Direction when requirements can't be fully met:

If you are unable to meet all criteria but still need to submit a request, please provide your rationale in the **'Reason domain is needed'** section.

Please ensure that adequate time is allocated for the approval process. If a request is urgent, kindly indicate its urgency accordingly.

If you cannot meet all these criteria, follow the links provided above for more information.

Web presences that receive an exemption also typically need a unique registered domain name or friendly URL.
