The Public Health Act and Regulations are at:
http://www.bclaws.ca/civix/content/complete/statreg/08028/?xsl=/templates/browse.xsl

TO: ALL PERSONS WHO ORGANIZE OR ATTEND EVENTS IN THE CENTRAL OKANAGAN
(Including: District of Peachland, City of West Kelowna, Westbank, City of Kelowna, District of Lake Country and the Regional District of Central Okanagan)

TO: OWNERS AND OCCUPANTS OF PRIVATE RESIDENCES IN THE CENTRAL OKANAGAN

TO: OWNERS AND OCCUPANTS OF VACATION ACCOMMODATION IN THE CENTRAL OKANAGAN

TO: OWNERS AND OPERATORS OF PLACES IN THE CENTRAL OKANAGAN

In the matter of an ORDER made pursuant to Part 4 Division 4 of the British Columbia Public Health Act, I, Dr. Sue Pollock, Chief Medical Health Officer (Interim), Interior Health Authority, Kelowna, BC, am of the opinion that a Public Health Hazard exists in the Central Okanagan for the following reasons:

A. On March 17, 2020 the Provincial Health Officer, Dr. Bonnie Henry, provided notice under section 52 (2) of the Public Health Act that the transmission of the infectious agent SARS-CoV-2, which has caused cases, clusters and outbreaks of a serious communicable disease known as COVID-19 among the population of the Province of British Columbia, constitutes a regional event as defined in section 51 of the Public Health Act;

B. The SARS-CoV-2 virus, an infectious agent, can cause outbreaks of COVID-19 and a person infected with SARS-CoV-2 can infect other people with whom the infected person is in direct contact through droplets in the air, or from fluid containing SARS-CoV-2 left on surfaces;

C. Social interactions and close contact between people are associated with increases in the transmission of SARS-CoV-2, and increases in the number of people who develop COVID-19 and become seriously ill;

D. People spending time together indoors increases the risk of the transmission of SARS-CoV-2 in the population, thereby increasing the number of people who develop COVID-19 and become seriously ill;

E. Gatherings and events in private residences, vacation accommodation and other places continue to pose a risk of promoting the transmission of SARS-CoV-2 and increasing the number of people who develop COVID-19 and become seriously ill;
F. Virus variants of concern, which are more transmissible and have the potential to cause more serious illness, including among younger populations, are now present in Canada and the Province, and have heightened the risk to the population;

G. There has been a recent increase in the number of persons infected with COVID-19, particularly in the District of Peachland, the City of West Kelowna, the City of Kelowna, the District of Lake Country, and the Regional District of Central Okanagan (hereinafter collectively referred to as the “Affected Area” or the “Central Okanagan”);

H. This increase has resulted in increased cases of COVID-19, clusters of people with COVID-19, outbreaks of COVID-19 to surrounding communities, and in particular, in populations who are not yet vaccinated an increase in contracting more serious COVID-19 illness, all of which increases the risk of hospitalizations, intensive care admissions, and deaths;

I. In view of the escalating number of COVID-19 cases arising due to transmission in the Affected Area, on July 28, 2021, I declared an Outbreak of COVID-19 in the Central Okanagan;

J. For certainty, this Order applies to private residences, vacation accommodation and private clubs and organizations;

K. I recognize the societal effects, including the hardships, which the measures which I have and continue to put in place to protect the health of the population have on many aspects of life, and, with this in mind, continually engage in a process of reconsideration of these measures, based upon the information and evidence available to me, including infection rates, sources of transmission, the presence of clusters and outbreaks, the number of people in hospital and in intensive care, deaths, the emergence of and risks posed by virus variants of concern, vaccine availability, immunization rates, the vulnerability of particular populations and reports from the rest of Canada and other jurisdictions, with a view to balancing the interests of the public, including constitutionally protected interests, in gatherings and events, against the risk of harm created by gatherings and events;

L. I further recognize that constitutionally-protected interests include the rights and freedoms guaranteed by the Canadian Charter of Rights and Freedoms, including specifically freedom of religion and conscience, freedom of thought, belief, opinion and expression, freedom of peaceful assembly and freedom of association. These freedoms, and the other rights protected by the Charter, are not, however, absolute and are subject to reasonable limits, prescribed by law as can be demonstrably justified in a free and democratic society. These limits include proportionate, precautionary and evidence-based restrictions to prevent loss of life, serious illness and disruption of our health system and society. When exercising my powers to protect the health of the public from the risks posed by COVID-19, I am aware of my obligation to choose measures that limit the Charter rights and freedoms of residents of and visitors to the Central Okanagan less intrusively, where this is consistent with public health principles. In consequence, I am not prohibiting outdoor assemblies for the purpose of communicating a position on a matter of public interest or controversy, subject to my expectation that persons organizing or attending such an assembly will take the steps and put in place the measures recommended in the guidelines posted on my website in order to limit the risk of transmission of COVID-19;

M. This Order does not apply to a council, board, or trust committee of a local authority as defined under the Community Charter, or the Local Government Act when holding a meeting or public
hearing without members of the public attending in person; the distribution of food or other
supplies to people in need; health or social services provided to people in need, such as cooling
centres; worship services, health care related events such as immunization clinics, COVID-19
testing centres and blood donation clinics; court sittings wherever they occur; workers at a
workplace when engaged in their work activities; workers living at a work camp; students,
teachers or instructors at a school, or a post-secondary educational institution when engaged in
educational activities; public pools and public skating rinks when not associated with an event;
customers in a service business; a volunteer work party engaged in gardening, vegetation
removal, trail building or a similar outside activity; the use of any place for local government,
provincial or federal election purpose; or a rehabilitation or an exercise therapy program;
Outdoor Temporary Markets (Farmers Markets); and

N. I have reason to believe and do believe that:
   a. The risk of a sustained or further outbreak of COVID-19 constitutes a health hazard
      under the Public Health Act; and
   b. There is an immediate and urgent need for focused action in the Affected Area to reduce
      the rate of transmission of COVID-19, and that it is in the public interest for me to
      exercise the powers in sections 30, 31, 32 and 39(3) of the Public Health Act TO
      ORDER as follows:

RECOGNIZING THAT THERE IS CURRENTLY A HEIGHTENED LEVEL OF RISK OF
TRANSMISSION OF COVID-19 IN THE AFFECTED AREA, THIS ORDER IS ISSUED FURTHER TO
