

## Angling Guide Exam

The Angling Guide examination is a screening tool. A mark of eighty percent (80%) is required to pass the exam. However, under Section 50 of the Wildlife Act, the Regional Manager must be satisfied that the applicant has a working knowledge of the Wildlife Act and Regulations. This may require further consultation in addition to the exam.

There is no fee associated with the exam. The exam is one hour in length and is made up of thirty-seven (37) multiple choice questions.

Questions in the exam are intended to test the applicant's knowledge of the angling portions of the Wildlife Act, the Angling and Scientific Collection Regulation and the BC Freshwater Fishing Regulations Synopsis.
