

We are no longer accepting 2017 tax deferment application or renewal forms. The 2018 tax deferment applications for the Regular Program and Families with Children Program will be available **May 16, 2018** on our website at gov.bc.ca/propertytaxdeferment

If you previously deferred your property taxes and have a loan balance, we will send you a renewal application along with a statement of your loan account before the end of May. Renewing your account is not automatic.

If you are applying to defer your 2018 property taxes, please **wait** until you receive your **property tax notice**. Send your new application or renewal form and your Home Owner Grant application (*if applicable*) to the address on your property tax notice. **Do not** send these directly to the Tax Deferment Office.
