

Community Gaming Grants Online Application Access

Community Gaming Grants is launching a new online application system in 2025.

Starting **February 1, 2025**, either a **Business BCeID** or **Basic BCeID is required** to submit an online application for a Community Gaming Grant, a PAC & DPAC Grant, and a Capital Projects Grant.

Determine whether your organization already has a Business BCeID

To verify that your organization is already registered with a Business BCeID, please search for your organization at: <https://www.bceid.ca/directories/whitepages/>

- Organizations already registered for a Business BCeID will display details, such as contact information for the Account or Profile Manager, for your organization's BCeID account.
- The Account or Profile Manager is responsible for managing the Business BCeID account.
- Contact the Account or Profile Manager within your organization to request the creation of a unique Business BCeID account for you to use.
- Once you have a unique Business BCeID, you will be able to submit an online application.
- Organizations that determine they are not registered must apply for either a Business BCeID or a Basic BCeID.

Decide whether you will register for a Business BCeID or a Basic BCeID

To apply for funding, you will have the option to sign in using either a Business BCeID or Basic BCeID. These credentials each have different requirements to register and may impact your ability to access certain features in the new online system.

Business BCeID

- Allows multiple staff and volunteers access to an application and historical records.
- Less disruptive for organizations with staff turnover, due to the ability for multiple users to have access (at the discretion of the Account or Profile Manager).
- It may take several weeks to register a new account.

Basic BCeID

- Only the individual registered under the Basic BCeID can access an application they have created.
- Community Gaming Grants staff cannot supply records to other staff or volunteers at the organization.
- The user can complete registration within minutes.

All applicants will have the option to print and/or save their application at the point of submission.

Register for a Business BCeID or a Basic BCeID

Register for a Business BCeID or Basic BCeID at: <https://www.bceid.ca/register/>

BCeID Support

For questions related to BCeID (account information and registration), contact the BCeID help desk*:
