1.2 A reference to a provision in this Contract is a reference to the main body of the Contract, Schedule 1 (Practice Ready Assessment-BC Process), and the Approved Addendum, unless otherwise specified or the context requires otherwise.

Article 2 Participation

2.1 The Participant will participate in the Practice Ready Assessment-BC Program and complete the Return of Service, subject to the terms of this Contract.

PRA-BC Physician Return of Service

2.2 As confirmed by the Practice Ready Assessment-BC Program, the Participant must meet all competencies required for certification by the College and the College of Family Physicians of Canada, which includes basic competency in emergency medicine.

Article 3 Program Costs

3.1 The Province funds the Health Employers Association of BC for the costs of the Participant's Practice Ready Assessment-BC Program position. The cost to the Province to fund the Participant's Practice Ready Assessment-BC Program position is approximately \$90,000.

Article 4 Repayment on Termination

4.1 If the Province terminates this Contract for any reason before the Participant has completed the Practice Ready Assessment-BC Program and the Return of Service Term (including due to the Participant breaching the Return of Service or other obligations under the Contract), the Participant must pay the Repayment Amount to the Province.

4.2 The Repayment Amount is the amount set out in the column in the table below that corresponds to the timing of the Participant's breach of the Contract that gives rise to termination of the Contract:

	Timing of breach (e.g. under Section 9.1)	Repayment Amount
A	Upon signature of this Contract until the start of the Participant's first day of Centralized Orientation. Explanation: Estimate of cost of the Practice Ready Assessment-BC Program, plus Compound Interest.	\$90,000 <u>plus</u> Compound Interest calculated starting on the first day of Centralized Orientation
B	Between the Participant's first day of Centralized Orientation and completion of the Return of Service Term in full.	\$402,000 <u>plus</u> Compound Interest for \$90,000 of the \$402,000

PRA-BC Physician Return of Service

	Explanation: Estimate of costs of the Practice Ready Assessment-BC Program and liquidated damages in relation to direct and indirect costs to the Province associated with the Participant's breach of Contract, plus Compound Interest. The Repayment Amount is not pro-rated based on partial completion of the Return of Service Term.	calculated starting on the first day of Centralized Orientation, <u>plus</u> Compound Interest for the remaining \$312,000 calculated starting on the date the Participant first breaches the Contract
--	---	--

(collectively the "**Repayment Amount**")

4.3 The Parties agree that the Repayment Amount is a reasonable estimate and determination of the Practice Ready Assessment-BC Program costs and liquidated damages in relation to the Province's direct or indirect costs (if applicable) that the Province will suffer in the event that the Contract is terminated before the Participant has completed the Return of Service in full, recognizing that:

- (a) the Province will incur approximately \$90,000 in costs to fund the Participant's Practice Ready Assessment-BC Program position, as set out in Section 3.1; and
- (b) a reasonable estimate of damages for the purposes of this Contract is \$312,000, which is the rate of the New to Practice contract annual year one base rate for a full-time equivalent Family Medicine physician in British Columbia during fiscal year 2024/25. If the Return of Service is not completed in full, a service gap is created. Due to the Practice Ready Assessment-BC Program timeframe, it takes approximately one (1) year to fill a Return of Service vacancy in British Columbia. These damages are difficult to quantify, but the Province will directly and indirectly incur additional costs that may greatly exceed the estimated amount of damages, including relating to:
 - (i) the long-term impact of reduced access to primary health care services (e.g. less early detection, reduced patient management, delayed services, and related administration – resulting in worse and more costly patient outcomes); and

PRA-BC Physician Return of Service

- (ii) provision of comparable services in the Placement or Community of Need (e.g. locum physicians, ambulance costs, emergency care, reimbursement for patient travel, the use of specialists for care that would otherwise be provided by a family physician) to fill the gap in services.
- 4.4 Within thirty (30) days following termination of the Contract, the Participant will pay to the Province the Repayment Amount in full. The Repayment Amount is a “government claim” and debt due to the government as defined or set out in the *Financial Administration Act*.
- 4.5 If the Participant fails to pay the full Repayment Amount within thirty (30) days under Section 4.4, Compound Interest will accrue in accordance with the *Financial Administration Act* (including the Interest on Overdue Accounts Receivable Regulation), and the Province may set-off the Repayment Amount from any monies the Province or Medical Services Commission owes the Practitioner and/or refer the matter to any other person or entity for the purpose of collection.
- 4.6 Notwithstanding Section 4.1 above, if the Province terminates the Contract because the Participant is not eligible to begin the Clinical Field Assessment or fails the Clinical Field Assessment, the Province may notify the Participant with its Notice of termination that the Participant is only required to pay an amount that is less than the Repayment Amount (including \$0).

Article 5 Return of Service

- 5.1 Upon successful completion of the Clinical Field Assessment, the Participant must practise medicine on a Full-Time Basis in the clinical discipline for which the Participant has been trained and licensed for and in accordance with this Contract, including pursuant to the Approved Addendum.
- 5.2 The Participant must provide a continuous Return of Service:
 - (a) for three (3) years on a Full-Time Basis; or

PRA-BC Physician Return of Service

- (b) if the Participant requires accommodation for providing services on less than a Full-Time Basis, or requires an extended leave from practising medicine, the Participant may request an accommodation from the Province and – if the Province in its sole discretion grants an approval in writing – the duration of the Return of Service will be increased to a period that is equivalent of three (3) years of service on a Full-Time Basis.

(collectively the “**Return of Service Term**”)

- 5.3 The Participant must fulfill their Return of Service in the Health Authority, Community of Need and Placement as determined by the match process through Health Employers Association of BC and as set out in the Approved Addendum.
- 5.4 The Participant must follow the process that is set out in Schedule 1 (Practice Ready Assessment-BC Process), or as otherwise directed by the Province from time to time under Section 11.2.
- 5.5 The Participant’s Return of Service Term will commence on a date agreed to by the Participant and the Health Authority, except that it must commence no later than three (3) months from the completion date of the Participant’s Clinical Field Assessment.
- 5.6 The Participant will provide the Health Authority with a copy of the executed Offer Letter prior to the commencement of the Centralized Orientation. In the event that the Participant enters into a practice agreement in relation to the Return of Service, the Participant will provide the Health Authority with a copy of the completed practice agreement. Further, the Participant will promptly disclose to the Health Authority any amendments to the Offer Letter or such practice agreements made during the term of the Contract. In the event of any conflict between the Offer Letter or practice agreement and this Contract, this Contract will prevail.
- 5.7 Where the Participant’s placement under Section 5.3 is no longer practicable, the Participant must:
 - (a) continue to liaise with the Health Authority and Province, and take steps the Province reasonably requires, in furtherance of the Participant securing a Placement and executing a Return of Service Addendum;

- (b) continue to take any steps necessary to promptly execute a Return of Service Addendum for a Placement opportunity identified by the Health Authority in a Community of Need, and comply with directions from the Health Authority and Province in furtherance of securing a Placement and executing a Return of Service Addendum;
- (c) keep the Province fully informed of all efforts and steps taken in securing a Placement and executing a Return of Service Addendum; and
- (d) provide information, or take reasonable steps, in furtherance of enabling the Province to decide whether an executed Return of Service Addendum should be an Approved Addendum.

5.8 If the Participant's Placement under Section 5.3 is no longer practicable or the Participant does not secure a Placement in accordance with Section 5.7, the Province may notify the Participant of a Placement that the Province (in its sole discretion) considers to be reasonable. If the Participant fails to execute and deliver to the Province an executed Addendum for that Placement within thirty (30) days of the Placement notification, then the Participant will be in breach of Section 9.1(h) of this Contract.

Article 6 Participant Representations and Warranties

- 6.1 As of the date of first signing this Contract, the Participant warrants and represents to the Province that:
- (a) the Participant has every intention to complete the Return of Service for the entire Return of Service Term, including if the Participant's Placement is not in their preferred community or geographical area of British Columbia;
 - (b) the Participant has, with all reasonable diligence, considered all existing or foreseeable circumstances of the Participant and their immediate family, and knows of no circumstances that would preclude the Participant from fulfilling their Return of Service obligation, including that the Participant has no knowledge of any material fact or matter that might prevent the Participant from relocating to a Community of Need or otherwise completing the Return of Service in full as contemplated by this Contract; and

PRA-BC Physician Return of Service

- (c) the Participant intends to follow all processes, act in accordance with all expectations set out in this Contract (including Schedule 1 (Practice Ready Assessment-BC Process)), and sign the Return of Service Addendum.
- 6.2 All of the foregoing warranties and representations are material and have been relied upon by the Province in entering into this Contract, and in providing funding in relation to the Participant's Practice Ready Assessment-BC Program.
- 6.3 The Participant may notify the Province if an exceptional circumstance arises that may prevent the Participant from fulfilling the Return of Service terms, including from rendering services in the required location. If such Notice is provided, the Province will consider the exceptional circumstance in the context of the Participant's Return of Service obligations and will determine, in its sole and absolute discretion, whether to approve an amendment to the Contract terms.

The Participant must make all efforts to obtain a Provisional Certificate of Registration from the College no later than three (3) months from the completion date of the Participant's Clinical Field Assessment.
- 8.3 Upon receipt of a Provisional Certificate of Registration from the College, the Participant must provide a copy to the Health Authority.

- 8.4 The Participant must apply for and obtain appointment to the medical staff of the Health Authority with clinical privileges appropriate to the Participant's Placement, in accordance with the appointment criteria and processes of the Health Authority.

- (a) does not begin the Centralized Orientation;
 - (b) begins but does not complete the Centralized Orientation;
 - (c) does not begin the Clinical Field Assessment;
 - (d) begins but does not complete the Clinical Field Assessment;
 - (e) does not comply with the process as detailed in Section 5.4 of this Contract (*i.e.* ordinarily Schedule 1 (Practice Ready Assessment-BC Process));

10.2 The Participant must provide prompt Notice to the Province of extended leave, including but not limited to parental leave or medical leave, or any delay that may impact or extend the completion date of the Participant's Practice Ready Assessment-BC Program or Return of Service obligation.

10.3 The Province, in the course of management and oversight of the program and this Contract, will utilize billing, payment, and encounter data to validate and assess hours, locations, and services delivered and may use that data, in

- 10.5 The Participant acknowledges that the Province may notify the College where the Participant fails to comply with any material term of this Contract, and that the Province may request that the College include information from such notification in the certificate of professional conduct issued for the Participant.

Article 11 Amendments

- 11.1 This Contract will not be amended, except by written agreement between the Province and the Participant.
