## Export of Game from British Columbia

This reporting sheet does not authorize the export of game from British Columbia. If you wish to export your furbearers contact FrontCounterBC at 1-877-855-3222 or go to <https://portal.nrs.gov.bc.ca/web/client/-/export-permit> to apply for a permit.

## Compulsory Reporting of Furbearers

### Compulsory Reporting

Trappers must, within 15 days following the end of the trapping season, report the harvest of:

- **fisher** in all MUs when trapped in a fisher open season;
- **wolverine** in regions 5, 6, 7A, and 7B;
- **bobcat** in region 2; and
- **wolf** in region 1 and MUs 2-5, 2-6, 2-11 to 2-16.

Complete Sections A through C of this Compulsory Reporting form.

Return this form by mail, or report by phone or in person, to offices identified on the front of the form.

### A Note on Compulsory Inspections

This form SHOULD NOT be used for the Compulsory Inspection of harvested furbearers that require Compulsory Inspection – it is for Compulsory Reporting only.

For furbearers that require Compulsory Inspection, including all furbearers trapped outside of an open season and specific furbearers trapped during an open season, trappers must submit the carcass and pelt to a regional office or Compulsory Inspection Centre for inspection.

See the current [British Columbia Hunting and Trapping Regulations Synopsis](#) for more information, including submission deadlines and additional information required.

### On-line Licensed Trapping Harvest Report

This is a reminder that licensed trappers must also submit a Trapping Harvest Report each trapping licence year. This Trapper Compulsory Reporting Form does not fulfill that requirement and must be submitted for the species listed above in addition to the online Trapping Harvest Report. See the current [British Columbia Hunting and Trapping Regulations Synopsis](#) for more information
