	37796	0.9%	25 x 20mL	\$0.27/mL

*All prices stated herein are current as of June 15, 2016, and are subject to change.

**As both the primary and secondary kits for the IV drug regimen are identical, PharmaCare can provide only one dispensing fee for each medication. To address this, PharmaCare covers a higher Clinical Services Fee for dispensing two intravenous regimens.
