2023 Information

- **All Found Rate** means equipment and operator together with all costs and expenses, including equipment attachments, for the work being undertaken, excluding fuel and lubricants. Fuel and Lubricants are included in the BCWS Market Fuel Adjustment.
- **Market Fuel Adjustment** will only be applied to all found rates. Fuel adjustments are not applicable to standby. It is the contractor's responsibility to add the fuel adjustment amount to their invoice. Monthly Market Fuel Adjustments will be posted within one week of the month's commencement. The monthly Market Fuel Adjustment rates applied to the invoice should reflect the month(s) the work was completed in. If work was completed in more than 1 calendar month, the highest monthly Market Fuel Adjustment rate during the time the work was occurring may be applied to the invoice for all applicable work completed.
