Hot town... **Summer** in the city!

Must-haves for your next **beach** picnic.

Green Tip:

Vinegar - Not just for French fries... Try it as your "summer super cleaner"

1. Clean plastic patio furniture with a solution of 1 tablespoon white distilled vinegar to 1 gallon of water.
2. For outdoor areas, soak a sponge in vinegar and place it in the forbidden area to keep cats away. If kitty likes to mark his territory, spraying the area with vinegar can help eliminate the smell and deter recurrences.
3. To extend the life of cut flowers, add a few tablespoons of vinegar to the water in their vase, along with a teaspoon of sugar.
4. Remove berry stains on your hands by rubbing them with white distilled vinegar.
5. Spraying vinegar onto deodorant-stained shirts before the wash can remove the discoloration. It's also great for fighting mustard, tomato sauce, or ketchup stains.
6. Dab a bit of vinegar on and insect bite to lessen the itch.
7. If your leafy veggies are wilted, soaking them in cold water with a little vinegar can perk them right up.
8. Eliminate anthills by pouring in white distilled vinegar.
9. Kill weeds and crabgrass growing in sidewalks and driveways by pouring vinegar onto them. A half-and-half solution of vinegar and water can even kill garden slugs if it's sprayed directly onto them.
10. Keep rabbits from eating your plants. Put cotton balls soaked in white distilled vinegar in an old film canister. Poke a hole in the top and place in the garden.
