

Dear LEH Hunter:

You are receiving this letter because you are a successful applicant for a LEH Moose hunt in Zone A of 5-04, Zone B of 5-04, or MU 5-05.

The Province is working with the Tsilhqot'in Nation in analyzing and assessing the impacts of the Supreme Court of Canada decision in *Tsilhqot'in Nation v. British Columbia* on LEH hunts within and adjacent to the declared title area.

On June 26, 2014, the Supreme Court of Canada (SCC) granted the Tsilhqot'in Nation a declaration of aboriginal title. The map in Appendix A shows an area that includes strong aboriginal title land and the declared title area. As a result of the SCC decision, the status of these lands has changed and they are not publicly available for hunting, public access or other recreational activities at this time.

There is a substantial portion of your LEH hunt zone that **is outside the declared title area** (see map below in Appendix A) and is still accessible for you to exercise your enclosed LEH authorization to hunt Moose. At this time and as a result of the SCC decision, the Province advises you **not to enter** Tsilhqot'in title land.

The Province is committed to working with the Tsilhqot'in Nation to seek a long-term solution to resident hunting on Tsilhqot'in title land for future hunts. However, this will likely not be in place within sufficient time to allow for a Fall season in the affected areas.

Please contact the Fish and Wildlife Branch at 250-387-9771 or fishandwildlife@gov.bc.ca if you have any questions about your LEH authorization.

Thank you for your cooperation and continued support as we work with the Tsilhqot'in Nation to fully understand the scope and implications of this decision.

Sincerely,

Wildlife and Habitat Management Branch

Appendix A

Moose LEH zones 504 A, 504 B (which includes 504 C) and 505

*Note: the TNG Title boundary depicted in this map is approximate and may differ slightly from the Title area granted by the SCC.
