- 2.1. The Participant shall participate in the Practice Ready Assessment-BC Program and will complete the Return of Service, subject to the terms of this Contract.

Article 3 Program Costs

- 3.1 The Province will pay the costs of the Participant's that are short-listed by the PRA-BC Applicant and Clinic Executive Selection Committee and enrolled in the PRA-BC Program, including pre-screening, screening; assessor training and financial recognition; program management; centralized orientation; clinical field assessment direction; clinical field assessment; supervisor training and financial recognition; mentor training and financial recognition; communications; and evaluation.

Article 4 Repayment on Termination

- 4.1 In the event that this Contract is terminated for any reason, other than in accordance with Article 16.8, before the Participant has completed the Return of Service in full, the Participant will pay the Province the corresponding sum set out in the table below, plus any interest incurred on that amount from the date the Participant first signed this Contract (the “Repayment Amount”).

Initial here

Timing of Early Termination	Repayment Amount
Before Participant first commences a Clinical Field Assessment	\$78,000
On or after the date that Participant first commences a Clinical Field Assessment	\$323,000

- 4.2 The interest referred to in Article 4.1 will be at the prime rate as it is announced from time to time by the Canadian Imperial Bank of Commerce on Canadian dollar commercial loans.
- 4.3 The Parties agree that the Repayment Amount is a reasonable pre-estimation of the damages that the Province will suffer in the event that the Contract is terminated before the Participant has completed the Return of Service in full, recognizing that:
- (a) it will cost the Province approximately \$8,000 to administer the Participant’s placement in the community;
 - (b) it will cost the Province at least \$70,000 to fund the Participant’s placement in the Practice Ready Assessment-BC Program;
 - (c) a replacement Participant will be required for the Return of Service community in the event the Participant does not complete the Return of Service, in which case it will cost the Province at least \$78,000 to administer that replacement and to fund the replacement’s Practice Ready Assessment-BC Program enrolment;
 - (d) it takes approximately one year to fill a family practice vacancy in an average community of need in British Columbia and can take much longer in some communities. There will be added costs for the Province to ensure that comparable services are provided in the Return of Service community during this time period, and such costs are difficult to quantify; and
 - (e) by completing the Practice Ready Assessment-BC Program, the Participant will become eligible to practice medicine in British Columbia, and to bill the Medical Services Plan (MSP) for the provision of health services. If the Participant does not complete the Return of

Service in the identified Return of Service Community, the Participant will be in breach of this Agreement. Any health services that the Participant provides elsewhere in British Columbia in breach this Agreement, including any MSP billings in relation to those health services, will give rise to further damages, costs and expenses to the government, flowing from the Participant's breach of this Agreement. The Province has calculated that, in the 2017-18 fiscal year, the average annual MSP billings for a family practitioner in an average rural community of need is approximately \$245,000.

- 4.4 As of the date of first signing this Contract, the Participant warrants and represents to the Province, and acknowledges and confirms that the Province is relying upon such warranties and representations in entering into this Contract, that:
- (a) the Participant has every intention to complete the Return of Service in full and has no knowledge of any material fact or matter not disclosed to the Province that might prevent the Participant from completing the Return of Service in full as contemplated by this Agreement;
 - (b) the Participant accepts and acknowledges that the Province will suffer losses if the Practitioner does not complete the Return of Service in full; and
 - (c) the Participant accepts and acknowledges that the Repayment Amount is a reasonable pre-estimation of the losses that the Province will suffer if the Practitioner does not complete the Return of Service in full.
- 4.5 Within 30 days following the Contract termination referred to in Article 4.1, the Participant shall pay to the Province the Repayment Amount, including any interest, in full. If the Participant fails to pay the full amount owing by this date, the Province may refer the matter to any other person or entity, for the purpose of collection.
- 4.6 The Province may forgive some or all of the Repayment Amount, including any interest, if:
- (a) before completing the contractual obligations, the Participant dies or becomes gravely ill such that the Participant is no longer able to practice medicine, or
 - (b) the Participant fails to pass the Clinical Field Assessment after exhausting all available attempts.

Article 5 Return of Service

- 5.1 If Participant is not successful in the Clinical Field Assessment, Participant may reapply to the Practice Ready Assessment-BC Program for a second and final time, but only if:
- (a) the conditions for accredited professional development in the areas requiring remediation have been met, and
 - (b) Participant has not attempted another practice ready assessment elsewhere in Canada.
- 5.2 Upon successful completion of the Practice Ready Assessment-BC Program, the Participant shall practice medicine on a Full-Time Basis in the clinical discipline for which the Participant has been trained and licenced in Postgraduate Medical Education, according to the terms of the Return of Service Addendum.
- 5.3 The length of the Participant's Return of Service shall be **three years** of practice on a Full-Time Basis. In the event that the Participant becomes unable to practice on a Full-Time Basis during the Return of Service term for any reason, the running of the Return of Service term will be postponed until such time as the Participant resumes the practice of medicine on a Full-Time Basis.
- 5.4 The Province will determine the process by which the Participant is assigned to a Health Authority and Return of Service community. The Participant will follow this process as communicated by the Province to Participant.
- 5.5 The term of the Participant's Return of Service shall commence at a time agreed to by the Participant and the Health Authority, but in any event unless otherwise approved in writing by the Province the term will commence no later than three (3) months from the date on which the CPSBC issues to the Participant a Provisional Certificate of Registration as described at Article 7.1.
- 5.6 The Participant shall provide the Province with the executed Return of Service Addendum prior to the commencement of the Clinical Field Assessment.

Article 6 Change in Practice

- 6.1 The Participant shall not change the Participant's Medical Practice during the term of the Return of Service from that specified in Article 5.3 and in the Return of Service Addendum, except in accordance with Article 6.2.

- 6.2 Nothing in Article 6.1 prevents the Health Authority, with the approval of the Province, from approving changes to the Participant's Medical Practice or to revise the Addendum.

Article 7 Licenses and Qualifications

- 7.1 No later than one month after successfully completing the Practice Ready Assessment-BC Program, the Participant shall apply to the CPSBC for a Provisional Certificate of Registration and for any other documents necessary to practise medicine in British Columbia.
- 7.2 Immediately upon receipt of a Provisional Certificate of Registration, the Participant shall provide a copy of the Provisional Certificate of Registration to the Health Authority.
- 7.3 Nothing in this Contract, including the Addendum, shall in any way obligate the Health Authority to grant or renew the appointment of the Participant to its Medical Staff or the privileges of the Participant at a facility within the Health Authority.

Article 8 Breaches

- 8.1 In addition to any other provision in this Contract, and for greater certainty, the Participant shall be in breach of this Contract if the Participant:
- (a) Does not begin the Practice Ready Assessment-BC Program, in which case the Province may terminate the Contract on any day after the day that Participant was to have begun the Practice Ready Assessment-BC Program;
 - (b) Begins but does not complete the Practice Ready Assessment-BC Program, in which case the Province may terminate the Contract on any day after the day that the Participant last participated in the Practice Ready Assessment-BC Program;
 - (c) Has not applied for the necessary documents as required under subparagraph 7.1;
 - (d) Has not submitted to the Province an Addendum signed by the Health Authority, unless no Health Authority agrees to sign the Addendum so long as the candidate made every reasonable effort to conclude such an agreement;
 - (e) Does not begin to provide the Return of Service in accordance with the Addendum, in which case the Province may terminate the Contract on any day after the day that the Participant was to have begun the Return of Service;

- (f) Does not complete the full Return of Service term, in which case the Province may terminate the Contract on any day after the day that the Participant last returned service;
 - (g) Is no longer legally entitled to practise medicine in British Columbia, in which case the Province may terminate the Contract on any day after the day that the Participant is no longer legally entitled to practise medicine in British Columbia;
 - (h) Changes Participant's Medical Practice, except in accordance with Article 6.2;
 - (i) Fails to comply with any requirement in Article 5; or
 - (j) Fails to comply with the requirements contained in the Return of Service Addendum.
- 8.2 The Province may terminate this Contract by giving Notice in writing to the Participant if one or more of the following has occurred:
- (a) A breach of any term described in Article 8.1;
 - (b) Any other circumstance arises which in the opinion of the Province, acting reasonably, prevents the Participant from fulfilling the Return of Service obligations appropriately; or
 - (c) The Participant has breached any other term of this Contract.
- 8.3 For the purposes of Article 8.2, other circumstances may include, but are not limited to, revocation or restriction of the Participant's hospital privileges consistent with the applicable hospital by-laws respecting non-renewal for discipline, competency or wilful disobedience on the part of the Participant, where applicable, but not because of Health Authority need; criminal conviction of the Participant; or any suspension, revocation, or imposition of terms, conditions or limitations on the Participant's Provisional Certificate of Registration which is not covered by Article 8.1(g).
- 8.4 For the purposes of Article 8.2, the Contract terminates on the date set out in the Notice, or the date that the Notice is deemed to have been received under Article 15, whichever is later.

Article 9 Reporting

- 9.1 If the Province asks for information relating to this Contract, including but not limited to a report or documentation concerning the performance of the Participant's obligations, or a report or documentation concerning any

Article 11 Relationship of the Parties

Article 12 Enforceability and Severability

12.1 If a court or other lawful authority of competent jurisdiction declares any provision of this Contract invalid, illegal or unenforceable, this Contract shall continue in full force and effect with respect to all other provisions. All rights and remedies under such other provisions shall survive any such declaration.

Article 13 No Waiver Unless in Writing

13.1 No waiver of any breach of this Contract shall operate as a waiver of any similar subsequent breach or of the breach of any other provision of this Contract. No provision of this Contract shall be deemed to be waived and no breach excused unless such waiver or consent excusing the breach is in writing and signed by the party that is purporting to have given such waiver or consent. No delay or omission on the part of any party to this Contract shall operate as a waiver of any such right. No waiver or failure to enforce any provision of the Contract shall in any way affect the validity of the Contract or any part of it.

Article 14 Assignment or Transfer

14.1 Neither this Contract, nor any of the rights or obligations of the parties arising under this Contract, shall be transferable or assignable by any party to any third party without the prior written consent of the other party.
