# Preface

---

The *Medical Services Plan (MSP) Fee-for-Service Payment Analysis 2018/2019- 2022/2023* is produced by the Health Sector Information, Analysis and Reporting Division. It is a summary of services and expenditure by fee item for each fiscal year.

Related publications on MSP data are the *MSP Information Resource Manual 2022/2023* and the *MSP Physician Resource Report 2013/2014 - 2022/2023*.

All three reports can be found online, at this address under *Fee-for-Service Payment Statistics*:  
<http://www2.gov.bc.ca/gov/content/health/practitioner-professional-resources/msp/publications>.

Questions, comments or suggestions regarding this report may be directed to  
[MOHanalytics@gov.bc.ca](mailto:MOHanalytics@gov.bc.ca).

# Introduction

---

Under the authority of the *Medicare Protection Act*, the Medical Services Commission administers MSP. MSP insures registrants for medically required services provided by general practitioners, specialists and other health practitioners. MSP pays practitioners on a fee-for-service and on an alternative payment basis.

The MSP Fee-for-Service Payment Analysis summarizes services and expenditure by fee item for each fiscal year. These figures are based on fee-for-service payments made to British Columbia practitioners by MSP for services provided to MSP registrants.

Short fee item descriptions are included. Please refer to the Medical Services Commission Payment Schedule for a more detailed description of fee items. The current payment schedule can be viewed online at:

<http://www2.gov.bc.ca/gov/content/health/practitioner-professional-resources/msp/physicians/payment-schedules/msc-payment-schedule>

The Methodology section outlines general data inclusions and exclusions that apply throughout the manual. A glossary has been provided at the end of the manual to explain terms used in the publication. Readers are encouraged to refer to the glossary to ensure accurate interpretation of the statistics presented.

# Methodology

---

The data used to generate statistics in this manual include MSP fee-for-service payments made to general practitioners, specialists and other health practitioners for insured services provided to MSP registrants. Only services performed in a given fiscal year (April 1st to March 31st) and paid on or before September 30th of the following fiscal year are included.

## General Data Inclusions

- Expenditures paid by MSP, including the adjudicated fee schedule amount, retroactive payments, rural retention program payments, business cost premium amount and tray fees
- Expenditures paid to physicians for services referred by registered midwives or nurse practitioners
- Expenditures for Family Practice Services Committee and Specialist Services Committee Initiatives
- Services associated with the following service codes (i.e., the service counts in this publication will not match those in the *MSP Information Resource Manual 2022/2023*):
  - 09 - Visit Premiums
  - 19 - No Charge Referral
  - 49 - Procedural Premiums
  - 71 - Tray Fees

## General Data Exclusions

- Interest on late payment of claims
- Alternative payments made for contract, salaried, session and other services
- Payments for services performed out of province

**Top 50 Fee Items by Expenditure - 2022/2023**

# Glossary

---

## **Alternative Payments**

Funding of physician services by non fee-for-service modes, e.g. salary, session and service contracts.

## **Business Cost Premium Amount**

Business Cost Premium Amount is a percentage premium paid on a basket of eligible fees to compensate physicians practicing in community-based offices where they are responsible for the lease, rental or other overhead costs of the office.

## **Expenditure**

Includes adjudicated fee schedule amount, retroactive payments, rural retention program payments and tray fees.

## **Fee-for-Service**

Funding method where payment is made for each service rendered.

## **Fee Item**

Code/description used to identify each service provided by a practitioner. Each fee item has an associated "fee" that is paid to the practitioner for providing the service.

## **Fiscal Year**

The B.C. government fiscal year is from April 1 to March 31.

## **Interest**

Interest is paid on payments made more than 90 days after the claim is submitted.

## **Medical Services**

Medically required services provided by general practitioners and specialists, including laboratory services and diagnostic procedures.

## **Out-of-Province Claims**

Out-of-Province claims include four separate cases:

1. When a Canadian resident from another province (except Quebec) receives medical care in B.C., MSP will pay the B.C. physician at the B.C. fee rates. The Ministry of Health will pay the B.C. hospital. The patient's home province/ territory will then reimburse B.C. for insured physician and hospital services under the provincial reciprocal payment agreements.
2. When a B.C. resident receives physician services in another province/territory (except Quebec), the physician is paid by the appropriate agency in the providing province/territory, at the fee rates in the providing province. The province/territory will then bill B.C. for the insured medical services that are eligible for payment under reciprocal payment agreements.
3. As in (2), but when a B.C. patient personally pays for services received in Quebec or in

another province, MSP will reimburse the patient for the insured medical services when services are provided by a licensed physician. MSP will pay the out-of-province physician directly or reimburse the B.C. patient at the B.C. or Quebec provincial fee rates.

4. When a B.C. resident receives emergency medical care outside Canada, MSP will reimburse the B.C. resident or the out-of-country provider for the physician services at B.C. fee rates. B.C. will pay the hospital in-patient care up to a maximum CAD\$75.00 per diem.

**Registrant**

Person enrolled with MSP.

**Retroactive Payment**

Payment made for services rendered in the past. Usually this refers to payment for retroactive fee increases (from negotiated agreements) on services rendered in previous fiscal years.

**Rural Retention Program (RRP)**

Premium paid to an approved practitioner who provides services in an isolated area. The RRP varies according to the degree of isolation of the community.

**Tray Fee**

Tray fees are paid in addition to the fee paid for the service and are only applicable when the costs are actually incurred by the physician; it is not applicable when the service is performed in a funded facility. A list of eligible procedures for which tray fees are covered is provided in the Medical Services Commission Payment Schedule:

<http://www2.gov.bc.ca/gov/content/health/practitioner-professional-resources/msp/physicians/payment-schedules/msc-payment-schedule>
