**Gaming Grants Paid to Community Organizations - Final 2011/12 Year-End Report (by community) - April 1, 2011 to March 31, 2012**

Generated: July 17, 2012  
Report period: April 1, 2011 to March 31, 2012 (Government fiscal year 2011/12)

**Description and Notes:**  
Community organizations may be eligible for government community gaming grants to support their programs and services. Payments for approved grants are made throughout each government fiscal year, and the timing of the payments depends on the grant category / sector.

- As announced on March 8, 2010, two gaming grant programs (direct access and bingo affiliation) were consolidated into the community gaming grant program for fiscal year 2010/11. This report contains information about grant payments made under the new grant sector and subsector structure, as well as payments made under the previous structure to fulfill prior multi-year grant commitments.
- Unused grant funds that were returned during the fiscal year are shown at the end of this report.
- Some organizations receive grants in more than one category; therefore the number of unique organizations receiving grant payments is usually less than the number of grants paid.

**Notes Column:**  
1. Prior multi-year grant commitment.  
2. Special one time grant.
