

# Permission for School Field Trips

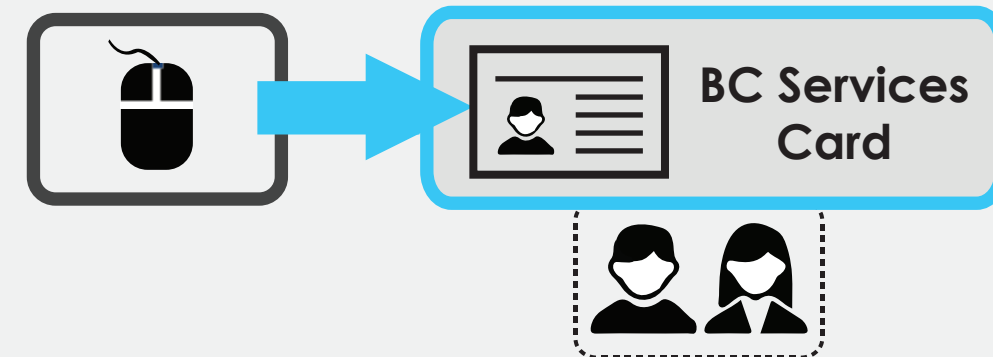

## Step 1

Field trip details and class information is entered into a school system.

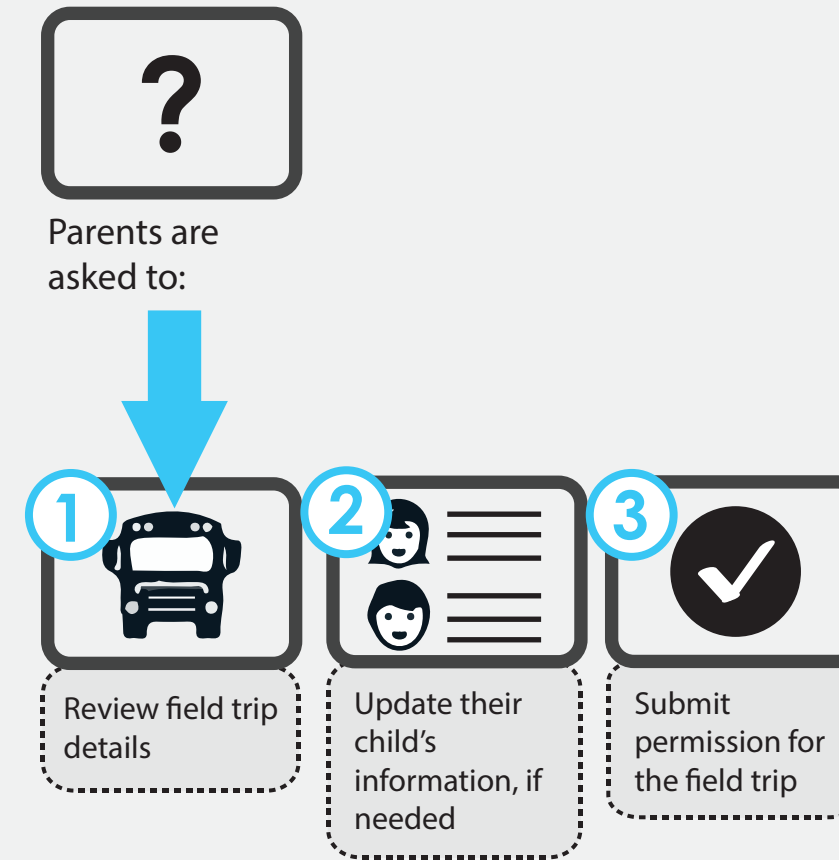

An email is automatically sent to parents with a link to the online permission slip for their child.

## Step 2

After clicking on the link, each parent logs in to the online form using their BC Services Card and passcode.

## Step 3

Parents are asked to:

Review field trip details

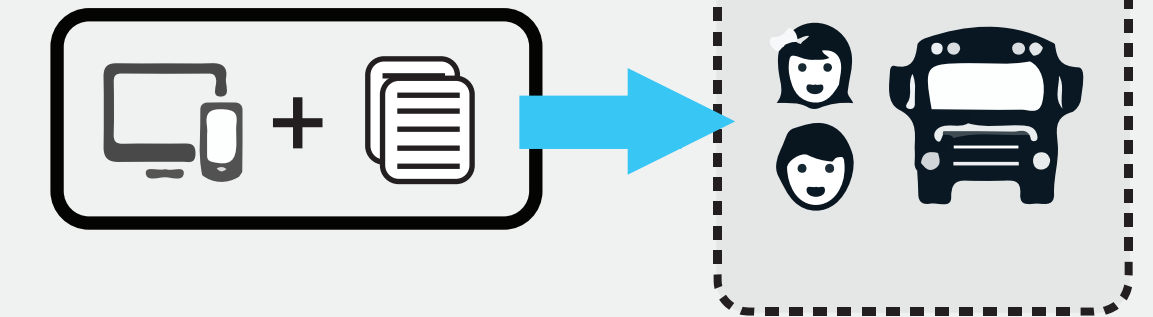

Update their child's information, if needed

Submit permission for the field trip

## Step 4

No more stress over forms lost in student backpacks or last-minute phone calls to parents who forgot. All electronic permission slips are received in plenty of time for the school to take students on the field trip.
