

**Recruitment Contingency Fund
(RCF)
Policy**

Ministry of Health

Revised October 2018

Chapter:	Recruitment Contingency Fund (RCF)	Page:	2 of 7
Section: 1	General	Effective:	October 2018

1.1 Description

The Rural Recruitment Contingency Fund (RCF) is intended to provide additional assistance to eligible communities/physicians covered by the Rural Practice Subsidiary Agreement (RSA) with recruiting expenses, where the difficulty in filling a vacancy is or is expected to be especially severe and where the failure to fill the vacancy in a timely manner would have a significant impact on the delivery of medical care required by the physician supply plan.

1.2 Guidelines:

Grants of up to \$25,000 per position may be obtained from the Rural Recruitment Contingency Fund. These grants may only be used to:

- (i) help defray additional recruiting expenses that may be incurred, and /or
- (ii) increase the rural recruitment incentive amount payable to recruited physicians

Health Authorities may claim up to \$10,000 for the following:

- Maximum three candidate visits (one per candidate) to the community per vacancy. Maximum allowable expenses per visit \$3,500.00, (including spouse but not children). Expenses include travel, food and accommodation and one dinner with community physicians. Community physician dinner maximum is \$50 per person, no alcohol, to a maximum of \$750 per visit (15 guests).
- Advertising: \$5,000 maximum per vacancy. Note: Positions must be advertised through Health Match BC (HMBC) in order to receive funding for other journal or web-based advertising. Up to two advertisements may be placed in relevant journals or on-line and qualify for reimbursement. Health Match BC offers discounted rates for ads in CMAJ and BCMJ.

Physicians filling vacancies in the health authority physician supply plan may receive a relocation stipend of up to \$15,000. This will be paid as follows:

- \$15,000 to physicians relocating from outside of Canada
- \$12,000 to physicians relocating from outside of BC, but within Canada
- \$9,000 to physicians relocating within BC

Section: 1 General

Effective: October 2018

Funding under this program may not be applied to recruit physicians from any other RSA communities. If such a situation occurs, any monies must be repaid to the RCF.

Conferences, recruitment fairs and association/professional meetings are not eligible for funding. As well, recruitment activities that are financially supported by government through Health Match BC are not eligible for funding.

Section: 3 Community and Physician Eligibility

Effective: October 2018

3.1 Community Eligibility

Communities under the Rural Practice Subsidiary Agreement (RSA) are eligible for the RCF provided that there is a vacant position in the Physician Supply Plan.

3.2 Physician Eligibility

Physicians recruited to a RSA community to fill a vacancy in the Physician Supply Plan may be eligible to receive the RCF relocation stipend. Physicians must be recruited from outside of eligible RSA communities and must have received a Recruitment Incentive benefit.

In November, 2011, the JSC agreed to provide recruitment contingency benefits to any medical school resident who transitions to full time practice, filling a vacancy in the physicians supply plan in an eligible rural community.

A physician receiving this benefit is obligated to repay the amount in full if he or she leaves the community less than one year after commencing work.

If a physician has already received a recruitment payment for relocation expenses for moving to an eligible RSA community and subsequently left that RSA community, they are eligible to receive the relocation stipend for recruitment to a different RSA community once they have been gone from the original community for a minimum of 2 years. The physician may not have been recruited from a RSA community.

4.1 Application Process

Applications for this funding are administered by Rural Practice Programs, Physician Services Branch, Ministry of Health, on behalf of the JSC.

A physician (or group of physicians), or Health Authorities (HA's) on behalf of physicians may apply for a grant from the fund to support their recruitment expenditure plans. Applications must provide an explanation of why the money is needed, a specific plan of how it will be spent and include the following information (see appendix A):

- (a) A copy of the Health Authority's (HA) physician resource plans must be submitted showing the vacancy for which this additional recruiting support is being requested.
(b) A written description by the Health Authority must be attached clearly articulating how the recruitment of this position fits with the Health Authority's objectives and health care delivery priorities in accordance with their approved Physician Supply and Health Service Plans.
(c) For recruitment of specialists, a specific impact analysis must also be prepared and submitted by the Health Authority as part of the application for funding.

5.1 Payment

The Health Authority must submit an application outlining their request and what the funds were used for. Upon receipt and approval of the application, the funds are released to the Health Authority for appropriate distribution.

Health authorities must notify the Ministry of Health of any physicians who do not fulfill the one year commitment.
