## Conflict of Interest Declaration

To make sure the Drug Review process is objective and credible, everyone who provides input has to tell us about any possible conflicts of interest.

A conflict of interest exists if you or an immediate family member might benefit from the outcome of PharmaCare's drug review. For example, if you own stock in the company that makes the drug, there could be a financial benefit IF PharmaCare decides to cover the drug.

Examples of conflicts of interest include, but are not limited to, financial support from the pharmaceutical industry (e.g., educational or research grants, honoraria, gifts and salary) as well as affiliations or commercial relationships with drug manufacturers or other interest groups.

Even if you or an immediate family member has a conflict of interest, your input will still be considered as long as you declare the conflict of interest in your answers to the questions. All information you provide is protected under the Freedom of Information and Protection of Privacy Act.

6. Does your patient group have any Conflicts of Interest to declare?\*
- (If you answer "yes", please complete question 7, which will follow.)
- Yes
- No

7. Describe any Conflicts of Interest below.\*
- (You should complete this question only if you answered "yes" to question 6, above.)

## Questions on the drug under review

Question 8 is mandatory; all other questions in this section are optional.

8. Have you read the PharmaCare information sheet for this drug?\*

(If you would like to read this information now, click on the "this drug's information sheet" link in the *What this drug is for* column of the [List of Drugs Under Review](#). The information sheet will open in a new tab.)\*

- Yes, I have read the information sheet.  
 No, I have not read the information sheet.

9. Describe how the medical condition or disease which the drug under review would be used for affects the day-to-day life of the patients in your group.

10. What drugs or other treatments have the patients in your group used, either now or in the past, to treat the medical condition or disease which the drug under review would be used for?  
(Please list all of the drugs or other treatments and tell us about their experience with each. In particular, did they consider any of the drugs or treatments to be successful and why?)

11. If the patients in your group have tried the drug under review, please tell us about the effects they experienced.

Patient Group General Questionnaire

12. How do you think the patients in your group could benefit from using the drug under review?  
(For example: relief of existing symptoms; improvement in quality of life; or improvements to their condition and long-term health and well-being. Please provide details.)

Patient Group General Questionnaire

13. Are there any additional factors your organization would like PharmaCare to consider during its review of this drug?  
(For example: does the drug meet any special patient needs that have not been met by other drugs or treatments; is the drug easier to use than other drugs; does the drug reduce visits to the hospital; does the drug reduce days off work or school; or are the drug's side effects acceptable or intolerable?)
