

5.17 Out-of-Jurisdiction Rescue Reimbursement Schedule

All Found Rate	<p>\$364/hour, minimum 1 hour, billed at 15-minute increments beyond one hour rounded to the nearest quarter hour up or down. The rate includes the first 150 km round trip.</p> <p>Rates are applicable from the time of the response vehicle's departure from quarters (point of housing for the response vehicle) and continue until return to quarters.</p> <p>The minimum rate applies to the task, not to multiple trips within a task.</p>
Additional Fire Suppression Vehicle	<p>An additional fire suppression vehicle that responds to an incident may be reimbursed separately from the All Found Rate when there is an actual or imminent threat to life due to fire.</p> <p>If a fire suppression vehicle is approved for reimbursement, the reimbursement rate for the vehicle will be the All Found Rate above.</p>
Clean up Rate	<p>¼ hour (15 minutes) at the All Found Rate, added when rescue services are rendered.</p> <p>This rate is not added to calls where the service provider was stood down enroute or was not required to provide rescue services at scene once they had arrived.</p>
Consumable Supplies	<p>\$80/task, added when rescue services are rendered.</p> <p>The consumable supplies allowance is intended to cover the cost of such items as personal protection equipment (gloves and masks), flashlight batteries, flares, and absorbent routinely consumed in a rescue.</p> <p>This rate is not added to calls where the service provider was stood down enroute or was not required to provide rescue services at scene once they had arrived.</p>
