Year 2 Program Guide Summary of Changes

This program guide provides an overview of the Indigenous Engagement Requirements Funding Program (IERFP), as updated September 4, 2024.

The ministry announced Year 2 of funding for the IERFP in September to further support funding recipients with implementing the Indigenous engagement requirements. Provision of additional funding is responsive to feedback from recipients of Year 1, and recent IER Regional Forums.

Updates to the Program Guide are as follows:

- ✓ Process updates to assist recipients in accessing Year 2 program funding
- ✓ Removal of the Optional Survey originally intended for September 2024

Noteworthy updates to the IERFP Program Guide can be quickly referenced in this document by looking for the 'exclamation mark' icon.

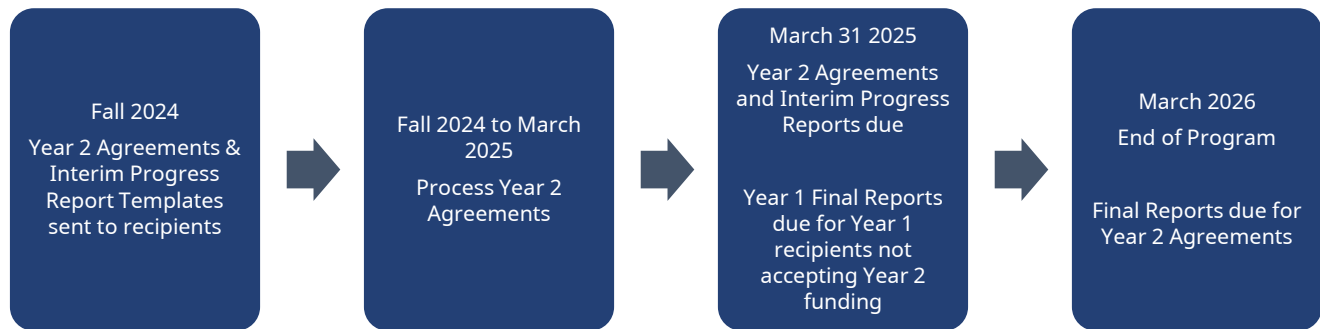

Overview

The Emergency and Disaster Management Act (EDMA) includes Indigenous engagement requirements (IER) that promote relationship building across jurisdictions and the incorporation of Indigenous knowledge and cultural safety across emergency management practices. The intent is to respect the inherent rights of Indigenous Peoples, enhance the emergency management outcomes for the safety of all, provide for policy improvements that reflect lived experience, and address the disproportionate impacts on Indigenous Peoples during emergency events. Regulated entities as defined in EDMA are required to engage through emergency management, and local authorities (regional districts and municipalities) are required to consult and co-operate with Indigenous governing bodies (IGBs) through response and recovery.

This program guide complements the *Indigenous Engagement Requirements Interim Guidance* document which provides a more detailed overview of roles and responsibilities, the phased timing of requirements, and recommendations regarding how regulated entities might engage with Indigenous governing bodies. Review of the IER interim guidance materials will assist funding recipients in choosing how to allocate funding awarded under this program.

This program guide provides information for funding recipients on the funding program delivery process and information to assist in how to apply the funding to one or more activities.

Summary of Process Steps for Year 2 Program funding

Information in this Program Guide is provided for recipients who:

- are requesting an IERFP funding award for the first time, or
- will complete implementation of their Year 1 agreements by March 31, 2025, and no longer wish to participate in the Program; and, who
- received an IERFP Year 1 funding award and wish to receive Year 2 Program funding.

The intended objective of the IERFP is to support the implementation of Indigenous engagement requirements, and intended outcomes including:

- Relationship building across jurisdictions through consultation and co-operation with Indigenous governing bodies.
- Incorporating Indigenous knowledge and cultural safety across emergency management practices.
- Respecting the inherent rights of Indigenous Peoples.
- Enhancing emergency management outcomes for the safety of all.
- Providing policy improvements that reflect the lived experience of Indigenous Peoples and address the disproportionate impacts on Indigenous Peoples during emergency events.

Questions and inquiries about this funding program can be directed to the Ministry of Emergency Management and Climate Readiness (EMCR) by email: EMCR.IERFunding@gov.bc.ca

Funding Recipients

All 204 First Nations and 188 local authorities in British Columbia are eligible for a funding award through Year 2 of the IERFP, regardless of whether the offer of Year 1 funding was accepted.

- Eligible recipients who did not sign a Contribution Agreement to receive Year 1 Program funding but wish to receive Year 2 Program funding will need to sign a Contribution Agreement by March 31, 2025.

- Eligible recipients with signed Contribution Agreements for Year 1, that do not wish to accept Year 2 funding, must submit a final report by March 31, 2025 – per current agreement terms, or contact EMCR if you wish to extend the term of the agreement
- Eligible recipients with signed Contribution Agreements for Year 1, that do wish to accept Year 2 funding, must both sign and return an updated Year 2 agreement and submit an Interim Progress Report by March 31, 2025. Year 1 funding must be spent to receive Year 2 funding.

First Nations

The EDMA requires engagement with Indigenous governing bodies which are, as defined in the Declaration Act, an entity that is authorized to act on behalf of Indigenous Peoples that hold rights recognized and affirmed by section 35 of the *Constitution Act*, 1982.

For purposes of the Indigenous Engagement Requirements Funding Program, funding award notices will be directed to First Nations' Chief and Councils.

First Nations' Chief and Councils may want to identify another entity, an Indigenous governing body, for purposes of the Indigenous Engagement Requirements Funding Program.

For First Nations that have identified additional contacts for IERFP implementation, the program team will strive to include these contacts in correspondence for Year 2.

Local Authorities

For purposes of the Indigenous Engagement Requirements Funding Program, local authority refers to both municipalities and regional districts. Funding is responsive to the *Community Charter*.

Eligible Activities

Funding is for activities that promote, encourage, and support relationship building and collaboration in emergency management between local authorities and Indigenous governing bodies. Eligible Recipients who did not participate in the first year of the program, will be sent an email offering funding, and will be provided with a contribution agreement to access program funding.

- The new agreement will be an opportunity to choose to continue or change eligible activities to inform the Indigenous engagement requirements “Project(s).”

- The IERFP Interim Progress Report must also be completed and reviewed by EMCR, showing recipient's progress on Year 1 projects, and demonstrating that Year 1 Program funding has been spent. **The Interim Progress Report may be provided to EMCR at any time before March 31, 2025, to access Year 2 program funding.**

- Year 2 program funding will be delivered upon full signing of the new agreement, and receipt of the Interim Progress Report that shows Year 1 funding has been expended.
- The final reporting date will change from March 31, 2025, to March 31, 2026.

EMCR is supportive of recipients pooling funds. The intent to pool funds can be communicated when recipients return the contribution agreement or new agreement. If recipients choose to pool funds after receiving the funds, recipients are asked to notify EMCR via email to the program team at EMCR.IERFunding@gov.bc.ca.

All agreements will have a requirement that unspent funds must be returned to EMCR.

Program Reporting

To support program evaluation and administration, recipients will be asked to provide final reporting as per the conditions of their IERFP agreements, and if applicable, ad hoc reporting. To help inform future program development, mid-term optional reporting may be requested.

EMCR will provide material to support reporting, including instructions and a template.

If recipients have chosen to pool funds, they can share reporting requirement obligations.
