, post graduate and specialty training programs.

9.4 The Government will provide annual funding of $2,250,000 for the REAP. This funding obligation is in addition to the obligation to fund training programs existing as of November 4, 2002.

9.5 The JSC must determine how to allocate the REAP budget, ensure that expenditures for any program are independently evaluated for their cost effectiveness, and make further allocation decisions taking into account the results of the evaluation.

ARTICLE 10 - RECRUITMENT INCENTIVES

10.1 The Recruitment Incentive Fund (the “RIF”) is a program that, subject to section 10.3, makes financial benefits available to eligible physicians recruited to fill:

(a) vacancies identified in a Physician Supply Plan; or

(b) pending vacancies identified in a Physician Supply Plan,

in any Rural Community, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

10.2 Responsibility for the governance and oversight of the RIF resides with the JSC, with day to day administration of the RIF provided by the Ministry.

10.3 Physicians recruited from any community (other than those listed as exceptions in section 4.1) where a recruitment and retention initiative funded by the Government is in place, are not eligible for RIF. In exceptional circumstances the JSC may waive this restriction.

10.4 The maximum benefit available under the RIF is $20,000, which is pro-rated in the case of physicians who are recruited to work less than full-time. Payment of the benefit is subject to the physician’s agreement to repay the benefit in full if he/she leaves the community to which he or she was recruited within one year from the date of commencement of practice in that community.
10.5 The Recruitment Contingency Fund (the “RCF”) is a program that makes payments available to Health Authorities to assist in the recruitment of physicians to Rural Communities, where the difficulty in filling a vacancy is, or is expected to be, especially severe and where the failure to fill the vacancy in a timely manner would have a significant impact on the delivery of medical care as required by the applicable Health Authority’s Physician Supply Plan; such payments are to be used to pay expenses associated with recruiting activities or to supplement the benefit available to a recruited physician under the RIF, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

10.6 Responsibility for the governance and oversight of the RCF resides with the JSC, with day to day administration of the RCF provided by the Ministry.

10.7 Health Authorities may apply to the JSC for a grant from the RCF and must include with such application an explanation of why RCF funds are needed and how they are proposed to be spent.

10.8 The Government will provide annual funding of $300,000 for the RCF.

**ARTICLE 11 - NORTHERN AND ISOLATION TRAVEL ASSISTANCE OUTREACH PROGRAM**

11.1 The Northern and Isolation Travel Assistance Outreach Program (the “NITAOP”) is a two-component program consisting of the Northern and Isolation Travel Assistance Program and the Physician Outreach Program, that makes funding available to provide approved physicians with a travel time honorarium and reimbursement of travel expenses, for approved travel to the communities listed in Appendix B for the purpose of providing medical services to the residents of such communities, in accordance with the specific terms, conditions, rules and eligibility criteria approved or established by the JSC from time to time.

11.2 Responsibility for the governance and oversight of the NITAOP resides with the JSC, with day to day administration of the NITAOP provided by the Ministry.

11.3 The Government will provide annual funding of $1.5 million for the Physician Outreach Program.

**ARTICLE 12 - ADDITIONAL FUNDING**

12.1 The Government will continue to provide $3.2 million in annual funding identified in the 2007 Rural Subsidiary Agreement which was and continues to be allocated by the JSC among the REAP, the RGPLP, the Physician Outreach Program, the RSLP, and the RCME programs.

12.2 The Government will continue to provide $20 million in annual funding identified in the 2007 Rural Subsidiary Agreement for allocation by the JSC to support its work enhancing and expanding the programs that support the delivery of physician services to British Columbians who reside in rural areas by, among other things, stabilizing the payments resulting from the application of isolation points, supporting the provision of physician services during periods of manpower transition and strengthening the emergency care system in the rural communities.

12.3 The Government will continue to provide $10 million in annual funding identified in the 2012 Rural Subsidiary Agreement to be allocated by the JSC to, amongst other things, offset utilization pressures on the Rural Programs excluding the RIF, RCME and RRP.
12.4 The Government will continue to provide $12 million in annual funding identified in the 2014 Rural Subsidiary Agreement to be allocated by the JSC to, amongst other things, offset utilization pressures impacting Rural Programs excluding the RIF, RCME and RRP, and to address issues impacting Rural Programs and physicians practicing in rural communities in a manner aligned with the Government’s rural strategy.

12.5 The Government will provide the following additional funding to be allocated by the JSC:

(a) an additional $3.05 million per year effective April 1, 2019;
(b) an additional $3.20 million per year effective April 1, 2020; and
(c) an additional $2.25 million per year effective April 1, 2021.

12.6 The JSC will direct a portion of the additional funding in section 12.5 to the following:

(a) improving premiums under the RRP to compensate physicians for increases to the cost of providing services;
(b) providing ongoing funding for increased CMPA rates currently funded through one-time funds; and
(c) extending the application of the Rural Emergency Enhancement Fund to qualified AP physicians, as determined by the JSC.

12.7 As set out in section 3(b) of Appendix I to the 2019 Physician Master Agreement, the amount of fee premiums currently funded by the JSC on Joint Clinical Committee fees will be transferred from the funding identified in sections 12.2, 12.3, 12.4 and 12.5 to the Available Amount.

12.8 Any funds identified in sections 12.2, 12.3, 12.4 and 12.5 that remain unexpended at the end of any Fiscal Year will be available to the JSC for use as one time allocations to improve the quality of care.

12.9 The following funding will be made available on a one-time basis for the purposes set out in the Memorandum of Understanding on Physical/Psychological Safety between the Government, the Doctors of BC and the Health Authorities from existing unexpended JSC funds from the 2014 Rural Practice Subsidiary Agreement or the funds set out at section 12.8:

(a) $100,000 effective April 1, 2019;
(b) $100,000 effective April 1, 2020; and
(c) $100,000 effective April 1, 2021.

ARTICLE 13 - EXPENSES WHILE ACCOMPANYING A PATIENT

13.1 Physicians who accompany a patient who is being transferred from a Rural Community will, upon application to the Health Authority, be reimbursed for expenses reasonably incurred during, and necessitated by, the transfer.
ARTICLE 14 - ISOLATION ALLOWANCE FUND

14.1 The Isolation Allowance Fund (the “IAF”) is a program that makes payments available to physicians providing necessary medical services in Rural Communities with fewer than four physicians and no hospital, who are not receiving benefits under MOCAP (including call back and/or Doctor of the Day payments), for services provided in that Community, subject to the specific terms, conditions, rules and eligibility criteria as approved or established by the JSC from time to time.

14.2 Responsibility for the governance and oversight of the IAF resides with the JSC, with day to day administration of the IAF provided by the Ministry.

Appendix D

PHYSICIAN SUPPLY PLANS

1.1 A Physician Supply Plan is a plan created by a Health Authority further to the Ministry’s Health Human Resource Strategy, in consultation with the Health Authority’s medical advisory committee, and approved by the Ministry, which addresses issues related to access to physician services within the geographic jurisdiction of the Health Authority.

1.2 For purposes of this Agreement, the key elements of a Physician Supply Plan are:

- The number of General Practitioners and Specialists required to provide the physician services identified in the Physician Supply Plan; and
- The on-call requirements necessary to ensure coverage.

1.3 In some cases, Health Authorities do not yet have approved Physician Supply Plans. Pending development and approval of a Physician Supply Plan covering a community within the jurisdiction of a Health Authority without a Physician Supply Plan, a reference to “Physician Supply Plan” in this Agreement means, with respect to that community:

- The number of General Practitioners and Specialists in the community as of December 31, 2018, plus any vacancies identified by the Health Authority as of that date where active recruitment was underway; and
- On-call requirements as determined by the Health Authority.

1.4 Despite any provision to the contrary, all physicians working in any Rural Community as of December 31, 2018 are deemed to be included in the Physician Supply Plan for the term of this Agreement.
APPENDIX D

2019 ALTERNATIVE PAYMENTS SUBSIDIARY AGREEMENT

THIS AGREEMENT made as of the 1st day of April, 2019,

BETWEEN:

HER MAJESTY THE QUEEN IN RIGHT OF THE PROVINCE OF BRITISH COLUMBIA, as represented by the Minister of Health

(the “Government”)

AND:

BRITISH COLUMBIA MEDICAL ASSOCIATION

(the “Doctors of BC”)

AND:

MEDICAL SERVICES COMMISSION

(the “MSC”)

WITNESSES THAT WHEREAS:

A. The Doctors of BC, the MSC and the Government have agreed to renew and replace the 2014 PMA, the 2014 General Practitioners Subsidiary Agreement, the 2014 Specialists Subsidiary Agreement, the 2014 Rural Practice Subsidiary Agreement, the 2014 Alternative Payments Subsidiary Agreement, and the 2014 Benefits Subsidiary Agreement;

B. The parties have agreed that this Agreement will constitute the new Alternative Payments Subsidiary Agreement, to take effect as of April 1, 2019; and

C. The parties intend this Agreement to define compensation and the general terms and conditions that will apply to all Salary Agreements, Service Contracts and Sessional Contracts between Physicians and Agencies for Physician Services.

NOW THEREFORE in consideration of the premises and the agreements of the parties as set out herein, the parties agree as follows:
PART 1 - GENERAL MATTERS

ARTICLE 1 - RELATIONSHIP TO THE 2019 PHYSICIAN MASTER AGREEMENT

1.1 This Agreement is one of the Physician Master Subsidiary Agreements under the 2019 Physician Master Agreement and is subject to its terms and conditions.

ARTICLE 2 - DEFINITIONS AND INTERPRETATION

2.1 Words used in this Agreement that are defined in the 2019 Physician Master Agreement have the same meaning as in the 2019 Physician Master Agreement unless otherwise defined in this Agreement.

2.2 “this Agreement” means this document including the Schedules, as amended from time to time as provided herein.

2.3 “General Practice Services” means Physician Services generally recognized as being within the practice scope of a General Practitioner.

2.4 “Physician” means a medical practitioner who is and remains a member in good standing of the College of Physicians and Surgeons of British Columbia, whose services require him or her to have a medical degree and who is not providing exclusively administrative services, but does not include any member who is an undergraduate or an intern, resident, clinical fellow or clinical trainee in a postgraduate training program.

2.5 “2014 Physician Master Agreement” means the agreement titled “2019 Physician Master Agreement” among the Government, the Doctors of BC, and the MSC, dated April 1, 2019.

2.6 “Physician Placement System” has the meaning given in section 12.6.

2.7 “Physician Services” means clinical and related teaching, research and clinical administrative services provided by Physicians.

2.8 “Salary Agreement Full Time Equivalent” means 1957.5 paid hours of employment per year for a Physician employed under a Salary Agreement.

2.9 “Specialist Services” means Physician Services generally recognized as requiring Specialist Physician expertise.

2.10 “Template Service Contract” means a Service Contract in the form(s) attached as Schedule E to this Agreement.

2.11 “Template Sessional Contract” means a Sessional Contract in the form(s) attached as Schedule F to this Agreement.

2.12 The provisions of sections 1.2 to 1.8 inclusive of the 2019 Physician Master Agreement are hereby incorporated into this Agreement and shall have effect as if expressly set out in this
Agreement, except those references in such sections to “this Agreement” shall herein be construed to mean this Agreement.

ARTICLE 3 - TERM

3.1 This Agreement comes into force on April 1, 2019.

3.2 This Agreement shall be for the same term as the 2019 Physician Master Agreement and will be subject to renegotiation and/or termination pursuant to Articles 26 and 27 of the 2019 Physician Master Agreement.

ARTICLE 4 - ALLOCATION COMMITTEE AND AFTER HOURS ADJUDICATION PANEL

4.1 By June 1, 2019 the Government and the Doctors of BC shall appoint a temporary committee (“Allocation Committee”) and a temporary adjudication panel (“After Hours Adjudication Panel”) in accordance with the provisions of this Article 4, whose roles it will be to increase the Salary Agreement Ranges and the Service Contract Ranges by allocating the funding identified in sections 1.2(e), 1.3(b) and 1.4(b) of Appendix F to the 2019 Physician Master Agreement effective April 1, 2019, April 1, 2020 and April 1, 2021, respectively.

4.2 The Allocation Committee will be composed of an equal number of members appointed by each of the Government and the Doctors of BC, and will have a third party Chair jointly selected by the Government and the Doctors of BC. Decisions of the Allocation Committee will be by consensus decision of the Doctors of BC and Government members of the Allocation Committee and must be consistent with the provisions of this Agreement and the 2019 Physician Master Agreement. The Chair will mediate the discussions between the Doctors of BC and Government members of the Allocation Committee. If the Allocation Committee is unable to reach a decision on the distribution of the funding identified in sections 1.2(e)(i), 1.3(b)(i) and 1.4(b)(i) of Appendix F to the 2019 Physician Master Agreement by March 31, 2020, the Chair will make a binding decision on the outstanding issues. A binding decision of the Chair cannot result in adjustments to a practice category that has no Physicians who are paid within either the Service Contract Range or the Salary Agreement Range for that practice category (i.e. no salaried Physician and no contracted Physician in that practice category is paid within the range).

4.3 The After Hours Adjudication Panel will be composed of a third party Chair jointly selected by the Government and the Doctors of BC, a nominee appointed by the Doctors of BC, and a nominee appointed by the Government. The role of the nominees will be limited to providing support and advice to the Chair. A binding decision of the After Hours Adjudication Panel will be made by the Chair after considering the perspectives of the nominees. Such decision will be independent of any allocation decision made by the Allocation Committee in accordance with section 4.2 and must be consistent with the provisions of this Agreement and the 2019 Physician Master Agreement.

4.4 Should the Government and the Doctors of BC be unable to agree on the selection of the Chair of the Allocation Committee or the Chair of the After Hours Adjudication Panel, either of
them may make a request to the Chief Justice of the Supreme Court of British Columbia to make the appointment and the individual so appointed will be the Chair.

4.5 The Government and the Doctors of BC will each bear the costs of their own respective participation on the Allocation Committee and the After Hours Adjudication Panel and will share the costs of the Chairs.

4.6 The Allocation Committee and the After Hours Adjudication Panel will each make a single decision that will apply to the 2019/20, 2020/21, and 2021/22 Fiscal Years.

4.7 The cost of the increases to the Salary Agreement Ranges and Rates and Service Contract Ranges and Rates for each of the 2019/20, 2020/21, and 2021/22 Fiscal Years will be based on the FTE distribution of Physicians on Service Contracts and Salary Agreements in Fiscal Year 2018/19 and will include the associated incremental RRP cost increases and the associated incremental benefit cost increases for salaried Physicians in Fiscal Year 2018/19.

4.8 The Government will provide the Allocation Committee and the After Hours Adjudication Panel with the 2018/19 FTE distribution information by October 31, 2019.

4.9 The Allocation Committee will consider the following when allocating the funding in sections 1.2(e)(i), 1.3(b)(i) and 1.4(b)(i) of Appendix F to the 2019 Physician Master Agreement among the Service Contract Ranges and among the Salary Agreement Ranges:

(a) Inter-practice category equity issues; and

(b) Inter-provincial disparity between the Service Contract and Salary Agreement Ranges with non-fee for service compensation rates in other provinces.

Any allocation to address inter-provincial disparity in 4.9(b) must not significantly exacerbate inequity amongst the Service Contract Ranges and amongst the Salary Agreement Ranges.

4.10 The After Hours Adjudication Panel will determine its own procedures, with those procedures to include:

(a) an opportunity for Physicians, Sections, the Government, and the Doctors of BC to make submissions to the After Hours Adjudication Panel on the allocation of funding for all three Fiscal Years; and

(b) an opportunity for Physicians, Sections, the Government, and the Doctors of BC to review all submissions made to the After Hours Adjudication Panel and provide a response to the After Hours Adjudication Panel.

4.11 When allocating the funding in sections 1.2(e)(ii), 1.3(b)(ii) and 1.4(b)(ii) of Appendix F to the 2019 Physician Master Agreement among the Service Contract Ranges and among the Salary Agreement Ranges, the After Hours Adjudication Panel will consider the extent of services provided by Physicians on evenings, nights, weekends, and holidays as defined below:
(a) Evenings: 1800 to 2300 hours;
(b) Nights: 2300 to 0800 hours; and
(c) Weekends/Holidays: 0800 to 2300 hours.

4.12 Schedule A and Schedule B of this Agreement will be revised to reflect the increased Salary Agreement Ranges and the increased Service Contract Ranges for the applicable Fiscal Years upon being confirmed as final by the Allocation Committee and then again upon being confirmed as final by the After Hours Adjudication Panel. In each case, affected physicians under existing Service Contracts and Salary Agreements will be placed within the applicable amended Service Contract Range or Salary Agreement Range at the same level as their current placement (e.g. range minimum, mid-range, or range maximum).

ARTICLE 5 – PHYSICIAN WORKLOAD

5.1 In order to fund additional full time equivalents of Physician Services (the “FTEs”) to address workload pressures of Physicians on Service Contracts or Salary Agreements, the Government will, for each Fiscal Year of this Agreement, increase the provincial budget for Service Contracts and Salary Agreements in effect at the end of the preceding Fiscal Year by a rate that is not less than the growth rate of the Available Amount, exclusive of price increases. If, in any Fiscal Year of this Agreement, the total funding request in the combined proposals submitted to Government under the process set out in section 5.3 is less than the growth in the provincial budget for that Fiscal Year pursuant to this section 5.1, the Government may use the difference to establish, at its discretion, new Alternative Payment Arrangements.

5.2 At the start of each Fiscal Year of this Agreement, the Government will report to the Doctors of BC the projected provincial budget increase for Service Contracts and Salary Agreements for that Fiscal Year, calculated in accordance with section 5.1. At the end of each Fiscal Year of this Agreement, the Government will report to the Doctors of BC expenditures for additional FTEs allocated in that Fiscal Year at the level of individual or group Service Contracts and Salary Agreements.

5.3 The funding process for additional FTEs will be as follows:

(c) Physician(s) providing services under Service Contracts or Salary Agreements who experience significant and sustained growth in workload may submit a proposal to the relevant Agency to request new funding for additional FTEs (in whole or in part) prior to May 31, 2019 for funding in Fiscal Year 2019/20, and prior to November 30, 2019 and November 30, 2020 for funding in Fiscal Years 2020/21 and 2021/22, respectively.

(d) Physician proposals will be in a standardized template developed by Government, which, among other things, will require Physician(s) to submit objective, reliable data regarding physician workload.
(e) Following receipt of a proposal from Physician(s) for additional funding, the Agency and Physician(s) will meet to review the proposal. The Agency may provide any other relevant data not contained in the Physician(s)’ proposal and may identify solutions other than additional FTEs to address growth in physician workload. The Agency and Physician(s) will attempt to reach agreement on whether there is a physician workload problem that should be addressed by additional FTEs.

(f) By June 30, 2019, and, in subsequent years, by January 31, 2020 and January 31, 2021, the Agency will submit to Government the Physician(s)’ proposal(s) for funding for additional FTEs, indicating whether or not the Agency supports the proposal and, if it does not support the proposal, the reasons why.

(g) Within four weeks of the deadline for submission to the Government of all proposals for funding for additional FTEs, Government will consult with a Workload Advisory Committee comprised of four physicians appointed by the Doctors of BC to review and assess the proposals. Government will also advise the Workload Advisory Committee and the Doctors of BC of the estimated dollar amount of new funding available for the Fiscal Year pursuant to paragraph 5.1.

(h) In assessing the proposals for funding for additional FTEs, the Government will consider the growth in hours, volume, complexity of services and/or other measures of workload and will not deny any proposals on the basis that hours of services have not exceeded the FTE.

(i) Within six weeks of the first meeting between the Government and the Workload Advisory Committee, the Government will report to the Doctors of BC the budget commitments/allocations at the level of individual or group Service Contract and Salary Agreements.

(j) Pursuant to section 5.2, the Government will report to the Doctors of BC at the end of each Fiscal Year the expenditures for additional FTEs provided under this Article 5 in that Fiscal Year at the level of individual or group Service Contract and Salary Agreements.

(k) Where the allocation is to support additional FTEs under a group Service Contract, funding for the additional FTEs will be made available under the same terms and conditions as the existing group Service Contract. Any renewal negotiations will occur independently of and subsequent to the allocation of the additional FTEs.

5.4 Within three (3) months of the execution of the 2019 Physician Master Agreement, the Government and Doctors of BC will establish a working group composed of four members appointed by the Government/Health Authorities and four members appointed by the Doctors of BC to collaboratively develop a non-exhaustive list of standardized provincial workload measures by Practice Category/Clinical Service Area (“Provincial Workload Measures”). In this regard, a
“workload measure” is defined as a tool to identify relevant information for the review of physician workload.

5.5 Effective April 1, 2020, the Government and the Doctors of BC will add a new Appendix to the Template Service Contracts and the Standard Terms and Conditions of Employment Under Salary Agreements set out in Schedules D and E, respectively, to this Agreement titled “Workload Measures” (the “WL Appendix”), and the Government and the Doctors of BC agree that:

(l) At the request of either party, an Agency and Physician(s) must expressly include relevant workload measure(s), including Provincial Workload Measures in the WL Appendix by agreement at the outset or during the renegotiation of a Service Contract or a Salary Agreement. In the event that the parties are unable to reach agreement on such workload measures, the Provincial Workload Measures will be added to the WL Appendix.

(b) The WL Appendix will provide that workload measure(s) included in the WL Appendix:

(i) provide the Agency and the Physician(s) with a tool through which to inform discussion and identify relevant information for the review of physician workload;

(ii) may, and are expected to, change over time;

(iii) do not preclude an Agency and/or the Physician(s) from considering or discussing any other workload data or workload measure(s) in the assessment of physician workload;

(iv) do not preclude or supersede the use of any existing or future workload models used for staffing or resource allocation; and

(v) do not create any contractual obligations on the Agency or the Physician(s).

(c) To support consistency in the identification of workload measure(s) in the WL Appendix, the Government and Doctors of BC agree that Physicians will be encouraged to work together in circumstances where there are multiple individual Service Contracts or Salary Agreements for similar Physician Services with the same Health Authority.

(d) For greater clarity, nothing in this section 5.5 precludes local parties from agreeing to workload measure(s) in Service Contracts and/or Salary Agreements prior to the addition of the WL Appendix.

5.6 By June 30, 2019, the Government and the Doctors of BC shall appoint a temporary committee called the “Provincial Laboratory Physician Workload Model Committee” (the
“LPWMC”). The LPWMC shall be composed of four members appointed by the Government and four members appointed by the Doctors of BC. The LPWMC shall be co-chaired by one committee member chosen by the Government members and one committee member chosen by the Doctors of BC members.

5.7 Decisions of the LPWMC shall be by consensus decision.

5.8 The LPWMC will have the following mandate:

(a) reviewing the current anatomic pathology workload model and making advisable modifications;

(b) continuing development and validation of a clinical pathology workload model; and

(c) determining how both the anatomic and clinical pathology workload models will be used in or related to local laboratory physician compensation contracts.

5.9 The LPWMC shall determine its own procedures and timelines.

ARTICLE 6 - COMPENSATION ENTITLEMENT

6.1 Subject to sections 6.2 and 6.3 of this Agreement, Physicians providing Physician Services under the terms of a Salary Agreement or Service Contract or during the time for which they are paid in accordance with a Sessional Contract, are not entitled to any additional compensation for those Physician Services and may not be paid Fees or any other fees for those Physician Services.

6.2 Physicians paid pursuant to a Salary Agreement, a Service Contract or a Sessional Contract will be entitled to receive:

(a) additional compensation under the Rural Practice Subsidiary Agreement; and

(b) additional compensation under the 2019 Physician Master Agreement, the General Practitioners Subsidiary Agreement or the Specialists Subsidiary Agreement;

where eligible under those agreements and all applicable eligibility criteria.

6.3 Physicians on Service Contracts or Sessional Contracts are entitled to participate in the Benefit Plans as defined and described in the Benefits Subsidiary Agreement, subject to the terms of the Benefits Subsidiary Agreement and the Benefit Plans.

ARTICLE 7 - COMPENSATION ADMINISTRATION

7.1 Physicians providing Specialist Services who are registered to provide Specialist Services with the College of Physicians and Surgeons of British Columbia but who do not hold certification or fellowship with the Royal College of Physicians and Surgeons of Canada, will,
subject to agreement of the Physician Services Committee, be paid at the appropriate Sessional Contract Rate or on the appropriate Salary Agreement Range or Service Contract Range for the practice category for such Specialist Services. Pending that agreement of the Physician Services Committee, the Physician may be so paid for a period of up to six months. A Physician being paid under a Service Contract or a Salary Agreement pursuant to this section 7.1 will normally be placed at the minimum rate on the appropriate range unless the Physician Services Committee approves placement elsewhere on the range.

7.2 The Community Medicine/Public Health Areas A-D practice categories in Schedules A and B include Physicians who practice Community Medicine and are not classified in another medical group, including Medical Health Officers, Community Medicine Consultants and First Nations Medical/Public Health Advisors. Physicians will be assigned to one of the Community Medicine/Public Health Areas A-D practice categories on Schedule A and Schedule B in accordance with Schedule G.

7.3 Physicians who are currently being paid under a Salary Agreement or a Service Contract at an annual rate that is above the range maximum on the Salary Agreement Range or Service Contract Range for their practice category will receive the applicable compensation increases described at sections 1.1 (a), 1.2(a)(iii), 1.3(a)(iii), and 1.4(a)(iii) of Appendix F to the 2019 Physician Master Agreement. Physicians who are currently being paid under a Salary Agreement or a Service Contract at an annual rate that is above the range maximum on the Salary Agreement Range or Service Contract Range for their practice category will not have their annual rate decreased as a result of the application of Schedule A or Schedule B, whichever is applicable, and will only receive compensation increases that are identified in Sections 1.2(e) 1.3(b), and 1.4(b) of Appendix F to the 2019 Physician Master Agreement to the extent that their resulting compensation is within the then current applicable Salary Agreement Range or Service Contract Range.

7.4 Where Schedule A or Schedule B does not list a Salary Agreement Range or a Service Contract Range for a particular practice category, the Physician Services Committee will determine an appropriate range.

ARTICLE 8 - RELATIONSHIP WITH CONTRACTING AGENCIES

8.1 All Salary Agreements, Service Contracts and Sessional Contracts must be signed by the Physician or group of Physicians and the Agency, and the parties to such contracts shall exchange executed copies.

8.2 Subject to this Agreement, the Agency retains authority to negotiate with Physicians how Physician Services are to be delivered and what compensation is to be provided under a Salary Agreement, a Service Contract or Sessional Contract.

8.3 Except for the indemnity at section 4.6 of the Individual Template Service Contract and Individual Template Sessional Contract and section 4.7 of the Group Template Service Contract and the GroupTemplate Sessional Contract, Alternative Payment Arrangements must not contain provisions requiring either the Physician or the Agency to indemnify the other in the event of a claim by a third party. For greater clarity, this clause is not intended to abrogate the common law
rights of parties to an Alternative Payment Arrangement to claim indemnification from any other party.

8.4 Subject to sections 8.5 and 8.6, all Service Contracts and Sessional Contracts must be in the forms for each set out in Schedules E and F to this Agreement.

8.5 The parties to a Service Contract or a Sessional Contract may agree to contractual provisions that are in addition to those found in Schedules E and F to this Agreement provided that these additional provisions are not inconsistent with the spirit and intent of this Agreement.

8.6 The Template Service Contract and the Template Sessional Contract may be amended to reflect the legal status of the parties to the contract and the number of parties to the contract.

PART 2- PHYSICIANS EMPLOYED UNDER SALARY AGREEMENTS

ARTICLE 9 - COMPENSATION AND HOURS OF WORK

9.1 Physicians employed under Salary Agreements will be compensated within the Salary Agreement Range for the applicable practice category.

9.2 Physicians working less than a Salary Agreement Full Time Equivalent will receive a proportionate amount of compensation.

9.3 Annual salaries of Physicians under Salary Agreements include payment for time spent providing ongoing responsibility for patients and any necessary referred emergency and non-elective services.

9.4 When a Physician is initially employed by an Agency under a Salary Agreement, the Physician’s annual salary on the Salary Agreement Range for the applicable practice category will be the subject of an agreement between the Agency and the Physician and reflected in the offer of employment. Thereafter, annual in-range movement on the Salary Agreement Range will be on the same basis as senior management employees of the Agency, provided that no such movement shall result in any Physician’s annual salary exceeding the range maximum on the Salary Agreement Range for the applicable practice category.

ARTICLE 10 - STANDARD TERMS AND CONDITIONS OF EMPLOYMENT UNDER SALARY AGREEMENTS

10.1 All Salary Agreements include and shall be deemed to include the standard terms and conditions of employment set out in Schedule D except in the case of Salary Agreements entered into before November 4, 2002 that reflect comparable practices. The Agency must provide the Physician with a copy of the applicable terms and conditions of employment.

10.2 The Agency retains full authority to direct the operations of its services, subject to this Agreement and the Physician’s right to professional autonomy.

10.3 Notwithstanding section 10.1, terms regarding severance and current levels of support, office space, supplies and professional development entitlement and support in agreements
between Physicians and Agencies in place on November 4, 2002 shall be maintained for twelve months from the date of written notice of a change to such term(s) being provided to the Physician.

10.4 Severance entitlements under all Salary Agreements must conform to the Employment Termination Standards established for the purposes of section 14.4 of the Public Sector Employers Act and amendments thereto.

ARTICLE 11 - BENEFITS, VACATION AND EXPENSES

11.1 Physicians employed under Salary Agreements will receive their benefits through the Agency that is their employer and, with the exception of the Physician Health Program, are not entitled to participate in the Benefit Plans as defined and described in the Benefits Subsidiary Agreement, unless otherwise specified in the Benefits Subsidiary Agreement.

11.2 Physicians employed under Salary Agreements are entitled to benefits and vacation at the same level and under the same terms as those provided to the senior management employees of the Agency that is their employer. In addition, the following will apply to Physicians employed under Salary Agreements:

(a) reimbursement for the cost of annual dues of the College of Physicians and Surgeons of British Columbia and, where such membership is a requirement of employment, the Royal College of Physicians and Surgeons of Canada or the College of Family Physicians of Canada;

(b) reimbursement for other approved professional fees to the maximum permitted by existing employer policies;

(c) reimbursement for the annual dues or premiums, as applicable, for membership in the Canadian Medical Protective Association or coverage under a comparable professional/malpractice liability insurance plan;

(d) a minimum of five days each year with pay for participation in Continuing Medical Education; and

(e) reimbursement for Continuing Medical Education expenditures which, at a minimum, will be equivalent to that available under the Benefits Subsidiary Agreement.

11.3 In no case will a Physician's vacation, benefits, Continuing Medical Education, professional costs and fees, under an existing Salary Agreement be diminished as result of this Agreement.

11.4 Notwithstanding the employer's vacation policy, if a Physician employed under a Salary Agreement is not permitted by his or her employer to take any or all of his/her vacation entitlement, then the Physician may:
be paid out for the unused vacation days in the form of a lump sum cash payment in the employment year immediately following the employment year to which the unused vacation days are attributable;

(b) carry forward the unused vacation days and use them for vacation leave in the employment year immediately following the employment year to which the unused vacation days are attributable; or

(c) in the employment year immediately following the employment year to which the unused vacation leave is attributable, choose in part, to be paid out under section 11.4(a) and, in part, to use them for vacation leave under section 11.4(b).

PART 3 – PHYSICIAN SERVICES PROVIDED UNDER A SERVICE CONTRACT

ARTICLE 12 - COMPENSATION AND HOURS OF SERVICE

12.1 Physicians providing Physician Services under Service Contracts will be compensated within the Service Contract Range for the applicable practice category.

12.2 Subject to section 12.7, Physicians shall provide a minimum of 1680 hours to a maximum of 2400 hours of Physician Services per year in order to receive an annual rate on the Service Contract Range, and such number of hours will constitute one full time equivalent for the purposes of this Article 12. The parties recognize that many Physicians must work hours in addition to their contract hours, providing ongoing responsibility for patients and any necessary referred emergency and non-elective services.

12.3 Parties to intended Service Contracts must attempt to reach agreement on the number of hours per year, between 1680 and 2400 hours, that will constitute a full time equivalent under the Service Contracts, and the following shall apply:

(a) if the parties are unable to reach agreement on the number of hours per year, between 1680 and 2400 hours, that will constitute a full time equivalent under the Service Contract to meet the deliverables required by the Agency, the parties may request, through the Doctors of BC and the Government, the use of the Trouble Shooter;

(b) where either the Doctors of BC or the Government requests the Trouble Shooter to assist in resolving the disagreement, the Trouble Shooter will conduct a fact finding review and issue recommendations, consistent with section 12.2, to the Joint Agreement Administration Group and the local parties, and such recommendations will be treated by the Doctors of BC, the Government, and the local parties as confidential unless otherwise agreed by the Joint Agreement Administrative Group;

(c) in arriving at a recommendation, the Trouble Shooter will consider the annual hours of work reported in the 2004 National Physician Survey, the conditions under which the Physician Services have been provided previously, and the hours
of work for Physician Services under Service Contracts, Sessional Contracts and fee for service arrangements in British Columbia and other jurisdictions; and

(d) the local parties may agree at any time to be bound by recommendations made by the Trouble Shooter, subject to section 20.2 of the 2019 Physician Master Agreement.

12.4 Physicians providing less than the hours of service per year required for a full time equivalent under any Service Contract will receive a proportionate amount of the compensation required for a full time equivalent under such Service Contract.

12.5 The Service Contract Range for emergency medicine is based on a maximum of 1680 hours of emergency medicine Physician Services per year including time spent providing indirect patient care at the beginning and end of each scheduled shift.

12.6 The Doctors of BC and the Government have developed criteria for range placement (the “Physician Placement System”), to be applied in determining Service Contract Range placement for Physicians providing Physician Services under Service Contracts.

12.7 Subject to section 12.9, in the case of a Service Contract for a group of Physicians, the rate for determining the financial value of the Service Contract shall be either:

(a) the composite rate on the Service Contract Range for the applicable practice category derived from the application of the Physician Placement System to each Physician in the group; or

(b) the rate equal to 95% of the maximum rate on the Service Contract Range for the applicable practice category;

as selected by the Physician group. The Physician group is bound by the option it selects.

12.8 In the case of any Service Contract for a group of Physicians, the Physician group will, within the total financial value of the Service Contract, determine rates of compensation for the individual Physicians in the group that the group deems appropriate (e.g. time of day, weekends, amount of time worked by an individual Physician).

12.9 A Physician or Physician group providing Physician Services under a Service Contract in existence as at March 31, 2019 may, upon renewals of that Service Contract, for the purposes of establishing a rate for determining the financial value of a renewal of the Service Contract, instead of selecting a rate as provided in section 12.7, select a rate equal to the lesser of:

(a) the maximum rate on the Service Contract Range for the applicable practice category; and

(b) the rate determined according to the following formula:

\[ x = \left[ \left( \frac{A}{B} \right) \div C \right] \times D \]
where:

\[ x = \text{the rate;} \]
\[ A = \text{the financial value of the expiring Service Contract;} \]
\[ B = \text{the number of full time equivalents for the expiring Service Contract;} \]
\[ C = \text{the maximum rate on the Service Contract Range for the applicable practice category at the time the expiry of the Service Contract;} \]
\[ D = \text{the maximum rate on the Service Contract Range for the applicable practice category at the time of renewal of the Service Contract.} \]

12.10 Any dispute between an Agency and a Physician or group of Physicians as to the proper application of the Physician Placement System to the Physician or group of Physicians (a “Local Range Placement Dispute”) will be resolved pursuant to the provisions of Articles 20, 21 and 22 of the 2019 Physician Master Agreement applicable to Local Range Placement Disputes.

12.11 All Service Contracts must include clear and specific provisions that identify the respective responsibilities of the Agency and the Physician or Physician group regarding the provision of support, technology, materials and supplies.

12.12 All Service Contracts must contain a comprehensive description of the Physician Services to be provided to the Agency.

**PART 4- PHYSICIAN SERVICES PROVIDED UNDER A SESSIONAL CONTRACT**

**ARTICLE 13 - COMPENSATION**

13.1 Compensation for Physicians (including forensic practitioners) providing Physician Services under Sessional Contracts will be based on the applicable rate set out in Schedule C.

13.2 A session, for the purposes of a Sessional Contract, is 3.5 hours of Physician Services. A session may be an accumulation of lesser time intervals adding up to 3.5 hours. Smaller amounts of time not adding up to a full session will be recognized provided, however, that payment will not be made until such smaller amounts of time have accumulated to at least a quarter of an hour.

13.3 The hourly rate of payment for sessional time will be determined by dividing the appropriate sessional rate set out in Schedule C by 3.5 hours.

13.4 A Physician who is a party to a Sessional Contract with an Agency and who is called in by the Agency to provide a Physician Service will be compensated for the Physician Service provided at the Physician's hourly rate under the Sessional Contract, which payment will be for a minimum of one hour; such payment to be in addition to any payment the Physician is entitled to under a MOCAP Contract.
13.5 Travel expenses related to Physician Services performed by forensic practitioners under a Sessional Contract will be in accordance with the rates established for “Group 2” (public service) employees.

13.6 Required travel rates and related billing guidelines for forensic practitioners will be in accordance with the Medical Expert Witness Billing Fees and Guidelines, as amended from time to time.

ARTICLE 14 - DISPUTE RESOLUTION

14.1 Disputes as to the interpretation, application, operation or alleged breach of this Agreement are Provincial Disputes and will be resolved in accordance with the provisions of Articles 20, 21 and 22 of the 2019 Physician Master Agreement applicable to Provincial Disputes.
IN WITNESS WHEREOF the parties have executed this Agreement by or in the presence of their respective duly authorized signatories as of the 1st day of April, 2019.

Schedule “D” to the Alternative Payments Subsidiary Agreement

STANDARD TERMS AND CONDITIONS OF EMPLOYMENT
UNDER SALARY AGREEMENTS

1. British Columbia Medical Association
   (a) The Physician is entitled, at his or her option, to representation by the British Columbia Medical Association (the “Doctors of BC”) in the discussion or resolution of any issue arising under this Salary Agreement, including without limitation the re-negotiation or termination of this Salary Agreement.

2. Responsibilities and Workload
   (a) The Physician’s responsibilities will be defined and communicated to him/her by his/her supervisor. There will be ongoing communication between the Physician and his/her supervisors regarding the performance of the services, including issues relating to workload and distribution of clinical, academic and administrative responsibilities. If they are unable to reach agreement on an approach to resolve the concerns in these areas, either party may request, through the Doctors of BC or the Government, the use of a Trouble Shooter who will conduct a fact finding review and issue recommendations. If they are unable to reach agreement following the use of a Trouble Shooter, either the Government or the Doctors of BC may refer the matter to the Physician Services Committee as a Local Interest Issue.

   (b) The nature of the Physician’s position requires him/her to be flexible about hours of work. The Physician is required to be adaptable to a work situation, which may result in working hours other than those considered to be the normal hours of work. The annual salary of the Physician includes payment for additional hours spent providing ongoing responsibility for patients and any necessary referred emergency and non-elective services.

3. Probation and Termination
   (a) The Physician shall be subject to the Employer’s probation policy applicable to senior management employees, unless the Employer and Physician agree otherwise.

   (b) The Employer may, at any time, terminate the Physician’s employment without notice or pay in lieu of notice if the Employer has just cause for termination.

   (c) The Employer may, at any time, terminate the Physician’s employment on notice or by making payment in lieu of notice. The amount of notice or payment in lieu of notice afforded by the Employer to the Physician terminated under this provision shall be calculated in accordance with common law and statutory
standards, including the Public Sector Employers Act and any applicable regulations.

(d) Termination of employment by the Physician will require three months’ notice, or a shorter period as may be agreed to by the parties.

(e) On termination of the Physician’s employment, the Employer must provide the Physician with the necessary support to abide by all applicable patient notification requirements of the College of Physicians and Surgeons of BC.

4. Fee for Service and Third Party Billings

(a) Unless specified otherwise, the Physician will not retain fee-for-service billings or receive any other form of remuneration for the services or procedures provided under the terms of this Salary Agreement.

(b) Where the Available Amount is not a source of funding for this Salary Agreement, the Physician will sign:

(i) a waiver in the form attached hereto as Appendix 1A and such other documentation in connection with such waiver as may be reasonably required; or

(ii) if the Physician is required to assign to the Employer any and all rights the Physician has to receive third party billings for any of the services or procedures provided under the terms of this Salary Agreement, a waiver and assignment in the form attached hereto as Appendix 1B and such other documentation in connection with such waiver and assignment as may be reasonably required.

(c) Where the Available Amount is a source of funding for this Salary Agreement, the Physician assigns to the Employer any and all rights he or she may have to receive fee-for-service payments from the Available Amount for any of the services or procedures provided under the terms of this Salary Agreement, and will sign an assignment in the form attached hereto as Appendix 2.

(d) The Physician shall retain one hundred per cent (100%) of third party billings provided they are not included within the services or procedures provided under the terms of, and do not conflict with the Physician’s obligations under, this Salary Agreement. For the purposes of this clause, third party billings include but are not limited to:

(i) billings for services associated with WorkSafeBC, ICBC, Armed Forces, Corrections (provincial and federal), Interim Federal Health Programs for Refugee Claimants and disability insurers,

(ii) billings for non-insured services, excluding medical/legal services, and
(iii) billings for services provided to persons who are not beneficiaries under the Medicare Protection Act, including but not limited to billings for persons in respect of whom MSP may seek payment from another Canadian province under a reciprocal payment arrangement.

5. Autonomy

(a) The Physician will provide the services under this Salary Agreement in accordance with applicable standards of law, professional ethics and medical practice and any Agency policies, by-laws or rules and regulations that are not inconsistent with, and do not represent a material change to, the terms of this Salary Agreement.

(b) Subject to section (5)(a), the Physician is entitled to professional autonomy in the provision of the services covered by this Salary Agreement.

6. Locum Coverage

(a) The Employer, at its sole discretion, shall be responsible for securing the services of a locum in consultation with the Physician.

7. Dispute Resolution

(a) This Salary Agreement shall be governed by and construed in accordance with the laws of British Columbia.

(b) All disputes arising out of or in connection with this Salary Agreement that the parties are unable to resolve at the local level, may be referred to mediation on notice by either party to the other, with the assistance of a neutral mediator jointly selected by the parties. If the dispute cannot be settled within thirty (30) days after the mediator has been appointed, or within such other period as agreed to by the parties in writing, the dispute will be referred to arbitration administered pursuant to the Arbitration Act.

(c) Should the parties be unable to agree on the selection of the mediator or arbitrator within seven (7) days after notice is served by any party seeking the appointment of a mediator or arbitrator, the Chief Justice of the Supreme Court of British Columbia will be asked to appoint the mediator or arbitrator.

(d) Upon agreement of both parties, the dispute may bypass the mediation step and be referred directly to arbitration.

The Ministry of Health and the Doctors of BC shall have the right to apply to intervene in the arbitration and such application will rely on the common-law test for granting intervenor status. All intervenors are responsible for their own costs and any other costs the arbitrator may order them to pay.

INDIVIDUAL TEMPLATE SERVICE CONTRACT

BETWEEN:

<name of physician/corporation>  
(the “Physician”)

AND:

(the “Agency”)

WHEREAS the Physician wishes to contract with the Agency and the Agency wishes to contract with the Physician to provide clinical and related teaching, research and clinical administrative services on the terms, conditions and understandings set out in this Service Contract;

THEREFORE in consideration of the mutual promises contained in this Contract, the Physician and the Agency agree as follows:

Article 1: Definitions

1.1 Words used in this Contract, including in the recitals and the Appendices, that are defined in the 2019 Physician Master Agreement or Physician Master Subsidiary Agreements have the same meaning as in the 2019 Physician Master Agreement or the Physician Master Subsidiary Agreements, unless otherwise defined in this Contract. In addition, in this Contract, including the recitals and Appendices, the following definitions apply:

(a) “Contract” or “Service Contract” means this document including the Appendices, as amended from time to time in accordance with Article 23.

(b) “2019 Physician Master Agreement” means the agreement titled “2019 Physician Master Agreement” and entered into as of April 1, 2019 among the Government, the Medical Services Commission and the British Columbia Medical Association (“Doctors of BC”), as subsequently amended from time to time.

(c) “Services” means clinical and related teaching, research and clinical administrative services, and those Services provided under this Contract are specifically described in Appendix 1, as amended from time to time by written agreement between the Agency and the Physician.
Article 2: Term & Renewal

2.1 This Contract will be in effect from <insert date> to <insert date> notwithstanding the date of its execution, unless terminated earlier as provided herein (the “Term”).

2.2 This Contract may be renewed for such period of time and on the terms as the parties may mutually agree to in writing. If either party wishes to renew this Contract, it must provide written notice to the other party no later than ninety (90) days prior to the end of the Term and, as soon as practical thereafter, the parties will meet to discuss and endeavour to settle in a timely manner the terms of such a renewal.

2.3 Subject to clause 2.4, if both parties agree to renew the Contract the terms and conditions of this Contract must remain in effect until the new contract is signed and any continuation past the Term is without prejudice to issues of retroactivity.

2.4 In the event that notice is given by either party in accordance with clause 2.2 above and if a new contract is not completed within six (6) months following the end of the Term, this Contract and any extensions will terminate without further obligation on either party.

Article 3: Termination

3.1 Subject to clause 3.2, either party may terminate the Contract without cause upon six (6) months’ written notice to the other party.

3.2 Either party may terminate this Contract immediately upon written notice if the other party breaches a fundamental term of this Contract. For clarity, loss of privileges related to the Services provided under this Contract by the Physician is a breach of a fundamental term of this Contract.

Article 4: Relationship of Parties

4.1 The Physician is an independent contractor and not the servant, employee, or agent of the Agency. No employment relationship is created by this Contract or by the provision of the Services to the Agency by the Physician.

4.2 Neither the Physician nor the Agency will in any manner commit or purport to commit the other to the payment of any monies or to the performance of any other duties or responsibilities except as provided for in this Contract, or as otherwise agreed to in writing between the parties.

4.3 If the Physician employs other persons or is a professional medical corporation, the Physician will apply to register with WorkSafeBC and:

(a) if registered as an employer maintain that registration during the Term and provide the Agency with proof of that registration in the form of the registration number, copies of
whatever documentation is issued by WorkSafeBC to confirm registration, and a clearance letter with a clearance date as far into the future as possible, or

(b) if advised by WorkSafeBC that the Physician is a “worker”, advise the Agency and provide the Agency with any related documentation from WorkSafeBC.

4.4 If the Physician purchases Personal Optional Protection coverage with WorkSafeBC as an independent operator (at the Physician’s Option), the Physician will provide the Agency with proof of that registration in the form of the registration number, copies of whatever documentation is issued by WorkSafeBC to confirm registration, and a clearance letter with a clearance date as far into the future as possible.

4.5 The Physician must pay any and all payments and/or deductions required to be paid by the Physician, including those required for income tax, Employment Insurance premiums, workers’ compensation premiums, Canada Pension Plan premiums or contributions, and any other statutory payments or assessments of any nature or kind whatsoever that the Physician is required to pay to any government (whether federal, provincial or municipal) or to any body, agency, or authority of any government in respect of any money paid to the Physician pursuant to this Contract.

4.6 The Physician agrees to indemnify the Agency from any and all losses, claims, damages, actions, causes of action, liabilities, charges, penalties, assessments, re-assessments, costs or expenses suffered by it arising from the Physician’s failure to make any payments referred to in clause 4.5.

4.7 The indemnity in clause 4.6 survives the expiry or earlier termination of this Contract.

Article 5: Waiver/Assignment

5.1 Unless specified otherwise, the Physician must not retain fee-for-service billings, including third party billings, for the Services provided under the terms of this Contract. The Physician may bill fee-for-service or directly for any and all services delivered outside the scope of this Contract. For the purposes of this Article, third party billings include but are not limited to:

(a) billings for Services associated with WorkSafeBC, ICBC, Armed Forces, Corrections (provincial and federal), Interim Federal Health Programs for Refugee Claimants and disability insurers,

(b) billings for non-insured Services, excluding medical/legal services, and

(c) billings for Services provided to persons who are not beneficiaries under the *Medicare Protection Act*, including but not limited to billings for persons in respect of whom MSP may seek payment from another Canadian province under a reciprocal payment arrangement.
5.2 Where the Available Amount is not a source of funding for this Contract, the Physician will sign:

(a) a waiver in the form attached hereto as Appendix 3A and such other documentation in connection with such waiver as may be reasonably required; or

(b) if the Physician is required to assign to the Agency any and all rights the Physician has to receive third party billings for any of the Services provided under the terms of this Contract, a waiver and assignment in the form attached hereto as Appendix 3B and such other documentation in connection with such waiver and assignment as may be reasonably required.

5.3 Where the Available Amount is a source of funding for this Contract, the Physician will assign to the Agency any and all rights the Physician has to receive fee-for-service payments from the Available Amount for any of the Services provided under the terms of this Contract and will sign an assignment in the form attached hereto as Appendix 3C and such other documentation in connection with such assignment as may be reasonably required.

Article 6: Autonomy

6.1 The Physician will provide the Services under this Contract in accordance with applicable standards of law, professional ethics and medical practice and any Agency policies, by-laws, rules, and regulations that are not inconsistent with or represent a material change to the terms of this Contract.

6.2 Subject to clause 6.1, the Physician is entitled to professional autonomy in the provision of the Services.

Article 7: Doctors of BC

7.1 The Physician is entitled, at the Physician’s option, to representation by the Doctors of BC in the discussion or resolution of any issue arising under this Contract, including without limitation the re-negotiation or termination of this Contract.

Article 8: Dispute Resolution

8.1 This Contract is governed by and is to be construed in accordance with the laws of British Columbia.

8.2 All disputes with respect to the interpretation, application or alleged breach of this Contract that the parties are unable to resolve informally at the local level, may be referred to mediation on notice by either party to the others, with the assistance of a neutral mediator jointly selected by the parties. If the dispute cannot be settled within thirty (30) days after the mediator has been appointed, or within such other period as agreed to by the
parties in writing, the dispute will be referred to arbitration administered pursuant to the *Arbitration Act*.

8.3 Should the parties be unable to agree on the selection of the mediator or arbitrator within seven (7) days after notice is served by any party seeking the appointment of a mediator or arbitrator, the Chief Justice of the Supreme Court of British Columbia will be asked to appoint the mediator or arbitrator.

8.4 Upon agreement of both parties, the dispute may bypass the mediation step and be referred directly to arbitration.

8.5 The Agency and the Physician must advise the Ministry of Health and the Doctors of BC respectively prior to referring any dispute to arbitration. The Ministry of Health and the Doctors of BC will have the right to apply to intervene in the arbitration and such application will rely on the common-law test for granting intervenor status. All intervenors are responsible for their own costs and any other costs the arbitrator may order them to pay.

8.6 Any dispute settlement achieved by the parties, up to the point of arbitration, will be deemed to have been concluded without prejudice to other disputes or proceedings involving other parties, and will not be referred to in any other dispute or proceeding.

**Article 9: Service Requirements**

9.1 The Physician will provide the Services as described in Appendix 1 and will schedule the Physician’s availability, as set out in Appendix 1, to reasonably ensure the provision of the Services.

9.2 Hours are as agreed upon by the parties at Appendix 1. It is understood that many circumstances require flexibility of hours and the Physician will respond to these needs.

9.3 If the Physician is unable to provide the Services under the terms of this Contract on a persistent basis due to significant unanticipated increases in volume or the departure of one or more Physicians, then the parties will meet to discuss and develop an approach to attempt to resolve the concern. If they are unable to reach an agreement, either party may request, through the Doctors of BC or the Government, the use of a Trouble Shooter who will conduct a fact finding review and issue recommendations. If they are unable to reach agreement following the use of a Trouble Shooter, either the Doctors of BC or the Government may refer the matter to the Physician Services Committee as a Local Interest Issue.

10.3 All medical Services under this Contract will be provided either directly by the Physician, or a resident under the supervision and responsibility of the Physician, or by a clinical fellow under the supervision and responsibility of the Physician.

Article 11: Locum Coverage

11.1 The Physician and the Agency will work together in recruiting and retaining qualified locum physicians when necessary. Locum physicians are subject to the approval of the Agency, whose approval will not be unreasonably withheld.

11.2 In the event a locum is not available, the Agency and the Physician may agree that the Physician will provide hours of service in excess of the annual hours of service specified at Appendix 1. In this event the parties must agree upon appropriate compensation for the additional hours of service.

Article 12: Subcontracting

12.1 The Physician may, with the written consent of the Agency, subcontract or assign any of the Services. The consent of the Agency will not be unreasonably withheld. Schedule “E” to the Alternative Payments Subsidiary Agreement

GROUP TEMPLATE SERVICE CONTRACT

BETWEEN:

THOSE PHYSICIANS AND PROFESSIONAL MEDICAL CORPORATIONS LISTED ON THE SIGNATURE PAGE OF THIS CONTRACT

(each is individually a “Physician” and collectively all are referred to as the “Physicians”)

OR

[PARTNERSHIP NAME]

(the “Partnership”)

OR

[CORPORATION NAME]

(the “Corporation”)

If this Contract is between the Agency and a partnership or a corporation, the Contract requires amendments that reflect the legal status of the parties.

AND:

(Agency)

WHEREAS the Physicians wish to contract with the Agency and the Agency wishes to contract with the Physicians to provide clinical and related teaching, research and clinical administrative services on the terms, conditions and understandings set out in this Service Contract;

THEREFORE in consideration of the mutual promises contained in this Contract, the Physicians and the Agency agree as follows:

Article 1: Definitions

1.1 Words used in this Contract, including in the recitals and the Appendices, that are defined in the 2019 Physician Master Agreement or Physician Master Subsidiary Agreements have the same meaning as in the 2019 Physician Master Agreement or the Physician
Master Subsidiary Agreements, unless otherwise defined in this Contract. In addition, in this Contract, including the recitals and Appendices, the following definitions apply:

(d) “Contract” or “Service Contract” means this document including the Appendices, as amended from time to time in accordance with Article 24.

(e) “2019 Physician Master Agreement” means the agreement titled “2019 Physician Master Agreement” and entered into as of April 1, 2019 among the Government, the Medical Services Commission and the British Columbia Medical Association (“Doctors of BC”), as subsequently amended from time to time.

(f) “Services” means clinical and related teaching, research and clinical administrative services, and those Services provided under this Contract are specifically described in Appendix 1, as amended from time to time by written agreement between the Agency and the Physician.

Article 2: Term & Renewal

2.1 This Contract will be in effect from <insert date> to <insert date> notwithstanding the date of its execution, unless terminated earlier as provided herein (the “Term”).

2.2 This Contract may be renewed for such period of time and on the terms as the parties may mutually agree to in writing:

(a) If the Physicians wish to renew this Contract, the Physicians must provide written notice to the Agency no later than ninety (90) days prior to the end of the Term.

(b) If the Agency wishes to renew this Contract, it must provide written notice to the Physicians no later than ninety (90) days prior to the end of the Term.

As soon as practical after either the Physicians or the Agency has provided notice in accordance with this clause 2.2, the parties will meet to discuss and endeavour to settle in a timely manner the terms of such a renewal.

2.3 Subject to clause 2.4, if both the Physicians and the Agency agree to renew the Contract the terms and conditions of this Contract must remain in effect until the new contract is signed and any continuation past the Term is without prejudice to issues of retroactivity.

2.4 In the event that notice is given by either the Physicians or the Agency in accordance with clause 2.2 above and if a new contract is not completed within six (6) months following the end of the Term, this Contract and any extensions will terminate without further obligation on either party.
Article 3: Termination

3.1 The Physicians (collectively) or the Agency may terminate the Contract without cause upon six (6) months’ written notice to the other, or immediately upon written notice if the other breaches a fundamental term of this Contract.

3.2 Subject to clause 3.3 and without affecting the rights and obligations of the remaining Physicians:

(a) each Physician has the separate and distinct right to terminate the Contract as between that Physician and the Agency without cause upon six (6) months’ written notice to the Agency, with an information copy of such notice to the remaining Physicians; and

(b) the Agency may terminate the Contract as between the Agency and any individual Physician without cause upon six (6) months’ written notice to that Physician, with an information copy of such notice to the remaining Physicians.

3.3 Each Physician or the Agency may terminate the Contract as between that Physician and the Agency immediately upon written notice if the other breaches a fundamental term of this Contract. For clarity, loss of privileges by a Physician related to the Services provided under this Contract is a breach of a fundamental term of this Contract.

3.4 No Physician will be required to resign privileges as a result of a termination of the Contract except in accordance with a fully executed and attached Appendix 7 (Resignation of Privileges Under Exclusive Contracts), if applicable. If Appendix 7 is not attached to this Contract or fully executed by the Physicians (collectively) and the Agency, it does not apply or form part of this Contract.

Article 4: Relationship of Parties

4.1 Each Physician is an independent contractor to the Agency and not the servant, employee, or agent of the Agency. No employment relationship is created by this Contract or by the provision of the Services to the Agency by the Physician. No partnership relationship between the Physicians is created by this Contract or by the provision of the Services to the Agency by the Physicians. None of the Physicians intends to carry on a business with a view to profit with the other Physicians in respect of the Services.

4.2 None of the Physicians nor the Agency will in any manner commit or purport to commit the other to the payment of any monies or to the performance of any other duties or responsibilities except as provided for in this Contract, or as otherwise agreed to in writing between the parties.

4.3 If a Physician employs other persons or is a professional medical corporation, the Physician will apply to register with WorkSafeBC and:
(a) if registered as an employer maintain that registration during the Term and provide the
Agency with proof of that registration in the form of the registration number, copies of
whatever documentation is issued by WorkSafeBC to confirm registration, and a
clearance letter with a clearance date as far into the future as possible, or

(b) if advised by WorkSafeBC that the Physician is a “worker”, advise the Agency and
provide the Agency with any related documentation from WorkSafeBC.

4.4 If a Physician purchases Personal Optional Protection coverage with WorkSafeBC as an
independent operator (at the Physician’s Option), the Physician will provide the Agency
with proof of that registration in the form of the registration number, copies of whatever
documentation is issued by WorkSafeBC to confirm registration, and a clearance letter
with a clearance date as far into the future as possible.

4.5 Each Physician must pay any and all payments and/or deductions required to be paid by
the Physician, including those required for income tax, Employment Insurance premiums,
workers’ compensation premiums, Canada Pension Plan premiums or contributions, and
any other statutory payments or assessments of any nature or kind whatsoever that the
Physician is required to pay to any government (whether federal, provincial or municipal)
or to any body, agency, or authority of any government in respect of any money paid to the
Physician pursuant to this Contract.

4.6 The liability of the Physicians for payments referred to in clause 4.5 is several and not
joint.

4.7 Each Physician agrees to indemnify the Agency from any and all losses, claims, damages,
actions, causes of action, liabilities, charges, penalties, assessments, re-assessments, costs
or expenses suffered by it arising from that Physician’s failure to make any payments
referred to in clause 4.5.

4.8 The indemnity in clause 4.7 survives the expiry or earlier termination of this Contract.

Article 5: Unincorporated Groups

5.1 As the Services are provided under this Contract by multiple Physicians, each Physician
will be party to, and bound by, this Contract.

*Parties to select one of three options for clause 5.2 in negotiations.*

5.2 The Physicians will develop a process or agreement to govern their intra-group
relationship.

OR

5.2 The Physicians will develop an intra-physician group governance agreement. Each of the
Physicians will be a party to the intra-physician group governance agreement, and the
Physicians will ensure that any physician who becomes a Physician during the Term also becomes a party to the intra-physician group governance agreement. If the Physicians are failing to provide the Services pursuant to the terms of this Contract on a persistent basis and the Agency reasonably believes that such failure is related to the Physicians’ intra-physician group governance agreement, the Agency may request a copy of the intra-physician group governance agreement from the Physicians, and the Physicians will not unreasonably deny the Agency’s request.

OR

5.2 The Physicians will develop an intra-physician group governance agreement. Each of the Physicians will be a party to the intra-physician group governance agreement, and the Physicians will ensure that any physician who becomes a Physician during the Term also becomes a party to the intra-physician group governance agreement. The Physicians will provide the Agency with a copy of the intra-physician group governance agreement within two months of the first day of the Term. Any amendments to the intra-physician group governance agreement made during the Term will be promptly disclosed to the Agency.

5.3 Subject to sub-clause 3.2(b), the Physicians may designate a representative from among the Physicians to represent the Physicians with respect to notices, the proposed addition of new physicians to the Contract and all invoicing and payment matters under this Contract (the “Representative”) and will notify the Agency of the identity of the Representative. If the Representative changes during the Term, the Physicians will notify the Agency of the new Representative.

5.4 Where a notice under any term of this Contract is to be given to all of the Physicians, the Physicians agree that a single notice to the Representative sent to the address provided in Article 23 will constitute notice to all of the Physicians. Where notice is to be given to less than all of the Physicians, it must be given to those individual Physicians at the address(es) provided at Appendix 5.

5.5 In the event of the departure of a Physician pursuant to clauses 3.2 or 3.3, the parties will meet to discuss whether amendments to any Appendices are required and to make agreed changes.

5.6 The Physicians must use reasonable efforts to replace departing Physicians.

5.7 Any replacement or new physicians that the Physicians propose to add are subject to approval by the Agency in accordance with its normal policies, by-laws, and rules. Such approval will not be unreasonably withheld.

5.8 Subject to clause 5.7, for any new physician added to this Contract who is not an initial signatory to this Contract, the Physicians (collectively) or their Representative, the Agency, and the new physician will sign and deliver to the others an acknowledgement and agreement in the form set out in Appendix 6 ("New Physician – Agreement to
Join”), agreeing that the new physician will become party to and bound by the terms of this Contract.

Article 6: Waiver/Assignment

6.1 Unless specified otherwise, each Physician must not retain fee-for-service billings, including third party billings, for the Services provided under the terms of this Contract. Physicians may bill fee-for-service or directly for any and all services delivered outside the scope of this Contract. For the purposes of this Article, third party billings include but are not limited to:

(a) billings for Services associated with WorkSafeBC, ICBC, Armed Forces, Corrections (provincial and federal), Interim Federal Health Programs for Refugee Claimants and disability insurers,

(b) billings for non-insured Services, excluding medical/legal services, and

(c) billings for Services provided to persons who are not beneficiaries under the Medicare Protection Act, including but not limited to billings for persons in respect of whom MSP may seek payment from another Canadian province under a reciprocal payment arrangement.

6.2 Where the Available Amount is not a source of funding for this Contract, each Physician will sign:

(a) a waiver in the form attached hereto as Appendix 3A and such other documentation in connection with such waiver as may be reasonably required;

(b) if the Physician is required to assign to the Agency any and all rights the Physician has to receive third party billings for any of the Services provided under the terms of this Contract, a waiver and assignment in the form attached hereto as Appendix 3B and such other documentation in connection with such waiver and assignment as may be reasonably required.

6.3 Where the Available Amount is a source of funding for this Contract, each Physician will assign to the Agency any and all rights the Physician has to receive fee-for-service payments from the Available Amount for any of the Services provided under the terms of this Contract and will sign an assignment in the form attached hereto as Appendix 3C and such documentation in connection with such assignment as may be reasonably required.

Article 7: Autonomy

7.1 Each Physician will provide the Services under this Contract in accordance with applicable standards of law, professional ethics and medical practice and any Agency policies, by-laws, rules, and regulations that are not inconsistent with or represent a material change to the terms of this Contract.
7.2 Subject to clause 7.1, each Physician is entitled to professional autonomy in the provision of the Services.

**Article 8: Doctors of BC**

8.1 Each Physician separately and the Physicians collectively are entitled, at their option, to representation by the Doctors of BC in the discussion or resolution of any issue arising under this Contract, including without limitation the re-negotiation or termination of this Contract.

**Article 9: Dispute Resolution**

9.1 This Contract is governed by and is to be construed in accordance with the laws of British Columbia.

9.2 All disputes with respect to the interpretation, application or alleged breach of this Contract that any Physician(s) and the Agency (the Physician(s) or the Agency, each a “Party to the Dispute” or collectively “Parties to the Dispute”) are unable to resolve informally at the local level, may be referred to mediation on notice by either Party to the Dispute to the other, with the assistance of a neutral mediator jointly selected by the Parties to the Dispute. If the dispute cannot be settled within thirty (30) days after the mediator has been appointed, or within such other period as agreed to by the Parties to the Dispute in writing, the dispute will be referred to arbitration administered pursuant to the Arbitration Act.

9.3 Should the Parties to the Dispute be unable to agree on the selection of the mediator or arbitrator within seven (7) days after notice is served by any Party to the Dispute seeking the appointment of a mediator or arbitrator, the Chief Justice of the Supreme Court of British Columbia will be asked to appoint the mediator or arbitrator.

9.4 Upon agreement of the Parties to the Dispute, the dispute may bypass the mediation step and be referred directly to arbitration.

9.5 The Parties to the Dispute must advise the Ministry of Health and the Doctors of BC respectively prior to referring any dispute to arbitration. The Ministry of Health and the Doctors of BC will have the right to apply to intervene in the arbitration and such application will rely on the common-law test for granting intervenor status. All intervenors are responsible for their own costs and any other costs the arbitrator may order them to pay.

9.6 Any dispute settlement achieved by the Parties to the Dispute, up to the point of arbitration, will be deemed to have been concluded without prejudice to other disputes or proceedings involving other parties, and will not be referred to in any other dispute or proceeding.
Article 10: Service Requirements

10.1 The Physicians will provide the Services as described in Appendix 1 and will schedule their availability, as set out in Appendix 1, to reasonably ensure the provision of the Services.

10.2 Hours are as agreed upon by the parties at Appendix 1. It is understood that many circumstances require flexibility of hours and the Physicians will respond to these needs.

10.3 If the Physicians are unable to provide the Services under the terms of this Contract on a persistent basis due to significant unanticipated increases in volume or the departure of one or more Physicians, then the Agency and the Physicians will meet to discuss and develop an approach to attempt to resolve the concern. If they are unable to reach an agreement, either the Physicians or the Agency may request, through the Doctors of BC or the Government, the use of a Trouble Shooter who will conduct a fact finding review and issue recommendations. If they are unable to reach an agreement following the use of a Trouble Shooter, either the Doctors of BC or the Government may refer the matter to the Physician Services Committee as a Local Interest Issue.

Article 11: Licenses & Qualifications

11.1 During the Term, each Physician will maintain:
   
   (a) registered membership in good standing with the College of Physicians and Surgeons of British Columbia and will conduct the practice of medicine consistent with the conditions of such registration;
   
   (b) enrolment in the Medical Services Plan; and
   
   (c) all other licences, qualifications, privileges and credentials required to deliver the Services.

11.2 If all or some of the Services provided under this Contract are Specialist Services, as defined in the Alternative Payments Subsidiary Agreement, then the Physicians providing the Specialist Services will be and remain registered by the College of Physicians and Surgeons of BC to provide these Specialist Services.

11.3 All medical Services under this Contract will be provided either directly by a Physician, or a resident under the supervision and responsibility of a Physician, or by a clinical fellow under the supervision and responsibility of a Physician.
Article 12: Locum Coverage

12.1 The Physicians and the Agency will work together in recruiting and retaining qualified locum physicians when necessary. Locum physicians are subject to the approval of the Agency, whose approval will not be unreasonably withheld.

12.2 In the event a locum is not available, the Agency and the Physicians may agree that the Physicians will provide hours of service in excess of the annual hours of service specified at Appendix 1. In this event the parties must agree upon appropriate compensation for the additional hours of service.

Article 13: Subcontracting

13.1 Each Physician may, with the written consent of the Agency, subcontract or assign any of the Services. The consent of the Agency will not be unreasonably withheld. Each Physician will ensure that any contract between the Physician and a subcontractor will require that the subcontractor comply with all relevant terms of the Contract.

Article 14: Compensation

14.1 The Physicians will invoice the Agency for all the Services provided in a form acceptable to the Agency, substantially in the form set out at Appendix 2A.

14.2 The Agency will pay the Physicians pursuant to Appendix 2.

14.3 Each Physician is entitled to access the Benefit Plans as defined and described in the Benefits Subsidiary Agreement (as defined in the Physician Master Agreement).

14.4 The Agency must forward the necessary information with respect to each Physician to the Doctors of BC Benefits Department, at the address set out below, prior to March 31 of each year in which the Contract is in effect. The Physicians will provide the Agency with any information necessary for the Physicians to access the Benefit Plans not in the possession of the Agency.

Benefits Manager
Doctors of BC
115 – 1665 West Broadway
Vancouver, BC V6J 5A4

14.5 No Physician is entitled under this Contract to any benefit from the Agency including Canada Pension Plan contributions, Employment Insurance premiums, supplemental health coverage for the Physicians or their families, health benefits for travel outside Canada, dental insurance for preventative dental care and dental procedures, supplemental group life insurance, accidental death and dismemberment insurance death benefits, overtime or statutory holidays.
Article 15: Reporting

15.1 The parties acknowledge that the Agency has a responsibility to transmit the details of the Services to the Ministry of Health the same as required for physicians billing fee-for-service, including:

15.1.1 the name and identity number of the patient;

15.1.2 the practitioner number of the practitioner who personally rendered or was responsible for the service;

15.1.3 the details of the service, including the location where the service was rendered, the date and time the service was rendered, the length of time spent rendering the service, the diagnosis and the equivalent fee item or encounter record code.

15.2 Each Physician will co-operate with the Agency and make all reasonable efforts to provide it with the information it requires in order to meet its obligation referred to in clause 15.1, by providing the information listed at Appendix 4.

15.3 Each Physician will also:

(a) report to the Agency all work done by the Physician in connection with the provision of the Services;

(b) comply with the reporting obligations set out in Appendix 4 of this Contract; and

(c) complete and submit to the Agency all reports reasonably required by the Agency within 30 days (subject to the specific requirements in Appendix 4) of the Agency’s written request.

15.4 Each Physician is responsible for the accuracy of all information and reports submitted by the Physician to the Agency.

Article 16: Records

16.1 Where a Physician is providing Services in an Agency facility and the Agency has procedures in place, each Physician will create Clinical Records in the clinical charts that are established by and owned by the Agency and used by the facility where the Services are provided.

16.2 Where a Physician is providing Services in an Agency facility and the Agency does not have procedures in place, each Physician will create and maintain Clinical Records in the manner provided for in the Bylaws of the College of Physicians and Surgeons of British Columbia.

16.3 The Physicians will keep business accounts, including records of expenses incurred in connection with the Services and invoices, receipts and vouchers for the expenses.
16.4 For the purposes of this Article 16, "Clinical Record" means a clinical record maintained in accordance with the Bylaws of the College of Physicians and Surgeons of British Columbia and an adequate medical record in accordance with the Medical Services Commission Payment Schedule.

16.5 If requested to do so by the Agency each Physician will promptly return to the Agency all materials, including all findings, data, reports, documents and records, whether complete or otherwise, that have been produced or developed by the Physician or provided to the Physician by the Agency in connection with the Services, that are in that Physician’s possession or control.

Article 17: Third Party Claims

17.1 The Physicians and the Agency will provide the others with prompt notice of any action against any of them arising out of this Contract.

Article 18: Liability Protection

18.1 Each Physician will, without limiting the Physician’s obligations or liabilities herein, purchase, maintain, and cause any sub-contractors to maintain, throughout the Term:

18.1.1 Where a Physician owns or rents the premises where the Services are provided, comprehensive or commercial general liability insurance with a limit of not less than $2,000,000. The Physician will add the Agency as an additional insured and the policy(s) will contain a cross liability clause. It is understood by the parties that this comprehensive or commercial general liability insurance is a reasonable overhead expense.

18.1.2 Membership with the Canadian Medical Protective Association or an alternative professional/malpractice protection plan.

18.2 All of the insurance required under Article 18.1.1 will be primary and will not require the sharing of any loss by any insurer of the Agency and must be endorsed to provide the Agency with 30 days’ advance written notice of cancellation or material change.

18.3 Each Physician agrees to provide the Agency with evidence of the membership/protection plan or insurance coverage required under this Article 18 at the time of execution of this Contract and otherwise from time to time as requested by the Agency.

Article 19: Confidentiality

19.1 Each Physician and the Agency will maintain as confidential and not disclose any patient information, except as required or permitted by law.

19.2 Each Physician must not, without the prior written consent of the Agency, publish, release, or disclose or permit to be published, released, or disclosed before, during the Term or
otherwise, any other confidential information supplied to, obtained by, or which comes to the knowledge of the Physician as a result of this Contract unless the publication, release or disclosure is required or permitted by law and is:

19.2.1 necessary for the Physician to fulfill the Physician’s obligations under this Contract; or

19.2.2 made in accordance with the Physician’s professional obligations as identified by the College of Physicians and Surgeons of BC; or

19.2.3 in reference to this Contract.

19.3 For the purposes of this Article 19, information will be deemed to be confidential where all of the following criteria are met:

20.2 The parties will attempt to resolve at the local level any question as to whether the Physician has breached or may breach clause 20.1. If the parties are unable to resolve the issue, it will be referred to mediation and/or arbitration pursuant to Article 9 of this Contract.

Article 21: Ownership

21.1 The parties acknowledge that in the course of providing the Services intellectual or like property may be developed. Each Physician agrees to be bound by and observe the relevant patent and licensing policies of the Agency in effect from time to time. Where such policies require the assignment of intellectual property to the Agency, each Physician will execute and deliver all documents and do all such further things as are reasonably required to achieve the assignment.

Article 22: Audit, Evaluation and Assessment

BETWEEN:

<name of physician/corporation> (the “Physician”)

AND:

(the “Agency”)

WHEREAS the Physician wishes to contract with the Agency and the Agency wishes to contract with the Physician to provide clinical and related teaching, research and clinical administrative services on the terms, conditions and understandings set out in this Sessional Contract;

THEREFORE in consideration of the mutual promises contained in this Contract, the Physician and the Agency agree as follows:

Article 1: Definitions

1.1 Words used in this Contract, including in the recitals and the Appendices, that are defined in the 2019 Physician Master Agreement or Physician Master Subsidiary Agreements have the same meaning as in the 2019 Physician Master Agreement or the Physician Master Subsidiary Agreements, unless otherwise defined in this Contract. In addition, in this Contract, including the recitals and Appendices, the following definitions apply:

(a) “Contract” or “Sessional Contract” means this document including the Appendices, as amended from time to time in accordance with Article 22.

(b) “Fiscal Quarter” means a three month period consisting of one of April 1 to June 30, July 1 to September 30, October 1 to December 31, or January 1 to March 31, in any given year.

(c) “2019 Physician Master Agreement” means the agreement titled “2019 Physician Master Agreement” and entered into as of April 1, 2019 among the Government, the Medical Services Commission and the British Columbia Medical Association (“Doctors of BC”), as subsequently amended from time to time.

(d) “Services” means clinical and related teaching, research and clinical administrative services, and those Services provided under this Contract are specifically described in
Appendix 1, as amended from time to time by written agreement between the Agency and the Physician.

(e) “Session” means 3.5 hours of Services and may be an accumulation of lesser time intervals adding up to 3.5 hours.

**Article 2: Term & Renewal**

2.1 This Contract will be in effect from <insert date> to <insert date> notwithstanding the date of its execution, unless terminated earlier as provided herein (the “Term”).

2.2 This Contract may be renewed for such period of time and on the terms as the parties may mutually agree to in writing. If either party wishes to renew this Contract, it must provide written notice to the other party no later than ninety (90) days prior to the end of the Term and, as soon as practical thereafter, the parties will meet to discuss and endeavour to settle in a timely manner the terms of such a renewal.

2.3 Subject to clause 2.4, if both parties agree to renew the Contract the terms and conditions of this Contract must remain in effect until the new contract is signed and any continuation past the Term is without prejudice to issues of retroactivity.

2.4 In the event that notice is given by either party in accordance with clause 2.2 above and if a new contract is not completed within six (6) months following the end of the Term, this Contract and any extensions will terminate without further obligation on either party.

**Article 3: Termination**

3.1 Subject to clause 3.2, either party may terminate the Contract without cause upon six (6) months’ written notice to the other party.

3.2 Either party may terminate this Contract immediately upon written notice if the other party breaches a fundamental term of this Contract. For clarity, loss of privileges related to the Services provided under this Contract by the Physician is a breach of a fundamental term of this Contract.

**Article 4: Relationship of Parties**

4.1 The Physician is an independent contractor and not the servant, employee, or agent of the Agency. No employment relationship is created by this Contract or by the provision of the Services to the Agency by the Physician.

4.2 Neither the Physician nor the Agency will in any manner commit or purport to commit the other to the payment of any monies or to the performance of any other duties or responsibilities except as provided for in this Contract, or as otherwise agreed to in writing between the parties.
4.3 If the Physician employs other persons or is a professional medical corporation, the Physician will apply to register with WorkSafeBC and:

(a) if registered as an employer maintain that registration during the Term and provide the Agency with proof of that registration in the form of the registration number, copies of whatever documentation is issued by WorkSafeBC to confirm registration, and a clearance letter with a clearance date as far into the future as possible, or

(b) if advised by WorkSafeBC that the Physician is a “worker”, advise the Agency and provide the Agency with any related documentation from WorkSafeBC.

4.4 If the Physician purchases Personal Optional Protection coverage with WorkSafeBC as an independent operator (at the Physician’s Option), the Physician will provide the Agency with proof of that registration in the form of the registration number, copies of whatever documentation is issued by WorkSafeBC to confirm registration, and a clearance letter with a clearance date as far into the future as possible.

4.5 The Physician must pay any and all payments and/or deductions required to be paid by the Physician, including those required for income tax, Employment Insurance premiums, workers’ compensation premiums, Canada Pension Plan premiums or contributions, and any other statutory payments or assessments of any nature or kind whatsoever that the Physician is required to pay to any government (whether federal, provincial or municipal) or to any body, agency, or authority of any government in respect of any money paid to the Physician pursuant to this Contract.

4.6 The Physician agrees to indemnify the Agency from any and all losses, claims, damages, actions, causes of action, liabilities, charges, penalties, assessments, re-assessments, costs or expenses suffered by it arising from the Physician’s failure to make any payments referred to in clause 4.5.

4.7 The indemnity in clause 4.6 survives the expiry or earlier termination of this Contract.

Article 5: Waiver/Assignment

5.1 Unless specified otherwise, the Physician must not retain fee-for-service billings, including third party billings, for the Services provided under the terms of this Contract. The Physician may bill fee-for-service or directly for any and all services delivered outside the scope of this Contract. For the purposes of this Article, third party billings include but are not limited to:

(a) billings for Services associated with WorkSafeBC, ICBC, Armed Forces, Corrections (provincial and federal), Interim Federal Health Programs for Refugee Claimants and disability insurers,

(c) billings for Services provided to persons who are not beneficiaries under the *Medicare Protection Act*, including but not limited to billings for persons in respect of whom MSP may seek payment from another Canadian province under a reciprocal payment arrangement.

5.2 Where the Available Amount is not a source of funding for this Contract, the Physician will sign:

(a) a waiver in the form attached hereto as Appendix 3A and such other documentation in connection with such waiver as may be reasonably required; or

(b) if the Physician is required to assign to the Agency any and all rights the Physician has to receive third party billings for any of the Services provided under the terms of this Contract, a waiver and assignment in the form attached hereto as Appendix 3B and such other documentation in connection with such waiver and assignment as may be reasonably required.

5.3 Where the Available Amount is a source of funding for this Contract, the Physician will assign to the Agency any and all rights the Physician has to receive fee-for-service payments from the Available Amount for any of the Services provided under the terms of this Contract and will sign an assignment in the form attached hereto as Appendix 3C and such other documentation in connection with such assignment as may be reasonably required.

**Article 6: Autonomy**

6.1 The Physician will provide the Services under this Contract in accordance with applicable standards of law, professional ethics and medical practice and any Agency policies, by-laws, rules, and regulations that are not inconsistent with or represent a material change to the terms of this Contract.

6.2 Subject to clause 6.1, the Physician is entitled to professional autonomy in the provision of the Services.

**Article 7: Doctors of BC**

7.1 The Physician is entitled, at the Physician’s option, to representation by the Doctors of BC in the discussion or resolution of any issue arising under this Contract, including without limitation the re-negotiation or termination of this Contract.

**Article 8: Dispute Resolution**

8.1 This Contract is governed by and is to be construed in accordance with the laws of British Columbia.
8.2 All disputes with respect to the interpretation, application or alleged breach of this Contract that the parties are unable to resolve informally at the local level, may be referred to mediation on notice by either party to the others, with the assistance of a neutral mediator jointly selected by the parties. If the dispute cannot be settled within thirty (30) days after the mediator has been appointed, or within such other period as agreed to by the parties in writing, the dispute will be referred to arbitration administered pursuant to the Arbitration Act.

8.3 Should the parties be unable to agree on the selection of the mediator or arbitrator within seven (7) days after notice is served by any party seeking the appointment of a mediator or arbitrator, the Chief Justice of the Supreme Court of British Columbia will be asked to appoint the mediator or arbitrator.

8.4 Upon agreement of both parties, the dispute may bypass the mediation step and be referred directly to arbitration.

8.5 The Agency and the Physician must advise the Ministry of Health and the Doctors of BC respectively prior to referring any dispute to arbitration. The Ministry of Health and the Doctors of BC will have the right to apply to intervene in the arbitration and such application will rely on the common-law test for granting intervenor status. All intervenors are responsible for their own costs and any other costs the arbitrator may order them to pay.

8.6 Any dispute settlement achieved by the parties, up to the point of arbitration, will be deemed to have been concluded without prejudice to other disputes or proceedings involving other parties, and will not be referred to in any other dispute or proceeding.

Schedule “F” to the Alternative Payments Subsidiary Agreement

GROUP TEMPLATE SESSIONAL CONTRACT

BETWEEN:

THOSE PHYSICIANS AND PROFESSIONAL MEDICAL CORPORATIONS LISTED ON THE SIGNATURE PAGE OF THIS CONTRACT

(each is individually a “Physician” and collectively all are referred to as the “Physicians”)

OR

[PARTNERSHIP NAME]

(the “Partnership”)

OR

[CORPORATION NAME]

(the “Corporation”)

If this Contract is between the Agency and a partnership or a corporation, the Contract requires amendments that reflect the legal status of the parties.

AND:

(the “Agency”)

WHEREAS the Physicians wish to contract with the Agency and the Agency wishes to contract with the Physicians to provide clinical and related teaching, research and clinical administrative services on the terms, conditions and understandings set out in this Sessional Contract;

THEREFORE in consideration of the mutual promises contained in this Contract, the Physicians and the Agency agree as follows:

Article 1: Definitions

1.1 Words used in this Contract, including in the recitals and the Appendices, that are defined in the 2019 Physician Master Agreement or Physician Master Subsidiary Agreements have the same meaning as in the 2019 Physician Master Agreement or the Physician
Master Subsidiary Agreements, unless otherwise defined in this Contract. In addition, in this Contract, including the recitals and Appendices, the following definitions apply:

(a) “Contract” or “Sessional Contract” means this document including the Appendices, as amended from time to time in accordance with Article 23.

(b) “Fiscal Quarter” means a three month period consisting of one of April 1 to June 30, July 1 to September 30, October 1 to December 31, or January 1 to March 31, in any given year.

(c) “2019 Physician Master Agreement” means the agreement titled “2019 Physician Master Agreement” and entered into as of April 1, 2019 among the Government, the Medical Services Commission and the British Columbia Medical Association ("Doctors of BC"), as subsequently amended from time to time.

(d) “Services” means clinical and related teaching, research and clinical administrative services, and those Services provided under this Contract are specifically described in Appendix 1, as amended from time to time by written agreement between the Agency and the Physician.

(e) “Session” means 3.5 hours of Services and may be an accumulation of lesser time intervals adding up to 3.5 hours.

Article 2: Term & Renewal

2.1 This Contract will be in effect from <insert date> to <insert date> notwithstanding the date of its execution, unless terminated earlier as provided herein (the “Term”).

2.2 This Contract may be renewed for such period of time and on the terms as the parties may mutually agree to in writing:

(a) If the Physicians wish to renew this Contract, the Physicians must provide written notice to the Agency no later than ninety (90) days prior to the end of the Term.

(b) If the Agency wishes to renew this Contract, it must provide written notice to the Physicians no later than ninety (90) days prior to the end of the Term.

As soon as practical after either the Physicians or the Agency has provided notice in accordance with this clause 2.2, the parties will meet to discuss and endeavour to settle in a timely manner the terms of such a renewal.

2.3 Subject to clause 2.4, if both the Physicians and the Agency agree to renew the Contract the terms and conditions of this Contract must remain in effect until the new contract is signed and any continuation past the Term is without prejudice to issues of retroactivity.

2.4 In the event that notice is given by either the Physicians or the Agency in accordance with clause 2.2 above and if a new contract is not completed within six (6) months following
the end of the Term, this Contract and any extensions will terminate without further obligation on either party.

**Article 3: Termination**

3.1 The Physicians (collectively) or the Agency may terminate the Contract without cause upon six (6) months’ written notice to the other, or immediately upon written notice if the other breaches a fundamental term of this Contract.

3.2 Subject to clause 3.3 and without affecting the rights and obligations of the remaining Physicians:

   (a) each Physician has the separate and distinct right to terminate the Contract as between that Physician and the Agency without cause upon six (6) months’ written notice to the Agency, with an information copy of such notice to the remaining Physicians; and

   (b) the Agency may terminate the Contract as between the Agency and any individual Physician without cause upon six (6) months’ written notice to that Physician, with an information copy of such notice to the remaining Physicians.

3.3 Each Physician or the Agency may terminate the Contract as between that Physician and the Agency immediately upon written notice if the other breaches a fundamental term of this Contract. For clarity, loss of privileges by a Physician related to the Services provided under this Contract is a breach of a fundamental term of this Contract.

**Article 4: Relationship of Parties**

4.1 Each Physician is an independent contractor to the Agency and not the servant, employee, or agent of the Agency. No employment relationship is created by this Contract or by the provision of the Services to the Agency by the Physician. No partnership relationship between the Physicians is created by this Contract or by the provision of the Services to the Agency by the Physicians. None of the Physicians intends to carry on a business with a view to profit with the other Physicians in respect of the Services.

4.2 None of the Physicians nor the Agency will in any manner commit or purport to commit the other to the payment of any monies or to the performance of any other duties or responsibilities except as provided for in this Contract, or as otherwise agreed to in writing between the parties.

4.3 If a Physician employs other persons or is a professional medical corporation, the Physician will apply to register with WorkSafeBC and:

   (a) if registered as an employer maintain that registration during the Term and provide the Agency with proof of that registration in the form of the registration number, copies of
whatever documentation is issued by WorkSafeBC to confirm registration, and a clearance letter with a clearance date as far into the future as possible, or

(b) if advised by WorkSafeBC that the Physician is a “worker”, advise the Agency and provide the Agency with any related documentation from WorkSafeBC.

4.4 If a Physician purchases Personal Optional Protection coverage with WorkSafeBC as an independent operator (at the Physician’s Option), the Physician will provide the Agency with proof of that registration in the form of the registration number, copies of whatever documentation is issued by WorkSafeBC to confirm registration, and a clearance letter with a clearance date as far into the future as possible.

4.5 Each Physician must pay any and all payments and/or deductions required to be paid by the Physician, including those required for income tax, Employment Insurance premiums, workers’ compensation premiums, Canada Pension Plan premiums or contributions, and any other statutory payments or assessments of any nature or kind whatsoever that the Physician is required to pay to any government (whether federal, provincial or municipal) or to any body, agency, or authority of any government in respect of any money paid to the Physician pursuant to this Contract.

4.6 The liability of the Physicians for payments referred to in clause 4.5 is several and not joint.

4.7 Each Physician agrees to indemnify the Agency from any and all losses, claims, damages, actions, causes of action, liabilities, charges, penalties, assessments, re-assessments, costs or expenses suffered by it arising from that Physician’s failure to make any payments referred to in clause 4.5.

4.8 The indemnity in clause 4.7 survives the expiry or earlier termination of this Contract.

Article 5: Unincorporated Groups

5.1 As the Services are provided under this Contract by multiple Physicians, each Physician will be party to, and bound by, this Contract.

*Parties to select one of three options for clause 5.2 in negotiations.*

5.2 The Physicians will develop a process or agreement to govern their intra-group relationship.

OR

5.2 The Physicians will develop an intra-physician group governance agreement. Each of the Physicians will be a party to the intra-physician group governance agreement, and the Physicians will ensure that any physician who becomes a Physician during the Term also becomes a party to the intra-physician group governance agreement. If the Physicians are
failing to provide the Services pursuant to the terms of this Contract on a persistent basis and the Agency reasonably believes that such failure is related to the Physicians’ intra-physician group governance agreement, the Agency may request a copy of the intra-physician group governance agreement from the Physicians, and the Physicians will not unreasonably deny the Agency’s request.

OR

5.2 The Physicians will develop an intra-physician group governance agreement. Each of the Physicians will be a party to the intra-physician group governance agreement, and the Physicians will ensure that any physician who becomes a Physician during the Term also becomes a party to the intra-physician group governance agreement. The Physicians will provide the Agency with a copy of the intra-physician group governance agreement within two months of the first day of the Term. Any amendments to the intra-physician group governance agreement made during the Term will be promptly disclosed to the Agency.

5.3 Subject to sub-clause 3.2(b), the Physicians may designate a representative from among the Physicians to represent the Physicians with respect to notices, the proposed addition of new physicians to the Contract and all invoicing and payment matters under this Contract (the “Representative”) and will notify the Agency of the identity of the Representative. If the Representative changes during the Term, the Physicians will notify the Agency of the new Representative.

5.4 Where a notice under any term of this Contract is to be given to all of the Physicians, the Physicians agree that a single notice to the Representative sent to the address provided in Article 22 will constitute notice to all of the Physicians. Where notice is to be given to less than all of the Physicians, it must be given to those individual Physicians at the address(es) provided at Appendix 5.

5.5 In the event of the departure of a Physician pursuant to clauses 3.2 or 3.3, the parties will meet to discuss whether amendments to any Appendices are required and to make agreed changes.

5.6 The Physicians must use reasonable efforts to replace departing Physicians.

5.7 Any replacement or new physicians that the Physicians propose to add are subject to approval by the Agency in accordance with its normal policies, by-laws, and rules. Such approval will not be unreasonably withheld.

5.8 Subject to clause 5.7, for any new physician added to this Contract who is not an initial signatory to this Contract, the Physicians (collectively) or their Representative, the Agency, and the new physician will sign and deliver to the others an acknowledgement and agreement in the form set out in Appendix 6 (“New Physician – Agreement to Join”), agreeing that the new physician will become party to and bound by the terms of this Contract.
Article 6: Waiver/Assignment

6.1 Unless specified otherwise, each Physician must not retain fee-for-service billings, including third party billings, for the Services provided under the terms of this Contract. Physicians may bill fee-for-service or directly for any and all services delivered outside the scope of this Contract. For the purposes of this Article, third party billings include but are not limited to:

(a) billings for Services associated with WorkSafeBC, ICBC, Armed Forces, Corrections (provincial and federal), Interim Federal Health Programs for Refugee Claimants and disability insurers,

(b) billings for non-insured Services, excluding medical/legal services, and

(c) billings for Services provided to persons who are not beneficiaries under the Medicare Protection Act, including but not limited to billings for persons in respect of whom MSP may seek payment from another Canadian province under a reciprocal payment arrangement.

6.2 Where the Available Amount is not a source of funding for this Contract, each Physician will sign:

(a) a waiver in the form attached hereto as Appendix 3A and such other documentation in connection with such waiver as may be reasonably required;

(b) if the Physician is required to assign to the Agency any and all rights the Physician has to receive third party billings for any of the Services provided under the terms of this Contract, a waiver and assignment in the form attached hereto as Appendix 3B and such other documentation in connection with such waiver and assignment as may be reasonably required.

6.3 Where the Available Amount is a source of funding for this Contract, each Physician will assign to the Agency any and all rights the Physician has to receive fee-for-service payments from the Available Amount for any of the Services provided under the terms of this Contract and will sign an assignment in the form attached hereto as Appendix 3C and such documentation in connection with such assignment as may be reasonably required.

Article 7: Autonomy

7.1 Each Physician will provide the Services under this Contract in accordance with applicable standards of law, professional ethics and medical practice and any Agency policies, by-laws, rules, and regulations that are not inconsistent with or represent a material change to the terms of this Contract.

7.2 Subject to clause 7.1, each Physician is entitled to professional autonomy in the provision of the Services.
Article 8: Doctors of BC

8.1 Each Physician separately and the Physicians collectively are entitled, at their option, to representation by the Doctors of BC in the discussion or resolution of any issue arising under this Contract, including without limitation the re-negotiation or termination of this Contract.

Article 9: Dispute Resolution

9.1 This Contract is governed by and is to be construed in accordance with the laws of British Columbia.

9.2 All disputes with respect to the interpretation, application or alleged breach of this Contract that any Physician(s) and the Agency (the Physician(s) or the Agency, each a “Party to the Dispute” or collectively “Parties to the Dispute”) are unable to resolve informally at the local level, may be referred to mediation on notice by either Party to the Dispute to the other, with the assistance of a neutral mediator jointly selected by the Parties to the Dispute. If the dispute cannot be settled within thirty (30) days after the mediator has been appointed, or within such other period as agreed to by the Parties to the Dispute in writing, the dispute will be referred to arbitration administered pursuant to the Arbitration Act.

9.3 Should the Parties to the Dispute be unable to agree on the selection of the mediator or arbitrator within seven (7) days after notice is served by any Party to the Dispute seeking the appointment of a mediator or arbitrator, the Chief Justice of the Supreme Court of British Columbia will be asked to appoint the mediator or arbitrator.

9.4 Upon agreement of the Parties to the Dispute, the dispute may bypass the mediation step and be referred directly to arbitration.

9.5 The Parties to the Dispute must advise the Ministry of Health and the Doctors of BC respectively prior to referring any dispute to arbitration. The Ministry of Health and the Doctors of BC will have the right to apply to intervene in the arbitration and such application will rely on the common-law test for granting intervenor status. All intervenors are responsible for their own costs and any other costs the arbitrator may order them to pay.

9.6 Any dispute settlement achieved by the Parties to the Dispute, up to the point of arbitration, will be deemed to have been concluded without prejudice to other disputes or proceedings involving other parties, and will not be referred to in any other dispute or proceeding.

Article 10: Service Requirements

10.1 The Physicians will provide the Services and the number of Sessions as described in Appendix 1.
Article 11: Licenses & Qualifications

11.1 During the Term, each Physician will maintain:

(a) registered membership in good standing with the College of Physicians and Surgeons of British Columbia and will conduct the practice of medicine consistent with the conditions of such registration;

(b) enrolment in the Medical Services Plan; and

(c) all other licences, qualifications, privileges and credentials required to deliver the Services.

11.3 All medical Services under this Contract will be provided either directly by a Physician, or a resident under the supervision and responsibility of a Physician, or by a clinical fellow under the supervision and responsibility of a Physician.

Article 12: Subcontracting

12.1 Each Physician may, with the written consent of the Agency, subcontract or assign any of the Services. The consent of the Agency will not be unreasonably withheld. Each Physician will ensure that any contract between the Physician and a subcontractor will require that the subcontractor comply with all relevant terms of the Contract.

Article 13: Compensation

13.1 The Physicians will invoice the Agency for all the Services provided in a form acceptable to the Agency, substantially in the form set out at Appendix 2A.

13.2 The Agency will pay the Physicians pursuant to Appendix 2.

13.3 Each Physician is entitled to access the Benefit Plans as defined and described in the Benefits Subsidiary Agreement (as defined in the Physician Master Agreement).

13.4 The Agency must forward the necessary information with respect to each Physician to the Doctors of BC Benefits Department, at the address set out below, prior to March 31 of each year in which the Contract is in effect. The Physicians will provide the Agency with any information necessary for the Physicians to access the Benefit Plans not in the possession of the Agency.

Benefits Manager

13.5 No Physician is entitled under this Contract to any benefit from the Agency including Canada Pension Plan contributions, Employment Insurance premiums, supplemental health coverage for the Physicians or their families, health benefits for travel outside Canada, dental insurance for preventative dental care and dental procedures, supplemental group life insurance, accidental death and dismemberment insurance death benefits, overtime or statutory holidays.

**Article 14: Reporting**

14.1 The parties acknowledge that the Agency has a responsibility to transmit the details of the Services to the Ministry of Health the same as required for physicians billing fee-for-service, including:

14.1.1 the name and identity number of the patient;

14.1.2 the practitioner number of the practitioner who personally rendered or was responsible for the service;

14.1.3 the details of the service, including the location where the service was rendered, the date and time the service was rendered, the length of time spent rendering the service, the diagnosis and the equivalent fee item or encounter record code.

14.2 Each Physician will co-operate with the Agency and make all reasonable efforts to provide it with the information it requires in order to meet its obligation referred to in clause 14.1, by providing the information listed at Appendix 4.

14.3 Each Physician will also:

(a) report to the Agency all work done by the Physician in connection with the provision of the Services;

(b) comply with the reporting obligations set out in Appendix 4 of this Contract; and

(c) complete and submit to the Agency all reports reasonably required by the Agency within 30 days (subject to the specific requirements in Appendix 4) of the Agency’s written request.

14.4 Each Physician is responsible for the accuracy of all information and reports submitted by the Physician to the Agency.

**Article 15: Records**

15.1 Where a Physician is providing Services in an Agency facility and the Agency has procedures in place, each Physician will create Clinical Records in the clinical charts that are established by and owned by the Agency and used by the facility where the Services are provided.
15.2 Where a Physician is providing Services in an Agency facility and the Agency does not have procedures in place, each Physician will create and maintain Clinical Records in the manner provided for in the Bylaws of the College of Physicians and Surgeons of British Columbia.

15.3 The Physicians will keep business accounts, including records of expenses incurred in connection with the Services and invoices, receipts and vouchers for the expenses.

15.4 For the purposes of this Article 15, "Clinical Record" means a clinical record maintained in accordance with the Bylaws of the College of Physicians and Surgeons of British Columbia and an adequate medical record in accordance with the Medical Services Commission Payment Schedule.

Article 16: Third Party Claims

16.1 The Physicians and the Agency will provide the others with prompt notice of any action against any of them arising out of this Contract.

Article 17: Liability Protection

17.1 Each Physician will, without limiting the Physician’s obligations or liabilities herein, purchase, maintain, and cause any sub-contractors to maintain, throughout the Term:

17.1.1 Where a Physician owns or rents the premises where the Services are provided, comprehensive or commercial general liability insurance with a limit of not less than $2,000,000. The Physician will add the Agency as an additional insured and the policy(s) will contain a cross liability clause. It is understood by the parties that this comprehensive or commercial general liability insurance is a reasonable overhead expense.

(a) eliminate the matching requirement for physicians so that CPRSP funds cover the full CPRSP benefit regardless of physician contribution (no requirement for physicians to match funding);
(b) allow CPRSP Basic and Length of Service (LOS) benefits to be paid into a Tax Free Savings Account; and
(c) permit withdrawals from an RRSP funded by CPRSP Basic or LOS benefits for the first time buyers’ home plan and the lifelong learning plan in accordance with CRA rules.

6.6 The CPRSP Program Changes will apply to the extent that they and their administration by the Benefits Committee are permissible under applicable laws, including without limitation, federal and provincial taxation laws and rules. In the event that one or more CPRSP Program Changes or their administration by the Benefits Committee is not permissible under applicable
laws, then such CPRSP Program Change or CPRSP Program Changes, as the case may be, will cease to be in effect. Neither the Government nor the MSC make any representation or warranty as to whether any of the CPRSP Program Changes or their administration by the Benefits Committee is permissible under applicable laws.

6.7 The annual base funding of $40,700,000 for the CMPA Rebate Program shall continue and will be increased on an annual basis as follows:

   (a) an additional $3.2 million will be made available effective April 1, 2020;

   (b) an additional $9.0 million will be made available effective April 1, 2021;

6.8 The Government and physicians will share ongoing cost increases to the CMPA Fee Schedule in Fiscal Year 2019/20 and for each Fiscal Year thereafter for the term of this Agreement. On the basis of CMPA costs data for the Fiscal Year 2019/20, the parties will determine the amount by which CMPA costs are expected to exceed the funding provided by Government pursuant to section 6.7 of this Agreement (“Extraordinary Amount”). The Government will contribute 70% of the Extraordinary Amount to the CMPA Rebate Program up to a maximum of $17 million in each such Fiscal Year and physicians will absorb the balance of the cost increase.

6.9 For each of the Fiscal Years 2019/2020 through to 2021/2022 inclusive, the Benefit Committee will support the level of the Benefit Plans (excluding the CMPA Rebate Program) in existence as of March 31, 2019 by:

   (a) allocating the funding described in sections 6.2, 6.3 and 6.4 of the Agreement;

   (b) use of surplus funds in any of the Benefit Plans, other than the CMPA Rebate Program; and

   (c) if the funds referred to in section 6.9(a) and (b) are inadequate to maintain the level of the Benefit Plans as described in this section 6.9, use of surplus from the CMPA Rebate Program;

subject to the terms, conditions, rules and eligibility criteria applicable to each of the Benefit Plans.

6.10 If in any Fiscal Year during the term of this Agreement, after any surplus funds in the Benefit Plans are applied to maintaining the level of the Benefit Plans as described in section 6.9, there remain surplus funds in any of the Benefit Plans, other than CMPA Rebate Program, such surplus funds will be allocated by the Benefits Committee.

6.11 The Government will provide annual funding to the PHP in order to fully fund the program and support the increasing demand for its services among physicians as follows:

   (a) $1.9 million per year will be made available effective April 1, 2019;
(b) an additional $0.1 million per year will be made available effective April 1, 2020; and

(c) an additional $0.1 million per year will be made available effective April 1, 2021.

(a) The responsibilities of the Doctors of BC include the verification that public funds have been properly used for the purposes intended, including such audit and inspection procedures as may be necessary and required.

(b) The Doctors of BC acknowledges and accepts its responsibility to administer the Benefit Plans available to all eligible physicians who have not made an election under Section 14 of the Medicare Protection Act and who are not subject to an order made under Section 15(2)(a) or (b) of the Medicare Protection Act, and acknowledges and accepts its responsibility to provide the same standard of administration to both members and non-members of the Doctors of BC.

(c) It is understood and agreed that the Doctors of BC may charge physicians who are not members of the Doctors of BC an administrative fee when such non-members apply for any benefits available to them under the Benefit Plans. It is further understood and agreed that non-members will not be charged administrative fees that exceed the equivalent of dues and levies charged to Doctors of BC members in the calendar year in which the non-member applies for a benefit or benefits.

(d) To facilitate the Government and the MSC in meeting their statutory obligations to account for the use of public money, the Doctors of BC will report annually to the Government on its expenditures related to the administration of the Benefit Plans, such report to also include audited financial statements for each Benefit Plan.

(e) A clause permitting either party to terminate without cause upon 6 months written notice to the other party, such clause not to be operable prior to April 1, 2021.

7.2 The costs associated with administering the Benefit Plans that are the subject of the 2019 Benefits Administration Agreement will be paid from the annual funding made available for those Benefit Plans.

7.3 During the term of this Agreement, either the Government or the Doctors of BC may, at its own expense, initiate a review of the Benefit Plans. The other party will be fully reimbursed for the costs of its participation in the review. Where one party initiates a review under this section the other party will fully cooperate.
7.4 Information that contains the identification of physicians will be provided to the Doctors of BC Benefits Department for the administration of the Benefits Plans only. Such information will be kept confidential in compliance with relevant legislation.

7.5 The Benefits Committee will review the current information needs of the Doctors of BC Benefits Department with the aims of improving the quality of the information collected and reducing the administrative burden on the Health Authorities, the Government, and the Doctors of BC associated with collecting the information.

7.6 The Doctors of BC Benefits Department will report to the MSC the value of the benefits (excluding PDI and PHP) at the level of the individual physician on an annual basis. This information will be treated as confidential by the MSC and, subject to any statutory requirements to the contrary, will not be published or otherwise publicly reported.

7.7 The Doctors of BC Benefits Department will report to the Benefits Committee the value of administrative fees charged to non-members for each Benefit Plan on an annual basis.

Should a physician transfer to or from a Salary Agreement position during a year, the benefits available under each compensation arrangement will be pro-rated to match the time served by the physician under each compensation arrangement during that year.

8.3 A physician who elects to be paid directly by a beneficiary pursuant to Section 14 of the Medicare Protection Act is not entitled to participate in the Benefit Plans.

(iii) Counselling.

(b) The gross allocation of the funds described in this section 1.6 among Specialist Sections for Fiscal Years 2019/20, 2020/21, and 2021/22 will be adjudicated by a third-party adjudicator who will:

(i) consider the effect of both intersectional and interprovincial disparities in compensation;

(ii) ensure that allocations to address interprovincial disparities do not significantly exacerbate intersectional disparities; and

(iii) allocate 80% of the funds in each Fiscal Year toward addressing intersectional disparities in compensation and 20% of the funds in each Fiscal Year toward addressing interprovincial disparities in compensation.
(c) Once the gross allocation of funds for all three Fiscal Years is determined by the adjudicator, the resulting changes to the Payment Schedule will be determined in accordance with Articles 12 and 13 of the 2019 Physician Master Agreement, and will be effective as of April 1st of the Fiscal Year for which the funding is allocated. Specialist Sections who are awarded disparity funding under this section 1.6 may pursue changes to the Payment Schedule by directing the funds toward increasing the value of Fees or creating new Fees, including Fees that address increased complexity of services and the impact of after-hours service delivery. Any financial impact to any Physician Section resulting from the allocation of funding under this section 1.6 to a specific Specialist Section will be paid out of the Specialist Section allocation that produces such a cross-sectional impact.

(d) The adjudication described in this section 1.6 will be conducted in accordance with procedures as determined by the adjudicator and will include an opportunity for the Specialist Sections, the Government and the Doctors of BC to make submissions on the allocation of the funds over all three Fiscal Years. The adjudication process will commence no later than October 1, 2019 and will conclude by March 31, 2020, unless otherwise agreed to by the parties.

1.7 General

(a) Consistent with section 7.3 of the Alternative Payments Subsidiary Agreement, a physician who is compensated through a Salary Agreement or Service Contract and who is paid an annual rate that is above the range maximum for the applicable practice category on Schedule A or Schedule B to the Alternative Payments Subsidiary Agreement will, insofar as this Appendix F is concerned, only be entitled to:

(i) the applicable lump sum payment and compensation increases described in sections 1.1(a), 1.2(a) (iii), 1.3(a) (iii), and 1.4(a) (iii); and

(ii) to the funding described in sections 1.2(e), 1.3(b), and 1.4(b) of this Appendix F to the extent their resulting compensation is within the then current applicable Salary Agreement Range or Service Contract Range.

(b) The increases identified in sections 1.2(a), 1.3(a), and 1.4(a) do not apply to targeted funds including, but not limited to, new targeted funds which have been reflected in sections 1.2(b), 1.2(c), 1.2(d), 1.2(e), 1.3(b), 1.4(b), 1.5(a), and 1.6(a) of this Appendix F and in Article 5 of the General Practitioners Subsidiary Agreement, Article 6 of the Specialists Subsidiary Agreement, and Article 12 of the Rural Practice Subsidiary Agreement in the year in which those targeted funds are introduced. In particular, and without limiting the generality of the foregoing, in the event that any targeted funds are used for increases to Fees, Service Contract Ranges, Service Contract Rates, Salary Agreement Ranges, Salary Agreement Rates, Sessional Contract Rates, the reading fee for a screening mammogram and/or the MRI fee (collectively “Targeted Increase”):
(i) the base years for any Targeted Increase that is applied on base years that vary from Fiscal Year to Fiscal Year (i.e. section 1.6(a) of this Appendix F) will be the Fiscal Year commencing April 1, 2018 for any Targeted Increase made effective April 1, 2019, Fiscal Year commencing April 1, 2019 for any Targeted Increase made effective April 1, 2020, and Fiscal Year commencing April 1, 2020 for any Targeted Increase made effective April 1, 2021; and

(ii) the increases identified in sections 1.2(a), 1.3(a), and 1.4(a) will be applied prior to the application of any Targeted Increase.

In other words, no Targeted Increase will attract any increase identified in sections 1.2(a), 1.3(a), and 1.4(a) in the year in which such Targeted Increase is introduced.

(c) The lump sum payment and increases to Fees set out in sections 1.1(a)(i), 1.2(a)(i), 1.3(a)(i), and 1.4(a)(i) of this Appendix F do not apply to Laboratory fees, General Practice Services Committee fees, Specialist Services Committee fees and Shared Care Committee fees. For clarity, this section 1.7(c) does not apply to any General Practice Services Committee fees, Specialist Services Committee fees, and Shared Care Committee fees that have been transferred to the Payment Schedule pursuant to Appendix I to the 2019 Physician Master Agreement (as such fees are, upon their transfer to the Payment Schedule, Fees to which sections 1.1(a)(i), 1.2(a)(i), 1.3(a)(i), and 1.4(a)(i) of this Appendix F apply).
APPENDIX G

MEDICAL ON-CALL/AVAILABILITY PROGRAM (MOCAP)

1.1 MOCAP will provide payment to physician(s) and physician groups who are available to provide emergency care to new or unattached patients, other than their own or their call groups', as required and approved by Health Authorities.

1.2 The MOCAP funding described in section 17.1 of the 2019 Physician Master Agreement includes funding for Doctor of the Day payments. This provides greater flexibility for Health Authorities in purchasing MOCAP coverage and Doctor of the Day services.

1.3 Where MOCAP availability coverage is required it is in the best interests of the population served that it be provided on a 24/7/52 basis. It is recognized that, in some circumstances, a Health Authority may decide to provide MOCAP availability coverage on some other basis.

1.4 Physicians will provide MOCAP availability coverage in accordance with the provisions of the template MOCAP Contract attached as Schedule 1 to this Appendix.

1.5 MOCAP availability payments will be determined on the basis of annual rates.

1.6 The annual rates for the MOCAP availability will be as follows:

(a) Level 1- The annual rate for 24/7/52 Level 1 is $225,000 per call group.

(b) Level 2 - The annual rate for 24/7/52 Level 2 is $165,000 per call group.

(c) Level 3 - The annual rate for 24/7/52 Level 3 is $70,000 per call group.

(d) On Site On-Call - Where a physician is designated to be on-call on site. Physician groups in this category predominately include tertiary obstetrics, anesthesia, and neonatology. The annual rate for 24/7/52 on site on-call is $325,000 per call group.

1.7 Where a physician is not on-call but is called in by the Health Authority to provide a service, the physician will be compensated at the rate of $250 per call back provided the Call Back Criteria attached as Schedule 2 are met.

1.8 MOCAP arrangements should be sustainable and therefore must not contribute to physician burnout.

“MOCAP” means the medical on-call/availability program referred to in Article 17 and described in Appendix G of the 2019 Physician Master Agreement.

“new or unattached patient” means a patient who is typically not the Member’s or Call Group’s patient. For clarity, in rural communities where a Member or Call Group are providing additional services such as emergency, obstetrics/gynecology, anesthesia or general surgery, then patients of the Member or Call Group presenting for such additional services will be considered as a new patient of that additional service.
“Physician Master Agreement” means the agreement titled “2019 Physician Master Agreement” and entered into as of April 1, 2019 among the Government of British Columbia, the Medical Services Commission (MSC) and the British Columbia Medical Association (Doctors of BC), as amended from time to time.

“Physician Master Subsidiary Agreements” has the meaning given in the Physician Master Agreement.

“Provincial MOCAP Review Committee” means the committee established in accordance with Article 17.2 of the Physician Master Agreement.

SCHEDULE 2 TO APPENDIX G

CALL BACK CRITERIA

Part A: Call Back Payment Eligibility

All the following Criteria must be met for a physician to be eligible for the $250 MOCAP call back payment.

1. Criteria related to the person making the decision to call.

The decision to initiate the call back is made by one of the following:

a) A physician with privileges at the facility in issue who has responsibility for the care of the patient in question, including but not limited to the Most Responsible Physician.

b) Any other member of the medical or nursing staff of the facility in issue who has been specifically authorized by the Health Authority to initiate call backs eligible under these Criteria.

2. Criteria related to the person who is called.

The call is made to a physician who meets all of the following:

a) Has been designated for call back payments by the Health Authority in accordance with Part B below or falls within a category or group that has been so designated, and meets all the terms of such designation or, alternatively, has had the specific call back in issue approved for payment after-the-fact on an exception basis in accordance with Part C below.

b) Is a member of the medical staff at the facility in issue with privileges to provide the required services.

c) Is not on call or being paid to be on site, on shift, or otherwise available at the time of the call back.

d) Is not:
   i) at the time of the call back, on site at the facility at which the patient is present in accordance with Part A3(b) below;
   ii) at the time of the call back, scheduled to be on site at the facility at which the patient is present in accordance with Part A3(b) below; or
   iii) scheduled to be next on site at the facility at which the patient is present in accordance with Part A3(b) below at a time when the patient’s needs could be adequately met.

e) Is not receiving isolation allowance under the Rural Subsidiary Agreement.
3. Criteria related to the clinical circumstances.

All of the following circumstances are present:

a) The call is for an identified patient who is not a patient of the physician being called or of a colleague for whose patients the physician has accepted responsibility.

b) The patient is present in:
   i) an acute care hospital, or
   ii) a diagnostic and treatment centre or specified emergency treatment room that has been approved as a call back payment eligible facility by the MOCAP Advisory Committee.

c) The patient requires medical services on an emergency basis as assessed by the person deciding to initiate the call at the time the call is made.

d) Reasonable steps are taken to determine that the medical services required by the patient could not be provided (due to issues of competence or availability) by a physician who has ongoing responsibility for the care of the patient (either directly or by virtue of his/her call group), by a physician who is on-call, or by a physician who is being paid to be on site, on shift, or otherwise available.

e) The physician being called personally attends the patient at the site contemplated by Part A3(b) above within the time dictated by the patient’s needs but in any event no later than within 3 hours of being called.

4. Administrative Criteria

All of the following administrative rules are complied with:

a) Only one $250 payment is available per call back, regardless of the number of patients seen.

b) Only one $250 payment is available per patient per physician (i.e. for each episode of illness/injury).

c) Within 30 days of the call back, an invoice in the form attached must be submitted to the Health Authority by the physician claiming the call back payment.

d) Within 30 days of the call back, a verification, in the form attached must be submitted to the Health Authority by the person who made the decision to initiate the call back (that is the person referred to in Part A1 above).

Part B: Designation

1. Each Health Authority may designate physicians and/or services for call back payments.
2. The Health Authorities may designate individual physicians by name, groups of individual physicians by name, or practice categories/services without naming specific physicians (in which case any physician who is a member of the medical staff of the facility in issue with the privileges and qualifications required to provide the services and who meets all other terms of the designation will be deemed to be designated).

3. The Health Authorities may specify additional terms as being applicable to any designation so long as such additional terms are not inconsistent with these Criteria. Permissible additional terms include, but are not limited to:

   a) Specific sites;
   b) Specific services;
   c) Specific times (e.g. hours in a day, days in a week);
   d) Maximum dollar amounts for call back payments in a given time period (e.g. monthly, annually); and
   e) Maximum number of call backs in a given time period (e.g. monthly, annually).

4. If the designation is in respect of a specific physician or group of specific physicians, then each such physician or group, respectively, will be provided with a standardized Call Back Designation Letter that expresses the names of the physicians that are the subject of the designation, expresses all additional terms applicable to the designation, and encloses a copy of these Criteria and a copy of the form of invoice to be used to submit claims for payment, and in the event the designation is cancelled or altered will be provided with a letter advising of same.

**Part C: Approving Payments on an Exception Basis**

1. Approval for call back payment on an exception basis may be sought for specific call backs by physicians who are not designated in accordance with Part B above and by physicians who are designated in accordance with Part B above but in circumstances where all terms applicable to the designation have not been met (e.g. the call back was to a non-designated site, for non-designated services, and/or at a non-designated time of day; or if paid, the maximum dollar amount would be exceeded and/or the maximum number of call backs would be exceeded).

2. To seek approval on an exception basis, a physician must submit an invoice in accordance with Part A4(c) above which clearly and expressly indicates that payment is sought on an exception basis.

3. Each Health Authority will specify an individual by name or position/title with authority to approve call back payments on an exception basis.

4. The individual specified in accordance with Part C3 above will approve exceptional claims for payment if all criteria for call back payment eligibility as set out in Part A above (except that set out in Part A2(a)) have been met.
Part D: Appeal of Denied Call Back Claims

1. In the event that a physician’s claim for call back payment is denied the physician may, within 30 days of being advised by the Health Authority of the denial of the claim, request the Doctors of BC to initiate a Call Back Dispute on his/her behalf. If the Doctors of BC agrees to do so, the Doctors of BC must provide notice of same to the applicable Health Authority and to the Joint Agreement Administration Group within 30 days of being requested by the physician to initiate a Call Back Dispute. The notice must be in writing and must include the facts upon which the physician relies including a copy of the invoice submitted in association with the claim as required by Part A4(c) above but with the name(s) and personal health number(s) of the patient(s) expunged, the identification of the ground upon which the Call Back Dispute is advanced, an outline of argument supporting the physician position, and a written consent to release information signed by the physician, in the form attached.

2. Upon receipt by the Ministry of Health Services of a consent to release information in the form attached, the Ministry will forward to the Joint Agreement Administration Group and to the applicable Health Authority a list of the information that the Ministry proposes to release. After providing the applicable Health Authority and the physician with the opportunity to comment on the list, the Joint Agreement Administration Group will request the Ministry to release some or all of the information on the list. The Ministry will then release the information as requested by the Joint Agreement Administration Group.

3. The only ground upon which a Call Back Dispute may be advanced is that all the criteria for call back payment eligibility as set out in Part A above have been met (except where the Call Back Dispute relates to a physician not designated in accordance with Part B above or a claim that does not fall within the terms of such a designation, in which case the only ground upon which such a Call Back Dispute may be advanced is that all the criteria for call back payment eligibility as set out in Part A above, except that in Part A2(a), have been met).

4. The Joint Agreement Administration Group will consider each Call Back Dispute referred to it and, after providing the physician and the applicable Health Authority with the opportunity to be heard, may decide the merits of the Call Back Dispute, following any further process stipulated by it, by consensus decision (as that term is defined in section 1.2 of the Physician Master Agreement), in which case the decision of the Joint Agreement Administration Group will be final and binding on the physician and the Health Authority.

5. In the event that the Joint Agreement Administration Group is unable to reach a consensus decision with respect to the resolution of any Call Back Dispute within 60 days of receipt of the associated notice, or any longer period agreed to by the Joint Agreement Administration Group, the Doctors of BC or the Government may, within a further 30 days, refer the Call Back Dispute to a member of the Roster set out at Appendix H to the
Physician Master Agreement or any other person agreed to by the Doctors of BC and the Government (the “Call Back Adjudicator”)

6. Where, within the time limits in Part D5 above, the Joint Agreement Administration Group has not reached a consensus decision with respect to the resolution of any Call Back Dispute and the Call Back Dispute is not referred to the Call Back Adjudicator, then there will be no further process under these Criteria or otherwise for the physician to advance his/her claim for call back payment, and the Health Authority’s denial of such claim will be final and binding on the physician.

7. Where a Call Back Dispute is referred to the Call Back Adjudicator pursuant to Part D5, the Call Back Adjudicator will determine whether the criteria set out in Part A above have been met, following any further process stipulated by him/her. If the Call Back Adjudicator determines that the criteria set out in Part A have not been met then he/she will render a final and binding award confirming the Health Authority’s denial of the claim for call back payment. If the Call Back Adjudicator determines that the criteria set out in Part A have been met then he/she will render a final and binding award allowing the claim for call back payment following which the applicable Health Authority will make the payment.

8. The Government and the Doctors of BC will share the costs associated with the referral of Call Back Disputes to the Call Back Adjudicator.

2. Process to transfer fees

a. In the course of reviewing the JCC fees to be transferred into the MSC Payment Schedule the appropriate Joint Clinical Committees will:

i. review the fee item descriptions, fee prices, and/or billing rules to ensure the fees meet the requirements of the Medicare Protection Act, and to ensure that, under the revised descriptions, they continue to be directed to the same purposes as when managed by the Joint Clinical Committee; and

ii. consult with the MSC to determine any fees that will require revisions.

b. All JCC fee items transferred to the Payment Schedule will be designated Provisional for a period of two years, subject to Articles 3.a.iv and 3.c of this Memorandum of Understanding.

c. If the modifications to fees as outlined above cannot be completed in advance of April 1, 2020, the Government and Doctors of BC will agree to transfer those fees in their existing form, and will determine a process by which the appropriate JCC may recommend appropriate modifications after the transfer, subject to Article 13.1 of the 2019 Physician Master Agreement.

d. Once the Government and Doctors of BC have agreed to recommend a fee, or a modified fee, for transfer, they will notify the MSC by February 1, 2020 and Article 13.1 of the Physician Master Agreement shall apply.

3. Transfer of Funding

a. Upon the transfer into the MSC Payment Schedule, the following amounts will
be taken out of the appropriate JCC ongoing annual budgets, and transferred into the Available Amount:

i. Starting in Fiscal Year 2020/21, an amount equal to the actual expenditure for the transferred fee items in Fiscal Year 2019/20:
   
   1. For Appendix B2 fees, if the budgeted amount is higher than actual net expenditure in 2019/20, the budgeted amount will be the amount transferred into the Available Amount. In the event that the transfer is based on a Section's fee items budgeted amount, the surplus funds will be transferred to that Section to apply to existing or new fees.

   2. For fees that are modified and the expenditure is anticipated to change as a result of the modification, the predicted annual expenditure will be transferred into the Available Amount.

ii. After June 2021, an additional amount from the 2020/21 and ongoing JCC budgets will be transferred to cover the actual cost of growth for the transferred fee items (exclusive of price increases) in excess of 2.4% for Fiscal Year 2020/21. For fees that meet the criteria in section i.2 above, there will be an amount transferred to reconcile between the predicted annual expenditure and the actual annual expenditure in Fiscal Year 2020/21.

iii. After June 2022, an additional amount from the 2021/22 and ongoing JCC budgets will be transferred to cover the actual cost of growth for the transferred fee items (exclusive of price increases) in excess of 2.4% for Fiscal Year 2021/22.

iv. After June 2023, an additional amount from the 2022/23 and ongoing JCC budgets will be transferred to cover the actual cost of growth for the transferred fee items that meet the criteria in section a.i.2 above (exclusive of price increases) in excess of 2.4% for Fiscal Year 2022/23.

v. The amounts calculated in sections (ii), (iii), and (iv) above will be based on the total for all fee codes for each JCC, rather than at an individual fee level.

b. The amount of the fee premiums currently funded by the JSC on JCC fees will also be transferred from the JSC budget to the Available Amount.

c. Before December 31, 2021, the Government and Doctors of BC will review
actual expenditure of all transferred fees, and for any fees where growth has been significant, the parties will meet to assess the appropriateness of the growth and determine if any further steps are required.

PHYSICAL/PSYCHOLOGICAL SAFETY

BETWEEN:

HER MAJESTY THE QUEEN IN RIGHT OF THE PROVINCE OF BRITISH COLUMBIA, as represented by the Ministry of Health

(the “Ministry”)

AND:

FRASER HEALTH AUTHORITY, INTERIOR HEALTH AUTHORITY, ISLAND HEALTH, VANCOUVER COASTAL HEALTH, NORTHERN HEALTH and PROVINCIAL HEALTH SERVICES AUTHORITY

(the “Health Authorities”)

AND:

THE BRITISH COLUMBIA MEDICAL ASSOCIATION

(doing business as Doctors of BC)

(the “Doctors of BC”)

(individually a “party” and collectively the “parties”)
1. Provincial Level: Working Group for Provincial Framework/Structure

The parties acknowledge the need for a coordinated and integrated effort to improve the health and safety of health care workers/providers and renew and rebuild a provincial framework/structure for occupational health and safety in the BC health sector (the “Framework”), built on the following principles:

- Broad stakeholder engagement in governance;
- Collaborative approach;
- Transparency;
- Evidence based decision making; and
- Compliance.

To this end, the parties, within 180 days of execution of the 2019 Physician Master Agreement, will develop a recommended work plan for submission to and approval by the Ministry through Leadership Council. The plan will include recommendations on an approach to governance, data sharing, objective setting, implementation, compliance, measurement and evaluation. The intention is to create proactive programs with a focus on prevention.

To create the work plan, the Doctors of BC will participate in a broad working group chaired by HEABC, and comprised of one representative from Doctors of BC, one representative from each participating employee group (bargaining association), three employer representatives (Health Authorities or health sector affiliated employers), and a representative from the Ministry (the “Provincial Working Group”). The Provincial Working Group may include a representative from other relevant groups as agreed by the participants. The Provincial Working Group will decide matters by consensus.

Unless otherwise agreed by the majority of representatives in the Provincial Working Group, the Provincial Working Group shall meet not less than once per calendar month until its final report is issued.

The Provincial Working Group shall develop Terms of Reference for the purpose of drafting recommendations for the Framework that will:

- Establish institutional systems for implementing the below objectives, including sharing information, data, and experience across the sector.
• Promote a safe and healthy environment and organizational safety culture through prevention of injury initiatives, safe workloads, safe work practices and healthy workforces, including pilot and demonstration programs.
• Prevent and reduce the incidence of injuries (physical and psychological) and occupational diseases.
• Support the adoption of leading (best) practices, programs or models, including the implementation of the Canadian Standards Association’s Occupational Health & Safety Management, and Psychological Health and Safety Workplace standards.
• Facilitate co-operation information and data sharing between the Doctors of BC, Health Authorities and unions, on health and safety issues.
• Facilitate and provide education and training for effective functioning of local Joint Occupational Health and Safety committees.
• Improve the awareness of and compliance with, where appropriate, the Workers Compensation Act and the Occupational Health and Safety Regulation
• Discuss and consider appropriate Doctors of BC participation in the ongoing Framework.

It is understood that the Framework should serve all stakeholders in the provincial health care sector. To that end, the parties will make all reasonable efforts to promote the adoption of the Framework on a province and sector-wide basis.

2. **Physician Violence Prevention Working Group (PVPWG)**

The work of the Physician Violence Prevention Working Group (PVPWG) will continue, and the focus will shift to implementation and evaluation.

3. **Psychological Safety – Physician Specific Issues**

The parties will create a small working group composed of an equal number of representatives of the Doctors of BC and the Ministry/Health Authorities for addressing specific physician issues related to psychological safety (the “Physician Specific Issues Working Group”).

The Physician Specific Issues Working Group will decide matters by consensus.

The Physician Specific Issues Working Group will make recommendations to the Provincial Working Group or Regional Committees where necessary.

4. **Physician Training**

Health Authorities will:
• Provide appropriate violence prevention and response training for individual physicians working in high and low-risk environments. This training will include an online module for all medical staff, and Health Authorities will make reasonable efforts to ensure such modules may be credited towards continuing education.

• In addition, and for physicians in high-risk environments (Emergency/Urgent Care, Psychiatry/Mental Health Addictions, Residential/Long-term Care, Neurology/Brain Injury), there will be additional classroom training compensated at current sessional rates.

• Where appropriate, provide team-based training at a department/group level with entire teams (physicians, nurses etc.) to help those teams better prevent and respond to violent incidents in their environment.

5. Regional Level

In order to explore safety improvement opportunities, the parties will develop, within 180 days of execution of the 2019 Physician Master Agreement, recommendations for Regional OHS, PHS and Violence Prevention Committees.

To develop the recommendations, the parties agree to establish a broad working group to be chaired by HEABC, comprising one representative from each of Doctors of BC, the employee groups (bargaining associations), and the Health Authorities or health sector affiliated employers (the “Regional Working Group”). The Regional Working Group may also establish subcommittees as appropriate and include a representative from other relevant groups as agreed by the participants, and will decide matters by consensus. Unless otherwise agreed by the majority of representatives of the Regional Working Group, the Regional Working Group shall meet not less than once per month until its final recommendations are made.

The Regional Working Group shall develop Terms of Reference for the purpose of drafting recommendations for the Regional OHS, PHS and Violence Prevention Committees that will:

• provide a consistent and collaborative approach to safety related issues

• make recommendations to the Health Authorities on:
  o OHS, PHS, and Violence Prevention policies and procedures
  o OHS, PHS, and Violence Prevention training implementation
  o Risk assessment completion
  o Worksafe BC Orders (where applicable)
o Corrective action to address OHS and violent incidents and trends
o clear and consistent reporting, tracking and follow up processes across health authorities and hospitals related to violent incidents and recommendations for improvement, as well as psychological safety

In addition, the parties will ensure Doctors of BC and/or physician representatives are appointed to these Regional Committees.

6. Communication and Consultation

Health Authorities will:

- create a comprehensive communication plan for Health Authority facilities encompassing violence prevention and response as well as psychological safety that ensures key information reaches the department/individual level. This includes effective reporting of critical tracking information, policy or process changes as well as progress on elements of the CSA standard regionally and for specific sites.

- share such communication plans with Doctors of BC and Medical Staff Associations.

7. Local Level

Health Authorities will work:

- with both the Doctors of BC and SSC Facility Engagement to engage Medical Staff Associations (MSAs) at local sites about violence prevention and psychological safety that includes consultation about existing challenges as well as ongoing feedback regarding any changes or initiatives made at a local level; and
- with MSAs to ensure that physicians are invited from their MSAs to participate on local committees, where appropriate.

8. Physician Compensation

The physician members appointed by the Doctors of BC on the Working Groups and Committees noted above will be compensated from existing Joint Collaborative Committee funding.

9. Project funding

The parties agree to re-allocate one time funds from the General Practice Services Committee (GPSC), the Specialist Service Committee (SSC) and the Joint Standing Committee on Rural
Issues (JSC) as outlined below that the Doctors of BC may use in conjunction with the Health Authorities for activities contributing to the development of a provincial Framework, or to identify and address initiatives specific to physicians within any appropriate ongoing structures within the Framework:

- Effective April 1, 2019
  i. From SSC: $250,000
  ii. From GPSC: $150,000
  iii. From JSC: $100,000

- Effective April 1, 2020:

- Effective April 1, 2021:
  i. From SSC: $250,000
  ii. From GPSC: $150,000
  iii. From JSC: $100,000

10. Resolution of Disagreements

If any of the parties has a concern respecting this Memorandum, the parties directly impacted (e.g. Doctors of BC and a Health Authority) will meet to attempt to resolve the issues. If they cannot resolve the issues, the matter will be resolved in the same manner as set out in Article 22.1 of the 2019 Physician Master Agreement for resolution of Provincial Disputes.

Within this context, the Ministry and Health Authorities are committed to and will be mutually accountable for clarifying and strengthening their relationship with physicians at provincial, regional and local levels.

At the provincial level, the parties have agreed to continue a Memorandum of Understanding with the aim of improving engagement and dialogue between senior executives of the Ministry, Health Authorities and the Doctors of BC through a number of key points of contact and senior level committees.

At the regional and local levels, Health Authorities are currently working to establish and improve relationships with community-based family practice physicians through Divisions of Family Practice and Collaborative Services Committees.

With respect to physicians who have privileges to practice in Health Authority facilities and programs, the Hospital Act, Hospital Act Regulation and respective Health Authority medical staff rules and bylaws set out the framework for the governance of medical staff and the relationship between Health Authorities and physicians. Within this governance framework, Health Authorities will take the following actions to strengthen relationships with physicians practicing in their facilities and programs:

a. Support the improvement of medical staff engagement within Health Authorities through existing local medical staff association structures, or where mutually agreed to by the parties at the local level, through new local structures (collectively, "Local Structures") so that medical staff:
   
   i. views are more effectively represented;
   
   ii. contribute to the development and achievement of Health Authority plans and initiatives, with respect to matters directly affecting physicians;
   
   iii. prioritize issues significantly affecting physicians and patient care; and,
   
   iv. have meaningful interactions with Health Authority leaders, including physicians in formal Health Authority medical leadership roles.

b. Improve processes locally within Health Authority programs and facilities as well as provide physicians with appropriate information to allow for more effective engagement and consultation between physicians and Health Authority operational leaders.

c. Support physicians to acquire, with continued or expanded Joint Clinical Committee funding support, the leadership and other skills required to participate effectively in discussions regarding issues and matters directly affecting physicians and their role in the health care system.

The Parties commit that the Ministry’s Health Sector Workforce Division and Doctors of BC Department of Physician and External Affairs will play a key role in continuing to support both the Health Authorities and physicians in successfully implementing this Memorandum.

Health Authorities and physicians are mutually accountable for the quality of their relationship with the goal of providing high quality health care services. The actions to be taken by Health Authorities set out in this Memorandum will continue to be incorporated into the Ministry’s accountability letters to Health Authority Boards and Executives, and will continue to be subject to ongoing monitoring and reporting for the period of this agreement. Further, the quality of engagement and consultation and mutual accountability of the parties will be the subject of
ongoing dialogue at a senior level through the various points of interface identified in the Memorandum of Understanding on Provincial Engagement.

**Regional and Local Engagement Initiative**

(individually a “party” and collectively the “parties”)

Agreement to Discuss
1. The parties agree to work together on the development of new compensation models and their application through specific physician services template contracts (“New Compensation Models”) that reflect the needs and interests of government, physicians and patients. Within this context, the Ministry commits to engage in discussions with Doctors of BC through the process outlined in this Memorandum of Understanding if it intends to develop a New Compensation Model for widespread implementation immediately or over time. The Ministry makes no commitments to use the process outlined in this Memorandum of Understanding to renew or alter any existing contracts.

Discussion Process

5. Each party will make a good faith effort to conclude an agreement on the New Compensation Model within ninety (90) days following receipt of the request for discussions, and this will include, without limitation, meeting as promptly and frequently after the first meeting as is practicable.

6. On the expiry of ninety (90) days following receipt of the request for discussions, the discussion process will be considered concluded unless the parties agree otherwise.

**Principles**

7. The parties agree that the following principles will govern the parties’ discussions and developments of New Compensation Models under this Memorandum of Understanding:

   a) New Compensation Models are intended to present attractive options to physicians and meet the Ministry’s objectives;

   b) The parties will share in a timely fashion relevant information to assist in the costing and evaluation of New Compensation Models;

   c) Any New Compensation Model developed by the parties will be tested by offering them to physicians to determine their effectiveness in practice;
d) The parties will work together to seek out and enlist physicians to test any New Compensation Model based on contractual terms to be agreed to by the parties; and

e) The income of enlisted physicians over the “test” period will be protected, and those physicians will have the option to return to their previous payment arrangement at their discretion in accordance with the terms of their “test” contract or following conclusion of the “test” period.

**Physician Costs**

The cost of physician representatives participating in these discussions will be borne by the relevant Joint Clinical Committee.

**Resolution of Disagreements**

If either party has a concern respecting this Memorandum of Understanding, that party may refer the matter to the Physician Services Committee for resolution. Failing resolution, there are no further steps under the 2019 Physician Master Agreement to address the concern.
