FAIR PHARMACARE – ANNUAL UPDATE

Fair PharmaCare deductibles for 2017

On **Jan. 1, 2017**, PharmaNet will be updated to reflect annual deductibles and family maximums for 2017 for all individuals and families registered in the plan. Deductible accumulations will be reset to zero. Fair PharmaCare coverage levels for 2017 are based on family net income for 2015. Universal Child Care Benefits and income from Registered Disability Savings Plans are **not** included when determining assistance levels.

Deductible information for patients for 2017

Fair PharmaCare registrants can access their deductible and family maximum information in the following ways:

Through the [PharmaCare website](#), individuals can:

- use the Fair PharmaCare Calculator to estimate their deductible information, or
- request that a Confirmation of Fair PharmaCare Coverage be mailed to them.

Individuals can also contact Health Insurance BC and provide appropriate identifying information:

- From the Lower Mainland, call **604-683-7151**
- From the rest of B.C., call toll-free **1-800-663-7100**

Customer Service Representatives are available Monday to Friday 8 a.m. – 8 p.m. and Saturday 8 a.m. – 4 p.m.

Retroactive reimbursements

PharmaCare reimburses expenses above a family's Fair PharmaCare deductible only if the expenses were incurred after the family registered for the plan—but all eligible costs for the year count toward a family's Fair PharmaCare deductible.

However, if a family qualified for increased assistance during the year, their new, lower deductible and family maximum is applied to any eligible items bought after January 1 of the current year **or** the date of the family's Fair PharmaCare registration¹, whichever is later.

Families do not have to apply for retroactive reimbursement for 2017; it is calculated automatically after year-end. In the spring of 2017, a reimbursement cheque will be mailed to each qualifying individual or family.
