DCV Featured Products

**Microsoft Sculpt Ergo
Keyboard/Wireless Mouse**
L5V-00002

Sculpt Ergonomic Desktop is built on advanced ergonomic principles, with a split keyboard layout that keeps wrists and forearms in a relaxed position, and a cushioned palm rest to provide wrist support. The domed keyboard shape works to reduce and correct wrist pronation that can cause pain and limited mobility. Designed for productivity, with an eye on ergonomic excellence. By providing a relaxed, comfortable computing experience, it enables you to work without the stress, strain, and discomfort of other keyboards and mice you may have used in the past. The natural arc keyboard layout follows the curve of your fingertips for a more natural way of typing. Reverse tilt design positions the keyboard at the correct angle to give you a straight, neutral wrist position. Additionally, the shape of the mouse is designed for maximum wrist comfort. Compatible with all workstations with a USB connector.

Product: #[7045041180](#) Price: \$118.99 EA

**Targus 4-port USB 3.0
SuperSpeed Hub Powered**
ACH119US

The Targus 4-Port USB 3.0 SuperSpeed™ Hub features the new and powerful SuperSpeed™ interface technology that revolutionizes the way we move data from devices to computers. Access data and transfer files up to 5GBps, copy large amounts of video, movies, music, photos, and data at lightning fast speeds. Compatible with PC, Mac, and Netbooks, this ultra powerful hub allows for easy connection from the hub to your USB enabled computer with a 5-foot cable. Ideal for connecting hard drives, docking stations, mice, flash drives, iPod/MP3 players and more. The hub includes a 4A AC adapter for when additional power is needed. The compact design makes it easy and convenient for travel without sacrificing its functionality. Limited 1 Year Warranty.

Product: #[7045041240](#) Price: \$16.99 EA

**Kingston IKD300 Encrypted Flash
Drive 4 GB**
IKD300/4GB IRONKEY D300 USB

Kingston's IronKey™ D300 USB Flash drive features an advanced level of security that builds on the features that made IronKey well-respected to safeguard sensitive information. It's FIPS 140-2 Level 3 certified, with 256-bit AES hardware encryption in XTS mode. For added peace of mind, the drive uses digitally signed firmware, making it immune to BadUSB, and it enforces complex password protection¹ with minimum characteristics to prevent unauthorised access. Rugged and secure, IronKey D300 has a zinc casing and tamper-evident epoxy seal for physical security, so you can rest assured the drive will hold up, even in the most demanding situations. It's customisable, easy to use and waterproof up to 4 feet. * Given that the D300 is a new product, this device is currently only approved by the OCIO for data security classification of "low" and "medium." To use this key with data classification of "high," please acquire approval from your Ministry Information Security Officer (MISO). This MISO approval requirement will be removed once this key has been validated by the OCIO, currently in progress.

Do you have any projects that require storage and/or distribution?

Perhaps you have events that require tents, booths, banners, and swag, but you don't have space around the office to store these items between events where you need them?

Printed materials (books, brochures, pamphlets) that require constant distribution with online ordering capabilities with mechanisms catered to your preference?

What about items that require secure storage and/or itemized tracking?

If you require any of these types of services, please don't hesitate to contact DCV regarding our Warehousing & Asset Management Services (WAMS) operations, and take advantage of our expedited processes, as well as the huge savings included with our dynamic courier agreements.

WAMS

Warehousing and Asset Management Services, Storage and Distribution of Forms, Brochures, Publications, Swag and Assets

Warehousing and Asset Management Services (WAMS)

A cost, time and space-efficient solution for all your storage, management and distribution needs. Minimize your storage/warehousing requirements and streamline services while continuing to take advantage of large volume purchasing.

Storage

7,000 square feet of storage, offsite options, and secure storage services.

Management

Inventory Management is much more than just storage; we manage time and date sensitive materials, including batch dates, revisions and re-order points. Clients receive monthly (or on demand) inventory reports which include detailed history of your product movement.

Distribution

Geared towards the end-user, we pick, pack and ship our client's products ensuring on-time arrival. Integrated ordering options are available based upon the client's needs.

For more information in regards to utilizing our WAMS services, please contact DCV at: DCVWarehouseAssetMgmt@gov.bc.ca

“Where’s Walker?”

For the past few issues of the DCV Newsletter, readers have responded in astounding numbers to our Hiding Hank contest. DCV would like to congratulate last contests winner, Ronda Richardson, who won a custom engraved water bottle!

Over the past few months Hank has been busy training his young apprentice, Walker, on his elusive ways. Well it appears Walker is ready to put his skills to the test, so for the next 2 issues, we will be running our ‘Where’s Walker’ contest! Walker will be hidden somewhere within each of these next issues, so if you’re lucky enough to spot him, please email DCVCustomerSer@gov.bc.ca with the location he’s hiding in, and you will be entered in to win a prize! Keep your eyes peeled next issue as well, because you will get the chance to have an additional entry!

Happy Hunting!
