

# Community Gaming Grants

## Funding community programs

## Community Gaming Grants Presentation

*An exciting education and networking opportunity for not-for-profit organizations interested in applying for a community gaming grant.*

Each year the Government of British Columbia approves \$140 million in community gaming grants for not-for-profit organizations across the province. Over 5,000 community-based organizations, representing almost every community in the province, receive community gaming grants each year.

Join **Diana Groffen, Director with the Central Okanagan Charitable Gaming Association**, for a detailed information session on the Community Gaming Grants program. Learn more about:

- Organization and program eligibility requirements for a community gaming grant;
- Grant application - how and when to apply, how your application is processed, and how and when you will be notified about your grant request; and
- Grant recipient accountability - grant conditions and acceptable use of funds.
