GLOSSARY 122

Preface

The *Medical Services Plan (MSP) Information Resource Manual 2022/2023* is produced by the Health Sector Information, Analysis and Reporting Division. It provides a reference for some of the most frequently asked questions about MSP data including practitioner, patient and registrant fee-for-service statistics.

Related publications on MSP data are the *MSP Fee-For-Service Payment Analysis 2018/2019 - 2022/2023* and the *MSP Physician Resource Report 2013/2014 - 2022/2023*.

All three reports can be found online at this address under *Fee-for-Service Payment Statistics*:
<http://www2.gov.bc.ca/gov/content/health/practitioner-professional-resources/msp/publications>.

Questions, comments or suggestions regarding this report may be directed to
MOHanalytics@gov.bc.ca.

Introduction

Under the authority of the *Medicare Protection Act*, the Medical Services Commission administers MSP. MSP insures registrants for medically required services provided by general practitioners, specialists and other health practitioners. MSP pays practitioners on a fee-for-service and on an alternative payment basis.

The Information Resource Manual contains statistics based on fee-for-service payments made to British Columbia practitioners by MSP for services provided to MSP registrants.

The manual is arranged in four major sections:

- A. **British Columbia Geographic Health Groupings:** contains maps and a listing of health authorities, health service delivery areas (HSDA), and local health areas (LHA); the relationship between health authority, HSDA and LHA is demonstrated in this section.
- B. **Practitioner Data:** presents data on expenditure and paid services by specialty, service code and geographic area.
- C. **Registrant & Patient Data:** presents data on expenditure and services provided with breakdowns by patient gender/age and geographical area.
- D. **Family Practice Services Committee Initiatives & Specialist Services Committee Initiatives:** presents data on expenditure and services for practitioner initiatives by specialty.

The Methodology section that precedes sections A to D outlines general data inclusions and exclusions that apply throughout the manual. Additional methodology details are provided at the beginning of sections A, B, C and D.

A glossary has been provided at the end of the manual to explain terms used in the publication. Readers are encouraged to refer to the glossary to ensure accurate interpretation of the statistics presented.

This publication is prepared using specific criteria and therefore may not reconcile with other Ministry of Health documents such as the Medical Services Commission Financial Statements.

To maintain confidentiality, the information given does not disclose personally identifiable data.

Methodology

The data used to generate statistics in this manual include MSP fee-for-service payments made to general practitioners, specialists and other health practitioners for insured services provided to MSP registrants. Only services performed in a given fiscal year (April 1st to March 31st) and paid on or before September 30th of the following fiscal year are included.

The general data inclusions and exclusions applied throughout the manual are listed below. Additional methodology details are provided at the beginning of sections A, B, C and D.

General Data Inclusions

- Expenditures paid for by MSP, including the adjudicated fee schedule amount, retroactive payments, rural retention program payments, business cost premium amount and tray fees
- Expenditures paid to physicians for services referred by registered midwives or nurse practitioners
- Expenditures for Family Practice Services Committee initiatives and Specialist Services Committee initiatives

General Data Exclusions

- Interest on late payment of claims
- Services associated with the following service codes as these are charges in addition to the principal fee:
 - 09 - Visit Premiums*
 - 19 - No Charge Referral
 - 49 - Procedural Premiums*
 - 71 - Tray Fees*
- Alternative payments made for contract, salaried, session and other services
- Payments for services performed out of province

* Billings are included in the Total Expenditure statistic but are not counted as services to avoid double counting of services.

A. British Columbia Health Boundaries

British Columbia (B.C.) is divided into five regional health authorities that are responsible for planning and delivering health care services within their geographic areas:

1. Interior Health Authority
2. Fraser Health Authority
3. Vancouver Coastal Health Authority
4. Vancouver Island Health Authority
5. Northern Health Authority

Each health authority consists of three or four Health Service Delivery Areas (HSDAs). There are 16 HSDAs in total. The HSDAs are further divided into 89 Local Health Areas (LHAs).

B.C. has two other health authorities that are not defined by geographic boundaries.

The Provincial Health Services Authority is responsible for governing and administering provincial programs and highly specialized services, such as those delivered by the Children's and Women's Health Centre, the B.C. Cancer Agency and the B.C. Transplant Society.

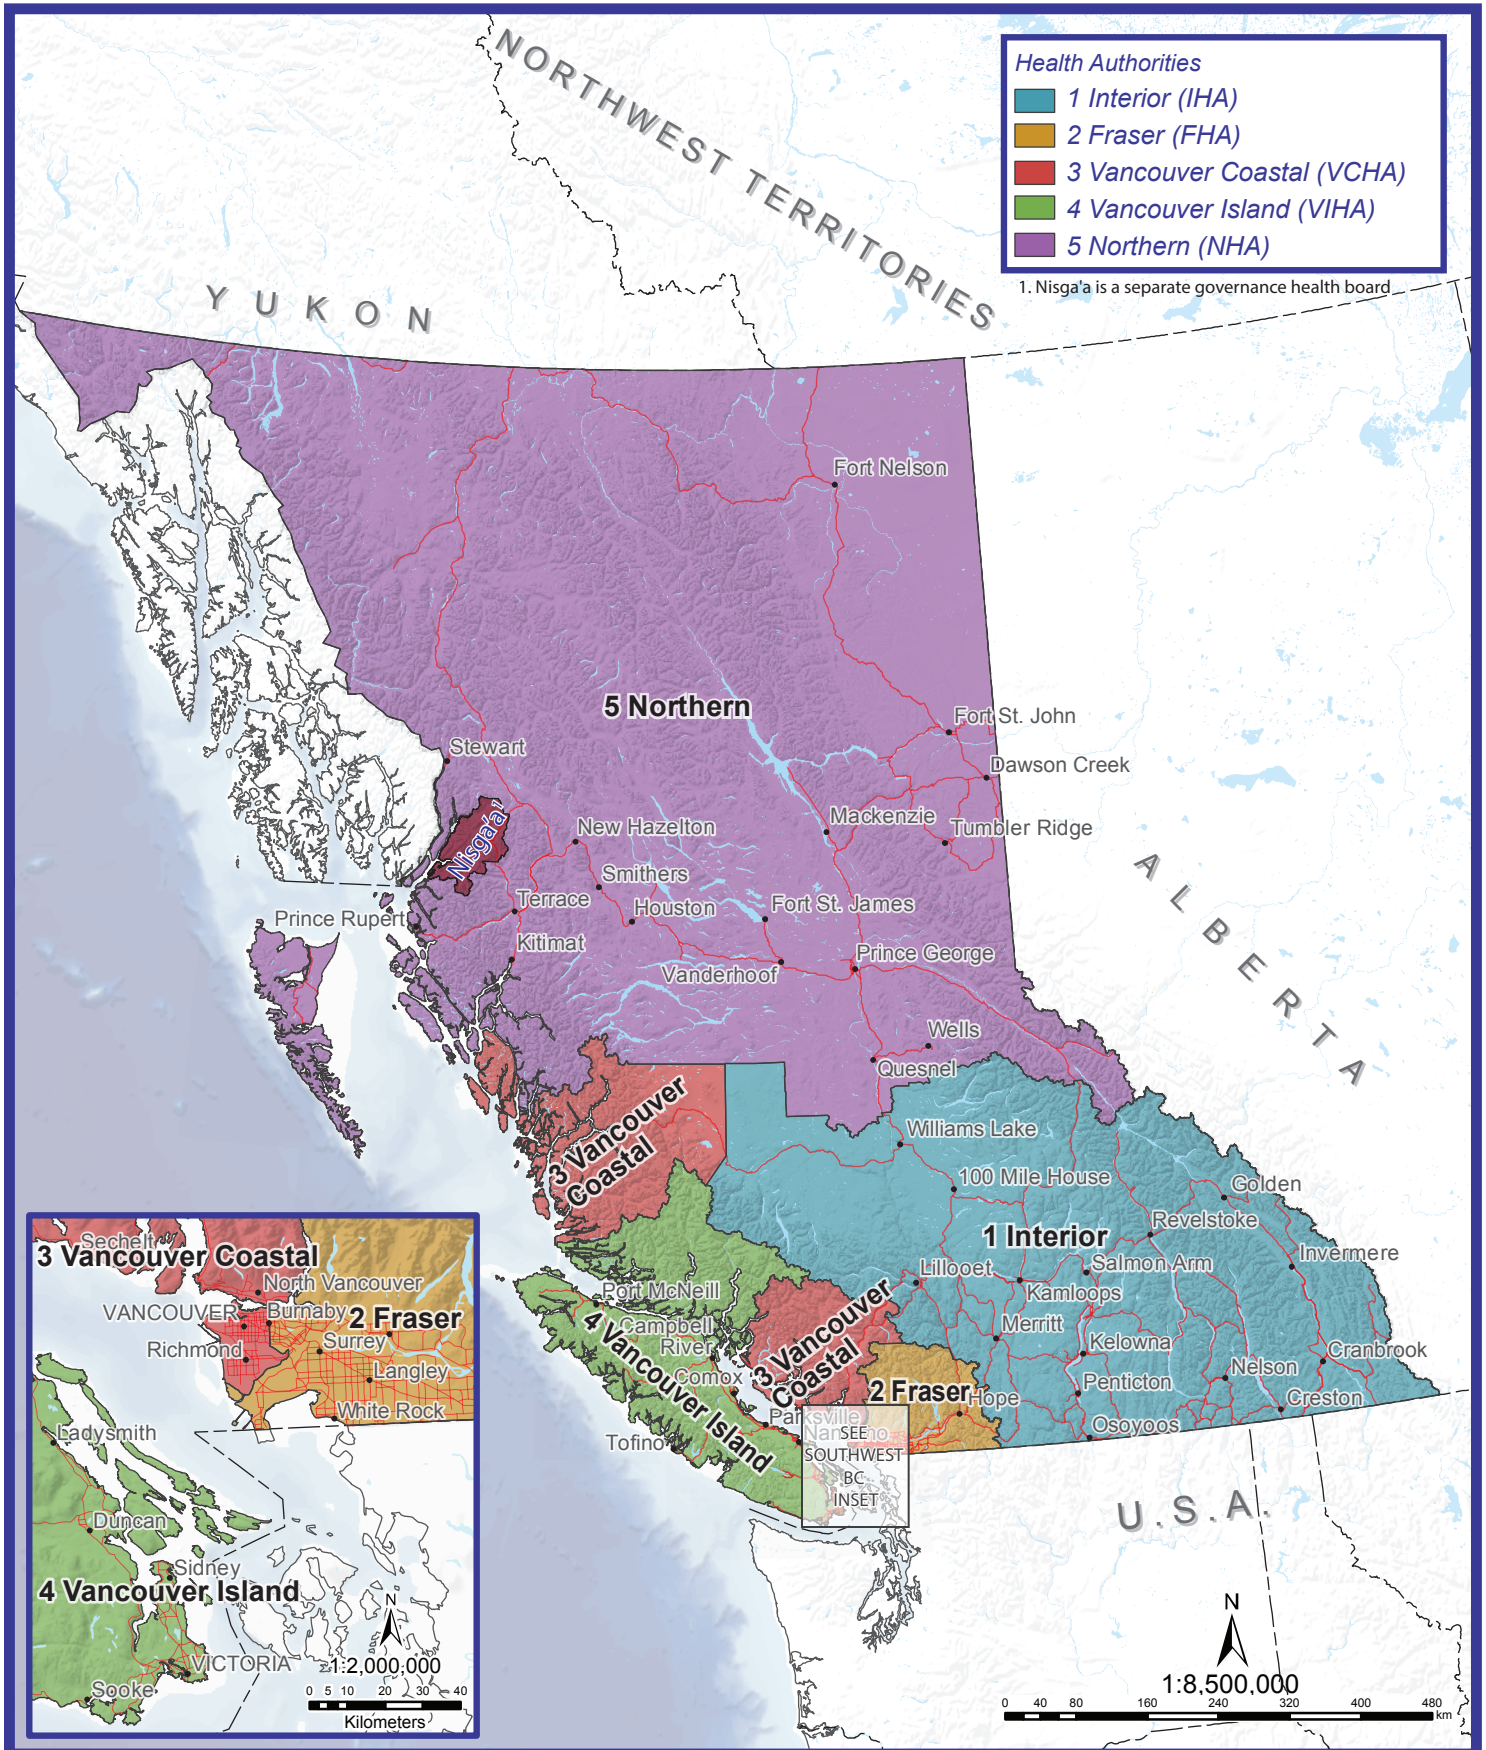

The First Nations Health Authority is responsible for the programs and services formerly managed by Health Canada's First Nations Inuit Health Branch – Pacific Region.

Only data for the five regional health authorities are reported in this manual. Health authority, HSDA and LHA maps can be found on the following pages.

More information on B.C.'s health authorities can be found here:

<http://www2.gov.bc.ca/gov/content/health/about-bc-s-health-care-system/partners/health-authorities>.

- 532 Peace River North
- 533 Fort Nelson

* Nisga'a is a separate governance health board.

B. Practitioner Data

The following tables include statistics on practitioners who provide services insured by MSP. The tables comprise data on expenditure and paid services by specialty, service code and geographic area.

The following criteria are applied in addition to those listed in the Methodology section.

Practitioner Counts

Practitioners are counted only once per fiscal year using the following conditions:

- Practitioners must be registered with MSP
- Practitioners must have expenditure total greater than 0 (zero) dollars in the fiscal year
- Each practitioner is assigned to one LHA using the following logic. Practitioner claims received over the fiscal year are each assigned to LHAs based on the practitioner mailing address for each claim. The practitioner is assigned to the one LHA that is associated with the most payments made in the fiscal year.
- Practitioners with unknown postal codes or with postal codes that do not map to a LHA are assigned to “LHA Unknown,” “HSDA Unknown” or “HA Unknown” where appropriate
- Practitioners are assigned one specialty for each fiscal year using their Most Recent Specialty

Practitioner Specialty

B.C. does not have many practitioners who bill fee-for-service and specialize in Public Health, Occupational Medicine, Osteopathy, Pain Medicine or Radiation Oncology. They have been grouped with other specialties for the purposes of analytical reporting as follows:

- Public Health (21) and Occupational Medicine (23) are grouped with Family Medicine (00)
- Osteopathy (34) is grouped with Chiropractor (30)
- Pain Medicine (54) is grouped with Anaesthesia (18)
- Radiation Oncology (55) is grouped with Radiology (16)
- FP – Anesthesia (50) and FP - Emergency Medicine (76) are recent additions to the medical specialties and some physicians who would have appeared under Family Medicine (00) in previous years are now under these specialties.

Population

Population figures are from the PEOPLE 2022 Estimates and Projections produced by BC Stats.

C. Registrant & Patient Data

The following tables include statistics for MSP registrants and patients. Registrants are B.C. residents who are registered with MSP. Patients are registrants who received fee-for-service services covered by MSP during the fiscal year. The analysis includes counts by age group, gender and geographic area. Additional analysis of B.C. patients examines expenditure and services provided.

The following criteria are applied in addition to those listed in the Methodology section.

Registrant Counts

Registrants are counted once per fiscal year using the following criteria:

- Registrants must have at least one day of MSP coverage within a fiscal year
- Registrants with unknown gender and age are redistributed into gender categories and age groups based on the breakdown of the registrants with known gender and age

Patient Counts

Patients are counted once per fiscal year using the following criteria:

- Patients must be registered with MSP
- Patients must have received services from practitioners registered with MSP
- Patients must have received services with total payments to practitioners greater than 0 (zero) dollars within the fiscal year
- Patients are assigned to the LHA where payments for most services were received in the fiscal year. The patient's address is used as a proxy for location
- Patients with unknown LHA are assigned to "LHA Unknown," "HSDA Unknown" or "HA Unknown" where appropriate
- Patients are assigned to one age group and gender per fiscal year based on their age group and gender with the highest total payments
- Patients with unknown gender and age are redistributed into gender categories and age groups based on the breakdown of the patients with known gender and age

Specialty

The term *specialty*, used in Tables 11-1 to 11-3 and 16-1 to 16-3, is the practitioner's specialty and is associated with a specialty code on the processed claim.

Family Practice Services Committee Initiatives

<http://www.fpsc.bc.ca/>

The Family Practice Services Committee (formerly General Practice Services Committee GPSC) developed the Family Practice Incentive Program to encourage coordinated, longitudinal care in such areas as chronic disease management, maternity care, mental health and care for the frail and elderly. These initiatives include:

- A GP for Me Initiative, also known as the Attachment Initiative
- Chronic Disease Management Incentives:
 - Diabetes
 - Congestive Heart Failure
 - Chronic Obstructive Pulmonary Disease
 - Hypertension
- Complex Care Initiative
- Patient Conferencing Fee Initiative
- Maternity Network Initiative
- Mental Health Initiative
- Palliative Care Initiative
- In-Patient Care Initiative

Specialist Services Committee Initiatives

<http://www.sscbc.ca/>

The Specialist Services Committee implemented initiatives to increase specialists' capacity, improve patient access to specialists' expertise and improve the coordination of patient care. These initiatives include:

- Advance Care Planning
- Discharge Care Plan for Complex Patients Fee
- Group Medical Visits
- Multidisciplinary Conferencing for Complex Patients
- Patient Follow-up Fees
- Specialist Advice Fees
- Specialist Services Committee Labour Market Adjustment Fees

Table 18-1**General Practice Services Committee (GPSC) Initiatives, Services and Expenditure
British Columbia, 2018/2019 to 2022/2023**

Glossary

Alternative Payments

Funding of physician services by non fee-for-service modes, e.g. salary, session and service contracts.

Business Cost Premium Amount

Business Cost Premium Amount is a percentage premium paid on a basket of eligible fees to compensate physicians practicing in community-based offices where they are responsible for the lease, rental or other overhead costs of the office.

Expenditure

Includes adjudicated fee schedule amount, retroactive payments, rural retention program payments and tray fees.

Fee-for-Service

Funding method where payment is made for each service rendered.

Fee Item

Code/description used to identify services provided by a practitioner. Each fee item has an associated "fee" that is paid to the practitioner for providing the service.

Fiscal Year

The B.C. government fiscal year is from April 1 to March 31.

Health Authorities

There are five regional health authorities, one provincial health authority, and one First Nations health authority. Each regional health authority covers several Health Service Delivery Areas (HSDAs).

Health Service Delivery Areas

Each Health Service Delivery Area consists of several Local Health Areas (LHAs).

Interest

Interest is paid on payments made more than 90 days after the claim is submitted.

Local Health Area (LHA)

Geographic grouping that aggregates to the HSDA level. Each LHA resides in one HSDA and one HA.

Medical Practitioners

Practitioners registered with the B.C. College of Physicians and Surgeons to practice in B.C.

Medical Services

Medically required services provided by general practitioners and specialists, including laboratory services and diagnostic procedures.

Most Recent Specialty

A practitioner's most recent specialty is the specialty with the latest date of MSP registration. If the registration dates match, then the specialty with the highest numeric value is used.

Other Health Practitioners

Practitioners who provide services insured through MSP Supplementary Benefits program or the Midwifery program and who are approved for licensure by their respective Colleges/Associations.

Out-of-Province Claims

Out-of-Province claims include four separate cases:

1. When a Canadian resident from another province (except Quebec) receives medical care in B.C., MSP will pay the B.C. physician at the B.C. fee rates. The Ministry of Health will pay the B.C. hospital. The patient's home province/ territory will then reimburse B.C. for insured physician and hospital services under the provincial reciprocal payment agreements.
2. When a B.C. resident receives physician services in another province/territory (except Quebec), the physician is paid by the appropriate agency in the providing province/territory, at the fee rates in the providing province. The province/territory will then bill B.C. for the insured medical services that are eligible for payment under reciprocal payment agreements.
3. As in (2), but when a B.C. patient personally pays for services received in Quebec or in another province, MSP will reimburse the patient for the insured medical services when services are provided by a licensed physician. MSP will pay the out-of-province physician directly or reimburse the B.C. patient at the B.C. or Quebec provincial fee rates.
4. When a B.C. resident receives emergency medical care outside Canada, MSP will reimburse the B.C. resident or the out-of-country provider for the physician services at B.C. fee rates. B.C. will pay the hospital in-patient care up to a maximum CAD\$75.00 per diem.

PEOPLE 2022 Estimates and Projections

Measures of the historical and current populations and a forecast of future population growth in B.C. These statistics are prepared by BC Stats.

Population

Number of persons residing in a geographic region. Population estimates used in this report are sourced by BC Stats.

Practitioners

Clinical health providers, including family medicine physicians, specialist physicians, and other health practitioners such as naturopaths, orthodontists and midwives. See *Specialty, Medicine* and *Specialty, Other Health Practitioners* below for a list of practitioner categories.

Registrant

Person registered with MSP.

Retroactive Payment

Payment made for services rendered in the past. Usually this refers to payment for retroactive fee increases (from negotiated agreements) on services rendered in previous fiscal years.

Rural Retention Program (RRP)

Premium paid to an approved practitioner who provides services in an isolated area. The RRP varies according to the degree of isolation of the community.

Service Code

Grouping of services provided by practitioners. Each service code is associated with one or more fee item. Each fee item is associated with only one service code.

Specialty, Medical

Categories of physician care, including family medicine and specializations, and their codes.

Code	Description	Code	Description
00	Family Practice	26	Cardiology
01	Dermatology	28	Emergency Medicine
02	Neurology	29	Medical Microbiology

- ** Effective June 30, 2016.
 *** Effective July 1, 2018.
 **** Effective July 1, 2019.
 ***** Effective November 1, 2020.

Specialty, Other Health Practitioners

Categories of other health practitioners and their codes.

Code	Description	Code	Description
30	Chiropractors	39	Optometrists
31	Naturopaths	40	Dental Surgeons
32	Physical Therapy	41	Oral Medicine
34	Osteopathy	42	Orthodontists
36	Paediatric Dentist	43	Massage Practitioners
37	Oral Surgeons	68	Acupuncture
38	Podiatrists	80	Midwives

Specialists

Medical practitioners with specialties other than Family Medicine. For analytical purposes, Public Health physicians and Occupational Medicine physicians are grouped with General Practice in this report.

Tray Fee

Tray fees are paid in addition to the fee paid for the service and are only applicable when the costs are actually incurred by the physician; it is not applicable when the service is performed in a funded facility. A list of eligible procedures for which tray fees are covered is provided in the Medical Services Commission Payment Schedule:

<http://www2.gov.bc.ca/gov/content/health/practitioner-professional-resources/msp/physicians/payment-schedules/msc-payment-schedule>.
