

# Drug Coverage Decision for B.C. PharmaCare

## About PharmaCare

B.C. PharmaCare is a government-funded drug plan. It helps British Columbians with the cost of eligible prescription drugs and specific medical supplies.

## Details of Drug Reviewed

<b>Drug</b>	<b>fluticasone furoate</b>
Brand Name	Arnuity™Ellipta®
Dosage Forms	100 mcg and 200 mcg dry powder for oral inhalation
Manufacturer	GlaxoSmithKline Inc.
<b>Submission Type</b>	<b>New Submission</b>
Use Reviewed	Asthma
Common Drug Review (CDR)	Yes, CDR recommended: <b>List with criteria.</b>  Visit the CDR website for more details: <a href="https://www.cadth.ca/sites/default/files/cdr/complete/SR0439_complete_Arnuity-Ellipta-Dec-21-15_e.pdf">https://www.cadth.ca/sites/default/files/cdr/complete/SR0439_complete_Arnuity-Ellipta-Dec-21-15_e.pdf</a>
Provincial Review	The Drug Benefit Council (DBC) now screens drug submissions under review by the CDR to determine whether or not a full DBC review is necessary, based on past DBC reviews, recommendations, and existing PharmaCare coverage. If a full DBC review is determined to not be required, the Ministry's drug coverage decision will be based on the Canadian Drug Expert Committee (CDEC) recommendation and an internal review only. The DBC screened fluticasone furoate and advised that because fluticasone furoate is similar to some of the other drugs used for the treatment of asthma, the Ministry may accept the CDEC's recommendation for fluticasone furoate.
<b>Drug Coverage Decision</b>	<b>Regular Benefit</b>
Date	September 13, 2016
Reasons	The Ministry reviewed clinical evidence and pharmacoeconomic reports prepared by the CDR, the Final CDEC Recommendation, and patient input from one patient collected through Your Voice. <ul style="list-style-type: none"> <li>• Fluticasone furoate demonstrated superiority to placebo and is similar to fluticasone propionate for improving lung function in patients with severe asthma.</li> <li>• The Ministry participated in the pan-Canadian Pharmaceutical Alliance negotiations with manufacturer for fluticasone furoate, and the participating jurisdictions were able to reach an agreement with the manufacturer.</li> </ul>
Other Information	None

### The Drug Review Process in B.C.

A manufacturer submits a request to the Ministry of Health (Ministry).

An independent group called the [Drug Benefit Council](#) (DBC) gives advice to the Ministry. The DBC looks at:

- advice from a national group called the [Common Drug Review](#)
- whether the drug is safe and effective
- whether it is a good value for the people of B.C.
- the ethics of covering or not covering the drug
- input from physicians, patients, caregivers, patient groups and drug submission sponsors

The Ministry makes a decision based on many factors, including:

- advice from the DBC
- drugs used to treat similar medical conditions that B.C. PharmaCare already covers
- the overall cost of covering the drug

Visit the B.C. [Drug Review Process](#) and [PharmaCare](#) program for more information.
