# INSTRUCTIONS FOR CARBON TAX RETURN – INVENTORY

## Instructions

This form does not apply to natural gas sellers. Use this form if you are a deputy collector or a retail dealer and you own fuel immediately after midnight on June 30, 2012, on which you would have paid security to your supplier under the *Carbon Tax Act*. This return is due by July 16, 2012.

For additional information:

- visit our website at [gov.bc.ca/consumertaxes](http://gov.bc.ca/consumertaxes) and go to [Motor Fuel Tax and Carbon Tax](#)
- [Notice 2012-007](#), *Notice to Deputy Collectors and Retail Dealers – Fuel Inventory*
- email us at [CarbonTax@gov.bc.ca](mailto:CarbonTax@gov.bc.ca)

## Part 1 – Business Information

Complete all fields. The account number is a number that identifies your carbon tax account and will remain unchanged. The media number is a unique number that identifies a specific return for a specific period in reference to your account. This number will change for each return and reporting period.

## Part 2 – Fuel Activity

All fuel volumes must be reported and rounded to the nearest whole number (e.g. 1.49 becomes 1 and 1.5 becomes 2). **Do not input decimals into the return.**

If you are reporting a type of fuel not already displayed on this return, please refer to the Table of Fuel Types and Rates on this page and enter the additional fuel types and applicable tax rates in the blank column(s) on page 1 of the return. Alternatively, you may select additional fuel types from the drop down menu if completing this return online.

### Please Note:

- Effective July 1, 2010, propane is subject to the payment of security. You are required to report and pay security on your propane inventory that was purchased within the province for resale purposes. If you have been appointed a collector for propane, you are not required to report the portion of your propane inventory that you will be selling in the province for the first time after its manufacture or importation.
- Effective January 1, 2010, ethanol and ethanol blends are gasoline and are subject to carbon tax at the rate for gasoline. Similarly, biodiesel and biodiesel blends are light fuel oil and are subject to carbon tax at the rate for light fuel oil.

Line 1: Enter the total volume of each fuel type owned or deemed to be owned immediately after midnight on June 30, 2012, that you purchased for resale. This includes any fuel in your possession that has been sold but not delivered to a purchaser.

Line 2: For exempt fuel retailers only, enter the total volume of fuel that was purchased exempt of security, from Line 1. For example, enter 25,000 litres if you are authorized to purchase 25% of your fuel exempt of security and you have an inventory of 100,000 litres.

Line 8: You may subtract the \$250 inventory allowance from Line 7, Total Security Payable, if:

- you have the capacity during the ordinary course of business to store at least 1,000 litres of fuel, and
- your return and payment are received by the ministry on or before July 16, 2012. If you send in your return and payment by mail, it is considered received on time if the envelope is postmarked by Canada Post on or before the due date. A business postage meter mark is not sufficient.

Line 9: If there is a Net Amount Payable, please include a cheque or money order made payable to the Minister of Finance. The ministry cannot issue a refund of less than \$10.

## Part 3 – Taxpayer Certification

All returns must be certified by an authorized signing authority.

**Table of Fuel Types and Rates – July 1, 2012**

	<u>Units for Tax Rates</u>	<u>July 1, 2012</u>	<u>June 30, 2012</u>	<u>Difference in Tax Rates</u>
<b>Liquid Fuels</b>				
Gasoline (including ethanol)	\$/Litre	\$0.0667	\$0.0556	\$0.0111
Light Fuel Oil (LFO) (including biodiesel)				
• Diesel	\$/Litre	\$0.0767	\$0.0639	\$0.0128
• Heating Oil	\$/Litre	\$0.0767	\$0.0639	\$0.0128
