

Crime Prevention and Remediation Program Grants 2020-21

Stream	Applicant	Project Description	Grant Amount Approved	Community
Child and Youth Advocacy Centres	Big Bear Child & Youth Advocacy Centre (Society)	Big Bear CYAC Phase 2: This project will support Big Bear CYAC in completing Phase 1 of development; a coordinated & collaborative response in cases of child maltreatment for children & youth under 19. It will facilitate a multi-disciplinary team working together to enable a holistic approach and understand the child's needs in order to minimize gaps in services.	\$90,000	Kamloops
Child and Youth Advocacy Centres	Archway Society for Domestic Peace	Oak Child and Youth Advocacy Centre Project: This funding will support The Oak Child and Youth Advocacy Centre to provide skilled, wrap-around trauma-informed service to children and youth who have experienced crime. It will serve approximately 40 multi-disciplinary team members and 150 children and youth in the North Okanagan through the training of the multi-disciplinary team, provision of clinical supervision hours to the Advocates, maintaining the Advocate's full-time direct service hours and operating the Oak Centre facility. This funding will also support legal analysis and implementation of next steps required to enhance existing agreements and/or develop new approaches to facilitate CYACs' ability to share information among key partners when working collaboratively on a child abuse case.	\$120,000	Vernon, Armstrong, Enderby, Falkland, Lumby, Cherryville
Child and Youth Advocacy Centres	Child Advocacy Centre of Kelowna Society	Child Advocacy Centre of Kelowna: Child and Family Advocacy Program: This project will support the Child Advocacy Centre of Kelowna in providing an integrated response to child abuse, to improve access to resources and supports for victims, families and community agencies, to help prevent future instances of abuse by building awareness, and to help victims overcome the trauma they have experienced by building strength and resiliency. The Centre supports the holistic needs of children and youth ages 0-19, who are experiencing life challenges due to physical or sexual abuse, neglect, lack of sense of safety and protection, injustice and wellness issues.	\$90,000	Kelowna
Child and Youth Advocacy Centres	Kootenay Boundary Community Services Co-operative	Safe Kids & Youth (SKY) Coordinated Response: This project will provide a unique rural model designed to achieve the same benefits of a Child and Youth Advocacy Centre (CYAC). It will provide a seamless multi-disciplinary team response that helps reduce the potential for re-traumatization in young victims (up to 19 years old) of abuse and their non-offending parents/caregivers. T	\$90,000	Nelson, Castlegar, Trail, Salmo, Kaslo, Nakusp, Grand Forks, Midway
Child and Youth Advocacy Centres	The Centre for Child Development of the Lower Mainland	Sophie's Place Child & Youth Advocacy Centre: This project will allow Sophie's Place (SP) Child and Youth Advocacy Centre (CYAC) to provide a multi-disciplinary team (MDT) support for children and youth up to the age of 15 years who have experienced sexual and/or physical abuse through a Coordinator position that is essential for the day to day management of the CYAC so as to optimize the integration, cohesion, and healthy resilience of the MDT in undertaking trauma informed practice.	\$90,000	Surrey
Child and Youth Advocacy Centres	Maple Ridge- Pitt Meadows Community Services	Alisa's Wish CYAC: Building Capacity Proposal: This project will allow Alisa's Wish CYAC to provide a compassionate, integrated approach to the identification, investigation, prosecution and treatment of child abuse. It will provide a safe, comfortable, child-friendly setting through the Multidisciplinary Team of community service providers, facilitating rapid access to counselling and victim support; this coordinated program closes gaps in services; eliminates duplication of services and reduces systemic re-traumatization from retelling stories of abuse.	\$90,000	Maple Ridge
Child and Youth Advocacy Centres	Carrier Sekani Family Services	Child and Youth Advocacy Centre: This project will help reduce system trauma and re-victimization with a collaborative professional partner forming a Multi-Disciplinary Team response, and utilization of the CYAC Facilitator/Advocate in the Prince George area, with the flexibility of supporting the rest of the north, as needed or requested. The First Nations CYAC will serve children and youth, up to 18 years of age, effected by violence and abuse and who seek CYAC supports and services.	\$90,000	Prince George
Child and Youth Advocacy Centres	Treehouse Advocacy Centre Society Vancouver	The Treehouse Vancouver Child and Youth Advocacy Centre: This project will support the Treehouse Vancouver Child and Youth Advocacy Centre in providing a coordinated response of police, child protection, and victim services to complex cases where it is suspected that a child or youth has experienced abuse. The objective of the program is to mitigate system-induced trauma and increase the likelihood that the child or youth effectively heals from the trauma experienced.	\$90,000	Vancouver
Child and Youth Advocacy Centres	Child Abuse Prevention and Counselling Society of Greater Victoria	Victoria Child and Youth Advocacy Centre Operations: This project will support the continued development of the Victoria Child and Youth Advocacy Centre's (CYAC) capacity to support child and youth victims of abuse and maltreatment across lower Vancouver Island through evidence based interventions that facilitate the healing.	\$90,000	Greater Victoria

Crime Prevention	Take a Hike Youth at Risk Foundation	Take a Hike Program: This project will use the outdoors to engage at-risk youth ages 15-18 in school and the community and connect them with mental health supports. It will target youth who experience proven risk factors, including mental health challenges, substance use, health-harming coping strategies, and/or existing or previous involvement with crime. This primary and secondary crime prevention initiative will help at-risk or crime-involved youth to achieve increased social and academic success and improved resilience and pro-social skills that are needed to navigate young adulthood and avoid crime and gangs.	\$75,000	Vancouver, Burnaby, North Delta, West Kootenays, Nanaimo-Ladysmith
Crime Prevention	The Salvation Army	Renew Mental Health & Addictions Program: This project will support up to 75 youth and young adults in British Columbia who are involved in criminal activity, and are victims of human trafficking and exploitation. The program will include specialized trauma sensitive psycho-education in mental health and addictions care, registered clinical counseling, occupational therapeutic strategies, equine and expressive arts therapy. This project expects to see a decrease in survivors re-engaging with exploitation and crime as well as providing customized support for their unique needs.	\$75,000	Province-Wide
Crime Prevention	Kootenay Brain Injury Association	Mainstream Connection: This project will target individuals experiencing mental health problems and/or who have sustained an acquired brain injury who are currently involved in criminal activity or are "at-risk" of becoming involved in criminal activity. The program will serve 45 - 60 individuals in 5 different West Kootenay communities, providing a number of support such as one-to-one counselling, long-term group support, community reintegration and much more.	\$75,000	Castlegar
Crime Prevention	Pathways Addictions Resource Centre	Intensive Coordinated Care Opioid Navigator (ICCON): This project will deliver a set of mutually reinforcing initiatives that will further build and define a coordinated system of care for people struggling with Opioid Dependence. ICCON expects to intake 40 at risk-opioid use clients and provide the wrap around support they need to increase the necessary life-skills needed to reduce relapse, prevent overdose, and decrease involvement in criminal activity.	\$72,356	Penticton
Crime Prevention	John Howard Society of Victoria	KidStart Mentoring Program Enhancement Project: This project will provide free access to one-on-one mentorship programming for youth at-risk for engaging in criminal activity aged 6-18 in Victoria, BC. Mentors will provide ongoing empathy, consistency, positive role-modelling, and fun community-based activities for 3 hours every week, for one year or more, that aim to promote learning experiences, emotional well-being, and decrease criminality.	\$25,429	Victoria
Crime Prevention	Native Courtworker & Counselling Association of British Columbia	Out of Court Community Support Services Initiative: This project will serve as a crime prevention and community safety effort for Indigenous persons accused of a crime and residing in Williams Lake, who have received a bail or probation order, and who have been identified as being potentially high risk for re-offending. The initiative's objective is to address a critical gap in services by using a specialized Case Management Support Worker who can provide relevant, consistent support to help prevent Indigenous offenders from re-entering the justice system.	\$74,845	Williams Lake
Crime Prevention	Maple Ridge Pitt Meadows Community Services	Bridging the Gap (BTG): This project will address a need to support vulnerable youth with mental health challenges who are involved in, or are at-risk of becoming involved in, the criminal justice system and who have been identified as having substance use barriers. It will support referral linkages between existing youth services in the community with efficient and effective mental health and substance-use assessments, wellness strategies that are evidence based, and peer led resources that promote community involvement. Programming includes individual learning and youth groups with contracted lead facilitators who are qualified to offer customized emotional intelligence and cognitive behavioural therapy curriculum, as well as a youth group focused on positive peer relationships and the development of peer-led virtual learning resources.	\$74,900	Maple Ridge
Crime Prevention	Cowichan Valley Youth Services	Connections- Youth Outreach: This project will provide support and connections to a minimum of 60 youth and young adults who are confronted with many personal barriers to access needed supports. This outreach will include transportation to mental health appointments, medical appointments, court support, counselling, school meetings, MCFD, CYMH, LGBTQ2SAI+ specialized medical services, etc while also addressing individual barriers. This program is designed to connect with and support youth who are experiencing one or more significant risk factors that would make them vulnerable to participate in crime or become a victimized.	\$65,551	Cowichan Valley
Crime Prevention	Vancouver Island Men's Therapy Centre Society	Youth Trauma Counselling - Crime Prevention and Reduction Program: This project will integrate mental health support and crime prevention strategies by targeting at-risk youth who may be vulnerable to criminal behaviour or those who are engaged with the criminal justice system. The program provides access to individual counselling for cis-male, masculine-identified, transgender, non-binary, two-spirit, youth between the ages of 16-30, with emphasis on those who experience intersecting social barriers to support (race, sexual orientation, gender, low-income, Indigenous status, or ability). Through the provision of this program youth will gain access to trauma-informed mental health support which will result in both prevention-based interventions and a decrease in criminal activity.	\$74,778	Victoria

Crime Prevention	BrainTrust Canada Association	Crime Prevention and Reduction Program: This project will directly target approximately 40-45 vulnerable, justice involved adults with acquired brain injury residing in the Central Okanagan, BC after release from custody. The program's goal is to reduce re-offending by addressing underlying offender needs through support and advocacy.	\$75,000	Kelowna
Crime Prevention	Odd Squad Productions Society	Gangs, Guns & Fentanyl Focus Groups for Indigenous Youth: This project will target high-risk youth to engage in focus groups, presented online and facilitated by drug and gang experts, in an effort to prevent gang involvement and associated drug use. This seven-week series will build resiliency, educate, and empower positive choices with strategies to avoid drug and gang lifestyles. This certificate program will connect youth to positive role models and encourage continued participation with future activities.	\$75,000	Burnaby
Crime Prevention	Canadian Mental Health Association Kelowna & District Branch	Foundry Kelowna's Wellness on Wheels (WOW) Program: This project will target youth aged 12-24 years old who are experiencing mental health issues that put them at-risk of becoming involved in criminal activities. This youth mobile health/mental health clinic is the first of its kind in BC and will deliver counselling system navigation, and primary health supports to youth and young adults who do not avail themselves to services because of transportation issues, stigma, and other barriers.	\$75,000	Kelowna
Crime Prevention	British Columbia Borstal Association	STRONG - Staying True, Real, Original & No Gangs: This project will provide an intervention program for youth/young adults who are involved in gangs and violence and other criminal behaviours. The program uses a trauma informed perspective with an understanding that trauma is often the root cause of negative behaviour. The program model is based on a series of therapeutic steps that are fluid, manageable, and designed to systematically encourage and motivate change in various areas of a youth's life, such as: safety, attachment, trauma therapy, emotional regulation, self-identity, esteem, confidence, accountability, and mentorship.	\$75,000	Surrey
Crime Prevention	The John Howard Society of North Island	KidStart: This project will provide a mentoring program that targets children and youth ages 6-18 who are at risk of mental health and substance use challenges, and that are vulnerable to becoming involved in the criminal justice system. The program matches at-risk children and youth to carefully screened and trained volunteer adult mentors to spend three hours per week participating in pro-social activities such as outdoor recreation, community events, sports, and help with schoolwork. In the long term, the number of youth with mental health and substance use challenges and the number of youth in the criminal justice system is expected to decrease.	\$65,000	Campbell River
Crime Prevention	Seabird Island Band	Seabird Island's éy òl program (Health and Healing): This project will partner with community members in their rehabilitation and reintegration to the community after crime conviction. This program will assist individuals through individual and group services designed to help educate and overcome the effects of their crime(s). One-on-one consultation with a wellness worker will help to plan and implement their rehabilitation and reintegration, which is ground in Indigenous ways of knowing and being.	\$75,000	Agassiz
Crime Prevention	Surrey Crime Prevention Society	Community Safety Youth Mentorship Program: This project will offer mentorship opportunities for approximately 60 vulnerable youth between the ages of 12 and 18, to learn the value of Civic Pride while participating in community safety programs. Youth are paired with trained mentors to help them develop skills and find the confidence to grow and be successful.	\$50,500	Surrey
Crime Prevention	Big Brothers Big Sisters of Victoria Capital Region	Youth Focused Community Mentoring: This project will use one-on-one mentorship to target youth 12-18 years who struggle with mental health issues, have been exposed to violence/abuse, or are engaged in substance use or bullying behaviour and who are at risk of becoming involved in the criminal justice system. This program matches at-risk youth with an adult mentor who spends 2-4 hours each week with them engaging in pro social activities with a focus on common interests, new experiences, and good citizenship.	\$45,000	Victoria
Crime Prevention	Big Brothers Big Sisters of Williams Lake	In-School Mentoring Program: This project will match at-risk youth between the ages of 5-13 from Williams Lake and 100 Mile House with mentors aged 14-18 through a new Online Mentoring Platform. These mentors will provide girls and boys with a role model and a friend to talk to and share experiences.	\$30,000	Williams Lake, 100 Mile House

Crime Prevention	BC Lions Football Club Inc.	LIONS PRIDE: This project will engage approximately 80 high-risk youth in Grades 8-12 in a pro-social youth mentorship and outreach program that highlights the importance of making positive choices, choosing alternate activities to gang involvement and engaging in dialogue surrounding mental health challenges, issues and supports.	\$75,000	Surrey
Crime Prevention	Surrey Board of Education #36	WRAP Program: This project will focus on helping youth aged 11-18 enrolled in SD36 who are either involved in or at-risk of becoming involved in gangs or gang activity. The project will work 1:1 with case managers, outreach workers and a clinical consulting team to help decrease the number of youth displaying gang-associated behaviour and criminal activity. Activities will include unique in-house trauma-informed counselling services for youth and their families, supervised work experience, physical fitness classes, employment training programs, outdoor education, and community group outings.	\$74,368	Surrey
Crime Prevention	M2/W2 Association - Restorative Christian Ministries	No One Leaves Alone (NOLA): This project will offer a 12-month support and accountability program to moderate to high-risk parolees in the community using a circle-based model. The goal is to provide newly released parolees with practical support, friendship, and accountability to assist with safe, crime-free reintegration into society. This program will increase public safety and will help to build the participant's capacities, assets, and strengths through practical help and guidance.	\$75,000	Abbotsford
Crime Prevention	The Association of Neighbourhood Houses of British Columbia	Windermere Get R.E.A.L. (Resilient, Engaged, Active Leaders) Programs: This project will offer a referral-based after-school program that targets students in grades 8-12 that may be involved in criminal behaviour, have mental health concerns and/or face school challenges. Referred students will learn to become resilient, engaged, and active leaders (R.E.A.L.) through supporting school connectedness, community engagement, healthy decision-making and lifestyle choices and participate in a year-end culminating community service project.	\$71,676	Vancouver
Crime Prevention	The Association of Neighbourhood Houses of British Columbia	Frames Film Program: This project will build the capacity of high-risk Indigenous youth and their peers in order to reduce criminal activity, gang involvement, and recidivism in the community of East Vancouver. Using film as an artistic medium, youth will participate in culturally relevant activities and receive life skills, employment, and technical skill-building workshops leading to the creation of film pieces expressing their ideas for community crime prevention.	\$40,000	Vancouver
Crime Prevention	Royal Canadian Mounted Police	Indigenous Social Navigator Program: This project will address the complex social, health, and justice issues and is based on the foundations of social work. ISNP uses non-reactionary police and social work practices to address crime prevention and social issues through a harm reduction and social justice methodology. It will work from a place of action and cultural awareness, identifying the right combination of people who can best serve the client to meet their unique needs.	\$74,583	Port Alberni
Crime Prevention	Young Men's Christian Association of Northern BC	Enduring Approaches to High Risk Youth and Their Families: This project will target young people with mental health and substance use experiences and their families. Peer support workers and clinicians deliver mentorship and training to high risk youth and family members to become "peer support champions" within local high schools.	\$75,000	Prince George
Crime Prevention	Port Alberni Family Guidance Association	Possibilities Youth Program: This project will target youth with mental health concerns who have been involved or are at-risk of becoming involved in criminal activities and are unable to access local services. It is expected that youth involved will develop stronger coping strategies for life stressors, have increased optimism about their future and develop clear and obtainable future goals. This will be done through a combination of outreach services, mental health counselling and life planning.	\$46,691	Port Alberni
Crime Prevention	John Howard Society Pacific Region	Reintegration Worker: This project will provide support to federally incarcerated individuals who are transitioning back into the community. The Reintegration Worker will attend federal institutions weekly to build a release plan with individuals who are incarcerated and at higher risk of recidivism and continued involvement in crime. The release plan will promote the development of pro-social relationships, increased education and employment opportunities, and establish the skills necessary to reduce risk of reoffending while bridging the gap that exists between their needs and their ability to access services prior to and following their release.	\$74,966	Abbotsford

Crime Prevention	City of Surrey - Parks, Recreation & Culture	Outdoor Connection Program: This project will bridge at-risk youth between the ages of 12 to 18 years to positive recreation activities, leadership opportunities, and resources in the community through a positive youth development approach and connection with adult allies. The program will serve over 100 youth in targeted parks, that are not currently engaged in services, in both the Newton and Guildford community that experienced a high volume of incidents related to crime.	\$37,761	Surrey
Crime Prevention	Canadian Mental Health Association BC Division	PACT: Peer Assisted Crisis Team: This project will pair a mental health professional with a trained peer crisis responder to provide culturally safe support to North Shore residents, specifically those who are racialized and at a higher risk of experiencing distress that may lead to police contact and criminalization. The goal is to keep people living with mental illness connected to their communities and voluntary mental health services so that the number of police contacts, arrests, repeat offenses and incarcerations decreases.	\$75,000	North Vancouver
Crime Prevention	Social Planning Council of Williams Lake	Communities That Care: This project will aim to improve the health and well-being of children and youth by reducing risk factors for crime, depression, substance use, violence, teen pregnancy, and school attrition. This project will focus on using data to identify a new set of priorities and engage with community partners in implementing collaborative approaches to meet the changing needs of youth and children.	\$74,045	Williams Lake
Crime Prevention	Change Makers' Education Society	K'oomtk: This project will connect youth with cultural mentors and meaningful recreational activities. This program will foster deeper community connections and friendships, develop a sense of pride and empower youth to share their learning and skills with the community.	\$75,000	Prince Rupert
Crime Prevention	BC Yukon Association of Drug War Survivors	Dawson Creek Peer Initiative: This project will seek to employ people with lived and living experience with drug use in order to decrease theft and property crime. Peers (people who use/d drugs) would work for the Society of Narcotic and Opioid Wellness (SNOW) which is opening a peer center in Dawson Creek, BC. Peers will receive honoraria in exchange for working a variety of positions, including reception, maintenance, custodial, promotion, education, and harm reduction work such as building harm reduction supply kits and cleaning up sharps (syringes and glass pipes) in the community.	\$51,900	Dawson Creek
Crime Prevention	Karis Support Society	Recovery Program for Women: This project will provide a residential recovery focused program for approximately 70 vulnerable women, 19 years and older, over a 12-month period seeking to end their substance misuse, criminal involvement, and unsustainable lifestyle. This program will provide a strengths-based approach to programming with the objective of increasing each individual's recovery capital within themselves, which in turn will lead to their goal of living a healthy, sustainable lifestyle.	\$70,000	Kelowna
Crime Prevention	Police Victim Services of British Columbia	Providing Police-Based Victim Support for Those with Mental Health and Substance Use Issues training program: This program will have a centric focus on how police-based victim support workers can build their skills and capacity to best support some of their most vulnerable clients, in particular, those with mental health and substance use issues. This training program will become part of the core baseline training program currently under development by PVSBC.	\$50,000	Province-Wide
Crime Prevention	RCMP - Integrated Homicide Investigation Team (IHIT)	IHIT Family Liaison Victim Service Worker: This project will provide for a Family Liaison Victim Service (FLVS) Worker position embedded within the RCMP's Integrated Homicide Investigation Team (IHIT)	\$70,000	Province-Wide
Domestic Violence Prevention/Intervention Programming	Deltassist Family and Community Services Society	Stopping the Violence Cycle - Healthy Relationships Groups Objective: This project will support changes in behaviour for perpetrators of domestic violence, reduce the number of incidents of domestic violence, increase women and children's safety and address the need for early intervention in the cycle of violence prior to charge/sentencing/conviction in Delta or surrounding communities such Surrey, Langley, New Westminster and Richmond.	\$30,000	Delta, Surrey, New Westminster, Langley
Domestic Violence Prevention/Intervention Programming	Nanaimo Family Life Association	Vancouver Island Men's Services: This project will work to increase the safety of victims of intimate partner violence (IPV) in the Nanaimo and Area region through twelve week program that includes individual (3) and (9) group sessions for perpetrators of IPV in an established curriculum based on the Choose Respect model.	\$30,000	Nanaimo

Domestic Violence Prevention/Intervention Programming	Cowichan Women Against Violence Society	Cowichan Men Choose Respect (CMCR): This project is a comprehensive 12-week intervention program to be provided to voluntary and pre-conviction men who want to change their use of violence and abuse in their intimate partner relationships or in their family, and contribute to safe, respectful, caring relationships.	\$30,000	Duncan
Domestic Violence Prevention/Intervention Programming	W.I.N.G.S. Fellowship Ministries	MenTOR (MEN Transforming Our Relationships): This project will provide men who wish to learn healthier ways of being in relationships with support to increase capacity to behave and think positively in their relationships, ultimately increasing the safety in their homes and break the generational handing down of abusive behavior.	\$30,000	New Westminister, Surrey
Domestic Violence Prevention/Intervention Programming	Pacific Centre Family Services Association	Family Violence Program (FVP): This project will serve non-adjudicated, self-referring individuals who have perpetrated violence in their intimate relationships. The goals of this program are to achieve a significant and lasting reduction of abuse in relationships, increased safety for intimate partners, better outcomes for children, and healthier families through co-facilitated weekly group cycles in the Spring and in the Fall of 2021, as well as an after-care program following each group to promote ongoing skill development.	\$30,000	Colwood
Domestic Violence Prevention/Intervention Programming	John Howard Society of the Thompson Region	Stop Taking it Out on your Partner Program (STOP): This project is a domestic violence prevention and counselling program delivered in a group format for men who have used or are at risk of using violence in relationships. This program is focused on the concepts of accountability, communication and changing client's attitudes and beliefs.	\$29,000	Kamloops
Domestic Violence Prevention/Intervention Programming	Multilingual Orientation Service Association for Immigrant Communities	Enhancing Healthy Relationships Program: This project will engage immigrant, refugee and visible minority couples at very early stages in their immigration journey into Canada by providing orientation seminars specifically addressing the unique stressors associated with immigration and by providing skill building to enhance relationships and enhance skills in parenting, communications & problem solving.	\$30,000	Vancouver
Domestic Violence Prevention/Intervention Programming	Family Services of the North Shore	Rebuilding Family Relationships (English): This project will work to reduce violence against women through effective group intervention for male perpetrators through three, no fee, 12 week cycles of trauma-informed prevention and intervention groups, in English, to men who have been perpetrators of violence in their intimate relationships.	\$30,000	North Vancouver, West Vancouver
Domestic Violence Prevention/Intervention Programming	Family Services of the North Shore	Rebuilding Family Relationships (Farsi): This project will work to reduce violence against women through effective group intervention for male perpetrators. It will provide three, no fee, 12 week cycles of trauma-informed prevention and intervention groups, in Farsi, to men who have been perpetrators of violence in their intimate relationships.	\$30,000	North Vancouver, West Vancouver
Domestic Violence Prevention/Intervention Programming	Canadian Mental Health Association - Cariboo Chilcotin Branch	Become the Change: This project is a non-mandated program for male participants 18 years or older, who are low to moderate risk of perpetrating or have perpetrated domestic violence against their intimate partners. This psycho-educational program, delivered in a group environment will create awareness (by shifting attitudes, perceptions and behaviors), build healthy boundary skills, creating a community of support for the future and improve community responsiveness for the participants.	\$30,000	Williams Lake
Domestic Violence Prevention/Intervention Programming	Northern Society for Domestic Peace	Domestic Peace Program: This project will offer ongoing, voluntary, individual counselling services to those who use, or are at risk of using violence in their relationships to prevent abuse, in all its forms, in intimate relationships by consistently keeping behaviours safe and respectful toward partners and children.	\$30,000	Smithers, Houston, Hazelton
Domestic Violence Prevention/Intervention Programming	Kelowna Family Service Centre Society	Roots of Self-Discovery Objective: This project will work to prevent intimate partner violence and create healthy partners and fathers by supporting men who have a history of childhood abuse and violence towards their partners through two 14-week groups for participants focusing on safety and safe communication practices.	\$17,469	Central Okanagan

Domestic Violence Prevention/Intervention Programming	Archway Community Services Society	Court Yard for Men: This project will target Punjabi speaking immigrant and refugee men prior to the charge, conviction or sentencing stage through pre-set culturally competent curriculum so that through learning and practice, men can decrease their abusive behaviour. The goal is to provide participants with knowledge and skills that will eliminate or significantly reduce relationship violence prior to charge and conviction.	\$29,971	Abbotsford
Domestic Violence Prevention/Intervention Programming	Carrier Sekani Family Services	Sons Of The Land: This project aims to provide an on-reserve men's group in a number of First Nations Reserves to facilitate positive male-to-male relationships with the goal of minimizing the incidence of domestic violence. These groups are open to all men in the community and have in the past attracted men with a history of domestic violence. The men's groups are an ongoing project that has extensive work put into them including many years of relationship building, training opportunities, and group sessions.	\$30,000	Prince George
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Police Victim Services of British Columbia	Police Victim Services of BC 2022 Training Symposium: This project will deliver a training symposium of between 2 to 4 days, for police-based victim services personnel as the primary target audience. The objective of this training symposium is to provide learning opportunities from subject matter experts in topics related to criminal justice, trauma response and recovery, family/sexualized violence, supporting victims/survivors from vulnerable populations, and enhancing leadership skills.	\$60,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Hope & Area Transition Society	Fraser-East Sexual Assault Care Team: This project will bring sexual assault awareness, education, support, and advocacy to survivors and local communities within the Fraser-Cascade region, along with crisis intervention, transportation and referrals. This project will also introduce an Elder-in-Residence program. These services will be open to individuals 13 years and older who have experienced intimate partner violence or sexual assault.	\$30,000	Hope
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Haven Society: Promoting the Safety of Women, Children, Youth and Families	Creating Effective and Consistent Community Education to Respond to Gender-based Violence: This project will target women and children in the community that are experiencing violence but may be unaware of the potentially life saving services that could help them. Through partner agencies, Haven Society will provide virtual training and education to service providers and community members about GBV and Intimate Partner Violence (IPV) to increase their ability to provide support and safety to victims and to refer them to services they may need.	\$30,000	Nanaimo
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Paws for Hope Animal Foundation	Crisis Foster Care Program: This project will provide free, safe, accessible, and temporary pet foster care to support women with pets who may otherwise delay or avoid leaving their abuser, out of fear for their pet's safety should they leave their pet behind. This project's objective is to expand the number of families that are supported with pet foster care for women who are accessing shelters and transition houses in Metro Vancouver and the Fraser Valley, with expansion to other BC communities.	\$30,000	Maple Ridge
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Archway Community Services	Self Discovery Support Group for South Asian Women: This project will implement two twelve-week support groups for Punjabi-speaking women who are experiencing domestic violence. Led and facilitated by a qualified English/Punjabi speaking facilitator and therapist, the support groups will enhance the overall health and well-being of the participants by offering them a safe place to interpret abuse in relationships, to share domestic violence experiences and to draw strength and insight from each other.	\$17,607	Abbotsford
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Métis Provincial Council of BC	Sashing Our Warriors Campaign: This project will build on a 2017 project called "Sashing our Warriors" to address the issue of violence against Métis women and girls, which specifically involved the creation of a mini lapel sash to raise awareness and opportunities for discussion. This project will expand the capacity for MNBC and its 38 Métis Chartered Communities to deliver Sashing Our Warriors sessions and dialogues and to ensure that the lapel sashes are delivered across Communities.	\$30,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Sardis Doorway for Mothers & Children Society	End Abuse - When Love Hurts and Respectful Futures: This project will support women who have experienced abuse in an intimate relationship by helping them recognize the signs of unhealthy abusive relationships, work through the trauma around their abuse, and ultimately break the cycles of abuse. It is expected that 12-18 women will participate in each of nine When Love Hurts groups and one Respectful Futures group over the course of the year.	\$23,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Cameray Community Fund	Girls Groups: Empowering Sexually Assaulted Girls: This project will provide two 7-week online groups, over the course of one year, for teenage girls who have experienced sexual assault. This project is a continuation of a project first funded in 2019-2020, with the expanded goal of reaching youth throughout B.C. as the groups will be offered online.	\$10,000	Province-Wide

Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Disability Alliance BC Society	Inclusion in Practice: Building Capacity to Support People with Intellectual Disabilities Experiencing Violence: This project will build the capacity within the anti-violence sector to enhance services and address support gaps for persons with intellectual disabilities, especially those with Multiple Complex Needs, who experience gender-based violence. This project will conduct focus groups to identify challenges, gaps, and solutions. Based on the learnings from the focus groups, it will develop a practical resource guide for anti-violence programs to enable them to enhance their support and improve service outcomes for people with intellectual disabilities experiencing gender-based violence.	\$29,909	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Options Community Services Society	Women Empowerment Program: This project will provide group counselling and support services to women who have experienced abuse in their intimate relationships in order to increase their safety as well as the wellbeing of their children. It will support victims whose partner is attending the agency's Domestic Violence Intervention Program, providing continuity of care for victims through wrap around services and culturally competent and language specific group counselling programs for Indigenous and immigrant women.	\$30,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Kamloops & District Elizabeth Fry Society	Scattered Sites for Family Stepping Stones Program: This project will open three additional units operated by the Kamloops & District Elizabeth Fry Society for mothers and children fleeing domestic violence. This pilot project will benefit directly a minimum of six people by housing three mothers and their children fleeing domestic violence with a safe shelter and wrap around supports.	\$30,000	Kamloops
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Kiwassa Neighbourhood Services Association	Engaging Men to Prevent Violence Against Women: This project is a multi-agency partnership that will offer men culturally appropriate skill-building workshops, facilitated group sessions, and one-on-one mentorship opportunities that disrupt ingrained notions of power, masculinity, and gender constructs. This ongoing project will continue the work being done to understand root causes, address unresolved trauma and develop strategies to identify patterns/triggers, and learn coping mechanisms.	\$30,000	Vancouver
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Dixon Transition Society	Healing Circles: This project will implement in-depth trauma informed programming, with a focus on regular workshops held throughout the year, resulting in services catered to meet the cultural and unique needs of Indigenous women impacted by domestic violence. It will build culturally safe spaces that encourage a sense of belonging and security for Indigenous women and children rebuilding their lives, helping them to feel safe in approaching, engaging, and eventually exiting the program with a greater sense of empowerment.	\$30,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	University of Victoria	Sharing Healthy Relationship Skill Building in Boys and Male Youth: This project will provide 1-1 online mentorship and digital training materials for school and community based facilitators who work with boys and male youth regarding gender based violence. These 40 facilitators will learn to deliver a GBV program and curriculum targeted to boys and male youth to work towards reducing future incidents and occurrences of gender based violence in the community at large.	\$30,000	Victoria
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Victoria Women's Transition House Society	Family Law Advocacy Project: This project will provide direct, specialized front-line family law support, advocacy and education for survivors of domestic violence and abuse in the region of Greater Victoria. It will provide a range of family law support services in order to inform and assist access to justice, and facilitate the resolution of their legal issues, including accompanying clients to court and other key legal appointments.	\$30,000	Victoria
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	MOSAIC (Multi-lingual Orientation Service Association for Immigrant Communities)	Initiative to End Gender Based and Sexual Violence Against International Students Program: This project will target international students who identify as female, and are perceived as vulnerable and easy targets for gender based violence and sexual victimization, through online prevention presentations, counselling sessions, and resource information. The overall objectives of this program will be to increase the accessibility of culturally aware trauma informed supports, increase awareness of gender based and sexual violence, and reduce the risk and vulnerability of female international students to potential perpetrators and support them in their decision to disclose to police.	\$30,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	BC Society of Transition Houses	Responding to Teen Digital Dating Violence: This project will build on Phase 1 of this project which developed resources about teen digital dating violence for BC's anti-violence workers. Based on Phase 1 research, this project will develop unique BC based resources specifically designed for and with teens aged 13-18, as a response to their experiences of digital dating violence. The project's accessible electronic resources will be distributed across the province by BCSTH's 114 member programs, PEACE Program Counsellors, Violence is Preventable (VIP) presentations and through BCSTH's trainings and social media.	\$30,000	Province-Wide

Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	BC Society of Transition Houses	Supporting Non-Offending Caregivers of Children and Youth With Experiences of Domestic Violence: This project will support non-offending caregivers to better understand their child's experiences of and reactions to domestic violence and how they can best support them. The objective is to sustain and enhance the progress made by children and youth participating in the Prevention, Education, Advocacy, Counselling and Empowerment (PEACE) Program, by equipping their non-offending caregivers with the knowledge and tools required to continue to support them beyond this 8-12-week program. This will be achieved through the development of an online guide and webinar training.	\$29,980	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Warmland Women's Support Services Society	Creatively Writing Our Recovery: This project will implement a series of 33 interactive workshops as an outlet for cognitive behavioural processing in a relaxed, safe environment serving up to 70 self-identified women and genderqueer persons age 16+.	\$29,916	Duncan
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Kamloops Sexual Assault Counselling Centre Society	Safety and Support for Newcomers: This project will provide education and resources to clients of Kamloops Immigrant Services (KIS), as well as international students and other newcomers to Canada. The project will address issues of domestic violence and sexual assault by providing education to settlement workers at Kamloops Immigrant Services, creating a fun and engaging women's social group open to all newcomer women in the community, doing public outreach through social media campaigns and contests, and offering one-to-one support to newcomer women survivors of violence.	\$23,349	Kamloops
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Sources Community Resources Society	Oceanside Caring Partners: This project is a half day seminar to help understand the affects and impact of domestic violence in children and youth in our community. This one day seminar will target teachers, service providers and front line workers who work directly with children and youth experiencing domestic violence. This seminar will help participants understand the "red flags" that may be exhibited by children and youth, the affect of trauma it has on children and youth, and the resources available in the community.	\$4,825	Parksville
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	The Salvation Army	Unmasking Hope Art Therapy Program for Survivors of Exploitive Domestic Violence: This project will provide creative, multi-modal rehabilitative support to survivors of domestic violence that resulted in exploitation. It will support them in processing their experience, express their voice, and raise awareness in the community. This program will include therapeutic art support, exposure to arts as an economic option to build sustainable lives free from abuse, Indigenous arts exploration, arts instruction to build new skills, and culminate with a community based showcase (in person and digital) to share the project with the community.	\$30,883	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Vancouver Rape Relief Society	Outreach to Sexual Assault Victims/Survivors: This project will deliver services and support to victims of sexual assault and domestic violence, as well as friends and family of victims. It will also deliver information about violence against women to the public, government departments, community organizations, schools and groups. Services will include call line, legal assistance, safety planning, and crisis intervention.	\$30,000	Vancouver
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	The Yoga Outreach Society	The Connect, Embody, & Empower: This project will target women, non-binary, trans, and 2 spirit people, ages 19 and older, who are survivors of sexual assault. This project aims to develop and deliver a 6-week asynchronous and synchronous educational program combining weekly trauma-informed yoga and mindfulness practices, journaling prompts, relevant readings and podcasts, and online peer-to-peer support circles facilitated by a psychotherapist and a yoga therapist. This program will provide mind-body techniques, rooted in an online community to support the healing, growth, and recovery of survivors.	\$28,162	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Revelstoke Women's Shelter Society	Moving Forward Women's Outreach Program: This project will provide support to vulnerable women in the community who have experienced violence, or who are at-risk of experiencing violence, through therapeutic activities and social events.	\$10,000	Revelstoke
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Victoria Sexual Assault Centre Society	Enhancing Emotional Support and Information for Survivors: This project will provide survivors with emotional support and information about the organization's services for those needing access to healing care. This support, offered over the phone, will include emotional care; information about services; suicide assessments; safety planning; triaging; and referrals to other agencies as needed.	\$30,000	Victoria

Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Good Night Out Vancouver Society	Safer "_____": This project will provide a sexual violence education program, focused on addressing and preventing sexualized violence and building consent culture, particularly in settings where liquor is served and/ or consumed.	\$29,210	Vancouver
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Xaay DaGa Dlaang Society	Skidegate Youth Centre Youth Safety Retreat: This project will engage Indigenous teenagers in the north and south ends of Haida Gwaii who are at risk of experiencing or witnessing gender based violence. Sacred Knowledge Keepers and trauma-informed facilitators will guide youth through workshops related to cultural rites of passage, healthy relationships, communication strategies, consent, respect, and taking care of each other. This will take place over the course of two weekend retreats and several follow-up workshops, to engage a total of 36 youth aged 13-19 from Skidegate and Masset.	\$27,454	Skidegate
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Comox Valley Family Services Association	The Duenna Project - Empowering Young Women: This project will provide an 8-week empowerment and skill-building group for youth between the ages of 15 and 19 who identify as either female, two-spirited or non-binary. The groups will engage in skill building and relationship building activities, including activities related to Indigenous cultures and traditions.	\$29,152	Courtenay
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Pacific Centre Family Services Association	Enhanced Services for Survivors of Domestic Violence and Sexual Assault: This project will provide support for individuals and reduce their wait time for initial services through a weekly support group, and 1-4 sessions of crisis support for safety planning and resources. It will serve individuals through telehealth model for cis and trans women, non-binary, and Two-Spirit people who have experienced gender based violence.	\$30,000	Victoria
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	W.A.V.A.W./ R.C.C: Women Against Violence Against Women/ Rape Crisis Centre	Sexual Assault Response for Indigenous Women, Trans, and Two-Spirit Survivors Project: This project's support worker will support survivors in understanding the impacts of sexual assault and connect them to additional supports. The support worker will provide up to 20, 3-hour virtual drop in support clinics, and four educational workshops on the root causes of sexualized violence and prevention in predominantly Indigenous community settings.	\$30,000	Vancouver
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Bella Coola Community Support Society	Iixsanaw wa Alhxapaliikw (Horses are Medicine) for Strengthening Young Women: This project will provide a culturally relevant, culturally safe, and trauma informed Equine Assisted Learning and Wellness (EAL/W) Project that addresses intimate partner violence and sexual assault against Indigenous women and girls, aged 12-19 years of age. Up to 20 participants will be served by this project through 8-10 EAL/W sessions, facilitated by trauma and addictions specialists, and supported by cultural leaders, focusing on self-esteem, safety planning, boundary setting, personal sovereignty, and healing from trauma, all of which underpin prevention of, and healing from, sexual assault.	\$24,500	Bella Coola
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Central Okanagan Elizabeth Fry Society	Indigenous Victim Service/Outreach: This project will continue to build upon the partnership with the Westbank First Nation to provide services to survivors of sexual violence and young women at risk of sexual exploitation by developing dedicated outreach/victim service programs for Indigenous victims of domestic and sexual violence. This approach includes a specialized Victim Support/Outreach worker for Indigenous clients who will ensure the program remains part of a collaborative approach to healing and decolonizing.	\$30,000	Kelowna
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Progressive Intercultural Community Services Society	No Call Left Behind (Pilot project): This project will support ethnically diverse immigrant/refugee women and children who are fleeing domestic violence. This project will provide culturally sensitive 1-1 case management support to approximately 70-100 adult women, including safety planning, emotional support, trauma focused counselling, education support/resources, and housing support. It is expected that women and children will feel more empowered through this project and have enhanced safety.	\$29,478	Surrey
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Family Resource Centre Society for the North Okanagan	Refugee and Immigrant Outreach Program: This project will target recent refugees and immigrants who were victims of sexual assault, abuse, or other forms of gendered or systemic violence in their countries of origin. Working collaboratively with the Vernon and District Immigrant and Community Support Services (VDICSS) one part-time staff member will be available to build trust with immigrants and refugees taking language classes, job training, participating in counselling, or using the facilities at the VDICSS.	\$16,700	Vernon

Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Archway Society for Domestic Peace	Enhancing Community Capacity - Increasing Women's Safety: This project will increase education and awareness for youth regarding healthy/unhealthy relationships, sexual assault, and develop resources for support the unique and diverse needs of women from various cultural backgrounds, particularly indigenous and immigrant women. These objectives will be achieved through coordination initiatives that include training of local service providers, school presentations for youth, translation of resource materials in other languages, and increasing the response capacity of the sexual assault service at the hospital.	\$22,905	Vernon
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Inter-Cultural Association of Greater Victoria	Safeguarding Diverse Women: This project is a trauma-informed support program for immigrant and refugee women who experience gender-based violence in Greater Victoria. This project provides increased awareness through staff training, community sessions, 1-1 support, and English language classes focused on gender-based violence. This project is expected to reach 850 immigrants and refugees, 100 support staff, and up to 70 community partners.	\$29,998	Victoria
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Nak'azdli Alternate Justice Centre	Regaining your Inner Strength and Empowerment: This project will target Indigenous women in Fort St. James who may be at-risk or vulnerable to violence, and those who have been impacted by sexual assault. This program takes a proactive approach by providing learning workshops, culturally-relevant activities, and increased support to victims and possible victims of domestic and/or sexual violence. It is expected that the 40 women in this program will become more self-aware, have increased confidence, increased mental wellness, and possess the tools to deal with violence and the effects of being a victim of violence.	\$30,000	Fort St. James
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Mennonite Central Committee B.C.	When Love Hurts Support Groups: This project will provide individual and group support for women who have or are experiencing intimate partner violence. Using a trauma-informed, feminist lens, and psycho-educational methodology, the objective is for these women to gain self-confidence, develop greater resilience, experience healing from trauma through relational support, and be empowered to make decisions that are best for themselves and their children. This project will also train a network of facilitators to carry on the program across the province.	\$30,000	Abbotsford
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Victoria Immigrant and Refugee Centre Society (VIRCS)	Police as Partners: Domestic Violence Prevention through Community-Building with Newcomers: This project will address domestic violence among immigrants and refugees. Partnering with the Victoria Police Department (VicPD), they will offer a program called "Police as Partners: Domestic Violence Prevention Through Community-Building with Newcomers." The purpose of the program is to reduce instances of domestic violence among new immigrants and refugees by building trust and increasing connections between police and newcomer communities in Greater Victoria.	\$28,208	Victoria
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Young Women's Christian Association	Seeds of Independence - A Violence Prevention Program: This project will offer group support in Vancouver's Downtown Eastside, as well as outreach services to women locally and in the surrounding communities who have left a violent relationship. In 2021, the project expects to serve 60-80 women. Services will include finding affordable housing, navigating legal system, and set/attain education and employment goals.	\$30,000	Vancouver
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Mamas for Mamas	Full-Time Family Court Support Worker for Mamas For Mamas At-Risk Program: This project will provide support for mothers and families facing domestic abuse, intimate partner violence and sexual assault while experiencing poverty related struggles. It will target fifty families with diverse backgrounds per month, including Indigenous and the LGBTQ2S+ communities. By providing assistance in a culturally relevant and safe manner this program will empower women with knowledge of the law so that they may protect their families from impossibly hazardous situations.	\$30,000	Kelowna
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Howe Sound Women's Centre Society	TRAVERSE: Sexual Violence Response Team: This project will serve survivor-victims of sexual violence in the Howe Sound region. This project will provide survivors with a gateway to an empowering continuum of care through which to make informed choices concerning available resources in the region. Additionally, this project will work with many community partners to ensure a survivor's self-defined needs are met through best and promising practices.	\$30,000	Squamish
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Progressive Intercultural Community Services Society	The Gender Based Violence Program (GBVP): This project will address gender based violence towards women by educating clients - encompassing women, girls, two-spirit and LGBTQ+ individuals, and Indigenous women - about available opportunities and strategies for how to overcome their experienced hardship and how to become fearless, independent and confident. This project creates a safe space to discuss their issues and needs one-on-one or in a group for an estimated 150 women who have experienced domestic violence, intimate partner violence and/or sexual assault and any other gender based violence.	\$25,855	Surrey

Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Island Sexual Health Society	Man Made: This project will provide programming to masculine identifying children and youth, as well as parents, teachers and workers to develop a culture of consent and build healthy relationships through facilitated presentations, circle groups, and workshops. Last year, this program provided a total of 109 different workshops for more than 1893 community members in Victoria, BC and the surrounding communities, with an ever increasing demand for programming.	\$30,000	Victoria
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	North Coast Victim Services	The CONSENT IS REAL Project: This project is a targeted infographic poster campaign for Prince Rupert and Coastal communities (Metlekatla, Lax Wk'alaams, Hartley Bay, Kitkatla and Klemtu) to create awareness about consent with Indigenous youth. This project will create awareness about consent and what that means to Indigenous youth through the values connected to their north coast communities. By involving high school students and a local Indigenous artist an infographic poster will be created.	\$4,900	Prince Rupert
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Shelter Movers	Shelter Movers Capacity Expansion: This project will offer unique moving and storage services to women and children experiencing abuse across the Lower Mainland at no cost. As the only service of its kind in BC, this project helps remove the logistical and financial barriers associated with moving by creating a safe, empowering space to collect, transport, and store the belongings of survivors of abuse and their children.	\$30,000	Burnaby
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Ending Violence Association of British Columbia	Supporting Survivors of Gender-Based Violence through Coordination: This project will identify new and innovative paths forward for anti-violence and police coordination in responding to gender-based violence. EVA BC will undertake a review of relevant academic and community-based research; engage with EVA BC's membership of ~240 community-based anti-violence programs through a province-wide survey and ~10 key stakeholders through dialogue sessions and/or individual interviews; and develop a Paths Forward summary report and webinar to share findings and recommendations widely to improve anti-violence and police coordination in responding to gender-based violence and supporting victims/survivors.	\$29,050	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Lower Fraser Valley Aboriginal Society	Women's Healing Circle: This project will support Indigenous identifying women who have been victims of domestic and/or gender-based violence or who are at risk of being a victim of domestic and/or gender-based violence. It will bring Indigenous women together every week for a culturally safe sharing and healing circle to share experiences of domestic and/or gender-based violence and learn safety skills, how to recognize violence within their family unit, connections with other services and how to end cycles of violence to keep themselves and their children safe. Women will also participate in cultural healing crafts and a 2-day women's wellness retreat within the summer months.	\$30,000	Langley
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	BC Society of Transition Houses	The BC Society of Transition House's (BCSTH) project will provide training opportunities for 155 PEACE Program counsellors from across BC at BCSTH's Annual Training Forum (ATF), October 18-22, 2021. BCSTH intends to offer the 2021 ATF virtually which will be accessible and include curated trainings for PEACE Program counsellors and will develop training streams to ensure that Programs have workshops and key notes that will meet their training needs.	\$60,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Ending Violence Association of British Columbia	Training Forum: This province-wide training forum will be for front-line community-based anti-violence workers across BC, including Community-Based Victim Services, Stopping the Violence Counselling, Stopping the Violence Outreach Services, Multicultural Outreach Services, and Sexual Assault Centres. This multi-day online training will focus on pressing and emerging issues in gender-based violence response, to enhance trauma-informed and culturally safe service delivery to victims/survivors, including populations who experience higher rates of gender-based violence and/or increased barriers to accessing services due to intersecting forms of oppression.	\$65,000	Province-Wide
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	BC Society for Male Survivors of Sexual Abuse	Surrey Victim Services Pilot Extension: This project will provide support for a part-time community-based victim service worker at the BC Society for Male Survivors of Sexual Abuse Surrey satellite office.	\$30,000	Surrey
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Family Services of Greater Vancouver	Project Shine: This project will provide funding to pilot a community-based victim services worker within the Vancouver Police Department's Sex Crimes Unit.	\$90,000	Vancouver

Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Surrey Women's Centre Society	Community-Based Victim Service Worker: This project will provide 1 Community-based victim services worker for the Surrey Women's Centre.	\$90,000	Surrey
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Central Okanagan Elizabeth Fry Society	DVU Worker: This project will support a full-time Indigenous Community-based Victim Support Worker in the Domestic Violence Unit.	\$60,000	Kelowna
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Kwadacha First Nation	The Time to Be Heard is Now: This project will assist victims of crime to receive assistance and support during through the process from harm to healing. The project will support victims of crime navigate through the criminal justice process and provide individual care, whether that be the development of safety plans or completion of court requested documents.	\$30,000	Prince George
Gender-Based Violence, Violence Against Women, Domestic Violence, and Sexual Assault	Various	Honoraria for Branch-contracted VS-VAW Programs Participating in the Focus Project (the Northern BC Victim Service and Violence Against Women Program Monitoring and Engagement Project): Funding will support participation in a branch-led project aimed at monitoring potential impacts of the LNG-CGL pipeline on victim service demand, with a focus on gender-based violence.	\$59,000	Various
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Peers Victoria Resources Society	Bad Date Violence Prevention and Response: This project is a peer-led program in partnership with the Victoria Police Department, to prevent and respond to violence against people in the sex industry. This project will respond to sexual assault against people in the sex industry by compiling and circulating the bad date and aggressor report, and providing individual support to survivors when accessing follow up supports.	\$28,344	Victoria
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Surrey Women's Centre Society	The SMART Peer Navigator for Sexually Exploited Youth: This project will work to empower sexually exploited youth who are aging out of foster care. The Peer Navigator is a member of the SMART Van that provides mobile outreach along existing strolls in Surrey. With an emphasis on early intervention, this project leverages our existing coordination networks to i. expedite emergency services such as forensic medical treatment, ii. coordinate medical, legal, and social service systems, and iii. remove barriers to service in order to decrease the risk of risk of sexual exploitation. The project expects to engage 75 youth in this program.	\$75,000	Surrey
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Peers Victoria Resources Society	Peers Victoria Small Business Training Program: This project will help current and former sex workers turn business ideas into successful small businesses. Trainees develop a business plan, and learn about budgeting, financial planning, tax deductions, marketing, and applying for a micro loan. Trainees are able to access computers, clothing room, meal program and many other complementary drop-in supports such as clinical counseling, health and housing support available at the Peers Victoria drop-in centre.	\$29,321	Victoria
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Supporting Women's Alternatives Network (SWAN Vancouver) Society	Peer Support: Outreach By and For Experiential Im/Migrant Women: This project will match im/migrant sex workers with peer outreach staff. It is expected that up 500 women whom SWAN serves annually will have increased awareness of and access to health, social, immigration, housing and legal resources and protections in order to prevent and/or address violence.	\$30,000	Vancouver
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Canadian Mental Health Association - Cariboo Chilcotin Branch	It Matters: This project will work collaboratively with the Williams Lake School District to provide programming and education to all the school district youth, between the grades of seven to twelve, who may potentially be at risk or who are being trafficked for the purpose of human trafficking and sexual exploitation. It also plans to continue to collaborate with Indigenous communities to assist in the development and adoption of protocols that support Indigenous community leadership in identifying human trafficking and exploitation risks, along with how to identify and respond to suspect victims of such activities.	\$30,000	Williams Lake
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Providing Advocacy Counselling & Education Society	PACE Society's Sex Worker Outreach and Mentorship Program: This project will support sex workers in Vancouver's Downtown Eastside by increasing the safety of sex workers by providing peer supports, connections to resources and facilitating referrals to services that meet needs and reduce harm. The Mentorship component will provide sex workers who have a self-identified goal of reducing their reliance and/or transitioning out of sex work with skill-based training to increase job readiness skills, confidence, and self-worth with hands-on job training through the Outreach Program.	\$25,000	Vancouver

Human Trafficking; Sexual Exploitation; Sex Worker Safety	W.A.V.A.W./ R.C.C. Women Against Violence Against Women/ Rape Crisis Centre	The Enhancing Access to Justice for Vulnerable Indigenous Survivors in the Sex Trade Project: This project will serve Indigenous survivors of sexualized violence at various locations across Vancouver and online. Through the Indigenous Program, the organization will provide one-to-one counselling and support groups to Indigenous women, girls, and Two-Spirit survivors ages 14+ who have experienced sexualized violence and victimization. This project will augment these services, increasing the capacity for specialized program delivery for sex workers including virtual programming.	\$30,000	Vancouver
Human Trafficking; Sexual Exploitation; Sex Worker Safety	The Salvation Army	Propel Development Centre Crisis Outreach Navigation: This project will offer immediate, 24/7 crisis responsive outreach services for survivors of labour and sex trafficking across British Columbia. This service will provide immediate crisis support, collaboration with key supports, increased access to justice, and tangible options to leave exploiters and establish safety.	\$30,000	Province-Wide
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Vancouver Police Department - Counter Exploitation Unit	Not Your Queen: This project is a workshop series centered around educating youth about the dangers of sexual exploitation and realities of human trafficking, both online and in-person. A video series will be created with participation from organizations who support former victims of sexual exploitation and human trafficking as well as Vancouver Police Officers from Counter Exploitation Unit (CEU). VPD CEU detectives will then present the video series to at-risk youth.	\$30,000	Province-Wide
Human Trafficking; Sexual Exploitation; Sex Worker Safety	WISH Drop-In Centre Society	The WISH Transitions Program This project will support street-based sex workers who want to decrease their involvement in sex work, or to exit sex work altogether. Through a continuum of service delivery that includes a partnership of the Metro Vancouver Consortium (WISH, Aboriginal Front Door Society, Health Initiative for Men, and PACE Society), Transitions is a 5-year project whose goal is to connect participants to programs and supportive employment opportunities; decrease systemic barriers; and actively reduce the stigma of sex work.	\$30,000	Vancouver
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Archway Community Services	SEY Project: This project will enhance the current SEY program by increasing staff's capacity to provide individual outreach services to youth in the Abbotsford area who are sexually exploited or at high risk of sexual exploitation. These services support youth in exiting the sex trade, leaving unhealthy relationships, learning to increase their personal safety when engaging in high risk activities, accessing substance use or mental health treatment and addressing their physical and sexual health concerns; as well as more future oriented focuses like employment, school re-engagement or finding housing.	\$28,259	Abbotsford
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Migrant Workers Centre BC Society	Facilitating Justice for Women Migrant Agricultural Workers in the Central Okanagan: This project aims to increase access to justice for vulnerable migrant agricultural workers, with a particular focus on women workers who have experienced or are at risk of labour exploitation or labour trafficking. The project will increase awareness about the crime of labour trafficking amongst women workers, and provide outreach and legal navigation support to isolated migrant agricultural workers, deliver educational sessions, and develop plain language resource materials in English and Spanish.	\$30,000	Vancouver
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Pacific Community Resources Society	Project Magenta: This project will provide mentorship and job readiness training to female identifying youth who have experienced sexual exploitation or those who are currently trying to exit exploitive situations. This program will provide a workshop series on employment skills and a short term, volunteer job placement that will help them develop employability skills, pro-social community connections, increase resiliency, and encourage the adoption of a safer, healthier lifestyle. Youth will graduate with on-the-job learning and other skills that will increase their probability of gaining employment after the project completes.	\$29,760	Surrey
Human Trafficking; Sexual Exploitation; Sex Worker Safety	VIDEA - a BC-based International Development Education Association	Raised Voices: This project will work with Indigenous youth of all genders, vulnerable as victims of human trafficking and will utilize Indigenous youth who operate as youth leaders to co-create an Indigenous youth-led, culturally-effective, Indigenous-social media Influencer-engaged, mass media campaign, and youth outreach strategy. The goals of this this project are to raise awareness, maintain youth leadership and educate towards addressing the human trafficking of Indigenous women and girls.	\$30,000	Province-Wide
Human Trafficking; Sexual Exploitation; Sex Worker Safety	New Opportunities for Women (NOW) Canada Society	The Essentials Program: This project is a program for women, or those who identify as women, who have experienced sexual exploitation, been coerced into the sex trade and in some cases, been victims of human trafficking, which often results in struggling with addictions, and mental health concerns. It is a four month, full time program, presented through a trauma informed lens, which offers a curriculum of education specifically designed to help participants with their on-going recovery.	\$30,000	Kelowna

Human Trafficking; Sexual Exploitation; Sex Worker Safety	Watari Research Association	Migrant to Migrant Program Project: This project aims to reduce labour exploitation/trafficking of Temporary Agricultural Migrant Workers by providing support, information and advocacy. It will entail weekly farm visits including individualized outreach and accompaniment, and assisting participants with accessing systems to get the support they need.	\$30,000	Province-Wide
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Covenant House Vancouver	Addressing the Needs of Homeless Exploited Youth: This project will assign a navigator to help up to 50 homeless, sexually exploited youth aged 16-24 to exit their exploitative situation and support youth through the trauma they have experienced. The youth will access a comprehensive program across a continuum of care. The navigator will assist youth to address their basic needs and provide trauma-informed support on issues such as mental health, addictions, and employment with the goal of the youth being stably housed.	\$30,000	Vancouver
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Living in Community Society	Expanding Access to Justice - Building Provincial Bad Date Reporting in BC: This project will increase safety for vulnerable women who sell or trade sex by supporting the implementation of a provincial bad date reporting system. This project focuses on phase 1 of the overall project, which involves conducting education and consultation with sex workers and sex work support organizations across BC, focusing on rural and remote communities, to ensure that those affected by violence are able to help design and implement a provincial bad date reporting system.	\$30,000	Province-Wide
Human Trafficking; Sexual Exploitation; Sex Worker Safety	Wish Drop-In Centre Society	WISH Mobile Access Project (MAP) Van: This funding will support the Mobile Access Project Van (MAP Van) which provides critical front-line harm reduction, outreach and support services to self-identified women working on the street from 1:00 pm to 6:00 pm (day shift) and 11:00 pm to 5:00 am (night shift), seven nights a week. The MAP Van helps increase sex working women's (and a limited number of men's) health and safety, particularly in those areas where there are few or no services open late or overnight and to provide wrap-around services during the day.	\$90,000	Vancouver
Indigenous Healing	Camp Kerry Society	Indigenous Healing through Grief and Loss Support This project will support First Nations children, youth, adults, and families in their healing from the traumatic experience of current and past losses and address the significant implications of unresolved grief. Led by a full-time Resident Elder and working with 3-5 Indigenous communities, the program will provide workshops for Indigenous adults, develop a training program for Indigenous leaders to become grief facilitators in their own communities, and support Camp Kerry staff to provide culturally informed online grief support groups, counselling, and arts-based therapies for Indigenous adults, youth, children, and families.	\$30,000	Province-Wide
Indigenous Healing	Takla Nation	Land-Based Cultural Healing and Education Initiative: This project will target Takla First Nation youth and provide outdoor educational programming that is culturally relevant and takes place on Takla traditional territory. Takla youth will be mentored as guides across the surroundings of the Takla traditional territories. This program will also bring together knowledge keepers, Elders, and professionals to provide youth with land-based teachings that will assist in healing.	\$30,000	Takla Landing
Indigenous Healing	Malahat First Nation	Malahat Strong This project will target members living at Malahat Nation who historically have struggled with effects of residential school, including addictions, unhealthy relationships, low self-esteem and violence. This program will consist of a series of community workshops addressing the healing needs in the community facilitated by trained Indigenous mental health professionals with Indigenous healing components. It is expected after these initial workshops, participants will work 1-1 with mental health staff and we will see engagement in healthy living and cultural connection to community.	\$20,800	Mill Bay
Indigenous Healing	Coquitlam School District 43: Indigenous Education	Food Security @ the Earth Spirit Healing Forest and Medicine Garden Good Food For All. This project will empower Indigenous youth to propagate, grow, and steward food and medicine plants in the Tri-City region. This project will support 1,000 youth and their families to heal through four key initiatives: a summer program (SOYL) to support 20 vulnerable youth in learning to grow, prepare, and share; starting an elder in residence program to root learning in tradition, growing salmon with 100 students in the classroom and introducing them to Kwikwetlem First Nation Land, growing good food for our school community, and sharing indigenous ways of knowing and being.	\$28,500	Port Moody, Coquitlam, Port Coquitlam
Indigenous Healing	Métis Provincial Council of BC	The Kishkayhta (Learn), Kiikew (Heal), Kiihtwaam ooshtaahk (Rebuild) - Métis Speaker Series: This project will aim to create awareness of and generate discussion about Métis issues and how to heal from and move forward in a healthy way. By promoting education and cultural engagement, the program aims to build vibrant Métis communities and youth by connecting Métis Educators, Elders, and Knowledge Carriers to Métis communities and youth through relevant conversations on increasingly important issues. The series is hosted virtually over 3 months and accessible to everyone who registers.	\$30,000	Province-Wide

Indigenous Healing	Positive Living North	Fire Pit: Cultural Healing Project: This project will target Indigenous adults exposed to trauma, crime and victimization who access Positive Living North's support programming. It will engage participants in sharing circles, men's and women's groups, seasonal medicine/traditional food gathering outings, smudging, teaching Potlatches, and life-skills training sessions that will guide them through the healing journey. By improving mental, emotional, and spiritual health, risk factors such as homelessness and substance use will decrease.	\$30,000	Prince George
Indigenous Healing	Aya7Ayulh Chet - St'a7mes School (Cultural Journeys)	St'a7mes School Fire Ring: This project will support and strengthen school community connections between Indigenous and non-Indigenous students. The arbor will provide a gathering space for much of the learning that will take place at the school that includes opening and closing circles, restorative circles, Squamish traditional songs, drumming, dance practices, and much more. In turn, this gathering space will allow the school community to experience, explore, discuss, and grow from their shared journey.	\$30,000	Squamish
Indigenous Healing	BC Women's Health Foundation	Holistic Indigenous Health Programming This project will provide culturally-based programming to support Indigenous patients and their families at the BC Women's + Children's Hospital site. The project will serve Indigenous women, their children and family members, who may feel isolated from their culture and communities. The primary goal of this project is to facilitate access to holistic healing for Indigenous patients and families in the hospital and healthcare setting, delivering on Indigenous Cultural Safety needs, and ameliorate the distrust towards the healthcare system by creating a safe space for healing.	\$30,000	Vancouver
Indigenous Healing	Circle of Indigenous Nations Society	West Kootenay Aboriginal Men's Healing Gathering: This project will invite up to 25 local Indigenous men and 4 Elders to gather for 3 days outdoors on the land. The gathering will include cultural and therapeutic activities and opportunities that will support participants to explore and heal from grief, shame, trauma, and loss. Art therapy, traditional ceremonies, medicine wheel teachings and Elders teachings will be offered throughout the gathering.	\$23,432	Castlegar
Indigenous Healing	Right To Play International	Right To Play - Learning & Healing Summer Programs: This project will provide Indigenous youth between the ages of 6 to 18 years across 21 Indigenous communities and organizations access to weekly healing and learning play-based programs. While at the program, the children and youth will learn to understand and respond to difficult emotions in positive ways, to express themselves and their identity, to build up their self-esteem, and to learn and practice ways that they can be active role models or agents of change in their communities. This will result in improved coping and leadership life skills.	\$30,000	Province-Wide
Indigenous Healing	Dan's Legacy Foundation	Dan's Legacy's East Van Dan's Program: This project will target approximately 125 at-risk youth in East Vancouver and the Downtown Eastside who have been drastically affected by childhood trauma and are at high-risk for homelessness, lifelong mental health issues, entrenched addiction, gang recruitment, racial profiling, overdose and suicide. This program will link youth to trauma and culturally informed therapists as well as other partner organizations in the community to provide wrap-around support.	\$30,000	Delta
Indigenous Healing	Pegpighla Elders Council	Circle Keepers Protocols: This project will hire a consultant to assist T'it'q'et in the review of and revisions to T'it'q'et's Circle Keepers Program (CKP). Information from research, stakeholder group discussions/meetings, individual and group interviews/surveys, presentations, workshops, will result in the development of revised terms for the CPK and protocols for implementing the CPK and will work to improve stakeholder relationships.	\$29,990	Lillooet
Indigenous Healing	Tū'desg'chō Wholistic Indigenous Leadership Development Society	W.I.L.D. Tahltans: This project will conduct land-based Indigenous leadership development that provides wellness and cultural learning on the land. Five backcountry camping trips for 3 youth age groups, 10-14, 15-16, 17-18 will be held between May and August for 50 youth. This project targets at-risk Indigenous youth who experience intergenerational trauma from family violence and colonization.	\$30,000	Dease Lake
Indigenous Healing	Lower Fraser Valley Aboriginal Society	New Beginnings for Indigenous Men: This project will offer weekly sessions to approximately 40 Indigenous men living in Langley, East Surrey, and Abbotsford that focus on traditional healing circle and cultural connections. The Circle will provide men with a safe place to share about issues and struggles in their lives. Cultural Connections will support healing by introducing men to drum and rattle making.	\$29,972	Langley, Surrey, Abbotsford
Indigenous Healing	St. Leonard's Society of North Vancouver	Kwayask Kikway; Restoring Balance Through Tradition: This project will aim to unite fathers and children in using traditional art and culture to promote positive mental health practices. The program will target families that have been both emotionally and physically separated, bring them together to celebrate and health through the use of art, dance, and ceremony while fostering a sense of balance and belonging.	\$9,545	North Vancouver, Vancouver

Indigenous Healing	Inter Tribal Services Association	Finding Our Way This project will support Indigenous youth with liaison services, short term counseling support and peer mentoring regarding issues surrounding LGBTQ2S. The project will develop and deliver short-term support while the outreach worker connects them to resources that can provide long-term support. The project's goal is to reduce the rate of LGBTQ2S youth suicide.	\$30,000	Nanaimo, Campbell River, Port Hardy, Port McNeill
Indigenous Healing	Public Health Association of British Columbia	Farm to School BC - Indigenous Healing Gardens in North Vancouver Schools: This project will bring native plants used by First Nations for emotional, mental, physical & spiritual purposes into the minds, hearts and bellies of approximately 2000 Indigenous and non-Indigenous children and youth between the ages of 0-18 in unceded Squamish and Tsleil-Waututh territories at six schools in North Vancouver. This project will promote & support Indigenous cultural practices that contribute to holistic healing and transformative leadership opportunities for Indigenous school community members.	\$30,000	North Vancouver
Indigenous Healing	MakeWay Charitable Society - Sea to Cedar	Sea to Cedar (S2C) Youth Leadership Paddling Program This project will provide a no-barrier program for 8-16 Musgamagw Dzawada'enuxw youth participants. The program will use land-based and immersive cultural programming and community connection as a foundation for mental wellness and healing with positive impacts that cascade into the broader community.	\$28,422	Broughton Archipelago
Indigenous Healing	Aunt Leah's Independent Lifeskills Society	Connections: Interrupting the Cycle of Foster Care & Intergenerational Homelessness: This project will help interrupt the cycle of foster care by culturally supporting First Nations, Inuit and Métis youth, moms and families connected to foster care. The program aims to help families maintain custody of their children, therefore helping to reduce the number of children and youth coming into the permanent care of the child welfare system.	\$30,000	Metro Vancouver
Indigenous Healing	North Kootenay Lake Community Services Society	Wela'lin: Healing through foundational land-based teachings: This project will offer the equivalent of up to 10 days of foundational land-based teachings for up to 40 local participants (including children and adults) with Indigenous ancestry and/or caregiving for children with indigenous ancestry. The project aims to build capacity within the community by building healing, connection to place through traditional land-based teachings and medicine. It is expected that this program will lead to increased hope, wellbeing and belonging through a reconnection with cultural healing practices.	\$30,000	Kaslo
Indigenous Healing	Conayt Friendship Society	Conayt Healing and Wellness Group: This project will work with up to 30 men ages 18 years and up in the Merritt Area involving Cultural Knowledge, Activities, Skills, and Ceremonies. The program will bring knowledge Keepers and local Elders to teach these men 4 hours a week the local surrounding areas Culture. Everyone will be taught their medicine wheel and learn how to balance each section (physical, emotional, spiritual, and mental) for a healthy functional life.	\$11,440	Merritt
Indigenous Healing	NEC Native Education College	Wellness Warriors Program: This project will support student mental, emotional, spiritual, and physical well-being during their studies by providing free, accessible workshops and opportunities. Wellness Warriors follows a holistic model of health, offering physical wellness activities (workouts, stretching, walk/run program, hikes, soccer, basketball, dragon boat) cultural wellness activities (connection to Elders, traditional medicine, smudge, cold-water baths, cedar brushings) as well other activities/workshops that support holistic health (yoga, meditation, healthy nutrition).	\$30,000	Vancouver
Indigenous Healing	WISH Drop-In Centre Society	WISH Aboriginal Health & Safety Project: This project will hire a Director of Indigenous Inclusion to integrate Indigeneity into all levels of WISH; to advance reconciliation, concepts of cultural humility & safety, and lead the process of incorporating Indigenous ways of knowing into the advocacy, organizational, cultural, and social structures of WISH. Through knowledge of Indigenous culture, history, and methodology, they will develop and implement Indigenization and decolonization training, policies, and practices. They will strengthen capacity to respond to needs of Indigenous participants engaged in street-based sex work, by building and upholding partnerships with local First Nations community leaders, partners, & service providers.	\$30,000	Vancouver
Indigenous Healing	First Nations Educational Foundation	Haislakala - Healing through Language and Culture Revitalization: This project will involve the development of a community-specific revitalization program for the at-risk Haislakala language. This project will gather stories, teachings, words and phrases spoken by the community's fluent Elder speakers. The Elders will be recorded and curated through Rapid Word Collection workshops with the goal of collecting and uploading 12-17,000 words into a comprehensive digital platform; and is expected to strengthen cultural identity and promote wellness among all members of Haisla Nation.	\$30,000	Haisla Nation (Kitamaat Village)

Indigenous Healing	John Howard Society Pacific Region	Elder Services: This project will provide weekly 4-hour drop-in sessions led by an Elder that incorporates culturally identified practices that contribute to holistic healing for approximately 50 individuals from the community. Sessions will focus on emotional, mental, physical, and spiritual aspects of healing through life skills programming, cultural, and spiritual practices, social supports, and much more to address healing and rebuilding of Indigenous individuals and communities from trauma, crime, and/or victimization.	\$30,000	Abbotsford, Mission, Chilliwack, Langley
Indigenous Healing	Warriors Against Violence Society	Warriors Against Violence Society Family Healing: This project will provide safe, ongoing education and client weekly support that incorporates traditional teachings and cultural practices facilitated by Indigenous Elders who have a rich knowledge of the culture, the impacts of colonialism and intergenerational trauma, and the resilience among Indigenous individuals and communities.	\$30,000	Vancouver
Indigenous Healing	Vancouver Coastal Health – Aboriginal Health	Necamat: Indigenous Women's Pandemic Healing Program: This project will host necamat, a community driven Indigenous women's healing & wellness fair in the Downtown Eastside (DTES). The event connects women of the neighbourhood with health and community services, as well as cultural healing practices through traditional music, sharing food, medicine, and ceremony. The necamat team is looking to adapt from a large day-long in-person gathering, to a series of safe, peer-led, initiatives that will support Indigenous women in the DTES to stay healthy & connected, through care packages, social distant cultural activities, and community-engaged planning.	\$30,000	Vancouver
Indigenous Healing	Titidaht Community School	Titidaht Community Youth Safehouse Workshops This project will consist of a series of youth workshops for 8 weeks, facilitated by a First Nations Spiritual Specialist. Activities include smudging, cleansing in the water, energy healing, talking circles and various group activities. These workshops are designed to help Titidaht youth find the strength and resilience in themselves and provide tools for them to care for and respect themselves, their community and each other.	\$28,800	Titidaht
Indigenous Healing	Downtown Eastside Women's Centre Association	Culture as Medicine - Holistic Healing for Indigenous Women in Vancouver's Downtown Eastside: This project will provide support to Indigenous women around multiple issues including street-based and domestic violence, residential school recovery, substance use, and cultural isolation. The project will focus on traditional Indigenous healing, arts, and celebrations for women accessing services at DEWC's drop-in centre and shelter services, accessed by 600 women daily, 70% of whom identify as Indigenous. The project objective is to improve supports, safety, and resources for Indigenous women and their families will be achieved through activities such as peer counseling, talking circles and healing, ceremony, and provision of medicines.	\$30,000	Vancouver
Indigenous Healing	Northwest Inter-Nation Family and Community Services	Algyaga K'üülm Goot - Heart Speak: This project will offer experiential, culturally-based training to a group of Youth Leaders who will then lead a series of meaningful conversations among their peers. These Youth Leaders will share what they learn with their families and community, practicing what they learn, connecting with the heart, giving back to others, growing healthy relationships and building on effective everyday communication.	\$30,000	Terrace
Indigenous Healing	Tsow-Tun Le Lum Society	Community Liaison for Indigenous Inmates This project will offer trauma-informed, culturally-based programs for up to 300 Indigenous participants annually, including 50-75 who are referred prior to their reintegration into community. During the 6-week program, they will be provided opportunities to learn methods to address their trauma in healthy ways and find healing through their individual strength, holistic balance, reconnection to culture, and hope for their future.	\$30,000	Lantzville
Indigenous Healing	School District 57-Curriculum & Innovation	School District 57-All Nations Athletics: This project will offer two, five-day basketball camps to students aged 8-13 who are from low-income households, larger Indigenous populations, students from immigrant families, and students who are at-risk academically/socially.	\$15,500	Prince George
Indigenous Healing	Bridges for Women Society	Indigenous Women's Healing & Outreach Program This project will provide a trauma-informed, culturally safe program to inspire and support Indigenous women impacted by violence, abuse and intergenerational trauma from the communities of the W'SANEC & Coast Salish territories. It will provide enhancement services, including counselling, for up to 30 Indigenous women attending or being referred to the Indigenous Bridging Program, a healing and employment program specifically for Indigenous survivors of trauma.	\$30,000	Victoria, Langford

Indigenous Healing	Heiltsuk Kaxla Child and Family Service Society	NALA: This project will address deeply rooted impacts of intergenerational trauma and promote healing by reclaiming spiritual, physical, and psychological strength. The NALA Program is a land and water-based healing project that will connect young men to ancestral teachings to support personal and community growth. This project will connect young men (ages 15-25) to culturally significant places, activities, and ceremonies in Haifzaqv Territory to promote wellness.	\$30,000	Bella Bella
Indigenous Healing	Nanaimo Aboriginal Centre	Land and Sea Initiative This project will connect vulnerable Indigenous youth with their traditions and culture by providing opportunities to work with an Elder and other cultural experts. Together they will participate in a variety of traditional activities that will teach the participants about local traditional resources, practices and ideas around sustainable zero-waste living. The project will engage youth with activities that connect them to the land, the ocean, food gathering practices, and a general understanding of Indigenous interdependent principles.	\$30,000	Nanaimo
Indigenous Healing	The Four Feathers Society	2 Spirits of BC Healing Project: This project will bring healing to indigenous 2SLGBTQ+ (2 Spirit or Two Spirit) person over the age 18 living BC who have experienced intergenerational trauma, crime or victimization due homophobia and trans-phobia. It will create culturally appropriate programming for approximately 30+ two Spirits living in the Vancouver area to help them heal from trauma, substance misuse, grief and loss, and suicide ideation, and celebrate their identity. Elders and counselors will facilitate educational workshops, Pow Wow Drumming & Dancing Instructional Groups and on-line programming.	\$30,000	Vancouver
Indigenous Healing	W.A.V.A.W./ R.C.C: Women Against Violence Against Women/ Rape Crisis Centre	Indigenous Counselling and Outreach Project: This project will provide outreach, trauma-informed virtual one-to-one counselling, and virtual support groups to Indigenous women, trans, Two-Spirit, and gender diverse people who have experienced sexualized violence, poverty, racism, transphobia, and other forms of systemic oppression. The services provided through this project include 28 one-to-one counselling sessions and 35 virtual support groups to foster healing and cultural connection. Project activities are delivered using culturally relevant, decolonizing and holistic approaches that attend to the mental, emotional, physical, and spiritual health of survivors, their families, and their community.	\$30,000	Vancouver
Indigenous Healing	Cowichan Tribes, Lalum'utul' Smun'eem	Women Healing Program This project will target women dealing with relationship violence, domestic violence, or inter-generational trauma who may be involved with child welfare or justice. The program facilitator will provide guidance for healing and rebuilding cultural skills through traditional learnings. The program is expected to provide support to build healing, confidence, self-esteem and holistic knowledge to an adult group of women from the Cowichan Tribes community.	\$24,965	Duncan
Indigenous Healing	Old Massett Village Council Emergency Operations Centre	Old Massett Warrior Program: This project will be a traditional land-based leadership program that supports at least 25 young Indigenous men who are vulnerable to participating in criminal activities and having addiction challenges. This program model brings together adult mentors from inside and outside of the Nation to support at-risk youth by spending one evening per week (3-4 hours) learning skills and helping others in the community; and one weekend per month (48 hours) on the traditional territory re-learning and remembering Ancestral teachings and songs.	\$30,000	Old Massett
Indigenous Healing	Yeqox Niliin Justice Society	Indigenous Healing through Traditional Practices: This project will target the Tsilhqot'in and Ulkatcho at-risk youth who have not been taught traditional survival skills to live off the land. Youth will connect to their culture through traditional harvesting and build a sense of belonging amongst their First Nation. Approximately 20 or more youth from each Tsilhqot'in and Ulkatcho community (7 communities in total) will participate.	\$30,000	Williams Lake
Indigenous Healing	Carrier Chilcotin Tribal Council	Restoring the Role of Elders: This project will engage Elders in the remote, rural Indigenous community of Ulkatcho to document and record traditional language and cultural practices. Language and protocol resources created through this project will protect important cultural traditions and support Elders in sharing their cultural knowledge. In addition, a network of community Elders will be developed to share their knowledge with and support one another to build confidence to practice their traditional roles as community and spiritual leaders.	\$30,000	Williams Lake
Indigenous Healing	The Restoring Circles Society	Ayataway: Healing Together Project. This project will teach Indigenous evidence-based trauma healing techniques in weekly 2-hour online workshops directed towards Indigenous & Indigenous-facing front-line community service workers. Participants will learn how to coach these tools to their member clientele, extending the workshop teachings to 320 Indigenous community members each week. The workshops are led by Indigenous Elders, counselors and teachers, and support collaboration with organizational allies to co-create practices to integrate healing from violence, racism, substance abuse and Covid-19 isolationism.	\$28,400	Province-Wide

Indigenous Healing	Lillooet Friendship Centre society	Healing Families through Culture & Ceremony: This project will target approximately 20-30 Indigenous individuals & families impacted by Intergenerational Trauma. The program will be delivered in group format, 30 hours supporting and facilitating healing using Indigenous healing approaches blended with mainstream healing methods. Individuals and families will have the opportunity to reconnect to their culture, consequently improving self-worth, and decreasing the sense of loss of identity and culture.	\$30,000	Lillooet
Indigenous Healing	Atira Women's Resource Society	Waaban Outreach Support to First Nations, Métis & Inuit Women: This project will provide a support worker to help support First Nations, Métis, and Inuit women who are experiencing or have experienced violence, homelessness, substance use, mental/spiritual wellness and trauma associated with the legacy of the residential school system. The program creates a safe space for Indigenous women to come together, share strategies, and engage in activities that help facilitate emotional, mental, physical, and spiritual self-care.	\$30,000	Surrey
Indigenous Healing	Western Canada Youth Bike Coalition Society	Trails to Resilience & Recovery This project will target youth who are experiencing critical skills and work experience gaps, are struggling to make the transition from secondary to post secondary education/entering the labour market and/or considered at-risk. The program will operate as a train the trainers model: providing all the training and skills development of youth leaders who will then have the necessary expertise and capabilities to operate community-based trail crews for other Nuu-Chah-Nulth youth.	\$30,000	Ucluelet, Kyuquot, Huu-ay-aht
Indigenous Healing	Peers Victoria Resources Society	SACRED - A program by and for Indigenous Women in Sex Work/Trade: This project will provide a healing and community-building space that supports connecting with local nations, home nations and families, connecting with the land and learning and sharing Indigenous culture with diverse knowledge keepers and artists. The group includes a core membership of 12 with up to 25 people attending larger events and gatherings each year.	\$29,950	Victoria
Indigenous Healing	Providing Advocacy Counselling & Education Society	Indigenous Sharing Circle This project will facilitate healing, justice, and connection to culture among Indigenous people who sell or trade sex by placing an emphasis on healing and rehabilitation to prevent future harms at both the individual and community levels. The Circles address individual and community level traumas through open discussion, giving and receiving support to peers, engaging with Elders and accessing a variety of traditional supports including traditional medicines, ceremony and other cultural activities.	\$20,000	Vancouver
Indigenous Healing	Nusdeh Yoh School	Nusdeh Yoh Eagle Nest Summer Day Camp: This project will target approximately 78 vulnerable Indigenous children/youth between the ages of 6 and 18 during the summer months when families do not have access to the supports received throughout the school year. The camp program will run for four weeks and will provide an Indigenous land based summer day camp incorporating traditional knowledge through experiential outdoor environments.	\$22,040	Prince George
Indigenous Healing	Indian Residential School Survivors Society	Sisters in Strength Healing Retreat: This project will provide a low-barrier, three-day Indigenous healing experience for women affected by the trauma of missing and murdered Indigenous Women and Girls. Approximately 25 Indigenous women from British Columbia will have an opportunity to come together with their sisters in grief, in a safe space for support and healing in a culturally appropriate and traditional way. Participants will have opportunities to engage in activities and ceremonies that promote wellness by connecting sisters with the tools and support they need in order to be healthy and self-governing once again.	\$30,000	Agassiz, Kent
Indigenous Healing	Nelson Community Services Society	The "Four Feathers Project": This project will support women (and their dependent children) who are healing from trauma from domestic and sexual violence and promotes a holistic approach to healing. It interconnects culturally traditional healing practices and Elder support into various aspects of the Transition House program. Through meaningful indigenization of our program, the project will address colonialism and racialization and provide a safe and inclusive environment to women and children accessing this program.	\$29,980	Prince George
Indigenous Healing	Victoria Native Friendship Centre	Young Warrior Program This project will provide support and training for children and youth who have witnessed violence at home, at school and/or in the community. The program is 6-weeks long, and consists of sessions on anti-bullying, cyber bullying, human trafficking, and methods to deflect violence. It is expected that children and youth in the program will learn to understand what makes a healthy relationship, how to handle violence/bullying in their lives, and gain anti-racism skills. It is expected that these children and youth will avoid involvement with the criminal justice system.	\$30,000	Victoria

Indigenous Healing	Ka:'yu:'k't'h'/Che:k'tles7et'h' First Nations	Shelters From The Storms (Kyuquot) This project will build on the traction gained during the first year of the Warrior Youth Leadership program through construction of a sheltered fire pit in a remote traditional location. To build this structure, the project will bring together a local college instructor and a team of 4 Indigenous youth for 6-days to gain introductory carpentry skills. In addition to being used as places for community celebration and family gatherings, this sheltered fire pit will also be used as a place of learning to re-instill traditional teachings.	\$30,000	Kyuquot
Indigenous Healing	Sumas First Nation	Healing from Within Healing from Within brings Indigenous Healers from within the community (whenever possible) or outside the community if needed, to support and guide individuals, families and the community as a whole on the traditional Indigenous paths of healing which have since time immemorial been embedded in daily life of the community. This program is offered on reserve but is open to all 355 members of Sumas First Nation, of all ages, genders living both at home and away.	\$30,000	Sumas First Nation
Indigenous Healing	Tla-o-qui-aht First Nation	Shelters From The Storms (Tla-o-qui-aht): This project will build on the traction gained during the first year of the Warrior Youth Leadership program through construction of a sheltered fire pit in a remote traditional location. To build this structure, the project will bring together a local college instructor and a team of 4 Indigenous youth for 6-days to gain introductory carpentry skills. In addition to being used as places for community celebration and family gatherings, this sheltered fire pit will also be used as a place of learning to re-instill traditional teachings.	\$30,000	Tofino
Restorative Justice	Ladysmith Resources Centre Association	Widening the Lens: This project will define the specific restorative educational needs within the community and begin addressing them through program development catering to specific populations, training Restorative Justice Facilitators and offering Restorative Process education to key community subsets. This project will include training individual staff and providing education within the Ladysmith Resources Centre Association and in the community.	\$25,180	Ladysmith
Restorative Justice	Nuxalk Nation	Nuxalk Restorative Justice Outreach program: This project will build awareness and increase capacity by hiring an Outreach worker to engage community members who are at risk of court involvement or jail, the Victim Assistance workers, the school leadership both on and off the Reserve, the Circuit Court team and the R.C.M.P. The Outreach worker will organize 8 two-hour Covid-safe, educational activities about Restorative Justice options for victims and offenders. It is expected that self-referrals and referrals from all agencies will rise, and that court-involvement and incarceration rates will fall.	\$30,000	Bella Coola
Restorative Justice	Victoria Restorative Justice Society	Supporting Our Community Through Accountability and Repair: This project will provide safe and effective restorative justice service delivery with a focus on serious, complex cases and victim-centred work. The initiative's target group is victims/survivors, offenders and victim and offender support people, many of whom are experiencing multiple vulnerabilities and marginalization, with around 100-150 participants in total. The initiative will provide enhanced case management, supports that prevent victim re-traumatization, enhance caseworker capacity for serious cases, and support continued development and expansion of our services to be more accessible to marginalized groups.	\$29,996	Victoria
Restorative Justice	Communities Embracing Restorative Action (CERA) Society	Enhancing Restorative Justice Project: This project aims to build the partnership between New Westminster Police Department and their local restorative justice program by arranging meetings with senior members of the police agency, preparing and conducting training presentations for the patrol officers, and creating referral cards for the officers that will remind them of the referral process. This stronger partnership will lead towards increased referrals to restorative justice and supporting more victims of crime.	\$21,550	New Westminster
Restorative Justice	Community Circles Restorative Justice Society	Building Connections and Capacity Using Restorative Practices Community: This project will work to improve the capacity of facilitators to provide RJ services to Stz'uminus and other First Nations in a way that is more culturally relevant. It will also increase the awareness, utilization, and effectiveness of RJ within the Stz'uminus First Nation and in the broader community and provide a cultural training program for CCRJS facilitators and provide other educational resources in order to develop guidelines for working with First Nations people.	\$27,700	Ladysmith
Restorative Justice	Touchstone Family Association	StreetSmarts Mentorship Project: This project will target at-risk youth who may be vulnerable to re-offending after participating in a Restorative Justice process. This program matches at-risk youth with a peer mentor to spend 2-3 hours per week to engage in pro-social activities that enhance protective factors such as sports, tutoring, and volunteering. The mentor may help the young person complete their resolution agreement. It is expected that 25 youth in this program will become more engaged with their community and family and youth recidivism is expected to decrease.	\$30,000	Richmond

Restorative Justice	Prince George Urban Aboriginal Justice Society	Restorative Justice Video Project: This project will target youth and adults, who offended or are victims of criminal acts, and our community partners. A video will be developed in collaboration with the Prince George RCMP Restorative Justice Program for the purpose of increasing restorative justice awareness – with the ultimate goal of increasing capacity to address victim harm. This video will be the cornerstone of community presentations (police, schools, corrections, and indigenous communities and organizations) to help increase the number of referrals to healing circles and indigenous court.	\$11,000	Prince George
Restorative Justice	Williams Lake Community Council for Restorative Justice	Williams Lake Restorative Justice Capacity Development and Service Delivery: This project will deliver restorative justice services (community justice forums) to about 50 offenders and 50 - 100 victims of crime, through a part-time case manager and interactive website. Volunteer numbers will be maintained with semi-annual facilitator training. The abilities of current volunteers will be expanded and enhanced by way of peacemaking circle training and an anti-racism exploration group.	\$24,150	Williams Lake
Restorative Justice	John Howard Society of Victoria	Restorative Justice Program Expansion: This project will increase the capacity of Restorative Justice Programs by continuing to run the new School-Based stream and Vancouver Island Regional Correctional Centre (VIRCC) stream for a third year. The VIRCC stream targets incarcerated men and provides them with the opportunity to engage in restorative dialogue with peers, victims, and family to reflect, heal, and move forward from the crime. The School-Based stream targets youth (12-18) who have caused harm at school, and encourages them to take accountability for their actions and work collaboratively to repair the harm.	\$29,000	Victoria
Restorative Justice	W.E. Graham Community Service Society	Kootenay Restorative Justice Program: This project will build capacity development with partners for the community and victims of crime, to become involved in resolving issues around crimes committed without re-traumatizing the participants. It is expected that 40 youth in this program will become more engaged with their community and the number of youths charged for a criminal offence is expected to decrease.	\$25,750	Slocan
Restorative Justice	Maple Ridge Pitt Meadows Community Services	Restorative Justice Awareness and delivery of its programs in a Covid-19 environment: This project will help source and develop new referral pathways, reinforce existing referral sources, as well as support the development and implementation of an existing educational piece into a virtual platform. The project will target youth 9 to 12 and will include virtual presentations and learning, marketing materials, one on one work with both participants and referral sources, as well as a consultation and feedback opportunities to maximize on improvement of the project.	\$29,592	Maple Ridge
Restorative Justice	The North Shore Restorative Justice Society	The Youth Justice Lab: This project will utilize restorative justice values and practices to support youth to engage in prosocial behavior, it will also provide relevant conflict management skills training. It is expected that 150-200 youth will participate in this project.	\$30,000	North Vancouver
Restorative Justice	Vancouver Island Region Restorative Justice Association	Empowering Restorative Justice Programs: This project will work to empower Restorative Justice programs across Vancouver Island, Sunshine Coast and the Gulf Islands by bringing together members five times a year with the option of in-person or through video conferencing requiring travel, rental and honorarium expenses for expert guest presenters. It will also hold an annual conference.	\$30,000	Cassidy
Restorative Justice	Tl'etinqox Government Office	The Tl'etinqox Restorative Justice Community Members program: This project will target approximately 20 first nations offenders who seek to make amends with victims, family, and community in a culturally appropriate way through pairing offenders with elders, wellness workers and a social worker to plan the circles, create traditional crafts/arts to gift to victims at the end of each healing circle, and host the circles in community. This project will bring awareness to the importance of being accountable for wrong-doing, learning and understanding the negative impacts of words/actions and offer a path forward.	\$30,000	Alexis Creek
Restorative Justice	John Howard Society Okanagan & Kootenay	Restorative Justice Programming at JHSOK: This project will provide an alternative/supplementary process for adults to the formal criminal justice/legal system based upon the principles of Restorative Justice through presentations, support meetings, and training. The project will include emergency/crisis oriented services that will target first time offenders 19+ years old and the victims of their crimes.	\$30,000	Kelowna

Restorative Justice	Cranbrook and District Restorative Justice Society	Restorative Justice Facilitator Training - Kootenay and Boundary Region: This project will provide facilitator training, approved by Division E of the RCMP to the communities in the Kootenay and Boundary region. This proposal will provide affordable community-based training with candidate mentorship through to full certification.	\$19,388	Cranbrook
Restorative Justice	Restorative Justice Project Sunshine Coast	Growing Circles of Youth Voices Mentoring Project: This project will provide 2- 4 hours/wk of mentoring, training, and holistic, wrap around services from specialized coaches and Elders. Two "lead" youth will receive and practice learnings from Elders and program partners to help with the design/ implementation/evaluation of the project and train to assist with restorative processes for referrals from schools, RCMP, DFO, Indigenous associations and community. The project will increase alternate measures referrals and volunteer capacities, positive file outcomes, and crime interventions.	\$30,000	Sechelt
Restorative Justice	Ki Low Na Friendship Society	Working With Horses: This project will support youth ages 12-20 who are currently involved in the criminal justice system or at risk of becoming criminally involved. It will offer a culturally sensitive approach to engage youth in learning about communication skills, team building, confidence, problem solving, body language and how to respect animals. It is anticipated that 24-30 at risk youth will access the program and be supported by 3-4 trained EAL facilitators, 2 Restorative Justice Workers and 2 Indigenous Justice Workers.	\$30,000	Kelowna
Restorative Justice	Nelson Police Department (NPD)	The Solutions Project: This project is designed to operationalize a strategic plan and school-based restorative justice services in response to COVID. The project targets NPDRJ staff, volunteers and clients, especially Indigenous and other marginalized populations, as well as school staff and students (K-12) from 3-5 classes (100-300). The project will work towards the strategic objective of broadening RJ service delivery through community and stakeholder engagement, education in anti-racism and equity, diversity and inclusion.	\$29,163	Nelson
Restorative Justice	Peace of the Circle Transformational Services	Coordinating Restorative Justice in Vancouver: This project will provide the required coordination and support for the new multi-stakeholder task force to fulfill its vision and mission. The target group for this project includes 15-20 justice stakeholders working with and serving victims, offenders, justice agencies, and diverse communities. Activities include coordination, facilitation, outreach, education, strategic planning, implementation and the writing of a final report.	\$30,000	Vancouver
Restorative Justice	Fraser Region Community Justice Initiatives Association	Collaborative Sentencing - A Promising Model Whose Time Has Come: This project will enhance voice and agency to victims; minimizes court appearances and delays; addresses the over-representation of indigenous and racialized communities in BC jails and prisons and provides a wider range of sentencing options for judges. The target group includes any accused likely to be sentenced to a term of incarceration (other than those accused of 'power-based' crimes).	\$30,000	Langley
Restorative Justice	Terrace Community Justice Forum Program	Terrace Restorative Justice Initiative (TRJI) Phase 2: This project includes the extension of a paid Program Director (PD) to establish the Terrace Restorative Justice Program (TRJP) as the NW Regional Hub for Restorative Justice (RJ) by increasing referrals, programs, and impact of their completion. The program director will accomplish this by strengthening partnerships with Terrace RCMP and build critical new partnerships with referral sources and a school program.	\$30,000	Terrace
Restorative Justice	Canadian Mental Health Association, Vernon & District Branch	Back to the Basics with a Victim-Centred Approach: This project will create an opportunity to apply restorative justice (RJ) principles and practices to facilitate RJ Circles in an on-line platform. This project will enhance the current facilitation skills of RJ staff/volunteer Practitioners with on-line training. It is expected that up to thirty-six (36) RJ Practitioners and community members would be involved in the training(s) that will apply a Victim-Centred approach to the basic RCMP Community Justice Forum training model in the community and workplace settings.	\$25,000	Vernon
Restorative Justice	Warmland Restorative Justice Society	The School Based Restorative Solutions: This project aims to bring restorative practices into four schools in School District #79, through a three stage process. This project will be working with Grade six to Twelve students, teachers, and Parent Advisory Committee through research and engagement, curriculum development and the implementation of a pilot project.	\$30,000	Duncan

Restorative Justice	Salt Spring and Southern Gulf Islands Community Services Society	Increasing Community Capacity to Respond to Conflict and Harm: This project will target victims, students and the general community through building the capacity of 50 volunteers & staff from Restorative Justice Salt Spring, school administrators/staff and other social service agencies to facilitate peacemaking circles as a response to conflict & harm. The project will engage in community outreach and education to increase the number of self-referrals to peacemaking circles.	\$19,850	Salt Spring Island
Restorative Justice	Lift Community Services of qathet Society	qathet Community Justice (qCJ): This project will help restore relationships where conflict or crime has caused harm and address the underlying issues that perpetuate injustice through criminal and non-criminal restorative justice services to the region of qathet (including the City of Powell River) within the traditional territory of the Tla'amin, shishálh, Klahoose, Homalco, and K'ómoks First Nations. Primary activities include facilitating restorative dialogues and training volunteers and community members to build capacity.	\$30,000	Powell River
Restorative Justice	Campbell River RCMP Restorative Justice Program	Restorative Justice Youth Circles Project: This project will enhance the ability of the Campbell River RCMP Restorative Justice Program to reduce harm caused by non-criminal and criminal incidents arising from the growing social issues of Teens and Technology. The RJYCP will hire a Contract Outreach Worker for a term of one year, to engage with teens (13-19), from the three local First Nation Communities and School District 72, providing Restorative Justice Circles and preventative education presentations. The RJYCP will work directly with Victim Services, repairing harm and reducing incidents of on-line bullying and harassment, distribution of intimate images, targeting of LGBTQ2S+ students, and gaming addiction.	\$29,760	Campbell River
Restorative Justice	Nanaimo Region John Howard Society	Restorative Justice Enhanced Service Delivery Initiative: This project will provide training to program staff in emotional first aid, coping with the extraordinary, and building reflective practice in order to inform the development of a case management framework and volunteer training that centers on trauma-informed practices in order to enhance victim-centered service delivery and prevent re-victimization or re-traumatization among participants. This project will benefit up to 70 victims of crime participating in the restorative justice program.	\$17,409	Nanaimo
Restorative Justice	Abbotsford Restorative Justice & Advocacy Association	Community Restorative Dialogue Program 2021: This project will generate community based restorative responses to addressing community conflict which are rooted in homelessness. The target group includes the homeless community, businesses and residents. Activities include bridge building dialogues, multi-stakeholder dialogues, and equitable support and capacity building for trauma informed homeless participation in various restorative dialogue activities named above.	\$28,930	Abbotsford
Restorative Justice	Restorative Justice Association of British Columbia	RJABC - Operations for Year 3 This project will build RJABC's membership, and continue developing RJABC's role in supporting restorative justice programs across the province through the continued employment of key Executive/administrative personnel, acquiring and setting up physical office space, and the further development of policies and procedures for the effective operation of the association. Board development and planning forms an integral part of this project in order to put the necessary supports in place to strengthen and grow RJ Programs across B.C.	\$80,000	Province-Wide
Restorative Justice	Restorative Justice Association of British Columbia	RJABC - Training Strategy & Training Program Development: This project will provide relevant training initiatives and opportunities to build capacity for Restorative Justice programs and service providers in all regions of the province, and raise awareness to key justice stakeholders about restorative justice philosophy, principles, and practices. It also aims to further assess training needs of CAP programs, RJ service providers, and stakeholders for continued training opportunities design and development.	\$30,000	Province-Wide
Restorative Justice	Restorative Justice Association of British Columbia	Restorative Justice Advisory Committee: This project will support RJABC over 3 years in the developing and implementing a advisory committee, consisting of key Justice and Public Safety Sector representatives, that will help guide the branch's work in enhancing RJ in the province including supporting work related to training, evaluation and standards development.	\$90,000	Province-Wide
Restorative Justice	Sto:lo Service Agency	IJP Internal Capacity building project: This project will address the need to relationship build with other Indigenous Justice programs across the Province of BC as well as to assist in building capacity within the individual Justice programs by providing training that is unique to their specific needs.	\$30,000	Province-Wide
