50. Excess levels defined
An excess level of total carbon dioxide (TC02) in a race horse is deemed adverse to the best
interests of Standardbred and Thoroughbred racing, and adverse to the best interests of the
horse, in that such a condition alters its normal physiological state. Accordingly, a person
designated by an approved (TC02) laboratory may obtain venous blood samples from a
horse for the purpose of the testing of said samples by that laboratory for (TC02) levels.
Where the (TC02) level, based upon such testing, equals or exceeds the following levels:
   (a) 37 or more millimoles per litre of blood for horses not competing on furosemide;
       or

the Stewards/Judges may impose penalties pursuant to s. 14 and s. 16 of these rules.

51. Approved TC02 laboratory
“Approved TC02 laboratory” means a laboratory approved by the Executive Director to
conduct the testing of standardbred/thoroughbred horses.

operations for the purposes of determining its compliance with these rules.

entry of a horse shall constitute permission for a person designated by the approved
TC02 laboratory to obtain blood samples.
(2) To the extent that it is feasible, the owner, trainer or other person responsible for the
horse will be given notice that the horse is to be tested and may be present when the
blood sample is taken.
(3) Refusal of an owner, trainer, or other person responsible for the horse to attend the
taking of the sample will not affect the validity of the test.
(4) Any owner, trainer or other person responsible for the horse that refuses or fails to permit the taking of a sample from a horse, shall:
   (a) have all applicable horses scratched by the Stewards/Judges; and
   (b) be deemed an admission of violation of s. 75(8) and (23).

   (6) Analyzing samples within 48 hours or up to a maximum of 96 hours in exceptional circumstances of collection and reporting all results to the Executive Director and the Canadian Pari-Mutuel Agency. (amended 15/04/2015)

55. Duplicate sample policy
   (1) A licensee may request a duplicate sample of the blood obtained from his/her horse for independent TC02 testing pursuant to the following procedures:
      (a) due to the time sensitivity in which TC02 tests must be conducted (i.e., 48 hours), the licensee must request the duplicate sample before the blood sample is obtained by the approved TC02 laboratory personnel;

(4) Where a horse breaks stride and interferes with another horse(s), the breaking horse shall be placed behind the horse(s) with which it interfered.

(2) Where an act of interference causes a horse or part of a horse’s sulky to cross the inside limits of the course and the horse is placed by the Judges, the offending horse shall be placed behind the horse with which it interfered.

   (2) When horses run a dead heat:
      (a) the dead heat shall not be run off;
      (b) all purses to which the owners of the dead-heated horses would have been jointly entitled had one beaten the other, shall be divided equally between them;

      (a) by any:

(ii) has submitted evidence of identity, including fingerprints and photographs, and has submitted evidence of financial responsibility satisfactory to the Branch; and
(iii) \(\textit{\textit{deleted 18/09/2019}}\);

(c) by an authorized agent acting on behalf of an eligible claimant.

290. General provisions

(1) A person entering a horse in a claiming race warrants that the title to the horse is free and clear of any existing claim or lien, either as security interest, mortgage, bill of sale or lien of any kind, unless before entering such horse, the written consent of the holder of the claim or lien has been filed with the Racing Division Inspectors and the Racing Secretary, and its entry approved by the Judges.

(a) No horse will be eligible to start in a claiming race unless the owner has provided written authorization, which must include the minimum price for which the horse may be claimed, to the race secretary at least 1 hour prior to post time of its race. If the horse is owned by more than one party, all the parties or their authorized agent must sign the authorization. Any question relating to the validity of a claiming authorization shall be referred to the Judges who shall have the authority to disallow a declaration or scratch the horse if they deem the authorization to be improper. \(\textit{\textit{added 15/04/2015}}\)

(b) Unless a horse is on the electronic registration system, the registration certificate in current ownership must be filed with the race office for all horses claimed within forty eight (48) hours after the race from which the horse is claimed. All horses claimed out of a claiming race will automatically be put on electronic registration by Standardbred Canada. See Rule 290(13). \(\textit{\textit{added 15/04/2015}}\)

(2) A transfer of ownership arising from a recognized claiming race will terminate any existing prior leases for that horse.

(3) Every horse shall race for the account of the original owner, but title to the horse shall be transferred to the claimant at the time the horse is declared a starter. The claimant shall become the owner of the horse, regardless of whether it is alive or dead, sound or unsound, or injured during or after the race.

(4) For the purposes of these rules a “starter” is any horse that has passed the starting point and has been released by the starter. \(\textit{\textit{amended 15/04/2015}}\)

(5) If a horse that has been drawn in to start in a claiming race is scratched for reasons other than being ineligible, or the horse was determined to be a non-starter in accordance with (4) of this rule, the scratch or the refund shall be recorded in the official performance records. If such a horse starts within a period of 30 clear days from
the date of the claiming race from which it was scratched, that horse shall be subject to
claim in its next start in B.C., regardless of the type or conditions of the race or
ownership, at a claiming price not greater than the amount it could have been claimed
for in the race from which it was scratched or determined a non-starter. (amended
08/04/2013)

(6) A horse that was declared to start or started in a claiming race, but is subsequently
declared ineligible by the Judges, is not eligible to be claimed. The Racing Secretary
shall be responsible for the eligibility of horses drawn to starting any claiming race.

(7) If a horse that is claimed has been declared to start in a subsequent race, prior to the
running of the race in which it was claimed, that horse shall be declared ineligible and
scratched from the subsequent race.

<td>4 year old</td>
<td>25%</td>
<td>50%</td>
</tr>
<tr>
<td>5 year old and older</td>
<td>0%</td>
<td>25%</td>
</tr>
</tbody>
</table>

(9) The price, including allowances, for which a horse can be claimed, shall be designated
in the official program adjacent to the horse’s number, and a claim shall be for that
amount, subject to correction by the judges if published incorrectly. Where a mare is
spayed, a Racing Secretary shall publish this information in a racing program. Claiming
prices given in past performance lines in programs and in the official performance
records shall not include allowances.

(10) (deleted 29/04/2008)

(11) Owners who are Canadian residents must present Standardbred Canada registration
certificates for any horses declared to claiming races.

(12) In handicap claiming races, in the event of an also eligible horse moving into the race,
the also eligible horse shall take the place of the horse that it replaces in the event that
the handicap is the same. In the event the handicap is different, the also eligible horse
shall take the position on the outside of horses with a similar handicap, except when the
horse that is scratched is a trailing horse, in which case the also eligible horse shall take
the trailing position, regardless of its handicap. In the event there are two horses
declared and drawn in at the lowest price and the one with the No. 1 post position is
scratched and not replaced by an also eligible horse with the same price, then the
trailing horse with the same price shall be moved into the No. 1 post position, and any
also eligible horse subsequently moved in shall take the trailing position. (amended
04/05/2007)

(13) The claiming price shall be paid to the original owner only when the Judges are
satisfied that the successful claim is valid and the registration certificate has been
received by the race secretary for transfer to the new owner by Standardbred Canada.
