WHAT'S NEW - LEADING WORKPLACE STRATEGIES

It seems these days more and more offices are going mobile. What does mobile mean? Simply defined a mobile worker is someone who is not always working at a desk. In government we have the following work styles:

Resident: an employee who needs a designated space with specialized IT infrastructure or access to physical shared resources to achieve work objectives.

Internally Mobile: an employee who has the choice of a variety of workpoints to support collaborative or quiet work depending on their needs.

Externally Mobile: an employee whose work does not require a dedicated workspace, spends short amounts of time in the office in favour of working from home or other external locations, and uses mobile tools as their main point of contact. This may include more traditional scenarios in which the employee works primarily from their home.

Whatever your mobile looks like, we have several options to make your workday go smoother. Check out our website at www.dcv.gov.bc.ca to view our selection of stylish laptop cases. We have more great cases on order so keep checking back as well.

Product #: [8460013024](#) Price: \$72.25

Greater Victoria and surrounding areas... Did you know your garbage is now a lot **greener?**

Thanks to the CRD and some municipalities the Kitchen Scraps and Garbage Program is here! By separating kitchen scraps from your garbage, 30% of what was "garbage" will be composted instead.

Victoria, Oak Bay and View Royal are all a part of the new program and by 2015 kitchen scraps will not be permitted in any garbage in the Capital Regional District. This applies to both residential and commercial buildings. Investigate similar projects in your own city...

Let us help...

All recycling containers will need compostable bags and we have the perfect BPI certified products made right here by a Canadian company.

Composting bags are not just for kitchen scraps and recyclable waste; they can also be used for any office or household garbage.

We will be carrying the bags in both retail and industrial packing. Look for these new products coming to the shopping cart soon.

Feed the land, not the landfills.

Friendly Reminder:

Fiscal year end is near so to ensure your orders are billed to this year's fiscal, place your order by March 15, 2013.

Friendly Reminder:

Don't forget to make good use of the employee purchase option on our shopping cart... It's easy to use and the goods are shipped directly to your office. Same shipping rules apply.

Friendly Reminder:

The Distribution Centre Victoria would like to remind you that orders totalling less than 25 dollars have a five dollar shipping fee, however if it's over that amount, it's absolutely free.

Protocol & Recognition
