

Coming Soon – Emergency Medical Assistants Registry Launching August 2026!

We are excited to announce the upcoming launch of our new Emergency Medical Assistant (EMA) Registry in August 2026. This innovative solution will streamline all existing EMA systems into one unified platform powered by Alinity, a trusted leader in regulatory management software.

What's Changing?

The new registry will be a web-based solution that allows EMAs to manage all licensing requirements in one place - everything you need, accessible through a single, secure portal.

The new registry will also include a public-facing interface enabling employers, patients, and other interested parties to verify an EMA's licence status quickly and easily, in real time.

Key Features of the New EMA Registry (Powered by Alinity)

- **Online Applications:** Responsive forms with conditional logic for a streamlined application process.
- **Automated Renewals:** Simplified renewal workflows, flagging registrants for review based on criteria.
- **Online Payments:** Payments, and direct refunds.
- **Certificate of Licensure Generation:** Create and distribute personalized certificates of licensure/registration.

- **Customizable Public EMA Directory:** Display live data in a user-friendly format.
- **Exam Management:** Configure online or offline exams and schedule a practical exam.
- **Continuing Competence:** Track and integrate continuing education activities into renewals.
- **Complaint Management:** Automate sections of the complaint process to gain efficiency with online intake forms and tracking tools.
- **Communication Tools:** Send automated, manual, and bulk emails with merge fields for personalization.
- **Document Management:** Attach and search documents directly within registrant profiles.

What's Next?

- **Contacts:** All new email addresses have been launched to enhance accessibility. See the [Contact Us](#) page on our website for details.
- **Training & Support:** Resources will be made available to help EMAs smoothly transition to the new registry.
- **Migration Timeline:** Detailed implementation schedules will be shared early in the 2026/27 fiscal year.
- **Helpdesk Assistance:** Our team will be ready to answer questions and provide guidance.

This new registry marks a major step forward in modernizing EMA processes and improving service delivery. Stay tuned for more updates as we approach the August 2026 launch!
