

Lifetime Prevention Schedule Practice Guide 2018

Independent evidence review processes have been used for immunizations and perinatal services.

Female
Male
Both female and male

¹ Depression screening for non-pregnant adults; did not meet LPS criteria for general population. Without signs & symptoms of depression, harms outweighed benefits.

Lifetime Prevention Schedule Practice Guide 2018

Perinatal Activities, various - see guidelines for intervals	Perinatal Services BC Guidelines & Standards
--	--
