I) BACKGROUND & CONTEXT

The Civil Forfeiture Crime Prevention and Remediation Grant program provides one-time funding to support crime prevention and remediation related projects. Funding is allocated to streams that align with government priority areas and streams are chosen on an annual basis. Funds are distributed by the Civil Forfeiture Office (CFO) in partnership with the Community Safety and Crime Prevention Branch of the Ministry of Public Safety and Solicitor General.

The Civil Forfeiture Office was established in 2006 with the purpose of removing the tools and proceeds of unlawful activity and returning a portion of these funds back to communities in B.C. Through the *Civil Forfeiture Act*, property can be forfeited where it has been proven that it has been acquired as a result of unlawful activity, or has been used for unlawful activity. Proceeds from the sale of assets (e.g., houses, cars, or boats) are paid into a special account which can be used for a number of specified purposes, including actions which support the prevention or remediation of crime.

II) APPLICATION PROCESS

Follow the steps below when applying for a 2017/18 Civil Forfeiture Crime Prevention and Remediation Grant.
