

DRIF Goal: First Nations and local government improve their resilience to natural and climate driven disasters through improved understanding of risks, vulnerabilities, and risk reduction options, and the development and implementation of non-structural and structural risk reduction projects.

The EOI webform is broken down into 8 sections. This document presents the questions in a format that reflects the webform. This form is for reference only; please see the DRIF Program webpage for details on how to submit an EOI.

Section 1:

Primary Proponent: (First Nation, Local Government, Regional District)

Primary Proponent Name: (Name of community)

Authorized Representative Contact Information:

- First Name/Last Name
- Position/Title
- Department
- Phone
- Email

Project Contact Information:

- First Name/Last Name
- Position/Title
- Department
- Phone
- Email

Partnering proponent(s): (First Nation, local government) if applicable

Section 2:

Funding Stream:

- **Stream 1:** Foundational and Non-Structural (up to \$400,000 per proponent)
- **Stream 2:** Structural (up to \$5M per proponent, maximum \$15M)

Project Title:

Summarized Scope Statement:

Project Type:

- New Project
- New Phase of Existing Project

Related Hazards: (Drought & water scarcity, extreme temperature, flood, geohazard (e.g., avalanche, landslide), sea level rise, seismic, tsunami, other):

Anticipated Start & End Dates:

Section 3:

Estimated Total Project Cost:

Estimated DRIF Funding Program Request:

Other Funding Sources (if applicable)

- Estimated Amount
 - Name of Grant/Funding Source
 - Type of Funding (Federal, Federal/Provincial, Provincial, Self-funded, Other Grants)
-

Section 4:

Ownership Declaration: The project will be in BC on land that the proponent has legal access to either through ownership, right of way, or other at the time the Shared Cost Agreement is signed. You can provide context in the project area description question that follows. Y/N

Location Description:

Section 5:

Rationale for Funding Request: (Include any recent history (e.g., evacuation orders, flooding events), threat levels, and/or evidence of how the hazard is being assessed).

Estimated Number of People Impacted:

- 1 – 10,000
- 10,001 – 50,000
- 50,001 – 100,000
- 100,001 +
- Unsure

Impact to Community (How might the people in your community be impacted by the hazard(s) directly or indirectly. Include vulnerable populations where applicable).

Critical Infrastructure Impacted

(Describe the infrastructure and impact).

(How does this project improve the understanding of disaster risk and invest in disaster risk reduction to improve resilience?)

(Provide any relevant information, if applicable)

Proposed Solution:

(What is included in this project to address the identified risk(s) and/or hazard(s)?

(How does this project align with the DRIF's Program goal?)

(Provide additional relevant information, if applicable)

Rationale for Proposed Solution: (What type of foundational or previous work led to the proposed solution?)

Section 6:

Engagement/Planned Engagement with First Nations and/or Indigenous Organizations Prior to Full Proposal:

(Describe how the proponent has or plans to effectively engage First Nations)

(Describe how the proponent has or plans to effectively engage neighbouring jurisdictions, and other impacted or affected parties (e.g., equity organizations, agricultural sector, critical infrastructure owners) as appropriate to the project).

(Provide additional relevant information, if applicable)

Section 7:

Climate Adaptation: (Describe how the project will incorporate future climate conditions and consider climate change in the project methodology, including considering future impacts of the project on the environment).

Other relevant information: (Provide any other relevant information that would support this project's EOI).

Section 8:

DRIF - Disaster Resilience & Innovation Funding Program

Expression of Interest – EOI form

Ministry of
Emergency Management
and Climate Readiness

Authorized Representative (I am duly authorized to submit this Expression of Interest on behalf of the Primary Proponent)

Accuracy of Information (I confirm, on behalf of the Primary Proponent, that the information contained in this Expression of Interest is accurate)
