## HOLIDAY HOURS FOR HELP DESK

The PharmaNet Help Desk will be closed from:

- 10:15 p.m. December 24 until
- 10:15 p.m. December 25

If you experience connection problems during this time, please call **(250) 361-5790**.

The Interactive Voice Response (IVR) system will be available via the Help Desk phone numbers.

## YEAR-END CHANGE WINDOW

To allow for annual routine maintenance activities:

- Fair PharmaCare Registration will be unavailable starting at 7:30 a.m. December 31.
- We anticipate the website registration service will resume before 8 a.m. on January 1.
- Full phone registration services via Health Insurance BC representatives will resume at 8 a.m. on January 2nd.

The use of PharmaNet is not intended as a substitute for professional judgement.  
Information on PharmaNet is not exhaustive and cannot be relied upon as complete.

The absence of a warning about a drug or drug combination is not an indication that the drug or drug combination is safe, appropriate or effective for any given patient.  
Health care professionals should confirm information obtained from PharmaNet, and ensure no additional relevant information exists, before making patient care decisions.

## PHARMACARE PROVIDER ENROLLMENT

As announced in [PharmaCare Newsletter 14-009](#) (November 27, 2014), important changes have been made to the BC PharmaCare enrollment process.

Due to the new enrollment criteria set out in the Provider Regulation ([www.health.gov.bc.ca/pharmacare/pdf/prov-reg.pdf](http://www.health.gov.bc.ca/pharmacare/pdf/prov-reg.pdf)), all pharmacies, facilities, and other places where drugs, devices, substances or related services are provided (“sites”) must re-apply for enrollment in the PharmaCare program if they wish to submit claims to PharmaCare.

Current PharmaCare Enrollment Agreements with the Province will expire on May 31, 2015.

**Notification requirements for site changes**—Be sure to continue to notify PharmaCare Information Support of any changes at your site (e.g., changes in ownership, manager, location, contact information) as required under your current PharmaCare Enrollment Agreement.

In the new year, a **Provider Information Change Form** will be available online and copies will be included in the Welcome Package that will be sent to you after your enrollment has been approved.

**Filling out forms**—Please ensure that you read and understand the instructions given in the Enrollment Guide before submitting your application. Delays caused by incomplete/incorrect information may affect your ability to submit claims to PharmaCare.

**Did you receive your enrollment package?** Enrollment packages have been mailed to current sites. If you have not received your package by December 19, please call the PharmaNet Help Desk.

**Questions?** Please note that the PharmaNet HelpDesk can assist you only with general inquiries about the enrollment process. For detailed information on completing the enrollment forms, we recommend you seek legal advice.

## BLOOD GLUCOSE TEST STRIP (BGTS) QUANTITY LIMIT—POLICY REMINDER & CLAIMS SUBMISSION

Effective **January 1, 2015**, PharmaCare is introducing annual quantity limits of blood glucose test strips. A patient’s annual limit for PharmaCare coverage of test strips will be based on the diabetes treatment they are receiving. Detailed information was provided in last month’s [PharmaCare Newsletter 14-009](#) (November 27, 2014).

### Information for patients who may need to test more frequently

Pharmacists can reassure patients that, if they have a medical need to test more frequently, access to coverage of additional strips is available:

- If they are **not using insulin**, patients can speak to their doctor or visit a Diabetes Education Centre. Family doctors and diabetes educators can request 100 additional strips for the year by sending a request to PharmaCare.
- If they are **using insulin**, or **not using insulin but need more than 100 extra strips**, a patient’s endocrinologist can write to PharmaCare explaining their medical need. PharmaCare considers each case individually to ensure patients are able to test appropriately. The quantity approved under such requests will vary based on patient need.

Patients can also be directed to the PharmaCare BGTS information at [www.health.gov.bc.ca/pharmacare/bgts.html](http://www.health.gov.bc.ca/pharmacare/bgts.html).

### BGTS Quantity Limit Information for patients—Now available in multiple languages

Information on the new BGTS Quantity Limit policy is now available in [English](#), [French](#), [Chinese - Simplified](#), [Chinese - Traditional](#), [Filipino](#), [Persian](#), [Punjabi](#), [Korean](#) and [Vietnamese](#). For these and other publications, visit our Patient Information page at [www.health.gov.bc.ca/pharmacare/patientinfo.html](http://www.health.gov.bc.ca/pharmacare/patientinfo.html).

## ***Blood Glucose Test Strip (BGTS) Quantity Limit, continued***

### **Submitting claims for BGTS after January 1, 2015**

The list of blood glucose test strips eligible for PharmaCare coverage changes on a regular basis. Please consult the online list of eligible test strips at [www.health.gov.bc.ca/pharmacare/pins/bgpins.html](http://www.health.gov.bc.ca/pharmacare/pins/bgpins.html) before submitting claims.

Note that all strips purchased by a patient, regardless of the payer, count toward to the patient's annual BGTS limit.

### **Claims Submission Procedures**

Submitting claims for strips **within the patient's annual limit** or **for which the patient or a third-party insurer will pay**:

- Use the PIN indicated on the list as the "Regular (Within Annual Limit/Patient Pay)" PIN.

*If the claim adjudication response is **LO – Benefit maximum exceeded**, the patient has exceeded their annual limit.*

Submitting claims for strips **above** the patient's annual limit:

- **A Special Authority may be in place in some cases.** If the patient indicates they requested additional strips through their doctor or a Diabetes Education Centre, please phone the PharmaCare Information Line or contact the PharmaNet HelpDesk to ask if Special Authority coverage is in place for additional strips.

⇒ **If Special Authority is in place:**

- Create a new claim with a new prescription number and use the PIN indicated on the list as the "Special Authority" PIN.

*IMPORTANT: If Special Authority is in place, but you process the claim with the Regular PIN instead of the Special Authority PIN, the cost of the claim will not count toward the patient's Fair PharmaCare deductible.*

⇒ **If Special Authority is NOT in place:**

- Advise the patient that they can see their doctor or visit a Diabetes Education Centre if they believe they may be eligible for approval of additional strips, **OR**
- Submit the claim using the "Regular (Within Annual Limit/Patient Pay)" PIN.

Submitting claims at the start of each calendar year

- On January 1 of each following year, for all patients, be sure to revert to using the "Regular" PINs for all patients.

## **FAIR PHARMACARE—ANNUAL UPDATE**

### **Fair PharmaCare deductibles for 2015**

On **January 1, 2015**, PharmaNet will be updated to reflect annual deductibles and family maximums for 2015 for all individuals and families registered in the plan.

Deductible accumulations will be reset to zero. Fair PharmaCare coverage levels for 2015 are based on family net income for 2013. Universal Child Care Benefits and income from Registered Disability Savings Plans are **not** included when determining assistance levels.

### **Deductible information for patients for 2015**

Fair PharmaCare registrants can access information about their deductible and their family maximum on our **website** or by **contacting Health Insurance BC**.

## Fair PharmaCare—Annual Update, continued

Through the PharmaCare website at [www.health.gov.bc.ca/pharmacare](http://www.health.gov.bc.ca/pharmacare), individuals can:

- use the Fair PharmaCare Calculator to estimate this information, or
- request that a Confirmation of Fair PharmaCare Coverage be mailed to them.

Individuals can also contact Health Insurance BC and provide appropriate identifying information:

- From the Lower Mainland, call **604-683-7151**
- From the rest of B.C., call toll-free **1-800-663-7100**

Customer Service Representatives are available Monday to Friday 8 a.m. – 8 p.m. and Saturday 8 a.m. – 4 p.m.

## Retroactive reimbursements

PharmaCare reimburses expenses above a family's Fair PharmaCare deductible only if the expenses were incurred after the family registered for the plan—but all eligible costs for the year count toward a family's Fair PharmaCare deductible.

However, if a family qualified for increased assistance during the year, their new, lower deductible and family maximum is applied to any eligible items bought after January 1 of the current year **or** the date of the family's Fair PharmaCare registration<sup>1</sup>, whichever is later.

Families do not have to apply for retroactive reimbursement for 2014; it is calculated automatically after year-end. In the spring of 2015, a reimbursement cheque will be mailed to each qualifying individual or family.
