

Get Your COVID-19 Test Result

Get your COVID-19 test result through one of the options below. If you test positive, Public Health will contact you.

Register for Health Gateway to securely access a single view of your health information.

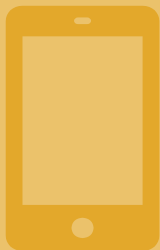

Health Gateway can send you a text or email as soon as your COVID-19 test result is available, day or night. You can also print a copy of your result.

Health Gateway is available to anyone 12 and older with a BC Services Card set up on a mobile device. Parents who register for Health Gateway can access COVID-19 test results for their children 11 years and younger.

Online

By Text/Phone

You can get your test results using the BCCDC text message service. To use this option, have your Personal Health number (PHN) and mobile device handy and go to results.BCCDC.ca

Parents can use this service to receive results for their children.

Or you can call the Negative Test Result line at 1-833-707-2792. The line is open daily from 8:30am-4:30pm.

When will I get my COVID-19 test result?

Most results are available in 48 hours. While you wait for your test result, you should continue to self-isolate.
