PART B – REFUND INFORMATION

Claim Period

On this application form you may only claim a refund of carbon tax that you have paid on or after April 1, 2023 until March 31, 2024.

Line 1:

For natural gas:

- Use column A for claiming total cubic metres of natural gas from your purchase invoices.
- Use column B for claiming total gigajoules of natural gas from your purchase invoices.
- If some of your purchase invoices measure fuel in cubic metres and others measure fuel in gigajoules, you can use both columns. To avoid duplication, do not use both columns for the same purchase of natural gas. Duplicated amounts will be excluded from your claim. Group your invoices by measurement type and use column A for the cubic metres invoices and column B for the gigajoules invoices.

For propane:

Use column C for claiming total litres of propane from your purchase invoices.

Line 2:

Enter total carbon tax you paid on each fuel type.

Line 3:

The partially exempt rate is calculated at 20% of the fully taxed rate.

PART C – CLAIMANT DECLARATION

If the claimant is a corporation, the declaration must be signed by a member of the board of directors or an authorized employee of the corporation. Type or print the name and title of the person who is signing the declaration.
