Article 2 Participation

2.1 The Participant must complete the Postgraduate Medical Education and the Return of Service, subject to the terms of this Contract.

Specialty Medicine Physician Return of Service

2.2 Upon completing the Postgraduate Medical Education, the Participant in Critical Care must meet all competencies required for certification by the College and the Royal College of Physicians and Surgeons of Canada.

Article 3 Program Costs

3.1 The Province will pay the University of British Columbia's Faculty of Medicine for the costs of the Participant's Postgraduate Medical Education. Annually, the cost to the Province to fund the Participant's Postgraduate Medical Education is approximately \$153,000, including the Participant's salary and benefits.

3.2 The Participant's salary and benefits are funded at the rate specified in the Resident Doctors of BC Collective Agreement, at the rate and terms that apply during the term of the Participant's Postgraduate Medical Education.

Article 4 Repayment on Termination

4.1 If the Province terminates this Contract for any reason before the Participant has completed the Postgraduate Medical Education and the Return of Service Term (including due to the Participant breaching the Return of Service or other obligations under the Contract), the Participant must pay the Repayment Amount to the Province.

4.2 The Repayment Amount is the amount set out in column in the table below that corresponds to the timing of the Participant's breach of the Contract that gives rise to termination of the Contract:

	Timing of breach (e.g. under Section 9.1)	Repayment Amount
A	Upon signature of this Contract until the start of the Participant's first day of Residency.	\$153,000

Specialty Medicine Physician Return of Service

	Explanation: Estimate of one-year cost of the Postgraduate Medical Education, plus Compound Interest.	<u>plus</u> Compound Interest calculated starting on the first day of Residency
B	Between the Participant’s first day of Residency and the last day of the Participant’s year 1 of Residency. Explanation: Estimate of two-years costs of the Postgraduate Medical Education, plus Compound Interest.	\$306,000 <u>plus</u> Compound Interest for \$153,000 of the \$306,000 calculated starting on the first day of year 1 of Residency, <u>plus</u> Compound Interest for the remaining \$153,000 calculated starting on the first day of year 2 of Residency
C	Between the Participant’s first day of year 2 of Residency and completion of the Return of Service in full. Explanation: Estimate of two-years costs of the Postgraduate Medical Education and liquidated damages in relation to direct and indirect costs to the Province associated with the Participant’s breach of Contract, plus Compound Interest. The Repayment Amount is not pro-rated based on partial completion of the Return of Service Term.	\$690,000 <u>plus</u> Compound Interest for \$153,000 of the \$690,000 calculated starting on the first day of year 1 of Residency, <u>plus</u> Compound Interest for \$153,000 of the \$690,000 calculated starting on the first day of year 2 of Residency, <u>plus</u> Compound Interest for the remaining \$384,000 calculated starting on the date the Participant first breaches the Contract

Specialty Medicine Physician Return of Service

- 4.3 The Parties agree that the Repayment Amount is a reasonable estimate and determination of the Postgraduate Medical Education costs and liquidated damages in relation to the Province's direct or indirect costs (if applicable) that the Province will suffer in the event that the Contract is terminated before the Participant has completed the Return of Service in full, recognizing that:
- (a) the Province will incur approximately \$306,000 in costs to fund the Participant's two-year Postgraduate Medical Education, as set out in Section 3.1; and
 - (b) a reasonable estimate of damages for the purposes of this Contract is \$384,000, which represents the median annual payment for a full-time equivalent specialty medicine physician in British Columbia during fiscal year 2022/23. If the Return of Service is not completed in full, a service gap is created. Due to the Placement Process timeframe, it takes approximately one (1) year to fill a Return of Service vacancy in British Columbia. These damages are difficult to quantify, but the Province will incur additional costs relating to the long-term impact of reduced access to specialty medicine services and provision of comparable services in the Placement or Community of Need (e.g. locum physicians, ambulance costs, emergency care, reimbursement for patient travel, less early detection, reduced patient management, and related administration) that may greatly exceed the estimated amount of damages.
- 4.4 Within thirty (30) days following termination of the Contract, the Participant will pay to the Province the Repayment Amount in full. The Repayment Amount is a "debt due to the government" within the meaning of the *Financial Administration Act*.
- 4.5 If the Participant fails to pay the full Repayment Amount within thirty (30) days under Section 4.4, Compound Interest will accrue in accordance with the *Financial Administration Act* (including the Interest on Overdue Accounts Receivable Regulation), and the Province may set-

off the Repayment Amount from any monies the Province or Medical Services Commission owes the Practitioner and/or refer the matter to any other person or entity for the purpose of collection.

Article 5 Return of Service

- 5.1 Upon successful completion of the Postgraduate Medical Education, the Participant must practise medicine on a Full-Time Basis in the clinical discipline for which the Participant has been trained and licenced for and in accordance with this Contract, including Schedule 2 (Return of Service Addendum).
- 5.2 The Participant must provide a continuous Return of Service:
- (a) for two (2) years on a Full-Time Basis; or
 - (b) if the Participant requires accommodation for providing services on less than a Full-Time Basis or requires leave from practising medicine, upon written approval by the Province the duration of the Return of Service will be increased to a period that is equivalent of two (2) years of service on a Full-Time Basis.
- (collectively the “**Return of Service Term**”)
- 5.3 The Participant must fulfil their Return of Service in the Health Authority identified in Schedule 1 (Return of Service Placement Process).
- 5.4 The Participant must follow the process that is set out in Schedule 1 (Return of Service Placement Process) for which the Participant is matched to the Placement or as amended by the Province from time to time under Section 11.2.
- 5.5 The Participant’s Return of Service Term will commence on a date agreed to by the Participant and the Health Authority, except that it must commence no later than three (3) months from the completion date of the Participant’s Postgraduate Medical Education.

Specialty Medicine Physician Return of Service

- 5.6 The Participant will provide the Health Authority with a copy of the executed Offer Letter in advance of the Health Authority preparing the Addendum. In the event that the Participant enters into a practice agreement in relation to the Return of Service, the Participant will provide the Health Authority with a copy of the completed practice agreement. Further, the Participant will promptly disclose to the Health Authority any amendments to the Offer Letter or such practice agreements made during the term of the Contract. In the event of any conflict between the Offer Letter or practice agreement and this Contract, this Contract will prevail.
- 5.7 If the Participant does not secure a Placement in accordance with Section 5.4 (*i.e.* Schedule 1 (Return of Service Placement Process) unless the Province designates otherwise under Section 11.2), the Participant must:
- (a) continue to liaise with the Health Authority and Province, and take steps the Province reasonably requires, in furtherance of the Participant securing a Placement and executing a Return of Service Addendum;
 - (b) continue to take any steps necessary to promptly execute a Return of Service Addendum for a Placement opportunity identified by the Health Authority in a Community of Need, and comply with directions from the Health Authority and Province in furtherance of securing a Placement and executing a Return of Service Addendum; and
 - (c) keep the Province fully informed of all efforts and steps taken in securing a Placement and executing a Return of Service Addendum.
- 5.8 If the Participant does not secure a Placement in accordance with Section 5.4 (*i.e.* Schedule 1 (Return of Service Placement Process)) or Section 5.7, the Province may notify the Participant of a Placement that the Province (in its sole discretion) considers to be reasonable. If the Participant fails to execute and deliver to the Province an executed Addendum for that Placement within thirty (30) days of the Placement

notification, then the Participant will be in breach of Section 9.1(e) of this Contract.

Article 6 Participant Representations and Warranties

6.1 As of the date of first signing this Contract, the Participant warrants and represents to the Province that:

6.3 The Participant may notify the Province if an exceptional circumstance arises that may prevent the Participant from fulfilling the Return of Service terms, including from rendering services in the required location. If such Notice is provided, the Province will consider the exceptional circumstance in the context of the Participant's Return of Service

obligations and will determine, in its sole and absolute discretion, whether to approve an amendment to the Contract terms.

 - (i) revocation or restriction of the Participant's hospital privileges consistent with the applicable hospital bylaws respecting non-renewal for discipline,
 - (ii) competency or wilful disobedience on the part of the Participant,

13.1 If a court or other lawful authority of competent jurisdiction declares any provision of this Contract invalid, illegal, or unenforceable, the Parties acknowledge and agree that the impugned term will be modified to the minimum extent required to make it valid, legal, or enforceable based on context of this Contract and the Province's objectives for the Postgraduate Medical Education funding and program, and that this Contract will continue in full force and effect with respect to all other provisions. All rights and remedies under such other provisions will survive any such declaration.

Article 14 No Waiver Unless in Writing
