Fiscal Year Ended: December 31, 2023

MANAGEMENT REPORT

The Financial Statements contained in this Statement of Financial Information under the *Financial Information Act* have been prepared by management in accordance with Canadian generally accepted accounting principles and the integrity and objectivity of these statements are management's responsibility.

Management is also responsible for all other schedules of financial information and for ensuring this information is consistent, where appropriate, with the information contained in the financial statements and for implementing and maintaining a system of internal controls to provide reasonable assurance that reliable financial information is produced.

The Board of the Library is responsible for ensuring that management fulfils its responsibilities for financial reporting and internal control and for approving the financial information included in the Statement of Financial Information.

The external auditors, BDO Canada LLP, conduct an independent examination, in accordance with generally accepted auditing standards, and express their opinion on the financial statements. Their examination does not relate to the other schedules of financial information required by the *Financial Information Act*. Their examination includes a review and evaluation of the board's system of internal control and appropriate tests and procedures to provide reasonable assurance that the financial statements are presented fairly.

Management's Responsibility for Financial Reporting

The accompanying financial statements of the Okanagan Regional Library District have been approved by the Board. The preparation of these financial statements is the responsibility of management.

The financial statements were prepared by our external auditor in accordance with Canadian public sector accounting standards. Certain amounts used in the preparation of the financial statements are based on management's best estimates and judgments. Actual results could differ as additional information becomes available in the future. When alternative accounting methods exist, management has chosen those it deems most appropriate in the circumstances, in order to ensure that the financial statements are presented fairly, in all material respects. Management has reviewed these financial statements and has taken responsibility for them.

The Okanagan Regional Library District maintains systems of internal accounting and administrative controls of high quality, consistent with reasonable cost. Such systems are designed to provide reasonable assurance that the financial information is relevant, reliable and accurate and the Okanagan Regional Library District's assets are appropriately accounted for and adequately safeguarded.

The Board is responsible for ensuring that management fulfills its responsibilities for financial reporting and is ultimately responsible for reviewing and approving the financial statements.

The Board meets periodically with management, as well as the external auditors, to discuss internal controls over the financial reporting process, auditing matters and financial reporting issues, to satisfy themselves that each party is properly discharging their responsibilities, and to review the annual report, the consolidated financial statements and the external auditor's report.

The financial statements have been audited by BDO Canada LLP Chartered Professional Accountants in accordance with Canadian generally accepted auditing standards on behalf of the Board. The independent auditor's report expresses their opinion on these financial statements. The auditors have full and free access to the accounting records and to the Board of the Okanagan Regional Library District.

Independent Auditor's Report

To the Board of Trustees of the Okanagan Regional Library District

Opinion

We have audited the financial statements of Okanagan Regional Library District (the "Library District"), which comprise the statement of financial position as at December 31, 2023, and the statements of operation and accumulated surplus, changes in net debt, and cash flows for the year then ended, and notes to the financial statements, including a summary of significant accounting policies.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Library District as at December 31, 2023, and the statements of operations and accumulated surplus, change in net debt, and cash flows for the year then ended in accordance with Canadian accounting standards for public sector accounting standards.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *Auditor's Responsibilities for the Audit of the Financial Statements* section of our report. We are independent of the Library District in accordance with the ethical requirements that are relevant to our audit of the financial statements in Canada, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Unaudited Information

We have not audited, reviewed or otherwise attempted to verify the accuracy or completeness of the schedules on pages 20 through 25 of the Library District's financial statements.

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with Canadian accounting standards for public sector accounting, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Library District's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Library District or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Library District's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Library District's internal control.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Library District's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Library District to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Okanagan Regional Library District Summary of Significant Accounting Policies

December 31, 2023

Nature of Business The Okanagan Regional Library District (the "Library District") provides equitable access to relevant educational, recreational, and cultural library resources to residents within the service regions.

Basis of Presentation It is the Library District's policy to follow accounting principles generally accepted for municipalities in the Province of British Columbia. The financial statements include the account of all funds for the Library District. All interfund transfers have been eliminated. They have been prepared using guidelines issued by the Public Sector Accounting Board ("PSAB") of Chartered Professional Accountants of Canada.

MFA Debt Reserve As a condition of borrowing through Regional Districts (Note 2), a portion of the loan proceeds are withheld by the Regional Districts to be used as a debt reserve for the Municipal Finance Authority.

**Tangible Capital
Assets**

Tangible capital assets are recorded at cost less accumulated amortization. Cost includes all costs directly attributable to acquisition or construction of the tangible capital asset including transportation costs, installation costs, design and engineering fees, legal fees and site preparation costs. Contributed tangible capital assets are recorded at fair value at the time of the donation, with a corresponding amount recorded as revenue. Amortization is recorded over the estimated life of the tangible capital asset commencing once the asset is available for productive use as follows:

Buildings	2.5% declining balance
Vehicles	20% declining balance
Computer equipment	25% declining balance
Shelving	40 years, straight line
Carts, tables, & chairs	5% declining balance
Electronics & miscellaneous	15% declining balance
Book inventory	2 to 15 years, straight line

Revenue Recognition Assessment revenue is invoiced quarterly and is recorded when it becomes due on the first day of the last month of each quarter. The schedule of due dates is set by the Library Act. Revenue from grants is recorded when received and when conditions specified in the grant are met. Other revenue is recorded when the service has been provided or when performance has been achieved and the revenue is reasonably collectible.

**Government
Transfers**

Government transfers, which include legislative grants, are recognized in the financial statements in the period in which events giving rise to the transfers occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amount can be made.

**Okanagan Regional Library District
Summary of Significant Accounting Policies**

December 31, 2023

Reserve Funds The Library District has established several reserves relating to future capital expenses and operating expenses. Amounts transferred to and from these reserves are per approval of the Board of Trustees for the Library District.

Use of Estimates The preparation of financial statements in accordance with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from management's best estimates as additional information becomes available in the future.

Financial Instruments Cash and equity instruments quoted in an active market are measured at fair value. Accounts receivable, accounts payable and long-term debt are measured at cost or amortized cost. The carrying amount of each of these financial instruments is presented on the statement of financial position.

Unrealized gains and losses from changes in the fair value of financial instruments are recognized in the statement of remeasurement gains and losses. Upon settlement, the cumulative gain or loss is reclassified from the statement of remeasurement gains and losses and recognized in the statement of operations. Interest and dividends attributable to financial instruments are reported in the statement of operations.

For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense.

All financial assets are tested annually for impairment. When financial assets are impaired, impairment losses are recorded in the statement of operations.

Transaction costs are added to the carrying value for financial instruments measured using cost or amortized cost. Transaction costs are expensed for financial instruments measured at fair value.

4. Accumulated Surplus

The Library District segregates its accumulated surplus in the following categories:

	2023	2022
Financial equity		
General fund (Schedule 1)	\$ -	\$ 1,601,126
Equity in tangible capital assets (Note 5)	17,468,837	13,985,101
Reserve funds (Schedule 6)	7,153,997	6,980,536
	\$ 24,622,834	\$ 22,566,763

Equity in tangible capital assets represents amounts already spent and invested in infrastructure and other non-financial assets.

Reserve funds represent funds set aside by the Board of Trustees for specific purposes.

5. Equity in Tangible Capital Assets

* Computer maintenance and telecommunications contains \$300,922 of IT costs that were completed using funds transferred from reserves for these projects. See Note 9 for further information on budgeted figures.

** Supplies contains \$7,188 of expenses transferred from reserves. See Note 9 for further information on budgeted figures.

7. Credit Facility

The Library District has a credit facility agreement with a financial institution which provides a revolving line of credit of \$750,000 with an interest rate of prime plus 0.3%. At December 31, 2023, the Library District had drawn \$Nil (2022 - \$Nil) on this agreement.

8. Pension Liability

The Library District and its employees contribute to the Municipal Pension Plan (the "Plan"), a jointly trusted pension plan. The Board of Trustees, representing plan members and employers, is responsible for administering the Plan, including investment of the assets and administration of benefits. The Plan is a multi-employer defined benefit pension plan. Basic pension benefits are based on a formula. As at December 31, 2021, the Plan has about 240,000 active members and approximately 124,000 retired members. Active members include approximately 42,000 contributors from local governments.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and adequacy of plan funding. The actuary determines an appropriate combined employer and member contribution rate to fund the plan. The actuary's calculated contribution rate is based on the entry-age normal cost method, which produces the long-term rate of member and employer contributions sufficient to provide benefits for average future entrants to the plan. This rate may be adjusted for the amortization of any actuarial funding surplus and will be adjusted for the amortization of any unfunded actuarial liability.

The most recent valuation as of December 31, 2021, indicated a \$3,761 million funding surplus for basic pension benefits on a going concern basis.

The Library District paid \$641,857 (2022 - \$608,715) for employer contributions to the Plan in fiscal 2023.

The next valuation will be as at December 31, 2024, with results available in late 2025.

Employers participating in the Plan record their pension expense as the amount of the employer contributions made during the fiscal year (defined contribution pension plan accounting). This is because the Plan records accrued liabilities and accrued assets for the Plan in aggregate, resulting in no consistent and reliable basis for allocating the obligation, assets and cost to individual employers participating in the Plan.

9. Budget Information

The budget adopted by the Board of Trustees was prepared on a modified accrual basis while PSAB requires a full accrual basis. The budget figures anticipated use of surpluses accumulated in previous years to reduce current year expenses in excess of current year revenues to \$nil. In addition, the budget expensed all tangible capital expenses rather than including amortization expense. As a result, the budget figures presented in the statements of operations and change in net debt represent the budget adopted by the Board of Trustees with adjustments as follows:

	<u>2023</u>
Budget surplus (deficit) for the year as per board budget	\$ -
Add:	
Transfers to reserve funds budgeted for in expenses	688,933
Transfers to tangible capital assets budgeted for in expenses - books and material	1,889,720
Long-term debt reduction - principal	<u>1,087,825</u>
	3,666,478
Less:	
Transfers from reserve funds budgeted for in expenses	<u>(626,007)</u>
Budget surplus per statement of operations and accumulated surplus	<u>\$ 3,040,471</u>

10. Financial Instrument Risk

General objectives, policies, and processes

The Library District is exposed to credit risk, liquidity risk, and interest rate risk from its financial instruments. This note describes the Library District's objectives, policies and processes for managing those risks and the methods used to measure them. Further qualitative and quantitative information in respect of these risks is presented below and throughout these financial statements.

Credit Risk

Credit risk is the risk that one party to a financial instrument will cause a financial loss for the other party by failing to discharge an obligation. The Library District is exposed to credit risk through the possibility of non-collection of its accounts receivable. The majority of the Library District's receivables are normally from government entities which minimizes the risk of non-collection. The Library District also makes sure it meets all eligibility criteria for the amounts to ensure they will collect the amounts outstanding. The Library District's maximum exposure to credit risk at the financial statement date is the carrying value of its accounts receivable as presented on the statement of financial position.

Notes to Financial Statements**

December 31, 2023

10. Financial Instrument Risk (continued)

Liquidity Risk

Liquidity risk is the risk that the Library District will not be able to meet its financial obligations as they fall due. The Library District has a planning and budgeting process in place to help determine the funds required to support the Library District's normal operating requirements on an ongoing basis. The Library District ensures that there are sufficient funds to meet its short-term requirements, taking into account its anticipated cash flows from operations and its holdings of cash and cash equivalents. The Library District's maximum liquidity exposure at the financial statement date is the carrying value of accounts payable and accrued liabilities, and long-term debt as presented on the statement of financial position.

Interest Rate Risk

Interest rate risk is the risk that the future cash flows of a financial instrument will fluctuate because of the changes in market interest rates. The Library District is exposed to interest rate risk through its long-term debt.

The Library District manages interest rate risk on its long-term debt by holding debenture debt through Municipal Finance Authority with fixed rates. Therefore fluctuations in market interest rates would not impact future cash flows and operations related to long-term debt. See Note 2 for interest rates and maturity rates for all long-term debt.

There have been no significant changes from the previous year in the exposure to risk, policies or procedures used to manage financial instrument risks

11. Comparative Figures

Certain comparative figures have been reclassified to conform to the current year's presentation.
