

October 25, 2017
Meeting of the Medical Services Commission (MSC)

Approvals Granted
for Non-Cardiac Doppler Studies in Privately-Owned Facilities

At the MSC meeting on October 25, 2017, the following privately-owned facilities were approved for the provision of outpatient diagnostic non-cardiac Doppler Studies with the following fee items (08660, 08664, 08670, and 08676).

- Brooke Radiology Associates, Burnaby
- Valley Medical Imaging, Langley
- Valley Medical Imaging, Abbotsford
- Brooke Radiology Associates, Richmond
- Greig Associates, Vancouver
- North Shore Medical Imaging, North Vancouver
- Kelowna Medical Imaging, Kelowna

As approval for privately-owned facilities to bill the Medical Services Plan for the provision of non-cardiac Doppler Studies is new in British Columbia, initial approvals have been made based on a three-year term.

For complete Outpatient Ultrasound policy, which includes the non-cardiac Doppler Studies policy, see page 22 of the [Policies and Guidelines of the Medical Services Commission's Advisory Committee on Diagnostic Facilities \[PDF, 598KB\]](#)
