

## Get your health information online

Health Gateway provides secure and convenient access to your health records.

You can find:

- Lab results
- Medication history
- Immunization records
- Hospital visits
- Organ Donor Registration
- Diagnostic imaging reports

... and more!

New features are regularly added.

Learn more at [gov.bc.ca/healthgateway](https://gov.bc.ca/healthgateway)

Go to the website at [healthgateway.gov.bc.ca](https://healthgateway.gov.bc.ca)

Or try the mobile app

You can download it for free to your phone, tablet or iPad.

## Create a Health Gateway account

### 1: Choose web or mobile

Go to the Health Gateway website at [healthgateway.gov.bc.ca](https://healthgateway.gov.bc.ca), or you can download the Health Gateway mobile app.

### 2: Log in

Use your BC Services Card account to securely log in to Health Gateway. Find out how at [id.gov.bc.ca/account](https://id.gov.bc.ca/account)

### 3: Choose your communication preferences

If you like, Health Gateway can let you know when you have new health records.

### 4: Accept the terms of service

After you accept the terms of service, you can access your Health Gateway account.

## Who can use Health Gateway

- Anyone 12 years and older can use Health Gateway.
- Parents and guardians can use their own account to get health records for their children 11 years and younger.
