## COMMUNITY GAMING GRANTS – 2010-2011 FUNDING

The Province provides gaming grants to eligible non-profit organizations to support programs and services that benefit British Columbians and their communities. For 2010-2011, \$120 million will be available for community gaming grants.

Funding will be targeted to groups that address public safety, health and social services, youth programs and Parent Advisory Councils.

Organizations with written three-year grant commitments will continue to receive full funding until the end of the commitment period. All other grants will be made on an annual basis.

Responsibility for funding and administration of other provincial government programs will return to their respective ministries this year. Gaming revenue provided \$63 million to cover funding for these programs in 2009-2010.
